Addendum No: (2)

Bid No:	40006-R0031997
Bid Name:	Athletic Weight Room Equipment and Installation, etc.
Bid Opening Date:	December 2, 2026
Addendum No:	1
Date Issued:	November 20, 2026

This second addendum is hereby officially made a part of the referenced solicitation. The below has been clarified as follows.

1. Line 4 of the first addendum confirms a total of five (5) Iron Bear Sides (3-tier height), Item # P01137: 3 on line 11 and 2 on line 15 but It does not say what the intended storage layout is. The Iron Bear Side is a configurable unit with several possible tier arrangements. Do you know if they're putting kettle bells on every shelf or are they using round dumbbells or is this for foam rollers, etc. Could you please confirm:

    a. What should be mounted on each Iron Bear Side frame (lines 11 and 15)? Specifically, which tiers go on which units: the Dumbbell Tiers (line 12, qty 4), the Kettlebell Tiers (line 13, qty 2), and the Medicine Ball Tiers (line 16, qty 3)? These units are meant to be interchangeable, standalone storage shelves that can be adjusted to store the dumbbells, kettlebells, and med balls.

    b. How many tiers go on each frame, and in what order from top to bottom? These will be configured as two tiers each for a total of 6 storage trays.

    c. Are the five sides meant to be paired into freestanding storage units (for example, two sides per unit), or attached to the racks on line 1? If paired, how many complete storage units are intended? These are configured as standalone storage that can be reconfigured to accommodate storage needs.

    d. Is there a drawing or reference photo of the intended layout you could share?
