**1. Emergency Renovations, Cypress Dormitory, Swanson Center for Youth, Monroe, Louisiana, Project No. 08-403-04-02, F.08000145.**

This project consists of emergency interior and exterior renovations to the Cypress Dormitory at the Swanson Center for Youth. The 8,642 s.f. masonry building serves as dormitory space for adjudicate youth. The interior scope of work includes, but is not limited to, removal and replacement of security glazing, security doors, security frames & hardware, lighting, electrical distribution, HVAC, and security systems and controls. All components shall be institutional maximum security grade. The Designer shall provide options to relocate and/or provide applicable protection to a new HVAC distribution system. All diffusers and return grills are to be maximum security grade. The distribution system shall be rerouted to provide conditioned air directly to the individual youth chambers. All hose bibbs are to be repaired and/or replaced with secure maximum security grade locking enclosures. This project also consists of the removal of the existing roof system down to the existing deck and the installation of new tapered polyisocyanurate insulation where necessary to achieve positive drainage, new associated metal and/or elastomeric flashings, adjustments if any to rooftop equipment curbs and other rooftop mounted systems, and the installation of a State of Louisiana approved 20 year warranted SBS Modified Bitumen roofing system in accordance with the manufacturer's recommendations for installation. The Designer shall be responsible for evaluating the existing deck (insulating or otherwise) to ensure that the roof deck is capable of accepting the new roofing system, and associated waterproofing assessment to ensure no water migration through external elements into the new roofing system(s). The building is currently unoccupied. Designer shall quickly prepare plans and specifications in order to obtain proposals for the work. The Designer shall prepare and submit all required drawings to Facility Planning & Control in AutoCAD and hard copy. Drawings shall follow the format specified in the "Instructions to Designers for AutoCAD Drawings Submittal". The available funds for construction (AFC) are approximately **\$3,405,000.00** with a fee of approximately **\$257,208.00**. Contract design time is **75** consecutive calendar days; including **15** days review time. Thereafter, liquidated damages in the amount of **\$300.00** per day will be assessed. Further information is available from **Charles Funderburk, Facility Planning & Control, [charles.funderburk@la.gov](mailto:charles.funderburk@la.gov), (225)219-4124.**

**GENERAL REQUIREMENTS APPLICABLE TO ALL PROJECTS:**

Applicants are advised that design time ends when the Documents are "complete, coordinated and **ready for bid**" as stated in to Article 3.3.1 (4) of the Capital Improvements Projects Procedure Manual for Design and Construction. Documents will be considered to be "complete, coordinated and ready for bid" only if the advertisement for bid can be issued with no further corrections to the Documents. Design time will not necessarily end at the receipt of the initial Construction Documents Phase submittal by Facility Planning and Control. Any re-submittals required to complete the documents will be included in the design time.

In addition to the statutory requirements, professional liability insurance covering the work involved will be required in an amount specified in the following schedule. This will be required at the time the Designer's contract is signed. Proof of coverage will be required at that time.

## **SCHEDULE**

### **LIMITS OF PROFESSIONAL LIABILITY**

<u>Construction Cost</u>	<u>Limit of Liability</u>
\$0 to \$10,000,000	\$1,000,000
\$10,000,001 to \$20,000,000	\$1,500,000
\$20,000,001 to \$50,000,000	\$3,000,000
Over \$50,000,000	To be determined by Owner

Applicant firms should be familiar with the above stated requirements prior to application. The firm(s) selected for the project(s) will be required to sign the state's standard Contract Between Owner and Designer. When these projects are financed either partially or entirely with Bonds, the award of the contract is contingent upon the sale of bonds or the issuance of a line of credit by the State Bond Commission. The State shall incur no obligation to the Designer until the Contract Between Owner and Designer is fully executed.

Firms will be expected to have all the expertise necessary to provide all architectural services required by the Louisiana Capital Improvement Projects Procedure Manual for Design and Construction for the projects for which they are applying. Unless indicated otherwise in the project description, there will be no additional fee for consultants.

Facility Planning and Control is a participant in the Small Entrepreneurship Program (the Hudson Initiative) and applicants are encouraged to consider participation.
