CORRECTED COPY::::: UCG Meeting at **9:30am**

Unified Command Group members,

A UCG meeting has been scheduled in order to discuss the potential for reduced numbers of LANG assets during the 2018 hurricane season.

On Tuesday, January 9, 2018 a special ESF Lead meeting was conducted and the leadership from the La National Guard provided an informational briefing whereas each ESF discussed the potential impacts due to reduced numbers of LANG soldiers and assets throughout this year.

Governor Edwards and Director James Waskom would like to discuss the contingencies that each agency has identified and any shortfalls that may still exist through your planning.

The UCG meeting will be held in the GOHSEP overwatch room and will begin at **9:30am** on Tuesday, January 23, 2018.

Thanks - Cg

Chris Guilbeaux
