There are five possible categories: 1: Well Capitalized 2: Adequately Capitalized 3: Undercapitalized 4: Significantly Undercapitalized 5: Critically Undercapitalized Well Capitalized: Risk Adjusted Capital Ratio >= 10.00% and Core Capital to Risk Weighted Assets >= 6.00% and Core Capital to Adj Total Assets >= 5.00% Adequately Capitalized: Risk Adjusted Capital Ratio >= 8.00% and Core Capital to Risk Weighted Assets >= 4.00% and Core Capital to Adj Total Assets >= 4.00% Undercapitalized: Risk Adjusted Capital Ratio < 8.00% or Core Capital to Risk Weighted Assets < 4.00% or Core Capital to Adj Total Assets < 4.00% Significantly Undercapitalized: Risk Adjusted Capital Ratio < 6.00% or Core Capital to Risk Weighted Assets < 3.00% or Core Capital to Adj Total Assets < 3.00% Critically Undercapitalized: Tangible Equity Ratio <= 2.00%

Total Risk-Adjusted Capital Ratio

Total risk-based capital divided by Total risk-weighted assets. This ratio is used to determine core capital and used to assess the capital adequacy of a financial institution. It can help determine whether a bank has enough capital to withstand a downturn in the economy. Institutions above 10% received Core Capital rating of 1.

Leverage Ratio

Tier one Core Capital divided by Average total assets for leverage purposes. It is used to help determine the capital adequacy and to place limitations on the degree to which a banking firm can leverage its capital base.

CAMPUS CORRESPONDENCE

President and Chancellor

Date: July 31, 2014

From: Daniel T. Layzell
Vice President for Finance and Administration/CFO

Subject: Fourth Quarter FY 2013-2014 Budget Report

LSU has completed the 2013-2014 fiscal year within its authorized budget authority. Ending the fiscal year within the authorized budget authority was the result of the cooperation, hard work, and dedication of hundreds of LSU employees from the vice chancellors, deans, heads of budgetary units, down through the department personnel, to individual faculty and staff. All deserve credit for this accomplishment.

Due to the required submission date of the quarterly report, it should be noted that actual expenditure and revenue data presented in this report are preliminary. The data will be finalized once financial reporting entries are complete and audited by the Legislative Auditors. The attached preliminary financial reports include the final budget adjustments from across the campus as well as the university's traditional "closeout" transactions used for institutional accounts at year-end. It is important to carefully read any narrative explanations listed at the end of each section since an attempt was made to describe noteworthy items within the section.

Thank you for your leadership and continued support of LSU. Please contact me should you have any questions concerning this report.

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

In the fourth quarter there was a mid-year budget adjustment (BA-7) processed to increase interagency transfers by \$294,301 for the Minimum Foundation Program (MFP) Formula funding allocated by the appropriation Act to the LSU Laboratory School. Adjustments in the transfers expenditure function are mainly due to expenditures recorded for risk management's high deductible insurance program's retained losses/reserves. This program was approved at the December 2012 Board of Supervisors meeting. Individual college and unit realignment of budgets and end of the fiscal year closeout procedures are also included in the budget adjustments for this quarter.

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Revenues

The shortfall in Statutory Dedicated funding is attributable to the Firemen Training fund revenues being \$558,541 less than the state Revenue Estimating Conference's estimate.

Expenditures

The negative expenditures in the Other charges expenditure category and the scholarship function is mainly due to the yearend procedure of transferring Pelican Promise exemption expenditures to the restricted logo licensing revenue. These revenues are shared between the University and Athletic Department as described in the Athletic Fund Transfer Policy that was approved by the Board of Supervisors in 2012. The University's share of the logo licensing revenues are transferred from the Athletic department in the fourth quarter each year. The negative expenditure in the transfer function is attributable to the annual auxiliary administrative surcharge that is processed in the last quarter each fiscal year. These transfers are reflected as negative expenditures due to the original source of the revenues being recorded in the auxiliary unit and so not to "double count" the revenue as prescribed by the Governmental Accounting Standards Board (GASB).

Report on Restricted Budget

Overview of Restricted Funds

Campus: Louisiana State University

Restricted Fees

The Restricted Fees are in excess of the projected total revenues for the fiscal year mainly due to the Student Sports Recreation Complex \$45 fee increase for FY 13-14 not being included in the beginning operating budget.

Endowment

The endowment revenues are below projected budget because they have not been finalized for the fiscal year at this time. The fourth quarter revenues will increase once the campus receives information on the Board of Regents' endowments held at the LSU Foundation.

Non-Auxiliary Funds:

The figures included in the estimated column for non-auxiliary funds are based on the actual revenues collected from the previous fiscal year. Most of these funds are one-time or multiyear award funds that are not confined to fiscal year budgets.

Report on Restricted Operations

State Grants: Board of Regents grants provide a large part of the funding in advance, which provides positive cash flow for state projects.

Indirect Cost Recovered: The fund balance is comprised of funds that are earmarked to be used as start-up funds for new faculty members, matching funds for grants, high cost maintenance expenses for research equipment or lab renovations, and other unexpected costs. The start-up costs can range from \$100,000 for a researcher in Humanities and Social Sciences to \$500,000 for researchers in Engineering to amounts in excess of \$3 million for an internationally renowned researcher in the College of Science.

RE: LSU Paul M. Hebert Law Center
Executive Summary
FY 2013-2014 Quarterly Report on the Budget – 4th Quarter Activities

The Law Center continued the careful management of its expenditures in fiscal year 2013-14.

In the aggregate, unrestricted revenues collected and expenditures incurred were generally consistent with expected budgetary allocations. Expenses for the research and public services functions were in line with annual budget after summer research and interdisciplinary lecture expenditures were recognized in our accounting system in the last quarter.

Restricted fees were generated by the collection of student technology fees and student bar association fees. Revenues from educational activities were realized through the sale of books and materials.

The Law Center's core academic mission remains intact, despite the fact that the Law Center has had a financially challenging year. Like most other law schools around the country, the Law Center has seen a decline in enrollment. As a result of that decline, and a reduction in direct state appropriations, unrestricted revenues decreased \$1.5 million, or 6.75%, from fiscal year 2012-2013 to fiscal year 2013-2014, even as mandated expenditures grew. The Law Center responded by taking a very conservative approach to spending. It also relied on privately-generated funds to cover the shortfall.

The Law Center anticipates that the entering class of 1L students will be larger this year than it has been for the last two years. A revised enrollment strategy should also result in a modest increase in net tuition revenue for the entering first year class and overall. With law school applications nationally and regionally projected to decline again in AY 2014-15, the new fiscal year will again be challenging. The Law Center will continue to adjust its enrollment and scholarship strategy to address the changing legal education environment.

Overview and Analysis of Campus Operations

In the aggregate, revenues collected and expenditures incurred were in line with available budget. Self-generated revenues and expenditures actual include Fall, 2013 tuition and fees and Spring 2014 tuition and fees and scholarships/waivers, respectively. Expenses for the research and public services functions fell in line with annual budget after summer research and conference/lecture expenditures were recognized in our accounting system in the last quarter. On the whole, the Law Center took a conservative approach to spending given reduced enrollment, reduction in State funding, and the year-end spending freeze. The restricted fees were associated with the collection of Student Tech and Student Bar Association fees for the fiscal year. Revenues from sales and services of educational activities were realized through the sale of books and materials.

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

In the aggregate, revenues collected and expenditures incurred were generally in line with available budget. Self-generated revenues and expenditures actual include Fall, 2013 and Spring, 2014 tuition and fees and scholarships/waivers, respectively. Expenses for the research and public services functions fell in line with annual budget after summer research and conference/lecture expenditures were recognized in our accounting system in the last quarter.

Significant budget variances:

Budgeted self-generated revenue was affected by a projected tuition increase of 10% three years ago, when only a 6% increase was implemented. It was also affected by assumed enrollment numbers that were higher than actual. These impacts have been carried forward. As a result, the budgeted self-generated revenue does not match the actual, and there is an unallotted amount of over \$1 million which will be addressed during the next budget request process.

Other compensation: Actual other compensation exceeded budgeted because of greater reliance on student workers in the Law Library and Information Technology departments.

Travel: Reduced number of conferences attended and Moot Court competition travel expenses.

Operating Expenses: Savings in the reduction of Law Library subscriptions and databases. Additional spending reductions due to the spending freeze.

Supplies: Reduction in the purchase of supplies and software purchases due to the spending freeze.

Other charges: Includes a budgeted unallotted amount of over \$1 million due to reduced enrollment and budgeted higher tuition increase and lower than expected scholarships.

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

There are no unexpected or material variances in relation to the budget. For FY 2014, unlike previous years, Other Compensation was budgeted by requesting information about expected needs from budget heads, which resulted in Other Compensation being underbudgeted. Otherwise, the Expenditure budget is in line with expected spending at the time of the report, with the exception of negative Operative Serviecs expenditures in the fourth quarter which were the result of the shifting of utilities expenditures from unrestricted to restricted sources.

Report on Restricted Budget

Prior to FY 2014, all "Sales and Services of Educational Activities" was unrestricted. Late in FY 2013 we requested to restrict a "Facility User Fees", a component of "Sales and Services of Educational Activities", which accounts for the increase in FY 2014 of restricted "Sales and Services of Educational Activities".

Subject: Fourth Quarter Budget Report for FY 2013-2014

In the fourth quarter of 2013-2014, revenues continue to come in as planned. As of the end of the fourth quarter, all revenue sources were received and spent according our budget plan. The spending freeze was managed in a way that allowed the AgCenter to prioritize expenditures while projecting investment in our most critical programs.

The AgCenter continues to experience significant budgetary challenges. As always, we note that because the AgCenter is a nonstudent campus, increases in tuition and student fees are not available as a revenue source. Passage of the GRAD Act provided no relief for the AgCenter. Self-generated revenue is used to the extent possible, but a declining number of programs and employees create a negative effect. Competition for external sources of funding is acute, and granting agencies increasingly require matching funds or pledges of personnel effort at a time when these AgCenter resources are declining. We are also concerned about a possible decline in grant funding because of fewer faculty members.

Over the last year, the AgCenter reorganized its upper level administrative structure, eliminating the vice chancellor for extension and the vice chancellor for research positions, one by retirement and one by reassignment. This marks the first full fiscal year under this structure and I believe it is serving us well. In place of the two vice chancellors, the AgCenter has designated existing personnel to serve as program leaders over the areas of animal sciences, plant sciences, food and nutrition, and 4-H youth development. The goals are to make better decisions and achieve efficiency gains by managing entire programmatic areas instead of looking at the functions of extension and research separately. Additionally, the four program leaders look at the organization as a whole when making decisions on expending resources. This provides stronger prioritization and necessary checks and balances. In the first year, it appears the structure has helped to better conserve funds and maximize resources.

The AgCenter is also attempting to push down decision-making within the organization. The new structure has simplified administrative and business decision-making and associated processes are being re-designed accordingly. This is a work in progress, but the largest parts should be finished in the next couple of months.

In addition to this internal reorganization, creation of the position of Vice President for Agriculture has brought the functions of teaching, research and extension under a single administrator. An executive associate dean has been selected and is now working with the four program leaders as part of the combined administrative team for agriculture. This team is reviewing staffing and other resource needs and most recently, provided the overall review for the merit increase plan.

Other focus areas include recruiting, student services, development and alumni relations. In cooperation with the LSU A&M campus, we are beginning to roll out a recruiting presence at all of the AgCenter's field locations. This consists of better equipping field personnel with recruiting materials (e.g., brochures, posters, etc.) and having that information more easily accessible by prospective students and their families. The Associate Vice Chancellor for Enrollment Management was a guest speaker at the recent 4-H University attended by over 1,500 4-H members. The development and alumni relations team has been established and is formulating strategic plans. In addition to strengthening enrollment in the College of Agriculture and LSU, these efforts will help to develop the talent required for future staffing needs in the AgCenter and in the agricultural industry.

The AgCenter implemented a merit raise plan for July 1 and this has many positive impacts on employees. We appreciate your support and that of the Board for this issue.

While there are many excellent plans and programs underway within the AgCenter, there continues to be a serious shortage of financial resources. High priority programs are generally understaffed with significant gaps in coverage. The need for stable funding is acute. Providing higher education with funding to provide appropriate merit increases and to meet mandated increases (e.g. retirement benefits) would be invaluable. Otherwise higher education must meet these costs by reducing staffing, support categories, and corresponding programs.

In most ways the AgCenter has had an excellent year from a program standpoint. Faculty and staff are committed to the AgCenter's mission and have a strong, positive impact on the State. Your support and visibility at AgCenter offices and events is welcome and appreciated. The AgCenter intends to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

Overview and Analysis of Campus Operations

We continue to evaluate all our operations to make most efficient use of resources with the continued budget reductions. Without a doubt, our ability to deliver the level and range of research and educational programs to which the public is accustomed will be affected. This also will undoubtedly have a negative effect on support for the undergraduate and graduate programs in the College of Agriculture. We intend to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

Federal Funds will not reconcile to federal general ledgers due to timing differences related to different fiscal year ends. The Federal fiscal year end is September 30, while the State fiscal year end is June 30. The reporting tools reports are being worked on

Subject: Budget Narrative Fourth Quarter FY 2013-14

Dear Dr. Alexander:

LSU Shreveport, like other institutions of Higher Education in the state, continues to feel the effects of ever dwindling state funding and decreasing enrollment. This year has been extremely difficult financially and we were forced to use a little over \$1.5 million of our reserve funds to cover deficit spending in our General Fund budget. This is the second year in a row that we've had to dip into reserves to balance the budget, as we reduced our reserves by around \$600,000 in FY 12-13. Our reserves are just about exhausted, and for cash-flow purposes, we have arranged with the LSU System a \$1.5 Million letter of credit for FY 2014-15. The letter of credit is secured with \$1.2 million in investments held by LSU.

This FY 2014-15 deficit is due to continued lack of additional funding from state appropriations and continued decrease in enrollment. LSUS enrollment continues to be impacted from annual increases in tuition; fewer high school graduates in Northwest Louisiana; lack of specific academic programs in Allied Health, Nursing, and Engineering; plus increased admission standards which forces a lot of potential LSUS students to regional Community Colleges.

While budget and enrollment challenges will continue to be a concern, strong market opportunities exist for LSUS in Northwest Louisiana and beyond. We are committed to taking advantage of these opportunities to build LSUS enrollment, initially to 4,200 students (not counting dual enrollment students) to stabilize our budget and then beyond. We will continue to take advantage of the LSUS Commitment Plan, a greater level of commitment from the LSUS community, and stronger relationships with Southern University-Shreveport and Bossier Parish Community College. Our new Ed.D. in Leadership Studies has brought favorable attention to LSUS. This attention, along with our successful public/private collaboration with Academic Partnerships, is helping us to more strategically grow our graduate enrollment to record levels. We are continuing to look at everything we do to explore innovative solutions to build enrollment, achieve stronger student retention, and become more efficient/effective in what we do. If necessary, we will continue to further reduce our permanent staffing, hopefully through vacancies and retirements (we eliminated \$585K in positions to start the current fiscal year).

Although there are many challenges, I am confident of our success. We have a committed faculty and staff and a community passionate about increasing higher educational opportunities for the citizens of Northwest Louisiana.

Sincerely,

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

Because of the a combination of reduction in enrollment and lack of increased funding from the state , LSUS was forced to use its reserve funds in the amount of \$1,553,542. Most of the redcutions by Category or by Function were from freezing of funds during the spring of 2014.

Report on Restricted Operations

There was a transfer of 1,553,542 from restricted funds to the general fund .

**Louisiana State University of Alexandria
4rd quarter budget report narrative**

Overview and Analysis of Campus Operations:

Campus operations changed to meet the needs of the students and institution. The unrestricted and restricted operating budgets were budgeted at steady-state enrollment budget last fall. Enrollment was lower than anticipated. Operational expenses are higher than anticipated due to significant internal reorganization as the fiscal year began and the legislative addition of funds for deferred maintenance and general operations. Unfortunately, the previous administration opted to dig into reserves rather than to make difficult choice to reduce expenditure needs to live within the constraints of the budget. In addition, new Chancellor and new Vice Chancellors/Directors have initiated new programs. The layoff avoidance plan of a mid-year salary increase was approved by civil service and Board of Supervisors .The one-time non-recurring compensation was distributed as three installments in the third and fourth quarters. Significant enrollment management endeavors were implemented to increase enrollment and student retention including increasing out of state student enrollment & student athletics. Significant re-accreditation activity is occurring as anticipated.

Budget Adjustments Narrative:

Variance Analysis and Program Adjustment:

No budget adjustments occurred in the fourth quarter of FY 2013-2014. No funds moved from academic to non-academic categories.

Report on Changes to Significant Funding Issues:

LSU of Alexandria did not receive a mid-year budget reduction during FY 2013-2014. Since a potential budget reduction was budgeted for contingency, the funds were used for a one-time additional compensation for unclassified and classified employees. LSU of Alexandria received \$175,000 from the LSUA Foundation for enrollment enhancement.

Unrestricted Operations:

Self-generated revenues are lower than anticipated at 86% of budget. Expenditures by Category and Expenditure by Function are higher than anticipated. Revenues collected include summer, fall, and spring tuition and fees, state general fund support, and state statutory dedicated funds from the state's overcollections fund. Expenditures by Category are at 91% of budget. Expenditures include Professional Services, Travel, Supplies, and General Acquisitions expenditures that are over original budget due to significant enrollment management endeavors implemented to increase enrollment and student retention. Expenditures by Function are at 91% of budget. Scholarships are at 100% of budget as anticipated at the end of spring scholarship distribution. Plant Operations and Maintenance is at 177% of budget. The interagency transfers for the Office of Risk Management insurance payments of \$706,362 were paid at the beginning of the fiscal year. Some building operations expenditures for the second quarter were be

charged to the new restricted building use fee however reduced spring enrollment resulted in \$32,000 less revenue once spring enrollment revenues was confirmed and after expenditures were made.

Report on Restricted Budget:

Restricted revenues for LSUA auxiliary services are at 107% of budgeted revenue and include mandatory student fee receipts for summer, fall, and spring registration. Student Athletic fee increased from \$3.50 per credit hour to \$10 per credit hour for the expansion of the five new Athletic programs. Also included in the mandatory student fee receipts is the revenue generated by the new Building Use fee. The bookstore revenue is collected from the bookstore vendor, Follette, on a monthly basis. The child care center receives parent paid tuition on a weekly basis which decreased due to low enrollment. The golf course revenue decreased due to the harsh winter. Duplications & Copy revenues were lower than expected due to the Governor mandated expenditure freeze.

Report on Restricted Operations:

Restricted operations are worse than anticipated due to reduced student enrollment. Athletic expenditures increased due to the preparation of the five new teams starting Fall 2014. Approval was given by the LSU System to run in a deficit for FY 14 and FY 15. FY 16 balance is projected at \$382,000. Campus Housing expenditure also increased due to the preparation of additional residents. Revenues are projected to increase with the new Athletes starting Fall 2014 and increased enrollment efforts to recruit out of state students. Parking, Street, & Safety revenue is also projected to increase with the increased enrollment. FY 15 projected revenue is \$170,000 with budgeted expenses at \$81,600. Union should also see an increase in revenue. Unfortunately it may not cover the current deficit. Administration has proposed outsourcing and mandatory meal plans for housing residents to be in place by Spring 15. Federal Grants & Contracts historically runs in a deficit due to the timing of the drawdowns from the Department of Education and the recording of the administrative allowance at year end. Overall the fund balance is lower than beginning due to movement of activities from unrestricted to restricted. New Administration will have new procedures, such as monthly budget variance reports, in place for FY 15 to monitor budget activity and reduce deficits to ensure total restricted fund balance is positive. These procedures are also in place for unrestricted operating accounts so that movement of activities from unrestricted to restricted will not be necessary.

The interagency transfers for the Office of Risk Management insurance payments of \$706,362 were paid at the beginning of the fiscal year. Some building operations expenditures for the second quarter were be charged to the new restricted building use fee however reduced spring enrollment resulted in \$32,000 less revenue once spring enrollment revenues was confirmed and after expenditures were made.

Report on Restricted Budget

Restricted revenues for LSUA auxiliary services are at 107% of budgeted revenue and include mandatory student fee receipts for summer, fall, and spring registration. Student Athletic fee increased from \$3.50 per credit hour to \$10 per credit hour for the expansion of the five new Athletic programs. Also included in the mandatory student fee receipts is the revenue generated by the new Building Use fee. The bookstore revenue is collected from the bookstore vendor, Follette, on a monthly basis. The child care center receives parent paid tuition on a weekly basis which decreased due to low enrollment. The golf course revenue decreased due to the harsh winter. Duplications & Copy revenues were lower than expected due to the Governor mandated expenditure freeze.

Report on Restricted Operations

Restricted operations are worse than anticipated due to reduced student enrollment. Athletic expenditures increased due to the preparation of the five new teams starting Fall 2014. Approval was given by the LSU System to run in a deficit for FY 14 and FY 15. FY 16 balance is projected at \$382,000. Campus Housing expenditure also increased due to the preparation of additional residents. Revenues are projected to increase with the new Athletes starting Fall 2014 and increased enrollment efforts to recruit out of state students. Parking, Street, & Safety revenue is also projected to increase with the increased enrollment. FY 15 projected revenue is \$170,000 with budgeted expenses at \$81,600. Union should also see an increase in revenue. Unfortunately it may not cover the current deficit. Administration has proposed outsourcing and mandatory meal plans for housing residents to be in place by Spring 15. Federal Grants & Contracts historically runs in a deficit due to the timing of the drawdowns from the Department of Education and the recording of the administrative allowance at year end. Overall the fund balance is lower than beginning due to movement of activities from unrestricted to restricted. New Administration will have new procedures, such as monthly budget variance reports, in place for FY 15 to monitor budget activity and reduce deficits to ensure total restricted fund balance is positive. These procedures are also in place for unrestricted operating accounts so that movement of activities from unrestricted to restricted will not be necessary.

LSU EUNICE
FY 2013-14 QUARTERLY BUDGET NARRATIVE
FOR THE FOURTH QUARTER ENDING JUNE 30, 2014

Revenues for the 4th Quarter for LSU Eunice included \$875,640 from the remaining allocated Statutory Dedications and \$62,265 of Self-Generated Revenues for a 4th Quarter Revenue total of \$937,905. Moreover, while anticipated, Self-Generated Revenues were collectively below the originally-budgeted projection of \$7,529,837 by a sum of \$1,329,565—reflective of the 13% drop in enrollment for Fall 2013 and, consequently, a drop in the needed tuition revenue projected for Fiscal Year 2013-14. (NB. In the 3rd Quarter Budget Narrative it was communicated that “... with a spending freeze in effect for the remainder of FY 2013-14, it is anticipated that the campus will have to cover a (projected) revenue deficit for FY 2013-14 of approximately \$1.0 million.”) It follows then, given our campus’ (higher education’s) current, inextricable dependence upon student tuition, the loss of Fall/Spring enrollment in FY 2013-14 was responsible for the majority of the budgetary shortfall experienced this past fiscal year, in contrast to the amount projected for FY 2013-14. Therefore, to avoid the reoccurrence of this problem for FY 2014-15, the campus has re-doubled, enhanced and added to its recruitment/retention strategies and action plans for Fall 2014 in order to ensure that the student enrollment/revenue, necessary to cover the campus’ FY 2014-15 Operating Budget, is achieved.

Finally, in keeping with the anticipated shortfall for the Fiscal Year, expenditures for the 4th Quarter were held to \$1,895,565 which represented \$1,329,565 less than what would have ordinarily been expended, or \$3,225,130, for the remaining budget quarter – if tuition revenues (enrollment) had been achieved as originally projected. Therefore, with the reduction in expenditures by \$1,329,565, the total (actual) expenditures of \$11,464,033 (or 89.6% of the projected revenue of \$12,793,598) resulted in the achievement of a balanced budget for the FY 2013-14.

**LSU Health Sciences Center New Orleans
Executive Summary
FY 2013-2014 Quarterly Report on the Budget – 4th Quarter Activities**

The Fiscal Year 2013-2014 appropriation for the LSU Health Sciences Center in New Orleans Campus was \$170,177,707.

Throughout the fiscal year we monitored and took actions to manage funding reductions that were outlined in the Chancellor's Narrative for the 2013-2014 Operating Budget:

Threats

- Continued increases in employer contributions to retirement and health insurance.
- The impact of the federal spending on support for sponsored research.
- Uncertainty as to the revenue that would be generated from providing graduate medical education and patient care at the newly privatized teaching hospitals (Interim LSU Hospital, University Medical Center in Lafayette and Our Lady of the Lake in Baton Rouge)

Mechanisms for Coping with Threats

- Revenue Generation
 - Emphasis on creating and enhancing alternative sources of funding by generating funds from sponsored research, patient care services, additional overhead support from private patient care contracts, and billing and collection efficiencies.
 - Our campus sought and expanded relationships and affiliations with private and not-for-profit health care entities. We generated almost \$29 million more in net clinical revenue from contracts during the fiscal year.
- Cost Containment
 - LSUHSC at New Orleans limited new hires to critical needs mainly in the areas of instruction, patient care, and sponsored research.
 - We continued to curtail expenditures for travel, professional services, and acquisitions as much as possible.

Unrestricted Operations

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

- Revenues
 - State General Funds have been drawn down completely.
 - The Overcollections and Self Fund appropriations have been drawn down completely.
 - Tobacco Tax Fund revenues, which are passed through to the Louisiana Cancer Research Center (LCRC) for research and smoking cessation programs, was short approximately \$1,057,000 from our appropriation. This in turn impacted expenditures for Other Charges and the expenditures for the NACUBO functions of Research and Public Service. The process of funding the LCRC is flawed. The LCRC board adopts a budget based on their annual appropriation and a final number for actual revenue is not known until mid-August, six weeks after the end of the fiscal year.
 - Self-Generated Revenue- There are four major components to this means of financing: student tuition and fees; contracts with Louisiana Children's Medical Center for LSU Interim Hospital in New Orleans, Our Lady of the Lake in Baton Rouge, and Lafayette General for University Medical Center in Lafayette; Sales and Services of Educational Departments (primarily the Dental Student and Resident Clinics); and other sources.
 - We exceeded our tuition and fee budget by \$1.2 million due to higher enrollment and more non-resident fees than anticipated.
 - We exceeded our other sources budget by \$.2 million largely due to rebates we earned for our pcard program.
 - The \$38.4 million in revenues from the hospital contracts are overstated as the revenues and expenditures for patient services and graduate medical education at these facilities are reflected under restricted private grants and contracts.
- Expenditures
 - Spending was within the parameters of our overall operating budget.
 - Salaries and Related Benefits- Lags well below budget due to the overstatement of hospital contract budgets under the category of Self-Generated Revenues.
 - Budget adjustments were made to supplies and general acquisitions during the fourth quarter. Salary savings were used to fund start-up costs for new faculty.
 - While budget adjustments were not made for other compensation, operating services and major repairs, salary savings were used to fund spending in these categories that exceeded budget amounts.

Restricted Operations

Discuss significant revenues collected and expenses incurred variances in relation to the budget.

- The quarterly report excludes projects we maintain on behalf of the HCSD and FEMA/ORM related activity for project worksheets and contents replacement.
- Sales and Services of Educational Activities- There was some decline in continuing education and student dental clinic activities under this category.
- Bookstore-Our ability to piggy-back on the LSU A&M contract with Office Max for office supplies resulted in savings on campus but diminished sales for the office supplies portion of the Bookstore Auxiliary.
- Cafeteria- In January 2014, we began self-operating our food services. As a result, there will be a significant increase in revenues and expenditures for the Cafeteria Auxiliary.
- Health Sciences Center Stories-Beginning in the second quarter, there was a significant drop in revenue. We have changed our model of procurement for scientific supplies from one where labs place orders through the Health Sciences Store to one where they purchase items off of general university contracts without the markup.
- Overall, results in our Auxiliary Enterprises were impacted by significant write-offs of obsolete office and scientific supplies for resale and the costs of a project to repair and overlay the student parking lot at the Dental School.
- State and Local Grants and Contracts- We underestimated the impact of the privatization on the levels of revenues from state contracts. Prior to FY 14, the bulk of our state contracts were with the HCSD.
- Private Grants and Contracts-Conversely, the level of funding that we received from our hospital partners for graduate medical education and patient care was underestimated.
- Indirect Costs- We had greater success in convincing grantors and contractors to recognize our overhead costs and to reimburse us for them.
- Gifts=There is a significant increase in gifts as a result of funds raised by the foundation to support the School of Graduate Studies and the recruitment of a director for the Cardiovascular Center of Excellence.
- Practice Plan- Increased services in the privatized hospitals meant increases in patient activity-visits, procedures, etc.
- Revenues for All Other Sources are inflated by almost \$8.2 million in non-recurring revenues we received from the IRS FICA Refund Project.
- Excluding the projects we maintain on behalf of the HCSD, FEMA/ORM related activity for project worksheets and contents replacement; and the one time IRS FICA Refund, we added over \$4.8 million to our reserves after losing money the previous two fiscal years.

HSC-S, EACMC, and HPLMC
Quarterly Financial Reporting Narrative
FY 2013-2014 as of June 30, 2014**

The original FY 2013-2014 LSU Health Shreveport, E.A. Conway Medical Center, and Huey P. Long Medical Center appropriated expenditure authority is as follows: LSU Health Shreveport Academics – 12 months and LSU Health Shreveport Hospital – 3 months; EACMC – 3 months; and HPLMC – 3 months.

LSU Health Shreveport

The original academic FY 2013-2014 operating budget appropriation of \$101,216,784 includes \$41,480,383 of self-generated one time funding. The LSU Health Shreveport Hospital budget of \$112,690,737 reflects spending authority for July 1, 2013 through September 30, 2013. Effective October 1, 2013, the LSU Health Shreveport Hospital transferred to BRFHH, LLC management. As a result of the transition, LSU Health Shreveport Academic Center is contracting with the BRFHH, LLC for physician and resident services, as well as mid-level practitioner services.

Unrestricted Revenues and Expenditures:

Operating Budget revenue includes state general funds, statutory dedications (tobacco tax, overcollection funds, and self-fund), self-generated (tuition and fees, one-time funds from prior fiscal year hospital services and current fiscal year hospital services in the first quarter of FY 2013-2014) income to include DSH, Medicaid, Medicare, and Commercial/Self Pay. The Operating Budget expenditures include costs associated with the hospital transition (termination benefits, retiree benefits, mandated costs, resident program costs, etc...)

Restricted Revenues and Expenditures:

Restricted sales and services revenues include income from the BRFHH, LLC service agreements that will be offset with expenditures from the operating budget. In addition, the reduction in hospital sales and services reflect the one-time transfer to the operating budget for current year operational costs.

E.A. Conway Medical Center in Monroe

The original FY 2013-2014 operating budget appropriation of \$18,293,582 reflects spending authority for July 1, 2013 through September 30, 2013. Huey P. Long Medical Center

The original FY 2013-2014 operating budget appropriation of \$11,535,382 reflects spending authority for July 1, 2013 through September 30, 2013. Since the facility was not closed to patient care services until June 30, 2014, a budget adjustment in accordance with HB1094 of 2014 Regular Session and BA-7 #6 was approved increasing the total spending authority to \$27,228,018.

Unrestricted Revenues and Expenditures:

Operating Budget revenue includes statutory dedications, overcollection funds, and self-generated (patient care collections to include DSH, Medicaid, Medicare, and Commercial/Self Pay). The Operating Budget includes expenditures associated with the hospital closure effective June 30, 2014 (employee benefits, mandated costs, building maintenance, etc.).

Restricted Revenues and Expenditures:

RE: LSU System FY2013-14 4th Quarter Financial Report

The LSU Board of Supervisors approved the System Office's 2013-2014 operating budget on September 6, 2013. The LSU System's operating budget includes \$3,495,054 of state funds; a 2.67% reduction from last year's beginning operating budget. Since the beginning 2008-09 Budget, the LSU System Office has been reduced over seven million dollars, or 67.2%.

It should be noted that the System Office's appropriation does include the Audubon Center for Research of Endangered Species pass-through (ACRES-\$555,694). This pass-through will be transferred out of our budget as the recipient campus or entity submits invoices for expenses incurred. This report reflects these transfers as expenditures on the LSU System Office's budget.

On the Overview of Restricted Funds form, the largest portion of revenues received in the fourth quarter is associated with premiums for the LSU Health Plan.

On the Overview of Restricted Operations form, the All Other Sources fund balance includes monies for (1) System Technology Transfer activity, (2) the operation of the System Human Resource Benefits Office, (3) royalty income from System mineral leases, and (4) the LSU System Health Plan.

RE: Quarterly Budget Report
For Quarter Ended June 30, 2014

We have compiled the Quarterly Budget Report for the Quarter Ended June 30, 2014 for the LSU Health Care Services Division.

Major developments during this quarter included:

BA-7 #3 was approved. - Based on the supplemental bill, this BA-7 transferred funds from one appropriated program (WOM) within the LSU-HCSD budget to another appropriated program (BMC) within the same budget unit. This BA-7 does not change the overall budget for the budget unit, it simply moves funds to the where it is needed.

Budget Adjustments Narrative

Variance Analysis and Program Adjustments. Explain any funds moving from academic to non-academic.

The expenditure budget was realigned to reflect actual spending patterns.

BA-7 #3 was approved. - Based on the supplemental bill, this BA-7 transferred funds from one appropriated program (WOM) within the LSU-HCSD budget to another appropriated program (BMC) within the same budget unit. This BA-7 does not change the overall budget for the budget unit, it simply moves funds to the where it is needed.

Report on changes to Significant Funding Issues

In FY14, Central Office operations was moved off budget. Therefore, central office operations are being reflected in the restricted budget reports.

Report to Board of Supervisors on LSU System Bond Analysis (For Informational Purposes Only)

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to a request from the Board at its June 8, 2012 Finance, Infrastructure, and Core Development Committee the following report is provided:

As of June 30, 2013, the LSU System had \$514,428,213 in outstanding bonds with interest rates ranging from 1.20% to 7.375%. An important aspect of strategic debt management at a University is managing existing debt. The majority of the LSU System bonds have been issued with future maturity dates of ten (10) to thirty (30) years. During that length of time, there can be many changes to the market and the financial environment in which these bonds reside. In response to these changes, the importance of bond refinancing as a debt management tool for the University increases.

A refunding is the issuance of new bonds to replace an outstanding bond issue – similar in concept to refinancing a home mortgage when interest rates decrease. A refunding is typically used to reduce the borrower's interest costs, remove restrictive or burdensome covenants imposed by the current terms, or to restructure existing debt (i.e. rescheduling the timing or amount of the amortization schedules). The most common reason to refund to achieve cost savings, which this report will focus on. As in the refinancing of a home mortgage there are "closing costs", there are transaction costs involved in refunding. Consequently, interest costs need to be reduced to a level that covers not only these costs, but also provides an appropriate amount of annual debt service savings.

In order to effectively evaluate a refunding candidate, it is important to be knowledgeable of certain financing terms:

- Optional Call Provision/Optional Call Date
- Current Refunding
- Advance Refunding
- Escrow Defeasance Portfolio
- Present Value Savings
- Arbitrage Yield

Optional Call Provision/ Optional Call Date – Most of our bond issues are structured with an Optional Call Provision or Optional Call Date, which allows the issuer to take the bonds back from investors at a pre-determined date (the "call date") and price, usually expressed as a percentage (%) of the principal (the "call price", e.g. 101%). Bonds that are called from investors may be paid off with cash on hand, but issuers typically replace them with new bonds. The market standard for our bonds is an optional call date 10 years from the date of issuance.

Current Refunding – Under current IRS regulations related to the issuance of municipal bonds, when the bonds being refunded can be called from those investors and paid off within 90 days of the issuance of the refunding bonds, the new issue is considered "Current Refunding". The Escrow Portfolio has a term of 90 days or less in a Current Refunding.

Advance Refunding – A refunding in which refunding bonds are sold more than 90 days prior to the call date provided in the financing documents.

Escrow Defeasance Portfolio – A deposit with a trustee of a combination of cash and government securities that are sufficient to pay the escrow requirement: the interest on the refunded bonds – either to the call date or maturity date, whichever is applicable, the call premium, if any, and the outstanding principal of refunded bonds.

Present Value Savings – The current value of a stream of annual debt service savings achieved over the life of a bond issue discounted at a given interest rate (typically the “arbitrage yield” on the refunding bonds).

Arbitrage Yield: The maximum investment rate allowed under IRS regulations on certain bond proceeds, including funds deposited in an escrow to refund existing bonds. The arbitrage yield is the rate that will cause the debt service over the life of the issue, including any costs of credit enhancement, to equal the proceeds of the bond issue.

The table below provides relevant information on the 6/30/2013 outstanding LSU System bonds not recently refunded:

LSU HSC HCSD Mid-City Clinic Project Series 2003B	10-1-2003	2014	Private Placement

Although a particular issue may qualify for advance refunding, it may not always be advantageous for the University to do so. The test most often used by issuers to assess the appropriateness of a refunding is the achievement of a minimum net present value (NPV) savings. The Louisiana State Bond Commission has a guide of what it deems are appropriate savings thresholds for issuers of a Refunding:

Months to Optional Call Date	Minimum Present Value Savings to
------------------------------	----------------------------------

	Refunding Bonds
0-12 months	Present Value Savings Greater than Zero
13-24 months	Present Value Savings Greater than 1.50%
25-48 months	Present Value Savings Greater than 3.00%
Greater than 48 Months	Present Value Savings Greater than 5.00%

It is also important to note, however that federal tax law typically permits an issuer to conduct one advance refunding over the life of a bond issue. As such, the issuer must take greater care (require an adequate acceptable savings threshold) when evaluating an advance refunding candidate.

The majority of the System bond activity is managed by the LSU A&M campus, which has approximately 90% (\$459,420,000) of the system debt. The LSU A&M campus is very engaged in debt management for its campus and has a long history of refunding bond issues. In fact, bond issues for the A&M campus in the year 2000, 2004, 2005, 2008, 2010, 2013, and 2014 refunded issues originally issued in 1994, 1996, 1997, 1999, 2000, 2002, 2004 and 2005, respectively.

Although previous variable rate bonds were refinanced without a new issue being considered in order to minimize financial risk, the standard operating procedure currently practiced by LSU A&M is to evaluate refinancing opportunities when issuing new revenue bonds.

LSU A&M is seeking final approval at this meeting to refund the 2006 issue highlighted in table above in yellow). A recent analysis shows that of the remaining outstanding LSU A&M issues that qualify for advance refunding, they are not appropriate candidates for refunding as the 1st optional redemption date and the current interest rates on the bonds would calculate either a negative Present Value Savings (or a net present value loss) or not enough savings due to refunding.

The remaining 10% (\$41,326,250) of system bonds are managed by LSU Alexandria, LSU Eunice, LSU Science Center in New Orleans, and the Health Care Service Division.

At the time of this report, further analysis is being done on the LSU Alexandria issue, but in all likelihood, refunding of this issue would calculate a negative present value savings. This issue has a call date of 2017 and an interest rate of 4%-5.5%. Generally, refunding does not work on issues with longer call dates in an exceptionally low interest rate environment.

Further analysis is also being done at LSU Eunice, however with the impending maturity date, refunding will probably not be beneficial at this time.

The LSU Health Science Center in New Orleans took advantage of rates and on 9/4/2013 issued refunding bonds that provided over \$3.3 million of savings (\$1.2 million PV or 9.7%).

The Bogalusa Community Medical Center Project bonds were privately placed to allow the combination of bond proceeds with the proceeds from a federal program - the New Markets Tax Credit Program (NMTC). The bonds were sold with a typical 10-year call provision and are not callable until 2017, and at a premium. NMTC program requirements will not allow the refunding or defeasance of these bonds prior to November 2014. The bonds will be monitored for potential savings after November 2014. In addition, the Mid-City Clinic bonds were issued as private placement bonds and were not publicly offered in the market.

Academic and Student Affairs Consent Agenda

REQUEST FROM LSUHSC-NO AND LSUS FOR APPROVAL OF MISSION STATEMENT

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

All degree-granting campuses of the LSU System are accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Accreditation is for a period of ten years, at which time each campus must seek reaffirmation of its accreditation. Four campuses of the LSU System were scheduled for reaffirmation of accreditation in 2014 and three in 2015.

One of the SACSCOC comprehensive standards that each campus must meet relates to the institutional mission. Specifically, Comprehensive Standard 3.1.1 requires that, *“The mission statement is current and comprehensive, accurately guides the institution’s operations, is periodically reviewed and updated, is approved by the governing board, and is communicated to the institution’s constituencies.”*

Five campuses have recently requested your review and approval of their mission statement. The LSUHSC-NO and LSUS are now requesting your review and approval.

3. Review of Documents Related to Referenced Matter

The mission statements of the LSUHSC-NO and LSUS were last reviewed and approved by the Board of Supervisors in 2004. Each of the mission statements presented below has been reviewed and approved by appropriate faculty and administrative officers on each campus and by the System Office of Academic Affairs. There is no substantive change in the LSUHSC-NO Mission Statement approved by the Board of Supervisors in 2004 and the only change in the LSUS Mission Statement is the addition of the first bullet to specify that the campus offers bachelors, masters, and selected doctoral programs.

RECOMMENDATION:

It is recommended that the LSU Board of Supervisors adopt the following resolution:

RESOLUTION:

“**NOW, THEREFORE, BE IT RESOLVED** that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the following Mission Statements for LSUHSC-NO and LSUS.

Proposed LSUHSC-NO Mission Statement

The mission of the Louisiana State University Health Sciences Center at New Orleans (LSUHSC-NO) is to provide education, research, and public service through direct patient care and community outreach. LSUHSC-NO comprises the Schools of Allied Health Professions, Dentistry, Graduate Studies, Medicine, Nursing, and Public Health.

LSUHSC-NO educational programs prepare students for careers as health care professionals and scientists. The Health Sciences Center disseminates and advances knowledge throughout State and national programs of basic and clinical research, resulting in publications, technology transfer, and related economic enhancements to meet the changing needs of the State of Louisiana and the nation.

LSUHSC-NO provides vital public service through direct patient care, including care of uninsured and indigent patients. Health care services are provided through LSUHSC-NO clinics in allied health, dentistry, medicine, nursing, and in numerous affiliated hospitals, and clinics throughout Louisiana.

LSUHSC-NO provides referral services, continuing education, and information relevant to the public health of the citizens of Louisiana. In addition, LSUHSC-NO works cooperatively with two Area Health Education Centers (AHECs), whose programs focus on improving the number and distribution of health care providers in underserved rural and urban areas of Louisiana and on supporting existing rural health care providers through continuing education programs.

REQUEST APPROVAL FROM LSU EUNICE TO BROADEN THE ORIGINAL RESEARCH AREAS OF TWO ENDOWED PROFESSORSHIPS FUNDED BY TRAIN DERAILMENT ENDOWMENTS

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Matter having a significant fiscal (primary or secondary) or long-term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Proposal

LSU Eunice is requesting approval to broaden the original scholarship, research and teaching emphases of two Endowed Professorships funded from a Settlement Award provided by the US District Court as part of the Eunice Train Derailment Endowments. The funds from the Eunice train derailment were originally designated to support research in the areas of Science, Health/Safety, or Economics/Public Policy. The Board of Supervisors approved the Endowed Professorships on August 28, 2008 and the Board of Regents provided matching funds on June 24, 2009.

LSU Eunice submitted a request to Judge Richard Haik, Chief Judge of the US District Court, Western District of Louisiana to expand the eligibility of one or both of the endowed professorships to support faculty research in the liberal arts and natural sciences, especially projects that include the study of the arts, culture, and natural environment of southwestern Louisiana, areas that were negatively impacted by the train derailment. Judge Haik approved the request from LSU-E to broaden the research areas.

4. Review of Documents

This request was reviewed and approved by the LSU-E Foundation, Judge Haik, by appropriate LSU-E officials, and by the System Office of Academic Affairs.

RECOMMENDATION:

It is recommended that the LSU Board of Supervisors adopt the following resolution:

RESOLUTION:

“NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the request to broaden and amend the original research areas of two Endowed Professorships funded by Train Derailment Endowments, subject to approval by the Louisiana Board of Regents.”

REQUEST APPROVAL FROM LSU A&M TO ESTABLISH THREE ENDOWED PROFESSORSHIPS

To: Members of the Board of Supervisors

Date: September 12, 2014

Significant donations have been made to the LSU Foundation for the establishment of three Endowed Professorships. The Board of Regents Support Fund Endowed Professorships program, established in 1990-91, provides matching funds to help campuses recruit or retain faculty whose research, teaching, and/or public service uniquely contribute to the mission of their departments and institutions. Participation requires a contribution of at least \$60,000 from an external source, to be matched with \$40,000 from the BoRSF. Each four-year campus is guaranteed, but not necessarily restricted to, two professorships per year and each two-year campus one per year.

The following Endowed Professorships are proposed based on donations of \$60,000:

- Arthur K. Barton Professorship in Mathematics in the College of Science
- Doris Westmoreland Darden Professorship #6 in the Manship School of Mass Communication

REQUEST APPROVAL FROM The LSUHSC-NO SCHOOL OF DENTISTRY TO ESTABLISH THE DEPARTMENT OF DIAGNOSTIC SCIENCES BY CONSOLIDATION OF THE EXISTING DEPARTMENT OF ORAL DIAGNOSIS/MEDICINE/RADIOLOGY AND DEPARTMENT OF ORAL PATHOLOGY

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.1 Matter having a significant fiscal (primary or secondary) or long-term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Proposal

The LSUHSC-NO School of Dentistry requests approval to consolidate the Department of Oral Diagnosis/Medicine/Radiology and the Department of Oral Pathology and call the new entity the Department of Diagnostic Sciences.

Background

The Department of Oral Diagnosis/Medicine/Radiology and the Department of Oral Pathology have existed since the establishment of the school in 1968. Current academic alignment in the area of diagnosis and treatment planning supports oral pathology becoming a key component of the Department of Oral Diagnosis/Medicine/Radiology, thereby enhancing intra-professional activity. Renaming the consolidated departments the Department of Diagnostic Sciences provides a rational, current term reflective of the oral health/disease diagnostic team representative of the disciplines included.

3. Fiscal Note

The cost of consolidating these 2 entities is anticipated to be minimal, as they are currently functioning as separate administrative units within the School of Dentistry. No faculty or unclassified positions will be relocated. Some classified employees may be relocated to consolidate a single office support staff, thereby allowing for shared staffing and potential cost savings to the School of Dentistry. Other costs associated with consolidation and formation of the Department of Diagnostic Sciences, such as stationary, websites, business cards, and relocation expenses are expected to be minimal.

4. Review of Documents

The request from the School of Dentistry is available upon request in the System Office of Academic Affairs. This proposal has been reviewed and approved by appropriate

LSUHSC-NO faculty and academic administrators and by the System Office of Academic Affairs.

5. Certification of campus (or equivalent) re. Paragraph C, Article VII, Section 8.

Appropriate certifications were provided by LSUHSC-NO.

RECOMMENDATION:

It is recommended that the LSU Board of Supervisors adopt the following resolution:

RESOLUTION:

“NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College approves the request to establish the Department of Diagnostic Sciences in the LSU Health Sciences Center in New Orleans School of Dentistry by realigning existing departments of Oral Diagnosis/Medicine/Radiology and Oral Pathology, subject to approval by the Louisiana Board of Regents.”

REQUEST APPROVAL FROM LSU A&M FOR REAUTHORIZATION OF THE LSU HURRICANE CENTER

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

The LSU Hurricane Center (HC) was established at LSU in 1999, approved by the Board of Regents in 2000, and reauthorized in 2003 with the goal of developing an interdisciplinary research program on hurricanes and their impacts on the natural, built and human environments. The Center is administratively located in the Office of Research & Economic Development (ORED) to foster interdisciplinary hurricane research and education. The initial strengths of the Center, as noted in a 2008 review by the LSU Council on Research, were in its core expertise in wind engineering, traffic flow management, GIS, and public health impacts.

The September 2008 review by the Council on Research, however, concluded that the Center had not achieved its potential. Because of ongoing budget constraints, coupled with turnover in key leaderships positions related to HC, LSU made a decision in 2011 to seek a two year Board of Regents approved suspension in order to assess the Center's strengths and weaknesses, evaluate support needs, and develop a fresh leadership vision. In 2012, ORED conducted another review, which included the following recommendations:

- New leadership needs to be identified.
- Faculty participants to support the HC's core operations mission need to be engaged.
- A consistent source of support for the operations program needs to be put in place along with a specific set of expectations and tasks.
- A revised strategic plan that articulates appropriately with the focused strengths and capabilities of the unit needs to be drafted and implemented.

During the period between the 2008 Council on Research review and the 2012 review, little activity occurred in the HC aside from a critical operations component linked to severe weather events in support of the LSU Coastal Emergency Risks Assessment (CERA) activities that provide information to the Governor's Office of Homeland Security and Emergency

Preparedness. Because of the critical importance of the CERA support services to the state during the hurricane season, the 2012 ORED review recommended that the HC focus on CERA as its primary function. In order to have time to implement these recommendations, LSU in 2013 requested an additional one year suspension from the Board of Regents.

Since the Louisiana Sea Grant College Program has agreed to support the CERA support services and a search for a new director is underway, LSU is ready to move forward with a request for reauthorization for 5 years.

3. Review of Business Plan

The Louisiana Sea Grant is currently the primary funding source for the HC's activities, staff, and facilities as well as workshops, research, and technology. Administration of HC activities, including contracting, procurement, and grant support, are provided by Louisiana Sea Grant offices and personnel. Indeed, Robert Twilley, Executive Director of the Louisiana Sea Grant College Program, is currently serving as the Interim Director of the Hurricane Center.

The Office of Research and Economic Development will also consider providing funding to the Center once a strategic plan is completed, including a review of the plan by the Council of Research. This budget will include resources for partial clerical support and annual operations.

The Office of Research & Economic Development, in collaboration with Sea Grant, the Department of Civil & Environmental Engineering, and the Center for Computation and Technology, is committed to appointing a new director by January 2015 and is actively recruiting a candidate as a tenured faculty member with joint appointments in Civil & Environmental Engineering and the CCT. The Sea Grant Program has offered additional resources to help recruit an outstanding external candidate -- The Laborde Endowed Chair -- which will provide additional support funds to the director of the Hurricane Center. If this hire is unsuccessful, ORED has identified a strong internal candidate as an alternate.

The HC is housed in space managed by Louisiana Sea Grant in the Military Annex. In addition, space for the HC computing specialist includes an office in the Energy, Coast & Environment Building and an office in CCT.

4. Review of Documents Related to Referenced Matter

This request for reauthorization has been reviewed and approved by appropriate campus and system faculty and administrative officials. A detailed proposal is on file in the System Office of Academic Affairs.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopt the following resolution:

REQUEST FROM LSU A&M FOR CONDITIONAL APPROVAL TO ESTABLISH THE PROFESSIONAL SALES INSTITUTE

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

The Department of Marketing in the E.J. Ourso College of Business is requesting conditional one-year approval for a new Professional Sales Institute (PSI). The Institute plans to implement a professional sales concentration within the Marketing baccalaureate degree program, which would consist of three courses (professional sales, sales management, and a sales practicum). One aspect of the sales practicum would be to prepare students for sales competitions hosted at universities around the country. The PSI would also connect with businesses looking for interns and full-time professional sales employees. Eventually, the Institute hopes to provide opportunities for these companies to become involved with the institute by becoming involved in on-campus conferences, symposia, and other activities. Finally, the PSI will provide the opportunity and motivation for collaborative scholarly research.

Sales is a particular area of interest for students in the E.J. Ourso College of Business. The purpose of the Professional Sales Institute will be to create and sustain a nationally competitive program in professional sales training that will exist as a concentration in the LSU Department of Marketing using a mix of public and private funding. Based on research conducted by the LSU Department of Marketing, over half of undergraduate marketing majors will take a job in sales. Sales jobs are also the most prevalent marketing related jobs within Louisiana, and thus any type of training in sales techniques and tactics is a very attractive offering for students within the E.J. Ourso College of Business. The 2012 US Census indicates that professional sales jobs are the second largest category after management jobs, with professional sales jobs making up roughly 24 percent of the workforce.

3. Review of Business Plan

The basic business model anticipates that the instructional staff for the sales concentration will be supported by the marketing department. However, private funds will be needed to support half of the salary of the director. Additional Foundation funds will be needed for the non-instructional costs related to the PSI (e.g. program administration, website support, sales team travel,

marketing communications, special events, etc.). A number of LSU alumni and businesses have expressed interest in providing donations to support this initiative. The PSI does not anticipate generating research grants or providing executive education, initially. The funding model will focus on donations from interested companies and individuals.

The institute will be primarily funded by the Department of Marketing and through private business donations held in an LSU Foundation account. A search will be conducted with the goal of finding a director for spring 2015. It is anticipated that the PSI will fund \$50,000 per year of this salary with the remaining \$50,000 to be funded by the academic department of the faculty member. The department has allocated a budget of \$5,000 for student travel to attend collegiate sales competitions and \$20,000 to cover travel, marketing, and other overhead costs.

4. Review of Documents Related to Referenced Matter

The proposal has been reviewed by appropriate faculty and campus and system academic officials. A detailed proposal is on file in the System Office of Academic Affairs.

5. Certification of campus (or equivalent) re. paragraph C, Article VII, Section 8.

Appropriate certification has been provided by the campus.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopt the following resolution:

Pursuant to Article VII, Section 8, D.5(c) of the bylaws of the Louisiana State University Board of Supervisors, this matter is a Significant Board Matter.

D.5(c) - Such other matters that are not expressly delegated herein or hereafter by the Board...

1. Summary of Matter

The LSU College of Engineering would like to request naming of a renovated hydraulics lab that was made possible through a generous gift from Ronnie Hebert and M.R. Pittman totaling \$200,000. The donors request the lab be named in honor of Mr. Ronnie Hebert's company, Environmental Technical Sales, Inc. (ETEC), a manufacturers' representative organization with expertise in equipment applications for water treatment, wastewater treatment, solids handling, and air emissions.

The ETEC Hydraulics and Water Distribution Laboratory was created to provide Civil and Environmental Engineering undergraduate students an experimental and modeling facility where they can get hands-on experience in monitoring, controlling, and modeling of hydraulic systems. The donations from Mr. Hebert and the M.R. Pittman Group provided for substantial upgrades to equipment and computer workstations within the lab.

With a degree Civil Engineering from LSU, Ronnie Hebert is a registered Civil and Environmental engineer with over 40 years of experience. As an avid supporter of the College, he directs a large portion of his philanthropic giving each year to support LSU's College of Engineering through an endowed scholarship in the Civil and Environmental Engineering department and most recently, the renovation of Civil Engineering hydraulics lab.

In preparation for the Forever LSU Campaign, the College of Engineering undertook a comprehensive process in determining the naming opportunities for designated facilities within the College. As part of that process, the College determined that the naming of laboratory facilities initiate at \$100,000 and increase, based on the size, scope and location of the laboratory. Hence, the naming for the ETEC Hydraulics and Water Distribution Laboratory is in line with the policy procedures.

The College of Engineering request a lab in the college be named the "ETEC Hydraulics and Water Distribution Laboratory".

**REQUEST FROM LSU AND A&M COLLEGE TO
NAME THE CONFERENCE ROOM IN
HOWE RUSSELL-KNIFFEN HALL THE
"DR. ROBERT A. MULLER CONFERENCE ROOM"**

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to Article VII, Section 8, D.5(c) of the bylaws of the Louisiana State University Board of Supervisors, this matter is a Significant Board Matter.

D.5(c) - Such other matters that are not expressly delegated herein or hereafter by the Board...

1. Summary of Matter

The Department of Geography and Anthropology and the College of Humanities and Social Sciences recommends to name the Conference Room in Howe-Russell-Kniffen Hall after Dr. Robert A. Muller.

Naming of this room would honor one of the longest standing members of the Department of Geography and Anthropology, a renowned climatologist, the founder of the Louisiana Office of State Climatology, and founder and former Director of the Southern Regional Climate Center at LSU. This conference room serves the needs of the Southern Regional Climate Center, the Southern Climate Impacts Planning Program, as well as the entire Department of Geography and Anthropology. Given Dr. Muller's many contributions to the department and the fields of synoptic and applied climatology, I think it would be appropriate to honor him in this way. Therefore, I would like to request that you consider my application to name Howe-Russell Geoscience Complex Room E332 the "Dr. Robert A. Muller Conference Room."

Robert Muller has been actively engaged in climate-related research for more than 50 years. After serving in the U.S Army just after World War II, Muller's college career began at Rutgers University, where he majored in Geography. He graduated in 1958 with a B.A. in geography, and continued his studies at Syracuse University where he earned a M.A. degree in 1959 and a Ph.D. in 1962. From 1962 to 1964, Bob served as a geographer/climatologist at the U.S. Forest Service in Berkeley, California with an adjunct appointment in the Geography Department at Cal-Berkley. He then served as an assistant and associate professor at Rutgers University before joining the LSU faculty in 1969. In 1978, Bob became the State Climatologist for Louisiana where he ran the Louisiana Office of State Climatology, a position he held until 1991. In 1990, he was awarded a grant from NOAA to develop the Southern Regional Climate Center (SRCC) at LSU, and he assumed the role of Director of the SRCC from 1990 until 1997, though he formerly retired from LSU in 1994. The Louisiana Office of State Climatology and Southern Regional Climate Center are still highly successful programs within the Department of Geography and Anthropology, the College, and University. These successes have led to further growth in the LSU Climate Program through the awarding of NOAA's Southern Climate Impacts Planning Program to LSU. As such, the impacts of the accomplishments of Dr. Robert A. Muller are still being realized today.

Throughout his career, Dr. Muller has over 100 publications, including books, monographs, research reports, and articles. The physical geography books that he co-wrote in the 1980s were the most widely used instructional books in the country on physical geography for many years. In addition, Muller made significant contributions to water-budget climatology and atmospheric circulation research. He served as chair for 16 MS students and 8 PhDs, many who have had long successful careers in academics. Despite being retired, Muller continues to publish in scientific journals, has written several book chapters, and even co-authored a book with me entitled Hurricanes of the Gulf of Mexico, published by LSU Press in 2009. Bob is a member of 8 professional organizations that include the Association of

American Geographers, the American Geophysical Union, the American Meteorological Society, the American Association of State Climatologists, and the National Weather Association. For his Achievements, Bob was awarded the Lifetime Achievement Award for the Climate Specialty Group of the American Association of Geographers in 2003.

Following the guidelines and criteria in PS-70 (naming University Facilities), I believe Dr. Robert Muller easily satisfies the criteria for having this facility named after him. He has made substantial contributions to both field of physical geography and LSU. In the years following his retirement he has continued to assist, influence, and mentor many colleagues and students in the Department. He is kind and sincere, loves LSU and the Department of Geography and Anthropology, and still provides great value to our climate program.

The Department of Geography and Anthropology and the College of Humanities and Social Sciences recommends to name the Conference Room in Howe-Russell-Kniffen Hall the "Dr. Robert A. Muller Conference Room".

RE: Naming Proposal 2013-13, Robert A. Muller Conference Room (Howe-Russell E 332)

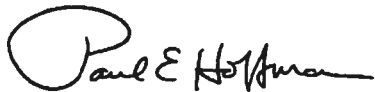

Dear Dr. Alexander:

Attached please find a memo from Dr. Barry Keim of the Department of Geography and Anthropology proposing that a conference room (Howe-Russell E332) be named the **Robert A. Muller Conference Room** in recognition of Dr. Muller's distinguished record as a scholar, founder of the Louisiana Office of State Climatology, founder of the Southern Regional Climate Center (both at LSU) and various other achievements in the field of climatology. A faculty member at LSU from 1969 until his retirement in 1994, he remains active in his field and an occasional presence on campus.

This proposal has been endorsed not only by the Chair but also by the faculty of the Department (Memo attached) and by Dean Foster of the College of Humanities and Social Sciences. Dr. Muller's 19 page vita is available should you wish to review it.

Your Naming University Facilities and Academic Units Committee has reviewed this proposal and recommends its approval.

LSU President and Chancellor F. King Alexander
Louisiana State University

Dear President Alexander,

I write this letter to ask if we can name the conference room facility located in Howe-Russell E332 after Dr. Robert A. Muller. Naming of this room would honor one of the longest standing members of the Department of Geography and Anthropology, a renowned climatologist, the founder of the Louisiana Office of State Climatology, and founder and former Director of the Southern Regional Climate Center at LSU. This conference room serves the needs of the Southern Regional Climate Center, the Southern Climate Impacts Planning Program, as well as the entire Department of Geography and Anthropology. Given Dr. Muller's many contributions to the department and the fields of synoptic and applied climatology, I think it would be appropriate to honor him in this way. Therefore, I would like to request that you consider my application to name Howe-Russell Geoscience Complex Room E332 the "Robert A. Muller Conference Room." A brief review of Dr. Muller's achievements and career follows and his CV is attached.

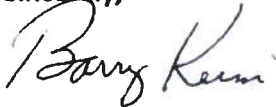

Robert Muller has been actively engaged in climate-related research for more than 50 years. After serving in the U.S Army just after World War II, Muller's college career began at Rutgers University, where he majored in Geography. He graduated in 1958 with a B.A. in geography, and continued his studies at Syracuse University where he earned a M.A. degree in 1959 and a Ph.D. in 1962. From 1962 to 1964, Bob served as a geographer/climatologist at the U.S. Forest Service in Berkeley, California with an adjunct appointment in the Geography Department at Cal-Berkley. He then served as an assistant and associate professor at Rutgers University before joining the LSU faculty in 1969. In 1978, Bob became the State Climatologist for Louisiana where he ran the Louisiana Office of State Climatology, a position he held until 1991. In 1990, he was awarded a grant from NOAA to develop the Southern Regional Climate Center (SRCC) at LSU, and he assumed the role of Director of the SRCC from 1990 until 1997, though he formerly retired from LSU in 1994. The Louisiana Office of State Climatology and Southern Regional Climate Center are still highly successful programs within the Department of Geography and Anthropology, the College, and University. These successes have led to further growth in the LSU Climate Program through the awarding of NOAA's Southern Climate Impacts Planning Program to LSU. As such, the impacts of the accomplishments of Dr. Robert A. Muller are still being realized today.

Throughout his career, Dr. Muller has over 100 publications, including books, monographs, research reports, and articles. The physical geography books that he co-wrote in the 1980s were the most widely used instructional books in the country on physical geography for many years. In addition, Muller made significant contributions to water-budget climatology and atmospheric circulation research. He served as chair for 16 MS students and 8 PhDs, many who have had long successful careers in academics. Despite being retired, Muller continues to publish in scientific journals, has written several book chapters, and even co-authored a book with me entitled *Hurricanes of the Gulf of Mexico*, published by LSU Press in 2009. Bob is a member of 8 professional organizations that include the Association of American Geographers, the American Geophysical Union, the American Meteorological Society, the American Association of State Climatologists, and the National Weather Association. For his achievements, Bob was awarded the Lifetime Achievement Award for the Climate Specialty Group of the American Association of Geographers in 2003.

Following the guidelines and criteria in PS-70 (naming University Facilities), I believe Dr. Robert Muller easily satisfies the criteria for having this facility named after him. He has made substantial contributions to both field of physical geography and LSU. In the years following his retirement he has continued to assist, influence, and mentor many colleagues and students in the Department. He is kind and sincere, loves LSU and the Department of Geography and Anthropology, and still provides great value to our climate program. I would consider it a great honor to have his name on our conference room. Please free to contact me at your convenience if you have any questions regarding this recommendation. I can be reached at 225-578-6170 or by e-mail at keim@lsu.edu.

Thank you for your consideration of this request.

Sincerely,

Dr. Barry Keim

Request from LSU AgCenter to establish a restricted account for oil, gas, and mineral revenues

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to paragraph D. of Article VII, Section 8 of the Board Bylaws, the following is provided:

1. Significant Board Matter

This matter is a “significant board matter” pursuant to the following provisions of Article VII, Section 8 of the Bylaws:

- D.1 Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

At its meeting of April 14, 1978 the Board of Supervisors of Louisiana State University and A&M College approved a resolution that allocated 10% of **all oil, gas and mineral lease bonus revenues** and 10% of **all delay rental payments** attributable to leases entered into subsequent to the effective date of that resolution to be credited to restricted funds at the LSU System office in order to cover partially certain operating expenses of the system. The remaining 90% would be for the benefit of the individual campus.

At its meeting of July 28, 1978, the Board of Supervisors of Louisiana State University and A&M College approved a resolution that allocated 25% of any **royalty revenues** from the production of oil, gas, and other minerals on properties of the Board of Supervisors where such production commenced on or after July 1, 1978 for unrestricted budgetary purposes to the campus or other major administrative entity having custody of the land from which such production is attributable and 25% to a restricted account of the Board of Supervisors and System Administration for recurring and extraordinary expenses.

The LSU AgCenter maintains that the resolutions aren’t entirely clear on whether the AgCenter must deposit its share of these funds into an unrestricted account or whether it has the ability to deposit these funds into a restricted account. Because the level of activity involving the lease and production of oil, gas or other minerals can vary greatly and impact the flexible manner by which these funds can be used, the LSU AgCenter requests approval to establish a restricted self-generated account to collect their portion of these lease and royalty revenues.

3. Fiscal Impact

Approval of this request will clarify that LSU AgCenter is allowed to restrict the self-generated revenues received from oil, gas, and mineral revenues.

RECOMMENDATION

It is recommended that the Board adopt the resolution set forth below.

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College does hereby approve a restricted account effective July 1, 2014 for the deposit of oil, gas, and mineral revenue collected by LSU AgCenter that is attributable to the revenue identified in the April 14, 1978 and July 28, 1978 minutes of the Board to be utilized in the same fashion as the restricted account for the Board of Supervisors and the System Administration for recurring and extraordinary expenses incident to the operation thereof.

MEMORANDUM

TO: Dr. F. King Alexander
President

RE: Request for Board Action

This request regards the policy for deposit of royalty monies generated through production of oil, gas or other minerals on lands owned by the Board. Current policy provides that these revenues be apportioned on the basis of 75% for budgetary purposes to the campus or other major administrative entity having custody of the land involved and 25% to a restricted account of the Board of Supervisors and the System Administration for recurring and extraordinary expense incident to the operation thereof. Current policies aren't entirely clear on whether the AgCenter must deposit these funds into an unrestricted account or whether it has the ability to deposit them into a restricted account. This request establishes a policy that the funds will be deposited into a restricted account.

The level of activity involving the production of oil, gas or other minerals can vary greatly, thus impacting the flexible manner by which these funds can be used. Approval of this request will provide a better framework for managing these funds.

I certify that the information in this request is complete and accurate. Please contact Ms. Coulon or Mr. Barre if there are questions or if additional information is needed.

Sincerely,

William B. Richardson

REQUEST FROM LSU AND A&M COLLEGE TO APPROVE SOUTH CAMPUS PURCHASE

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

1. Summary of Matter

In accordance with previous approvals, the Board of Supervisors has purchased approximately 78.64 acres of land on the west side of LSU's existing South Campus property from the LSU Property Foundation ("Foundation"). Approximately 20.05 acres of land (consisting of frontage along Nicholson Drive) remains. The LSU Property Foundation now proposes to sell the remaining 20.05 acres, designated as Tracts C-2-B-1-A, C-3-A-1-A and C-4-B-1-A on Exhibit A, to the Board of Supervisors for the sum of two million, twenty-five thousand eighty-four and no/100 Dollars (\$2,025,084.00). This transaction will complete the acquisition of a total of 98.691 acres of South Campus property from the LSU Property Foundation.

2. Review of Business Plan

Funds for the purchase will be provided through Two Million Dollars (Priority 1) Capital Outlay funding available on or about October 1, 2014, with remaining funds provided through private funds donated to the LSU Foundation. Costs associated with the operation and maintenance of the land will be borne by the University.

3. Fiscal Impact

The price per acre for the additional 20.05 acres of land is the same as that charged by the Foundation in connection with the previous sales, \$100,996.69 per acre, for a total purchase price of \$2,025,084.00. The proposed purchase will increase the property holdings of the Board of Supervisors in the South Campus area and provide the University with frontage on Nicholson Drive.

4. Description of Competitive Process

The price per acre for the land is based on the actual purchase price paid by the LSU Property Foundation to acquire the land, \$100,000 per acre, with miscellaneous direct costs incurred by the LSU Property Foundation accounting for the remaining \$996.69 per acre. The appraised value of the property materially exceeds the purchase price.

5. Review of Legal Documents

Not applicable.

6. Parties of Interest

None.

7. Related Transactions

An Act of Sale will be entered into between the LSU Property Foundation and the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College once the recommendation to purchase has been approved by the Board and Capital Outlay funds are made available.

8. Conflicts of Interest

None.

**REQUEST FROM THE LSU HEALTH CARE SERVICES DIVISION
FOR APPROVAL TO LEASE SPACE FROM
THE HEALTH CARE SERVICES FOUNDATION**

TO: Members of the Board of Supervisors

DATE: September 12, 2014

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

1. Summary of the Matter

The LSU Health Care Services Division (LSU Health) requests approval by the Board of Supervisors to lease Approximately 7,288 RSF on the 3rd floor Health Sciences Center Foundation building to house the Accountable Care Organization (ACO) of the LSU HCSD.

Accountable Care Organization: LSU HCSD provides and is coordinating Accountable Care Services (ACS). Programs for patient care that include chronic disease management, population health, and healthcare improvement science are important for quality health care delivery for patients across our state. In conjunction with multiple agencies the LSU HCSD public-private partnerships are coordinating, collaborating, studying and improving patient care. The use of 'big data' and analytics is allowing statewide quality metric development and advancement. ACS provides a learning collaborative to facilitate continual improvement.

Lead by the Clinical Coordination Committee (CCC), a team of clinical experts in population health and improvement science, the committee assists in implementation of evidence based guidelines and feedback on performance. HCSD Medical Informatics builds innovative electronic solutions to present care providers with actionable, relevant and up to date patient care information with a single-sign-on from multiple sources. Utilizing a new federated data warehouse model, the Informatics and Analytics teams provide data support for programmatic success. ACS works in conjunction with LSU Improving Clinical Outcomes Network (ICON) which provides an infrastructure for intensely focused improvement studies. ICON enables medical resident, pilot and intermural projects which utilize economy of scale towards knowledge and translation of best practices.

Accountable Care Services is a truly innovative collaborative approach to health care delivery improvement. ACS utilizes data acquisition, data normalization and federation, evidence based improvement science, and translation of research to evidence based care provision, all towards increasing and improving the value of health care delivered to our patients

The Accountable Care Organization within the LSU HCSD is currently housed in various building throughout the medical complex in New Orleans. In order to be more efficient and effective this organization needs to be consolidated at one location. Once the partner moves into the new hospital currently under construction, space will be vacated in the state owned University Medical Center Medical Office Building and this organization can then move into that building.

HCSD is seeking Board approval to enter into a short term lease (1year with a 6 month option) with the Health Sciences Center Foundation

2. Review of Business Plan

LSUHCSD will lease approximately 7,288 RSF on the 3rd floor Health Sciences Center Foundation building to house the Accountable Care Organization at a cost of 11,539.33 per month. This is a square foot cost of \$19 per square foot that is below the current market value of property in

downtown New Orleans.

3. Fiscal Impact

The cost to LSUHCSD will be \$138,472 per year plus a prorated share of the utility costs for the building (32.71%) and a security deposit of \$11,539.33. The cost will be offset by the revenues generated by the ACO.

4. Description of Competitive Process

The lease is being requested as a sole source since there is no space in the Medical Complex sufficient to allow for the consolidation of the organization into one area of a building. This location will be a temporary location until the new hospital is completed and space is vacated in the University Medical Office Building (UMOB) to allow for the relocation of this organization into state owned space at that time.

5. Review of Legal Documents

Lease will ultimately be prepared by the Real Estate Leasing Office in the Division of Administration. A copy of the sole source letter as well as the proposal letter from the Lessor's agent is provided for your information.

RE: **Significant Board Matter**
Request for Approval to Lease
Space from the Health Care Services Foundation

Dear President Alexander

The LSU Health Care Services Division is requesting approval from the Board of Supervisors to lease space from the Health Care Services Foundation to house the LSU Health Care Services Division, Accountable Care Organization in New Orleans.

The LSU Health Care Services Division (LSU HCSD) has determined that there is an immediate need for short term space to accommodate the Accountable Care Organization in the New Orleans area. Due to the following reasons we feel that lease of space from the Health Sciences Center Foundation is the most practical and feasible solution:

1. The short term nature of the proposed lease (1 ½ years)
2. The need to be in close proximity to both the Interim LSU Hospital in New Orleans as well as our University Medical Center Management Corporation partners and the new University Medical Center that will be completed and operational in mid 2015,
3. The lack of available space within the medical district
4. The immediate need to consolidate this organization in a single location rather than having them located in various buildings throughout the medical district

I certify that, to the best of my knowledge, I have provided all necessary documentation and that the information contained herein is complete, accurate and in compliance with Article VII, Section 8 of the Bylaws of the Board of Supervisors. I agree to cooperate in any issues related to this matter. Please let me know if any additional information is needed

Mr Danny Mahaffey
Director of Property and Facilities

Baton Rouge, Louisiana 70808

Dear Mr. Mahaffey,

The LSU Health Care Services Division (LSU HCSD) has determined that there is an immediate need for short term space for the Accountable Care Organization in the New Orleans area. Due to the short term nature of the proposed lease and the need to be in close proximity to both the Interim LSU Hospital in New Orleans as well as our University Medical Center Management Corporation partners and the new University Medical Center that will be completed and operational in mid 2015, it has been determined that a sole source lease is justified pursuant to R.S. 39:1597.

The Accountable Care Organization (ACO) is currently located in state owned space spread out throughout New Orleans and desperately needs to be consolidated in one location in order to function properly. The current arrangement is no longer tenable. The ACO works very closely with our private partners throughout the state, the largest being the University Medical Center Management Corporation (UMCMC) in New Orleans, Louisiana.

The UMCMC has leased both the Interim LSU Hospital in New Orleans and has leased and are occupying most of the supporting facilities previously operated by LSU HCSD and once completed will lease the new hospital scheduled for completion and in operation in mid 2015. Once the new hospital is operational, UMCMC will vacate state owned space and the ACO will be able to move into the University Medical Center Medical Office Building (UMOB) a state owned space and will be able to move out of the now proposed lease space.

It is important that the ACO be located in close proximity to the existing ILH, the new hospital as well as the Health Science Center in New Orleans. The proposed lease space is located in the Health Sciences Center Foundation building located within LSU Medical Complex in New Orleans.

For these reasons, sufficient justification exists to enter into the lease without competitive bidding pursuant to the sole source provisions in LA R.S. 39:1597.

If you have questions, please let me know.

**REQUEST FROM THE LSU HEALTH CARE SERVICES DIVISION
FOR APPROVAL TO LEASE GROUND SPACE (LOT) TO
THE CAPITAL AREA TRANSIT SYSTEM (CATS) FOR A TRANSFER HUB**

TO: Members of the Board of Supervisors

DATE: September 12, 2014

Pursuant to Article VII, Section 8, D.2(a) of the Bylaws of the Louisiana State University Board of Supervisors, this matter is a "significant board matter".

D.2(a) The assignment, lease, transfer, encumbrance or sale of land, mineral rights, rights-of-way, servitudes, or other immovable property owned or controlled by LSU...

1. Summary of the Matter

The LSU Health Care Services Division (LSU Health) requests approval by the Board of Supervisors lease the lot immediately west of the North Baton Rouge Clinic on Airline Highway in Baton Rouge Louisiana to the Capital Area Transit System (CATS).

Bob Mirabito, the Executive Director of CATS originally approached Our Lady of the Lake (OLOL) to lease the lot for this purpose. OLOL is currently leasing half the lot with the remainder of the lot still under possession of the LSU Health Care Services Division. OLOL has indicated that they are not interested in entering into a sublease with CATS but sees the benefit to their clients in having a transportation hub in close proximity to the clinic, which would result in reduced travel times for the population they serve. OLOL has indicated their willingness to give up their leased portion of the lot in order to allow LSU HCSD to negotiate directly with CATS for this Transportation Hub.

The property is a 2.412 acre lot currently undeveloped that was originally intended to be used for parking serving the LSU HCSD Administrative and Business office and the North Baton Rouge Clinic. However after operating the NBR Clinic for more than a year, it has been determined that additional parking is not needed. The current surface parking lot adequately meets the need of both the HCSD and the North Baton Rouge Clinic.

CATS has proposed to lease the site, which is currently unused, at an appraised rate of \$1,553 per month. Based on the benefits to the clients served by the clinic reducing ride times to the clinic as well as to Woman's Hospital, we feel that this is a good use for this property.

2. Review of Business Plan

LSUHCSD will lease to the Capital Area Transit System 2.412 acre lot immediately west of the LSU HCSD Administrative and Business Office and North Baton Rouge Clinic which will bring in much needed self-generated revenues to the LSU Health Care Services Division to help fund on-going operations and a rate of \$1,553 per month. This is the appraised fair market rate for the property. An appraisal is attached for your information.

3. Fiscal Impact

The revenue to LSUHCSD will be \$18,636 per year and will allow the LSU HCSD to avoid the cost of maintaining the property into the future.

4. Description of Competitive Process

The lease is being requested as a sole source lease to CATS. We do not anticipate that there are other viable uses for the property that would bring in this type of revenue. We did not market the property and were approached directly by CATS to lease it to them in order to enhance services and reduce ride times to the clinic for the population served by the clinic. This will also reduce the ride times and transfers necessary for clients to reach Woman's Hospital.

RE: The property under appraisement is a mostly rectangular shaped tract located along the northerly side of Airline Highway just east of it's intersection with N. Foster Drive in Baton Rouge, Louisiana. The vacant parcel of land is approximately 2.414 acres and is more specifically described as being the South 2.414 acres of Tract G, Addition to Suburb Loudon which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana.

Dear Mr. Barr:

As requested, the subject property has been inspected and an appraisal has been made of the property located at the above captioned location. The purpose of this appraisal is to estimate the market value of the "fee simple interest" in the subject property, as vacant, as of, March 18, 2014, to derive at the monthly ground lease rate of the property.

The intended use of this appraisal is to derive at the current ground lease rate of the property for the lessee/client. We have not been engaged to make specific recommendations.

This appraisal report has been prepared in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation and with regulations adopted by the Department of the Treasury Office of the Comptroller of the Currency, required under Title XI of the Financial Institution Reform, Recover and Enforcement Act of 1989 (FIRREA). This report has also been prepared to conform to federal lending requirements.

The accompanying report, of which this letter is a part, describes the site, improvements and methods of appraisal, as well as pertinent data considered in reaching our value conclusions. The opinions are to be used solely for the purposed stated above and are subject to the accompanying definitions of market value and statement of general assumptions and limiting conditions.

March 24, 2014

Page -2-

*Market Value*¹ can be defined as *the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus.*

Implicit in this definition is the consummation of a sale, as of a specific date, and the passing of title from seller and buyer under conditions whereby:

- 1. Buyer and seller are typically motivated;*
- 2. Both parties are well informed or well advised, and each acting in what considers his own best interest;*
- 3. A reasonable time is allowed for exposure in the open market;*
- 4. Payment is made in terms of cash in U. S. dollars, or in terms of financial arrangements comparable thereto; and,*
- 5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.*

To estimate the market value of the subject property, I have used the Sales Comparison Approach. Appropriate discussions of pertinent items follow.

Based upon our analysis, the market value of the "fee simple interest" in the subject property, as vacant, as of, March 18, 2014, to derive at the *monthly* ground lease rate of the property, is as follows:

ONE THOUSAND FIVE HUNDRED FIFTY THREE DOLLARS (\$ 1,553.)

Function of the Appraisal

The function of the appraisal is to provide the client, Capital Area Transit System, with sufficient information regarding the current monthly ground lease rate of the property for their proposed transit hub to be located on the site. We have not been engaged to make specific recommendations. The intended use of this appraisal is for the client only.

Problem and Scope of the Appraisal

The appraisal problem involves estimating the monthly market ground lease rate of the subject property as previously described. The site consists of approximately 2.414 acres or approximately 105,158 square feet is a mostly rectangular and partly wooded parcel which is described as being the South 2.414 acres of Tract G which is located in Section 39, Township 6 South, Range 1 East, East Baton Rouge Parish, Louisiana. The appraisal will estimate the monthly market ground lease rate of the subject site, as is, as of, March 18, 2014.

Standards Rule 1-2(f) requires the appraiser to identify the scope of work necessary to complete the appraisal assignment. The scope of work completed for this appraisal assignment is intended to meet or exceed the expectations of the typical appraisal consumer. The scope of work completed for this appraisal assignment is also intended to be consistent with those actions completed by similarly qualified peers performing the same or a similar appraisal assignment in compliance with USPAP.

The initial step was to inspect the subject property and the surrounding area. After analyzing the market area, research was conducted relevant to the valuation process, including:

- We have reviewed and considered the regional and local influences and their affect on the subject development.
- We have reviewed and analyzed sales of comparable properties in the subject's immediate and general market area.
- We have made a determination of the property's highest and best use.
- We have conducted market research of competing land sales both listed and closed.
- We have identified a reasonable marketing period at the concluded market value estimate.
- No extraordinary assumptions were made for this appraisal assignment.
- No hypothetical conditions were employed for this appraisal assignment.

An **extraordinary assumption**¹ is defined as:

"An assumption, directly related to a specific assignment, which, if found to be false, could alter the appraiser's opinions or conclusions. Extraordinary assumptions presume as fact otherwise uncertain information about physical, legal, or economic characteristics of the subject property; or about conditions external to the property such as market conditions or trends, or about the integrity of data used in an analysis. "

¹ *Uniform Standards of Professional Practice, 2003 Edition (The Appraisal Foundation, 2003)*

An extraordinary assumption may be used in an assignment only if:

- It is required to properly develop credible opinions and conclusions;
- The appraiser has a reasonable basis for the extraordinary assumption;
- Use of the extraordinary assumption results in a credible analysis; and
- The appraiser complies with the disclosure requirements set forth in USPAP for extraordinary assumptions.

USPAP has a Competency Rule that states the following:

Prior to accepting an assignment or entering into an agreement to perform any assignment, an appraiser must properly identify the problem to be addressed and have knowledge and experience to complete the assignment competently; or alternatively, must:

- Disclose the lack of knowledge and/or experience to the client before accepting the assignment;
- Take all steps necessary or appropriate to complete the assignment competently; and
- Describe the lack of knowledge and/or experience and the steps taken to complete the assignment competently in the report.

I, Ricky M. Juban, disclose that I have completed numerous appraisals on similar type properties prior to completing this appraisal assignment.

A **hypothetical**¹ is defined as:

“That which is contrary to what exists but is supposed for the purpose of the analysis. Hypothetical conditions assume conditions contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis ”

¹ *Uniform Standards of Professional Practice, 2003 Edition (The Appraisal Foundation, 2003)*

This is an appraisal report presented in a self contained, narrative appraisal report format. The report has been developed in accordance with the Uniform Standards of Professional Appraisal Practice, 2014-2015 Edition, Definitions Section. The definition of an appraisal report and a restricted appraisal report are noted as follows:

Appraisal Report: *A written report prepared under Standards Rule 2-2 (a) for a written appraisal report performed under Standard 1.*

Restricted Appraisal: *written report prepared under Standards Rule 2-2 (b) for a written restricted appraisal report performed under Standard 1.*

In order to estimate the market value of the subject property, three traditional approaches to value are considered: The Sales Comparison Approach, the Cost Approach and the Income Approach.

The Sale Comparison Approach is used for estimating the value of the whole property (land and improvements) as well as site value As If Vacant. Sales of improved or vacant properties are analyzed and compared to the subject with adjustments applied to the sales for items of dissimilarities.

The Cost Approach is based on the principle of substitution: A potential purchaser would pay no more for a property than the cost of acquiring a similar property on the open market. This principle is applied in the Cost Approach through the assumption that a purchaser would pay no more for an existing property than the cost of building a new property of equal utility. Replacement Cost is estimated to build the improvements less accrued depreciation. Site value is then added to the depreciated improvement cost for an indicated value.

The Income Approach is based on the premise that value is created by the expectation of future benefits. The net annual income is projected and processed into an indicated value criteria through a capitalization of current income or discounting of a future income stream.

As previously mention, the subject property is vacant property and since it was first necessary to derive at the market value of the vacant subject parcel the Sales Comparison Approach as been applied as the approach to value.

In the course of our investigations, we have consulted city and county (parish) offices for information regarding zoning, tax rates, assessment practices, and growth trends; examined the market area, and inspected the subject property to evaluate it's condition, functionality and market appeal. We also consulted local real estate offices and/or services for comparable sales and offerings and discussed historical and anticipated market trends with local and national market participants. Finally, we collated the resulting information and applied it in the valuation process.

Property Rights Appraised

Since the property is appraised in fee simple interest basis, we have assumed that all property rights that can be owned are included in our estimate of value. The property rights included are described as follows:

Rights in Real Estate	Land, site improvements & building improvements;
Rights in Tangible Personal Property	Furniture, fixtures and equipment;
Rights in Intangible Property	Goodwill, etc.

Any separate indications are developed as an allocation of total value are not meant to reflect the intrinsic value of each component if sold on a liquidation basis. They should be interpreted as the approximate value to overall property value.

Market Value Definition

Market Value has been defined in the Uniform Standards of Professional Appraisal Practice, copyright 1990 by the Appraisal Foundation as:

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is consummation of a sale as of a specified date and passing of title from seller to buyer under conditions whereby:

- 1.) Buyer and seller are typically motivated;
- 2.) Both parties are well informed or well advised, and each is acting in what he considers his own best interest;
- 3.) A reasonable time is allowed for exposure in the open market;
- 4.) Payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and
- 5.) The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Fee Simple Definition

The property right appraised is the Fee Simple interest of the subject property. Fee Simple has been defined in the 3rd edition of The Dictionary Appraisal of Real Estate Appraisal, published by the American Institute of Real Estate Appraisers, as:

"absolute ownership unencumbered by any other interest or estate; subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat."

Ground Lease Definition

Ground Lease has been defined in the 3rd edition of The Dictionary Appraisal of Real Estate Appraisal, published by the American Institute of Real Estate Appraisers, as:

"A lease in which the landlord receives stipulated rent and is obligated to pay all or most of the property's operating expenses and real estate taxes."

Exposure Time

Under Paragraph 3 of the Definition of Market Value, the value opinion presumes that "A reasonable time is allowed for exposure in the open market." Exposure time is defined as the length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at the market value on the effective date of the appraisal. Exposure time is presumed to precede the effective date of the appraisal.

The reasonable exposure period is a function of price, time and use. It is not an isolated opinion of time alone. Exposure time is different for various types of real estate and under various market conditions. As noted above, exposure time is always presumed to precede the effective date of the appraisal. It is the length of time the property would have been offered prior to a hypothetical market value sale on the effective date of the appraisal. It is a retrospective opinion based on an analysis of recent past events, assuming a competitive and open market. It assumes not only adequate, sufficient and reasonable time but adequate, sufficient and a reasonable marketing effort. Exposure time and conclusion of value are therefore interrelated.

Based on our review of national investor surveys, discussions with market participants and information gathered during the sales verification process, a reasonable exposure time for the subject property at the value concluded within this report would be approximately twelve (12) months. This assumes an active and professional marketing plan would have been employed by the owner.

Marketing Time

Marketing time is an opinion of the time that might be required to sell a real property interest at the appraised value. Marketing time is presumed to start on the effective date of the appraisal and take place subsequent to the effective date of the appraisal. The opinion of marketing time uses some of the same data analyzed in the process of estimating reasonable exposure time and is not intended to be a prediction of a date of sale.

We believe, based on the assumptions employed in our analysis, as well as our selection of investment parameters for the subject, that our value conclusion represents a price achievable within twelve (12) months.

East Baton Rouge Parish and the city of Baton Rouge

Baton Rouge is a community where life provides pleasure, opportunity and growth to its residents in lifestyle and in business- a community that seeks new opportunities through innovative thinking and new relationships. This is a city where some of the world's most advanced industrial facilities site side by side with antebellum mansions. Cutting-edge technology has chiseled a firm foothold in this thriving industrial and agricultural center that still retains the charm and romance of the Old South.

History of Baton Rouge

Baton Rouge's earliest inhabitants were Native American tribes, possibly dating back as far as 8,000 B.C. A pair of grassy burial mounds located on the campus of Louisiana State University serves as a reminder of these cultures. Hernando de Soto, a Spaniard searching for gold in the 1500's, was one of the first European explorers to enter the region. A century passed before the French fur trader Rene-Robert Cavalier (Sieur de La Salle) rediscovered the area in 1682, claiming it for France and naming it Louisiana in honor of King Louis XIV.

The area's first permanent European settlement was founded in 1699 when French-Canadian explorer Pierre Le Moyne (Sieur d'Iberville) organized the first colony here. Legend has it that Iberville and his explorers discovered a tall, bloodstained cypress tree on the riverbank that marked the hunting territory of two Native American tribes. As a result, they later christened the area Baton Rouge, or "Red Stick." The actual site of this "Baton Rouge" or "istrouma," in Native American dialect) is located at what today is the campus of Southern University.

The French erected a fort here in 1718 and sent colonists to the area who brought with them their language, religion and traditions. In 1762, France secretly gave most of the Louisiana Territory to Spain as a war concession, only to demand it back in 1800.

During this same period, many Americans were trying to convince the fledgling U.S. government that controlled the mouth of the Mississippi River was critical to the new nation's growth and trade. President Thomas Jefferson agreed, and with the Louisiana Purchase in 1803, the United States acquired from France all lands west of the Mississippi for roughly \$15 million. In 1812, Louisiana was admitted to the Union as the 18th state. Five years later, Baton Rouge, the second largest town in Louisiana (4,000 residents), obtained its city charter. It became Louisiana's capital in 1849.

As it did to much of the South, the Civil War devastated Baton Rouge. After the war, however, the city recovered much of its economic strength by taking advantage of its premier location on the Mississippi River.

Steamboat and railroad traffic helped the city flourish in the early 1900's, and under the leadership of flamboyant Governor Huey P. Long, new roads, bridges, and a stunning state capital were constructed.

World War II and the following years brought an industrial boom to the city as petrochemical industries, aluminum companies and shipbuilders began major operations along River Road.

Today, Baton Rouge is a dynamic community, enriched by centuries of multicultural influence. Baton Rouge visitors and residents reap the benefits of the dramatic history, colorful heritage, premier location and vigorous spirit that have made it a special part of our nation's history.

STATE GOVERNMENT

Both state and local governments reside in Baton Rouge. Together they employ more than 75,000 employees. This makes the state and local government the largest employer in the area. In 1986, the state government was hit with the same economic slow down as the oil and gas industry. At one time, the state budget deficit was projected to be as high as one billion dollars. The state government responded to this deficit by borrowing hundreds of millions of dollars in short term loans, restructuring state governmental offices reducing personnel staffs.

Standard and Poor raised Louisiana's bond rating to covering three billion dollars of debt to an "A" rating. This is a substantial improvement over the previous BBB+ rating.

State and local government recently teamed up with several financial institutions to help rebuild businesses impacted by hurricanes Katrina and Rita. The Governor has committed \$332.5 million in federal hurricane recovery (Community Development Block Grant) funds to economic recovery.

CITY PARISH GOVERNMENT

Baton Rouge has been governed by a City-Parish type of government, since 1949, the first of its kind in the United States. It is a consolidation of the Parish (County) and city governing bodies in to one organization eliminating duplication of governmental services, increasing efficiency and reducing cost. The taxpayers pay the salary of one Mayor-President instead of two. Likewise, for the city and Parish, there is a single purchasing agent, treasurer, director of finance, clerk, attorney, personnel administrator, and public works director. The staffs of these offices handle the business of both City and Parish. Of the three branches of government: executive, legislative bodies, one for the Parish and one for the City. Thus, all twelve councilmen get together to legislate for the business of the Parish, while the city council- men (seven of the aforementioned) act in city matters.

City taxes are 8.67 mills, East Baton Rouge Parish Schools 43.45 mills, parish taxes are 50.07 mills, and CS1 taxes average 0.33 mills. Levies for special purposes occur in some portions of the City and Parish. These basic figures include parish, school, recreation and city taxes. The Assessor has recently completed a re-appraisal of all property values. The assessed values were raised, the taxing authorities appear to maintain the same level of taxes. This lowered the millage rate. New industries, or additions to existing industries, are granted 10 year tax exemption on ad valorem taxes by state law. State sales taxes total 4% and East Baton Rouge Parish sales tax is 5 %.

EDUCATION

Louisiana State University, Southern University, and Baton Rouge Community College offer a base of institutions to generate a highly talented workforce. More than 83% of residents age 25 and over are high school graduates. About 14% hold bachelor's degrees or higher. Another 23% have some college credit. Educational facilities in the Parish total over 141 schools, including 33 parochial schools, accommodating 75,000 students from Kinder garden to the 12th grade. Louisiana State University is the largest and oldest center for higher education in the State, which has over 34,000 students. Southern University's enrollment is over 9,000. In addition, the City has four business colleges, two state schools (blind and deaf), two trade schools. LSU is located on a 300 acre campus with a \$200 million plus plant; and Southern University has a physical plant of approximately \$50 million.

CULTURAL

Numerous concerts, industrial and trade commercial shows, drama productions and other events are presented during the year at the Louisiana State University Union Building, LSU Assembly Center and the Baton Rouge Rivercenter. The Old Governor Mansion has been converted into the Louisiana Arts and Science Center which feature exhibits and workshops along with one of the largest planetariums in the world.

The Baton Rouge Little Theater is the largest Little Theater in the nation in relation to membership to populations and produces a schedule of five plays each season. The Louisiana Art Commission has its galleries in the historic Old State Capital (built in 1847). Baton Rouge, Louisiana's state capital, is host to many cultural diversions such as the Baton Rouge Symphony. Baton Rouge is the home of the LSU football team, which attracts an average of over 90,000 spectators watch its home games in Tiger Stadium. Recently added to Tiger Stadium is the Stadium Club.

Excellent boating, hunting and fishing areas are within a short distance from Country club developments and historic cottages provide a variety of choices for enjoyment, as well as provide a comfortable, safe environment for families. Activities tailor made for children await the little ones discovery in Baton Rouge's family-friendly town. From seasonal festivals and parades to kid friendly Venus like Brec's Baton Rouge Zoo, Blue Bayou Water Park and Dixie Landin' Amusement Park.

TRANSPORTATION & WATERWAYS/PORTS

Baton Rouge is the farthest inland deep water port on the Mississippi River to which ocean going ships can travel. Docks and terminals serve both deep water and river transportation. Baton Rouge ranks as the second largest port in Louisiana and fourth in the nation. The Mississippi River is linked to the Intra coastal Waterway which is a deep water channel that accesses the south Louisiana area. Water transportation is the leading influence on industrial development along the Mississippi River from Baton Rouge to the Gulf of Mexico.

Prior to the 1920's docking facilities in Baton Rouge consisted of wooden wharfs along the Mississippi River's edge. In the early 1920's the need became apparent for a public docking facility to handle cargo for smaller shippers and port users. By 1926, the Baton Rouge Municipal Dock was completed on the east bank of the Mississippi adjacent to the present I-10 Bridge. The Great Baton Rouge Port Commission was established in 1952 by an act of the Louisiana Legislature to regulate commerce and traffic along the river and to construct and operate public port facilities, and by 1954 construction began on the General Cargo Dock No. 1, the grain Elevator and the Grain Dock, all located on the west bank of the Mississippi River. Additional facilities followed through the years. Today the port is ranked seventh in the nation in total tonnage.

Interstate Transportation

Two interstate systems, I-12 and I-10 intersect in south central Baton Rouge. These interstate highways are the two major east/west arteries servicing south Louisiana and the Greater Baton Rouge area. Interstate Highway 12 has been widened from four to six lanes from College Drive to Agnail Lane to reduce congestion during rush hours. Two bridges span the Mississippi River at Baton Rouge and is further served by U.S. Highways 61, 65, and 190 leading to New Orleans to the southeast and other major cities around the Baton Rouge area.

UTILITIES

Natural Gas

Natural gas is the major fuel for all purposes in the Greater Baton Rouge area. The recent decline in the oil and industry has hampered the recovery of the state's oil and gas. Even though the Tuscaloosa Sand promises to produce many hundreds of millions of cubic feet of natural gas, the gas is committed by Federal Edict to users primarily outside the state of Louisiana. Both residential and commercial use customers have increased in the last 15 years. The company plans to maintain a two-rig program in the Trend for the next ten years. Today, several big-name field, such as Judge Digby, Port Hudson, Morganza and others, continue to kick out impressive amounts of hydrocarbons. Several Oil & Gas companies are teaming up and signed a letter of intent (LOI) to participate in a well to be drilled to test sands at depths of 10,000 -11,000 feet in a field of 4,500 acres prospect in St. Landry Parish. Still the Tuscaloosa has captured the company's attention as well. British Petroleum (BP) assumed the mantle of lead operating the play via it's purchases of Amco, and its current inventory includes 46 producing wells in six fields in the vicinity of Baton Rouge.

Electric

An adequate supply of electrical power is available for all industrial commercial and residential consumers in the Baton Rouge area from its two power plants, totaling 1,344,000 KW capacity. The Gulf States System capability is in excess of three million KW. Dixie Electric, a Co-op electrical utility company, also generates additional power for use in the outer fringes of the Baton Rouge area.

Both utilities have been expanding and updating their power plants to service lines. Gulf States Utilities has completed a nuclear power plant located 30 miles north of Baton Rouge, known as Riverbend. It began operating in late 1986. Big Cajun, a joint venture of a number of electrical co-ops together with Gulf States Utilities, has built a large coal fire generating plant 30 miles northwest of Baton Rouge.

Water

Baton Rouge water is among the softest in the nation which tests zero hardness and is absolutely pure and requires no treatment. The entire supply is obtained from deep wells.

Telephone Service

South Central Bell provides telephone service to East Baton Rouge Parish and is comparable with others in the U.S.A.

CLIMATE

The Baton Rouge area climate is moderate. According to the National Weather Service, Baton Rouge has an average minimum temperature of 57 degrees and an average maximum temperature of 78 degrees. It rarely freezes during winter months. However, the temperature can rise to 95-98 degrees during August and September. The average rainfall is 54 inches per year. These factors make the conditions favorable for farming 12 months of the year. The most common crops include; sugarcane soybeans, cotton and rice. The sandy loam soil found in the region is excellent for crop production.

ECONOMIC FACTORS

The current unemployment rate for Baton Rouge is 8.0%. This is down from five years ago when the rate was 4.1%. During the 1986-87 period it was not unusual to see unemployment figures over 10% for the City.

The most recent released population statistics (2006) indicate East Baton Rouge Parish has a population post hurricane Katrina and Rita estimate of 511,000. The 2005 census revealed a population of 411,000.

This is an increase of a possible 90,000 new residents in the area. In 1990, the statistics show a population of 380,000. This is an increase of 31,000 (pre-Katrina) and estimated 121,000 (post-Katrina) in a 15 year span.

The Go Zone Act establishes tax incentives and bond provisions to encourage the rebuilding of local and regional economies devastated by Hurricanes Katrina and Rita. There are provisions geared toward both existing businesses that are new to the Go Zone area.

East Baton Rouge Parish and the city of Baton Rouge are located in the southeastern portion of the state of Louisiana. It is considered to be the hub for the Baton Rouge MSA (Metropolitan Statistical Area), which includes the parishes of East Baton Rouge, Ascension, Livingston and West Baton Rouge. This MSA area is further influenced by areas encompassing the parishes of Pointe Coupee, Iberville, West Feliciana, East Feliciana and St Helena, which are considered to be commuter areas for Baton Rouge MSA.

East Baton Rouge Parish encompasses a total land area of approximately 471 square miles with a population density of 843 persons per square mile. The Baton Rouge MSA, containing four parishes, encompassing a total land area of 1,586.60 square miles and a population density of approximately 380 persons per square mile.

Workforce/ Availability of Labor

Louisiana is a right-to-work state. Its right-to-work law stipulates that individuals may not be denied the right to work because of membership or nonmembership in labor unions. Louisiana is below the national average and ranks 23rd among the 50 states in percentage of union membership. 14.1 percent of Louisiana's nonagricultural work force is unionized as compared to a national average of 18.2 percent. Louisiana's low ranking and low percentage of unionized workforce is significant because many of Louisiana's major industries are very capital-intensive.

Economic Profile

The Baton Rouge LMA lies 200 miles north of the Gulf of Mexico along both sides of the Mississippi River. Strategically located at the interchange of the Gulf Intracoastal Waterway and the head of deep-water navigation on the Mississippi River, The Port of Greater Baton Rouge encompasses the 67 miles of river that marks the dividing line between deep water and shallow draft navigation in the Mississippi Valley. The port, fifth largest in the nation, provides excellent accessibility to ocean trade routes to and from Latin America, Europe and the Far East, as well as the heartland of America. As a result of the many national as well as foreign ports, considerable industrial development, including one of the heaviest concentrations of petrochemical industrial development, has occurred along the River between Baton Rouge and New Orleans.

Area Value Influences

The forces that influence value can be segregated into four categories. Environmental consideration consists of man made or natural features that affect the operating environment of the property appraised. Social considerations relate to the quality of education, culture, population density, recreational facilities and amenities. These factors are commonly equated to a measure of the quality of life to a particular location. Governmental influences with regards to the honesty, responsibility of government and its overall cost have considerable influence on the business environment. The operating efficiency and responsiveness to business and industry needs strongly influence the quality of economic growth. The economic factors are a measure of the quality of mix between all the remaining forces. Without a good mesh between the environmental, social and governmental forces the economic base cannot develop to its potential.

CERTIFICATION:
 I hereby certify that I made a survey on the ground that this showing accurately reflects the findings of my survey conforming to the laws of the State of Louisiana. I am a duly Licensed Professional Surveyor in accordance with the laws of the State of Louisiana.

DESCRIPTION OF THE SITE

Size and Shape

The site is a mostly rectangular shaped tract that contains approximately 2.414 acres and appears to possess adequate shape and size for the proposed Capital Area Transport System transit hub.

Topography and Drainage

The site appears to possess a generally level and partly wooded topography. Drainage is considered adequate and flow off the property in several directions.

Soil Condition

We have not been furnished a report indicating the capacity of the subsoil, and we assume no responsibility for hidden, unapparent or abnormal conditions which would render the land more or less valuable. Nor do we assume any responsibility for adverse soil conditions or for engineering which may be required to discover them.

Flood Hazard Statement

According to the National Flood Insurance Program Maps Panel 22033C0170E, dated May 2, 2008, the subject property appears to be located in Zone X, not being designated as an area of 100-year (minimal), flooding. The subject property does not appear to be located in a flood hazard area.

This opinion is based on our review of the location map included in this report and available Flood Hazard Maps.

Therefore, based on the best available information and our interpretation of the aforementioned flood maps and review of the location map, we assume that the site is not located within a flood hazard area. However, the appraiser is not qualified or trained to make engineering type determination regarding these type matters. Therefore, any person or persons contemplating purchase or financing of the subject property is/are advised to seek knowledgeable professional guidance in this regard.

Hazardous Material Statement

Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, was not observed by the appraiser. The appraiser has no knowledge of the existence of such materials on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The value estimate is predicated on the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.

Wetlands

A preliminary research of data did not reveal any supportive documentation that the subject site as described in the preface of this report, is situated in a designated " Federal Wetland " area. The reader is alerted that we are not a qualified expert in this field and the final determination would be subject to verification from a qualified expert with the Corp of Engineers.

This is not a mandatory request and would be performed at the readers discretion. We are hereby held harmless in the event that any of the subject site would be determined as being situated in a designated " Federal Wetland " area in the near future.

The reader is alerted that portions of East Baton Rouge Parish have been classified as being within the Coastal Zone Management Area of the Wetlands by the Corp of Engineers.

Streets and Access

Airline Highway; a.k.a. U S. Highway 61, is a four lane asphalt paved primary roadway having a divided median and asphalt shoulders. The roadway is considered to be in average condition and is publically maintained. The subject's road frontage is considered to be average to good.

Easements

According to our visual inspection there appears to be no adverse easements and/or encroachments which would encumber the site.

Utilities and Services

All public utilities are available to the site. Police, fire and ambulance service are also available to the site.

Conclusions as to Site Features

The property under appraisal is considered to possess average to good overall physical utility for future development. This opinion is based upon it's average shape, average to good accessibility, average to good exposure, average to good frontage, and average to good topography. Further, it is our opinion that the current zoning reflects a good utilization of the site's physical characteristics.

Zoning

The property is subject to the use control of East Baton Rouge Parish and currently is zoned C-2, Heavy Commercial District. This zoning classification allows for development of future improvements having this existing zoning classification.

HIGHEST AND BEST USE

The "Highest and Best Use" of a property is defined as that logical, legal, and most probable use which will yield the greatest net income to the land over a sustained period of time. It is also that available use or program of probable future utilization which produces the highest present land value. Corollary to this definition which produces the highest present land value to the property, once committed to a certain use, the property maintains that use consistent with the improvements as its highest and best use until such time when the improvements no longer contribute to the total property value.

Before the definite highest and best use of a property can be determined, several decisions must be made. They are presented here in order of increasing specificity. It should be noted here that these questions and decisions relate to vacant property or improved properties when estimating the highest and best use of the site when vacant.

Steps in Analyzing a Sites Highest and Best Use:

1. **Legal uses.** Are any of the potential uses permitted at all? Some may be prohibited by zoning or deed restriction, or by law. If so, they are not realistic alternatives and must be discarded.
2. **Physically Possible uses.** From among legally permissible uses, which ones are physically possible on the parcel in question? The size, shape, topography, subsoil conditions, or location of the site may preclude some of the remaining suggested uses.

-
3. **Appropriate uses.** Are the necessary supporting facilities - such as utilities, access, linkage available for any of the remaining proposed uses, regardless of whether it makes economic sense to inaugurate those uses? The others proposed must be disclosed.

 4. **Feasible uses.** Is there economic or financial logic in pursuing any of the remaining proposed uses? Will any of them pay in the sense that they offer the prospect of producing a net return? These uses represent the range of alternatives from which Highest and Best Use is selected.

 5. **Most Profitable uses.** From among the proposed uses that have been found to be legally permissible, physically possible, appropriately supported and financially feasible, which one is expected to generate the highest rate of return over a given income-forecast period at the time the decision is made? This is the highest and best use. If none of the potential uses is legal, possible, appropriate, and feasible, then under existing market conditions there is no highest and best use.

There are several viable options when estimating the highest and best use of a property.

In order to systematically derive a highest and best use for the subject property, all potential uses should be considered. Principal property types to be considered are: residential, apartment, commercial, public, office buildings, parking, and industrial uses. All of these potential uses should be analyzed on the basis of the five steps in estimating highest and best use as previously discussed. In the following paragraph, we will take each of those steps and analyze them more carefully.

1. Legal Use:

The property is subject to the Use Control of East Baton Rouge Parish and as earlier reported is presently zoned C-2, Heavy Commercial District. Therefore, the uses permitted under these regulations would be a legal use.

2. Physically Possible Use:

In this section of the highest and best use analysis, we must determine which of the legally permissible uses are physically possible for the property in question. The subject site has been fully described and analyzed in a previous section of this report, it is our opinion that most of the allowed uses, as well as many of the uses not allowed under the present zoning are physically possible on the subject parcel. Most of the legally permissible uses under the present zoning appear to be physically possible uses of the site.

3. Appropriate Use:

In order for a potential use to be appropriate as the highest and best use of the property, the necessary supporting facilities such as utilities, access, and linkage must be available to the subject site. All utilities are supplied to the site. Each utility supplied is considered to adequately meet adequate demand for commercial use development. The site has adequate access and link to surroundings vital to its support. Therefore, we have determined that current zoning of the property appropriate use of the site for a future transit hub development.

4. Feasible Use:

The function of the feasible uses component in the highest and best use analysis is to determine if there is any economic or financial logic in pursuing any of the potential uses and will any of them pay in the sense that they offer prospects of producing a net return, especially a competitive net return.

At this point in the analytical process, based upon our analysis of the recent sales within the subjects property's immediate market area as well as the current market trend it is our opinion that the probable uses that will offer a competitive net return to the subject site would be future commercial and/or public use development of the property.

In determining that this use is the only feasible use to which the subject property could be used, we have considered such factors as the current and future commercial and/or public development needs of the subject property's immediate market area. Therefore, it is our opinion that the development of the subject property with any uses other than this future type use would not produce a competitive return at this time.

5. Most Profitable Use:

The function of this last step is to choose from among the possible uses that have been found to be legally permissible, physically possible, appropriately supported and financially feasible, one that would generate the highest rate of net return over a given income forecast period. The most profitable use of the subject property at this time would be future development of the property into commercial and/or public use such as the proposed transit hub use.

APPRAISAL PROCEDURE

In estimating value of improved real estate, three approaches to value are normally used. These approaches consider factors relative to replacement cost of a property, including both land and improvements, the income producing potential of a property, and analysis of probable market response to investment characteristics by comparison of sale transactions involving similar investment properties.

Land Valuation

The value of the subject site as if vacant, at its highest and best use, is based upon market analysis of recent comparable sales of land similar to the subject site. Dissimilar features are given proper consideration with a comparison being made based on a selected unit of comparison. The adjusted indications from the sales are then correlated into a value indication for the subject land.

LAND VALUATION

Numerous methods are available to the appraiser when valuing land. These methods include the Sales Comparison, Land Distribution, Abstraction or the Allocation method , Land Residual method, Ground Rent Capitalization method and the Subdivision Development method. The objective of each methodology is to estimate the market value of the land as if were vacant. A description of each of these approaches is as follows:

Sales Comparison Approach:

In this approach the appraiser derives at an indication of value by comparing the property being appraised to similar properties that have been sold recently, applying appropriate units of comparison, and making adjustments to the sales prices of the comparables based on the elements of comparison.

Abstraction (Extraction):

Extraction is the method the appraiser uses in estimating the land value in which the depreciated cost of the improvements of the improved property is estimated and deducted from the total sale price to arrive at an estimated sale price for the land. This method is most effective when the improvements contribute little to the total sale price of the property.

Allocation:

A method of estimating land value in which sales of improved properties are analyzed to establish a typical ratio of site value to total property value and this ratio is applied to the property being appraised or the comparable sale being analyzed.

Land Residual:

This is a method of estimating land value in which the appraiser isolates and capitalizes the net operating income attributable to the land for an indication of the land's contribution to the total property.

Ground Rent Capitalization:

This method of estimating land value is applicable when the ground rent corresponds to the owner's interest in the land, the leased fee interest; applied by capitalizing ground rent at a market derived rate. This method is useful when comparable rents, rates and factors can be derived from an analysis of sales of lease land.

Subdivision Development Method:

This is a method of estimating land value when subdivision and development are the highest and best use of the parcel of land being appraised. All direct and indirect costs and entrepreneurial profit are deducted from an estimate of the anticipated gross sales price of the finished lots; the resultant net sales and proceeds are then discounted to present value at a market derived rate over the development and absorption period to indicate the value of the raw land.

In the subject's general market area the Sales Comparison approach is typically used when sufficient market data is available. Properties located in the subject's market area are typically not leased.

In order to estimate the market value of the subject underlying land, we have given consideration to market data relative to recent sales of similar land parcels located in the general subject area.

Our analysis of the market data has utilized the sale price per acre as the unit of comparison, with adjustments included for various dissimilar features that influence value. These factors include: property rights, financing terms, conditions of sale, market conditions (time), location and physical characteristics. The market data, which has been given primary consideration and is presented following this discussion.

The sales are summarized as follows:

Sale No.	Sale Date	Size (Sq. Ft.)	Sale Price/S.F.
1	12/12	38,848	\$1.80
2	08/11	102,366	\$1.71
3	08/13	19,716	\$2.13
4	05/11	41,382	\$2.42
Subject		105,153	

The various factors considered regarding the adjustments of the sales are as follows.

Property Rights

All of the sales were transferred in fee simple and therefore no adjustments are necessary for this feature.

Financing/Time

The sales were sold on an all cash basis and therefore, we feel no adjustments are required of any of the sales for financing. All sales occurred within the last four (4) years.

Conditions of Sale

The sales were reported to be arms length transactions and therefore, no adjustments were required for this feature.

COMPARISON ADJUSTMENT GRID

Sale	Price/ Sq.Ft.	Cond./ Time	Loc.	Size/ Topo	Frntge/ Shape	Exposure/ Topo	Net Adjst.	Adjusted Price/S F
1	\$1.80			-10%			(\$0.18)	\$1.62
2	\$1.71		10%		-10%		\$0.00	\$1.71
3	\$2.13		10%	-20%	10%	10%	\$0.21	\$2.34
4	\$2.42			-10%			(\$0.24)	\$2.18

All other characteristics are considered similar and no other adjustments are necessary for these features. Our adjustments were made using the sales most comparable to the subject property.

The adjusted range is \$1.62 to \$2.34 per square foot. In our opinion the value should fall towards the lower middle of the range of these two indications.

Based on the market data and our analysis thereof, it is our opinion that the market value of the subject site, as if unimproved, is best reflected by a per unit value of \$1.75 per square foot. Therefore, an estimate of market value for subject land is derived as follows:

105,153 Sq. Ft.	x	\$1.75 /Sq Ft.	=	\$184,018
Indicated Land Value:				\$184,000

GROUND LEASE RENTAL RATE

Most land leases are basically structured in such a way that rent is determined by a market ground lease rental rate, expressed as a percentage, being applied to the market value of the land that was determined in this report. While an appraiser may be aware of several ground lease parcels in the market area, the data that can be extracted from these ground leases are only market rents to the extent the ground leased transactions were recently entered into. The appraiser has to incorporate historical and proxy information to form an opinion for the appropriate land lease rate. Based upon our knowledge of the local market and after having conversations with local Realtors, appraisers, investors and attorneys it is our opinion that a rental rate of around ten percent (10%) would be appropriate for the subject property. Therefore, the monthly lease rate of the subject property is derived as follows:

Estimated Land Value	\$184,000
Lease Rate (%)	10.0%
Annual Lease Rate	\$18,400
Monthly Lease Rate	\$1,533

No change of any item in the report shall be made by anyone other than the Analyst and/or officer of the firm. The Analyst and firm shall have no responsibility if any such unauthorized change is made.

The Analyst may not divulge the material (evaluation) contents of the report, analytical findings or conclusions, or give a copy of the report to anyone other than the client or his designee as specified in writing except as may be required by the Louisiana Real Estate Appraiser State Board of Certification as they may request in confidence for ethics enforcement, or by a court of law or body with the power of subpoena.

6. PROFESSIONAL FEES

The fee for this appraisal, analysis, or study is for the analytical services rendered and not for the time spent on the physical report nor the physical report itself. Amount or payment of fee for services is not contingent on any result, approval amount or other estimates or statements. The physical report(s) remain the property of Ricky Juban under all circumstances.

7. PROPOSED IMPROVEMENT, CONDITIONED VALUE

Improvements proposed, if any, on or off-site, as well as any repairs required are considered, for purposes of this report, to be completed in a good and workmanlike manner according to information submitted and/or considered by the Analyst(s). In cases of proposed construction, the report is subject to change upon inspection of property after construction is completed. This estimate of market value is as of the date shown, as proposed, as if completed and operating at levels shown and projected.

8. INFORMATION USED

No responsibility is assumed for accuracy of information furnished by work or of work by others, the client, his designee, or public records. I/we are not liable for such information or the work of possible subcontractors. Be advised that some of the people associated with Ricky Juban and possibly signing the report are independent contractors. The comparable data relied upon in this report has been confirmed with one or more parties familiar with the transaction or other source thought reasonable; all are considered appropriate for inclusion to the best of our factual judgment and knowledge. An impractical and uneconomic expenditure of time would be required in attempting to furnish unimpeachable verification in all instances, particularly as to engineering and market-related information. It is suggested that the client consider independent verification as a prerequisite to any transaction involving sale, lease, or other significant commitment of funds of subject property.

9. AUXILIARY AND RELATED STUDIES

No environmental or impact studies, special market study, highest and best use analysis study or feasibility study has been requested or made unless otherwise specified in an agreement for services or in the report.

10. TESTIMONY, CONSULTATION, COMPLETION OF CONTRACT FOR SERVICES

The contract for analysis, consultation or analytical service, are fulfilled and the total fee payable upon completion of the report. The Analyst(s) or those assisting in preparation of the report will not be asked or required to give testimony in court or hearing because of having made these analyses, in full or in part, nor engage in post consultation with client or third parties except under separate and special arrangement and at additional fee of no less than \$100 per hour. If testimony or deposition is required because of nay subpoena, the client shall be responsible for any additional time, fees, and charges regardless of issuing party.

11. LEGALITY OF USE

The report is based on the premise that there is full compliance with all applicable federal, state and local environmental regulations and laws unless otherwise stated in the report; further, that all applicable zoning, building, use regulation and restrictions of all types have been complied with unless otherwise stated in the report; further, it is assumed that all required licenses, consents, permits, or other legislative or administrative authority, local, state, federal and/or private entity or organization have been or can be obtained or renewed for any use considered in the value estimate.

12. DOLLAR VALUES, PURCHASING POWER

The value estimated, and the costs used, are as of the date of the estimate of value. All dollar amounts are based on the purchasing power and price of the dollar as of the date of the value estimate.

13. INCLUSIONS

Furnishings and equipment or personal property or business operations except as specifically indicated and typically considered as a part of real estate, have been disregarded with only the real estate being considered in the value estimate unless otherwise stated. In some property types, business and real estate interests and values are combined.

14. COMPONENT VALUES

The distribution of the total valuation in this report between land and improvements applies only under the existing program of utilization. The separate valuations for land and building must not be used in conjunction with any other analysis/appraisal and are invalid if so used.

15. LEGAL, ENGINEERING, FINANCIAL, STRUCTURAL, OR MECHANICAL NATURE HIDDEN COMPONENTS, SOIL

The Analyst and/or firm has no responsibility for matters legal in character or nature, nor of any architectural, structural, mechanical, or engineering nature. No opinion is rendered as to the title, which is presumed to be good and merchantable. The property is analyzed as if free and clear, unless otherwise stated in particular parts of the report.

The legal description is assumed to be correct as used in this report as furnished by the client, his designee, or as derived by the Analyst.

Please note that no advice is given regarding mechanical equipment or structural integrity or adequacy, nor soils and potential for settlement, drainage, and such (seek assistance from qualified architect and/or engineer) nor matters concerning liens, title status, and legal marketability (seek legal assistance), and such. The lender and owner should inspect the property before any disbursement of funds; further, it is likely that the lender or owner may wish to require mechanical or structural inspection by qualified and licensed contractor, civil or structural engineer, architect, or other expert.

The Analyst has inspected as far as possible, by observation, the land and the improvements; however, it was not possible to personally observe conditions beneath the soil or hidden structural, or other components. We have not critically inspected mechanical components within the improvements and no representations are made herein as to these matters unless specifically stated and considered in the report. The value estimate considers there being no such conditions that would cause a loss of value. The land or the soil of the area being appraised appears firm, however, subsidence in the area is unknown. The Analyst(s) do not warrant against this condition or occurrence of problems arising from soil conditions.

The analysis is based on there being no hidden, unapparent, or apparent conditions of the property site, subsoil, or structures or toxic materials which would render it more or less valuable. The Analyst and firm have no responsibility for any such conditions or for any expertise or engineering to discover them. All mechanical components are assumed to be in operable condition and status standard for properties of the subject type. Conditions of heating, cooling, ventilating, electrical and plumbing equipment is considered to be commensurate with the condition of the balance of the improvements unless otherwise stated. No judgment is made as to adequacy of insulation, type of insulation, or energy efficiency of the improvements or equipment which is assumed standard for subject age and type.

If the Analyst has not been supplied with a termite inspection, survey or occupancy permit, no responsibility or representation is assumed or made for any costs associated with obtaining same or for any deficiencies discovered before or after they are obtained. No representation or warranties are made regarding the above mentioned items.

The Analyst has no responsibility for any costs or consequences arising due to the need or the lack of need for flood hazard insurance. An Agent for The Federal Flood Insurance Program should be contacted to determine the actual need for Flood Hazard Insurance.

16. AFTER TAX ANALYSIS AND/OR VALUATION

Any "after" tax income or investment analysis and resultant measures of return on investment are intended to reflect only possible and general market consideration, whether as part of estimating value or estimating possible returns on investment at an assumed value or price paid. Note that the Analyst(s) does not claim expertise in tax matters and advises client and any other using the report to seek competent tax advice as the Analyst(s) is in no way to be considered a tax advisor or investment advisor.

17. INSULATION AND TOXIC MATERIALS

Unless otherwise stated in this report, the Analyst(s) signing this report have no knowledge concerning the presence or absence of toxic materials and/or urea-formaldehyde foam insulation in existing improvements. If such is present the value of the property may be adversely affected and further analysis at additional cost would be necessary to estimate the effects.

18. VALUE CHANGE, DYNAMIC MARKET, INFLUENCES

The estimated value, which is defined in the report, is subject to change with market changes over time; value is highly related to exposure, time promotional effort, terms, motivation, and conditions surrounding the offering. The value estimate considers the productivity and relative attractiveness of the property physically and economically in the marketplace.

In cases of analysis involving the capitalization of income benefits, the estimate of value, investment value or value in use is a reflection of such benefits. The Analyst(s) interpretation of income, yields and other factors are derived from general, specific client and market information. Such estimates are as of the date of the estimate of value; they are thus subject to change as the market and value is naturally dynamic.

The "Estimate of Value" in this report is not based in whole or in part upon the race, color or national origin of the present owners or occupants of the properties in the vicinity of the subject property. The report and value estimate are subject to change if physical or legal entity of financing is different than that envisioned in this report.

19. CHANGES, MODIFICATIONS

The Analyst(s) reserve the right to alter, amend or rescind any statements, analysis, conclusions or any value estimate in the report if there becomes known to us facts pertinent to the analytical process which were unknown to us when the report was finished.

20. EXHIBITS

The sketches and maps in this report are included to assist the reader in visualizing the property and are not necessarily to scale. Various photos, if any, are included for the same purposes as of the date of the photos. Site plans are not surveys unless shown from separate surveyor.

21. Acceptance of, and/or use of, this report constitutes acceptance of the above conditions. Analyst liability extends only to stated client, not subsequent parties or users of any type, and the total liability of Analyst and firm is limited to the amount of fee received by Analyst.

3.03 Advanced Rent; Damage Deposit. At the time of the execution of this Lease, Lessee shall deposit with Lessor the sum of \$1500.00 representing one monthly installment of the Annual Rent (the Advanced Rent and Damage Deposit).

Upon the application of the Advanced Rent and Damage Deposit, Lessor may require that Lessee deposit an additional sum with Lessee so that the Advanced Rent and Damage Deposit shall always equal the sum indicated in the first paragraph of this section. At the termination of this Lease, Lessor shall return any unapplied sums of the Advanced Rent and Damage Deposit to Lessee.

4.01 By Lessee. Notwithstanding anything herein, Lessor shall, in addition to all other rights and remedies, be entitled to enforce any or all of Lessee's obligations

hereunder by specific performance. Failure to strictly and promptly enforce any of the above rights shall not operate as a waiver of any of Lessor's rights, Lessor expressly reserving the right always to enforce all of the terms of this Lease, or to exercise the option above set forth, as well as all rights belonging to Lessor by law, regardless of any extension or indulgence previously granted.

4.02 By Lessor. Should Lessor fail to correct any of its violations of the provisions of this lease within sixty (60) days from receipt of such notice, or fail to take reasonable steps toward the correction of same as to violations that cannot be corrected within thirty (30) days, Lessee may cancel this Lease.

ARTICLE V: RIGHT OF ENTRY

Lessor and Lessor's agents shall have the right to enter the Leased Premises at all reasonable times to inspect same, to address any necessary safety concerns, to show the Leased Premises for sale purposes, or to show the Leased Premises for lease purposes within 150 days prior to termination of the Lease. ARTICLE VI: LESSEE'S INSURANCE

Lessee, during the entire term hereof shall keep in full force and effect a policy of comprehensive general liability insurance which shall include bodily injury, property damage and personal liability insurance with respect to the Leased Premises, in which the limits of liability shall not be less than a combined single limit of \$2,000,000.00, \$2,000,000.00 per occurrence for personal injury, and \$5,000,000.00 for claims made during the policy year. Such insurance shall be with insurance companies duly licensed to do business in the State of Louisiana and bearing a rating A+XV in the latest Best Casualty Insurance Report. Upon Lessor's review and approval of any proposed construction plans, Lessee shall have the right to construct improvements on the Leased Premises consistent with its business purpose. However, Lessee shall do nothing on the Leased Premises that tends to injure or depreciate the property, or that affects or endangers Lessor's insurance or that is illegal, unlawful or prohibited by any law, ordinance, rule or regulation of any applicable public authority.

ARTICLE VIII: TRANSFER BY LESSOR

Lessor shall not assign, transfer, mortgage or in any manner transfer the Leased Premises or any estate or interest herein, or permit any such assignment or transfer to occur by operation of law or otherwise.

Lessee hereby releases Lessor from any liability for any loss or damage of any kind or for any injury to or death of persons or damage to property of Lessee or any other person from any cause whatsoever by reason of the construction, use, occupancy or enjoyment of the Leased Premises by Lessee except to the extent caused by the fault, negligence, action, inaction, or omission of Lessor. Lessee agrees to, and hereby does, defend, indemnify and save harmless Lessor, its officers, directors, employees, and agents from all claims, actions, demands, damages, costs and expenses and liability whatsoever, including reasonable attorneys' fees, on account of any real or claimed loss or damage or liability, and from all liens, claims and demands occurring in, or at the Leased Premises, or arising out of the construction, use, occupancy or enjoyment of the Leased Premises, or any repairs or alterations which may be made to the Leased Premises, or occasioned in whole or in part by any act or omission of Lessee, its agents, contractors, servants, employees or invitees. Lessee shall not, however, be liable for any of the foregoing to the extent occasioned by the fault, negligence, action, inaction, omission, or willful violation of this lease by Lessor or its officers, directors, agents, contractors, servants or employees.

ARTICLE X: SURRENDER OF LEASED PREMISES

At the expiration date of the term of this Lease (whether the regular term or any renewal term) or its termination for other cause, and to the extent allowed by law;

- b) Lessee shall immediately surrender possession of the Leased Premises upon removal of all improvements, if such removal is requested by Lessor. Upon failure of Lessee to do so, Lessee shall be obligated to pay liquidated damages in the sum of the Rent Per Day for each day that Lessee fails to surrender possession of the Leased Premises. Should Lessor allow or permit Lessee to remain in the Leased Premises after the expiration or termination of this Lease, this Lease shall not be construed as having been reconducted, but it shall apply thereafter on a month-to-month basis. If the whole of the Leased Premises shall be taken for any public or quasi-public use under any statute or by right of eminent domain, or by purchase in lieu thereof, or if the taking is a "quick take", then this Lease shall automatically terminate as of the date that title shall be taken. If any part of the Leased Premises shall be so taken as to render the remainder thereof unusable for the purposes for which the Leased Premises were leased, then this Lease shall automatically terminate as of the date that title shall be taken.

Lessor and Lessee each may prosecute any claim directly against the condemning authority in such condemnation proceedings for any loss either has sustained. Lessor's claims are limited to compensation for the value of the land in an unimproved state.

ARTICLE XV: IMPROVEMENTS TO LEASED PREMISES

application thereof in any circumstance be judicially held invalid, such invalidity shall not affect any other such provision, section, sentence, clause, phrase or word, which can be given effect without the invalid provision, section, sentence, clause, phrase or word, and to this end the provisions of this Lease are hereby declared severable.

16.03 Short Form Lease. Lessor and Lessee agree not to record this Lease, but each party hereto agrees, on the request of the other party and at the expense of the requesting party, to execute a so-called short form lease in recordable form. The short form lease shall not set forth the rental or other charges payable by Lessee under this Lease and shall expressly state that it is executed pursuant to this provision of this Lease and is not intended to vary the terms and conditions of this Lease. Said short form lease shall be in accordance with all applicable laws. Upon the termination of this Lease for any reason, Lessee agrees to execute, at Lessor's request, a recordable instrument evidencing the termination. Said instrument evidencing the termination shall be in accordance with all applicable laws. The party requesting recordation of the short form lease shall be solely and exclusively responsible for the payment of all recording fees, transfer taxes and all other taxes and charges attributable to or associated with the recordation. The right to record the short term lease cannot be refused by either party.

16.06 Lessor's Representations. Lessor further represents and warrants that the execution and performance of this Lease by Lessor has been duly authorized by all requisite organizational proceedings, including the approval of its Board of Supervisors; that this Lease is the legal, valid and binding obligation of Lessor in accordance with its terms; that Lessor is not bound by or subject to any contractual or other obligations that would be violated by its execution or performance of this Lease; that Lessor is not in default under any agreement, lease, mortgage or other instrument to which it is a party or by which it is bound, which affects the Leased Premises; and that Lessor is not now in violation of any applicable law or regulation, ordinance, franchise, lease, order, injunction or decree, or any other requirement of any governmental body or court relating to the Leased Premise.

2. Summary of the Matter

Each year an operating budget that details the expected revenues and expenditures of the University for the fiscal year is planned. These budgets are prepared in accordance with budget guidelines issued by the Board of Regents and the Division of Administration.

Pursuant to Board of Regents' guidelines, the operating budgets will be submitted to the Board of Regents on September 5th, with a caveat that they are being submitted contingent upon action by the LSU Board of Supervisors at its September 12th meeting.

Re: FY 2014-15 Operating Budget Narrative

In this brief overview of LSU's FY 2014-15 operating budget, we first want to commend and thank you and the LSU Board of Supervisors for allowing LSU to once again implement a merit increase plan for faculty and staff salaries. This is a positive step in enhancing salary competitiveness for the state's flagship campus. In the remainder of this narrative, we briefly describe the priorities and strategies implemented in preparing a balanced FY 2014-15 operating budget and also comment on priorities and issues to be addressed in planning for the FY 2015-16 operating budget and beyond.

The FY 2014-15 budget information presented to you shows LSU with a \$21.9 million increase over last fiscal year's operating budget. The increase in the operating budget is attributable to an increase in self-generated funds offset with reductions in state funding from the removal of one-time deferred maintenance and general operations funds and the Board of Supervisors state general fund realignment adjustment from LSU to the Agriculture Center and Law Center. The Governor and Legislature's commitment to not substitute state funds for tuition and fee increase revenues was a positive step for LSU and all of Louisiana's Public Higher Education Institutions. Another success story for Higher Education in Louisiana this past legislative session was the appropriation of \$40 million to the Workforce and Innovation for a Stronger Economy (WISE) program. This funding will be distributed by the Board of Regents based on methodology suggested by the WISE Council. A brief narrative on the WISE funding and its expected impact at LSU is discussed later in this document. The FY 2014-15 state funding level for Higher Education should be the floor funding with only stability or increases in future years. In order to implement a merit pay increase plan and balance the FY 2014-15 operating budget, LSU overcame several financial hurdles stemming from the continuing reduction, now over \$129 million (52.7%), in state general funds since January 2009 and the escalating costs of state mandates. Described below is a summary of the items/issues that were included in the FY 2014-15 operating budget development process and the University's plan to expend the increase in self-generated revenues.

Increased Revenues:

\$ 21.9 million. The total revenues in the FY 2014-15 operating budget increased by \$21.9 million over the FY 2013-14 operating budget. This increase is the net difference between a gross increase in LSU self-generated funds of \$26.7 million, the removal of \$4.4 million in one-time deferred maintenance and general operations funds, and the Board of Supervisors \$0.4 million state general fund realignment adjustment to the Agricultural Center and Law Center. The University's state general operating funds have decreased by \$4.8 million from FY 2013-14. The increase in self-generated funds primarily results from a 10% increase in resident tuition and required fees and a 2.3% increase in nonresident tuition and required fees. Also included in this increase is \$4.1 million in revenues from

LSU's self-generated units/programs such as the Division of Continuing Education, LSU Online Degree programs, and LSU Laboratory School.

Operating Budget Obligations:

(\$ 4.5 million). The increase in the cost of tuition and fee exemptions due to a 10% increase in resident tuition and required fees and a 2.3% increase in nonresident tuition and required fees is \$2.6 million. Students typically receive exemptions based on their academic ability and/or their socio-economic status. Examples of the socio-economic exemptions are the "hardship" tuition exemption program and the LSU Pelican Promise award. Two examples of the academic ability exemptions are the Flagship Scholars Award and the LSU Academic Scholars Award. Also included is the cost of implementing a new scholarship program which will increase the University's six major merit awards as approved by the Board of Supervisor's at its March 2013 meeting.

(\$ 5.6 million). The increase in unfunded state mandates primarily related to increases in retirement system contributions and group health insurance payments is \$5.2 million. Also included is \$0.4 million needed to annualize the FY 2013-14 classified civil service employee merit increase program. As the University's state general fund has continued to decline, unfunded mandates have escalated. Total unfunded state mandated costs now comprise 92% of the University's total state general fund budget as compared to FY 2008-09 when state mandates comprised only 31% of the total state general fund budget.

(\$ 3.6 million). The University had to replace \$3.6 million of temporary, one-time funds included in the prior year (FY 2013-14) operating budget. As outlined in the budget narrative sent to you last year, the operating budget was balanced using \$2.1 million from temporary institutional level savings resulting from such activities as deferring employee hires and \$0.5 million from contracts and agreements which allowed the University to temporarily transfer costs from the operating budget to other sources of funds. In addition, \$1 million of Student Technology Fee revenue, which has been temporarily used to supplement the Office of Information Technology Services to maintain certain student related activities, has been removed from the operating budget.

(\$ 4.7 million). LSU's "self-generating" and "direct-appropriation" entities are allowed to retain the revenues they generate or that are appropriated to them in order to cover the cost of their operations. Examples of such entities are the Division of Continuing Education, LSU Online Degree Program, Laboratory School, and Veterinary Medicine. These types of entities projected self-generated revenues to increase by \$4.4 million and their direct appropriations increased by \$0.3 million in FY 2014-15. These increased revenues are committed to the operation of these units and are not available to the general operation of other units across the University.

(\$ 2.5 million). The increase in institutional obligations related to funding such activities as faculty promotions and awards, annualizing the FY 2013-14 faculty and staff merit increase program, operations and utilities in new academic buildings, increase in System Office internal auditor charge, and implementation of the SACSCOC Quality Enhancement Plan.

(\$ 7.7 million). Faculty and staff merit increase program averaging approximately 3% will cost \$7.7 million in FY 2014-15. LSU's civil service employees will receive merit raises based on State Civil Service guidelines, policies, procedures and time-lines which will result in their receiving approximately 75% of the raise in FY 2014-15. The annualized amount for classified civil service raise program will be funded in FY 2015-16 budget.

In summary terms, the University had to overcome a \$6.7 million deficit, despite an increased budget, in order to meet its obligations. This was resolved by funds made available from such activities as increases in

revenues, management of scholarship programs, business efficiencies, internal reallocations, and temporary one-time actions as described below:

REVENUE INCREASES/INTERNAL REALLOCATIONS (\$4.5 MILLION):

\$0.6 million. Increase in procurement credit card rebate and auxiliary administrative charges.

\$ 1.4 million. In FY 2014-15, LSU will again realize the fiscal benefit of significant actions taken in FY 2011-12 to cut the cost of the tuition and fee exemption programs. Numerous changes were made in scholarship programs. One example of a change was the elimination of the "Bengal Legacy" program which had provided a significant reduction in the nonresident fee assessed to sons and daughters of LSU alumni. Another cost saving strategy was to change many exemptions to a fixed value rather than using the actual cost of the rising tuition and fees.

\$ 2.0 million. The amount budgeted at the University level for fringe benefits was offset by increases in recovery of fringe benefit expenses from auxiliaries, sponsored programs, and other self-generated units.

\$ 0.5 million. Since the School of Veterinary Medicine operates as a Responsibility Centered Management (RCM) unit, the School will absorb a portion of the state appropriation funding cut and pay for their faculty and staff merit increase program.

TEMPORARY, ONE-TIME ACTIONS (\$2.2 million):

\$ 2.2 million. Approximately \$2.2 million of temporary institutional level "savings" will be generated from activities such as deferring employee hires.

LSU is able to balance the FY 2014-15 operating budget and provide for a merit increase program through the dedication and hard work of the faculty, staff, and campus administrators. The items used to balance the budget did not happen by chance. Student enrollment continues to climb despite increases in both resident and nonresident tuition and required fees. Numerous performance targets established in the GRAD Act have been met. These revenue enhancing activities are directly attributable to the dedication and efforts of the faculty, who continue to provide our students with a quality education. Additionally, the administration and staff work diligently every day to insure the best possible experience for our students while providing our faculty with the services they need to be successful.

If additional reductions in state funding occur, LSU will likely become a mediocre institution at best and suffer in terms of national ranking and reputation. However, we believe that LSU can have a bright future and continue to improve its performance and service to Louisiana if, at a minimum, the following issues can be addressed.

- (1) **Autonomy and flexibility.** LSU must have greater autonomy and flexibility over revenues, expenditures, policies, and procedures. The Granting Resources and Autonomy for Diplomas (GRAD) Act of the 2011 regular session of the legislature provided for the first positive steps in addressing this issue. Some progress has been made in the areas of investments, risk management, facilities control, and procurement, but all the opportunities imagined have not yet been implemented. For example, the proposal for LSU to receive full autonomy related to Risk Management is currently scheduled for the Joint Legislative Committee on the Budget for final approval next month. LSU is also submitting the new Pilot Procurement Code proposal to the State this fall.

Examples of a few areas we must continue to explore for additional autonomies and flexibilities are institutional control over tuition and fees, University retirement contributions, the ability to “carry forward” funds without external approvals to further facilitate the University’s long-term financial planning, and the ability for the University to manage its own construction projects from start to finish (including architect selection). With your leadership, assistance, and cooperation, LSU will continue to pursue additional flexibilities and autonomies which will allow us to not only survive but flourish in the new higher education financial environment.

- (2) Stable and predictable state appropriations. Six years ago (FY 2008-09), LSU’s operating budget totaled \$451 million of which 58% was state appropriations. Today (FY 2014-15), LSU’s operating budget totals \$475 million of which state appropriations comprise only 26.8%. A major reason for the change in state investment during this period is a national, long-lasting recession that had a significant and negative impact on the state’s budget, and consequently the amount of state funding available for higher education. During the same time, LSU has increased its performance under the GRAD Act entitling the University to tuition increases of 10% annually while also increasing enrollment (without a change in the student academic profile!). Through performance and aggressiveness in the student marketplace, LSU has been able to offset the decline in state funding during this period. LSU greatly appreciates the efforts of the Governor and Legislature to hold base state funding level for FY 2014-15, and to enable the University to retain its increased tuition revenues as well. Going forward, it is imperative that state funding provided to the University continues to stabilize (if not increase) while also growing its self-generated revenues.
- (3) Self-generated revenues must remain on the campus. The key to LSU’s short and long-term success is directly related to the number of faculty it employs, as well as its ability to recruit, retain, and reward faculty by providing annual merit salary increases. To provide the level of service for students and their families that is commensurate with other national flagship universities and to be nationally competitive on the research front, we estimate that LSU would need to add approximately 400 faculty members for the number of students currently enrolled. We estimate in FY 2008-09, the difference between the state general fund appropriation and the cost of institutional mandated costs for retirement contributions, employer’s share of health insurance, payment to the state for risk management, etc. was approximately \$170 million. In FY 2014-15, this difference is now less than \$10 million. If the trend of the past six years continues into the next fiscal year, LSU will be paying more for mandated costs than it will receive in state appropriations. This would mean the institution will essentially be operating on self-generated funds from sources such as student tuition and fees. As noted above, if LSU is to operate and flourish in this changing financial environment, it must be able to retain its tuition and other self-generated revenues in order to successfully meet institutional needs and priorities.
- (4) WISE funding allocation. The University is very appreciative of the WISE program creation and appropriation approved by the Governor and Legislature for FY 2014-15. The intent of this funding is to target the state’s current and future workforce needs through degree/certificate production and research productivity in high demand fields, as determined from workforce demand and gap analysis provided by the WISE Council. LSU plans to strategically allocate the WISE funds to investments in areas that serve as the foundation to build Louisiana’s current and future economy, such as Energy, Coast, Computation, Biotechnology, Medical, and other four or five star job fields as defined by the Louisiana Workforce Commission. The funding will be dedicated to the production of more degrees and research activity in these areas through the investment in new faculty members, scholarships,

research, equipment, technology, and minor renovations. The University has already begun this process by asking the colleges to collaboratively work together to submit proposals that will achieve the goals of the WISE program. LSU will be the leader in this initiative that will drive the state's knowledge economy in a positive direction and will collaborate with the private sector to achieve the match requirement of these funds. The global economy is in transition to a knowledge economy. In order for Louisiana make this transition successfully, the state must continue to make and sustain investments like the WISE program and use its state universities and community/technical colleges to drive the economy in the appropriate direction.

LSU will continue to ensure that quality instruction, research, and service are its' enduring contributions to the state and nation. Again, thank you for this opportunity to briefly discuss the University's FY 2014-15 operating budget and the challenges and opportunities we face. Should you have any questions or wish to discuss the budget in more detail, please contact me.

RE: LSU Paul M. Hebert Law Center
2014-2015 Operating Budget Narrative

The Law Center's 2014-2015 operating budget is built to continue support for the Law Center's primary mission of providing outstanding teaching, research, and public service programs. This support will be provided again with essentially a stand-still budget.

The Law Center was approved to increase tuition and fees by 10% via Grad Act provisions but implemented only 6% of that authority in order to minimize the impact on students and to attempt to preserve its status as one of the best values in American legal education. Taking into account a modest \$34,004 increase in direct state funding, an increase in tuition discounts used to recruit new students in a highly competitive legal education market, and a jump in the cost of mandated costs (such as retirement and related benefits), the Law Center will have fewer net financial resources to support its instructional programs in 2014-2015 than it did in the previous fiscal year.

Despite fiscal constraints, however, the Law Center has enjoyed some noteworthy successes. It is moving ahead with the development of the Energy Law Center. For the fourth consecutive year, the Law Center has ranked within the Top 10 Best Value Law Schools in the nation by the *National Jurist*. The Law Center continues its upward trajectory in the latest national rankings of law schools, moving up four spots to #72 in the 2015 U.S. News rankings. The #72 ranking is the highest in the history of the Law Center. In a time when law schools across the nation are experiencing a reduction in new student applicants, the Law Center increased its enrollment of the freshman class by approximately 15%.

2014-2015 WISE Funds Initiatives

A handwritten signature in blue ink, appearing to read "J M Weiss", is written over the "FROM:" field of the email header.

The Law Center seeks to obtain \$200,000 in funding from the Workforce and Innovation for a Stronger Economy (WISE) Program. As indicated below, the funds will be used to support preparation of our students to serve critical functions in the workforce and to play key technical roles in the development of the energy sector of the Louisiana economy.

The energy sector has long been a leading sector of the Louisiana economy. It will be even more critical in coming years. The Law Center's new John P. Laborde Energy Law Center was established to prepare the future lawyers and leaders of the energy sector, with an emphasis on interdisciplinary training for law students in such fields as engineering, science (for example, geology and physics), business (including economics) and coastal studies (including environmental science). Conversely, the Laborde Energy Law Center will offer students at LSU in non-law disciplines, such as those listed above, the valuable opportunity to obtain exposure to state of the art instruction in the legal subjects critical to the energy sector.

The general public often associates lawyers with lawsuits and court proceedings. In fact, skilled attorneys with specialized knowledge and experience are the indispensable architects of the transactions that drive our economy. This is particularly the case in the energy sector, which is witnessing transformative growth and change in Louisiana and requires innovative and expert legal guidance. The Law Center's dialog with alumni and industry leaders has repeatedly focused our attention on the demand for lawyers who not only understand the fundamentals of traditional oil and gas and other aspects of energy law, but who also are grounded in the science, engineering, and business of energy. A critical part of the mission of the Laborde Energy Law Center is to train precisely that cadre of lawyers to design and build the legal superstructure of Louisiana's energy future.

Among the specific uses of WISE funds we envision are the following:

- Funding for the development of interdisciplinary and “capstone” courses in Energy Law and non-law disciplines (science, engineering, business, and the like)
- Funding for the additional instruction these interdisciplinary courses will require
- Funding for student internships and externships in Energy Law and related disciplines
- Funding for “hands on” initiatives permitting law students to visit and see first- hand the varied energy facilities throughout the state, including our planned “Geaux Too” practicum
- Funding for colloquia, visiting speakers, and other practical support for our newly instituted Certificate Program in Energy Law
- Funding to support additional practical mini-courses related to Energy Law offered in the Law Center’s innovative Apprenticeship Week intersession program (e.g., Fundamentals of Offshore Leasing, which we offered in January 2014)
- Funding for technology and facilities improvements necessary to support the Laborde Energy Law Center and the various programs described above

RE: LSU Paul M. Hebert Law Center
2014-2015 Budget Priorities

The main priority of the Law Center's 2014-2015 operating budget is to continue support for the Law Center's primary mission of providing outstanding teaching, research, and public service programs. This support will be provided again with essentially a stand-still budget. The Law Center has identified some programmatic initiatives that it would like to pursue, but it currently lacks the resources to pursue them.

The Energy Initiative identified below would enhance the profile of the Law Center and positively impact economic development in Louisiana. Other initiatives for civil law, student services, and an expansion of clinical offerings would strengthen the Law Center's educational offerings and improve the Law Center's ability to compete with its regional and national peers, and help the Law Center in its efforts to attract nationally-recognized faculty, and to recruit highly-credentialed students.

Energy Initiative:

Create two faculty positions that would provide immediate academic resource strength to the Law Center's new Energy Law Center and expand upon the traditional work of the Mineral Law Institute, a component of the Law Center for many years. The Energy Law Center will permit the Law Center to synergize with existing strengths of the LSU A&M campus in petroleum geology, petroleum engineering, coastal studies, and related fields to focus on energy finance, energy regulation, energy taxation, the emerging law of alternative energy and energy conservation, and other multi-faceted aspects of modern law practice relating to energy. The initiative would include one senior faculty position, one junior faculty position, an Energy Law Symposium, additional course coverage through adjunct professors, and an administrative assistant.

Civil Law Initiative:

The Law Center has a pressing need to add an additional faculty member to provide instruction to students in Civil Law topics, including those related to the laws of Louisiana. Funding would support a new faculty member and an administrative assistant.

Appellate Advocacy:

Provide support for moot arguments of pending appellate cases. Funding will support a coordinator, an administrative assistant, space and furnishings.

Student Services:

Create Dean of Students and Academic Success Coordinator positions to coordinate student activities and organizations, including pro bono activities required for purposes of American Bar Association accreditation; provide student academic counseling and programs for students with lower predictors of academic success.

Clinical Expansion:

A Clinical Director was hired in 2008-09, and expansion is needed to better fulfill our commitment to the ABA Standards for Approved Law Schools by providing live-client or other real-life practice experiences. An additional faculty position would permit the Law Center to offer clinical opportunities to additional students and to fulfill our commitment to provide additional community service through the legal representation of underrepresented populations in Louisiana, as exemplified by our current domestic violence clinic, juvenile justice clinic, homeless advocacy clinic, and immigration clinic.

RE: LSU Paul M. Hebert Law Center
Merit-Based Pay Plan

The Law Center plans to offer a second consecutive year of merit salary increases for our faculty and staff.

The Law Center intends to implement this merit increase using the same framework as we did last year. A fund will be set aside for awarding merit pay increases, and it will be determined which employees will be entitled to merit pay increases. This group will be full-time employees who have been with us for at least one year and who are determined to be deserving of merit pay increases based on their performance and their contributions to the Law Center. The amounts to which the eligible employees will be entitled will be determined, and we will inform those employees of what the increases will be.

The actual effective dates for our merit pay increases have yet to be determined, but a September effective date both for those who are employed on a fiscal year basis and for those who are employed on an academic year basis is anticipated.

Classified employees who may be entitled to receive performance adjustments will be subject to the special rules that apply to them. If these adjustments are approved by the Civil Service Commission, it is anticipated that the effective date for performance adjustments for classified employees will be a date in October.

LSU Pennington Biomedical Research Center

“Operating Budget” for Fiscal Year 2014-2015

August 19, 2013

Dr. F. King Alexander, President
Louisiana State University System
LSU System Building
Baton Rouge, LA 70803

Executive Director's Narrative: 2013-2014 Operating Budget

Dear President Alexander:

The 2013-2014 state operating budget for Pennington Biomedical is based on the FY 14 state appropriation, and at \$14.2 million reflects an increase of \$992 K from the FY 13 operating budget after the mid-year budget cut.

The majority of the state appropriated funds are used for research and the closely related function of academic support for research. Pennington Biomedical researchers will continue their preeminently successful quest for regular federal grant awards and grants and contracts from the private sector. Though the tightening of the federal budget in recent years, and now also sequestration, has impacted our revenue budget, Pennington Biomedical researchers continue to strive to make up the difference in private grant and contract funding.

Our spending on the academic support function is focused on core support units to our research efforts such as Clinical Chemistry, Cell Biology, Imaging, Comparative Biology, Mass Spectrometry, Proteomics, Genomics, and the Clinic Inpatient and Outpatient Units.

We continually strive to maintain a tight and efficient administrative infrastructure despite increasing mandated costs. In addition to using state appropriations to provide a level of base support to existing research programs and core support units, Pennington Biomedical executive management has used a part of its state appropriation throughout the Center's 25-year history as seed funding for new research programs. Since FY 09, budget cuts have limited our ability to seed new programs or recruit new scientists to the Center, or even to expand existing successful or promising programs. PBRC management will continue to look for opportunities to expand research programs and fund new scientists and directors through other means.

Pennington Biomedical's sole auxiliary unit, PBRC Stores, continues to support our objective of providing competitive prices to our researchers for equipment and supplies while maintaining the viability of the auxiliary enterprise through complete self-support, though the implementation of the LSU Geaux Shop may impact our stores operations.

I remain available to provide you with further information should you so wish.

Sincerely,

William T. Cefalu, M.D.
Executive Director

LSU Agricultural Center

Subject: FY 2014-15 Operating Budget Narrative

For FY 2014-15, the LSU AgCenter is grateful to be working with a budget that maintains a stable funding base. Additionally, we would like to express our appreciation for your support, as well as, the Board's support for allowing the AgCenter to implement another merit increase plan for our faculty and staff. This was very well received by faculty and staff and certainly helps with our recruitment and retention challenges.

Because the AgCenter is a nonstudent campus, increases in tuition and student fees are not available as a revenue source. Passage of the GRAD Act provided no relief for the AgCenter. Self-generated revenue is used to the extent possible, but a declining number of programs and employees create a negative effect. Competition for external sources of funding is acute, and granting agencies increasingly require matching funds or pledges of personnel effort at a time when these AgCenter resources are declining.

During the past legislative session, \$40 million was appropriated to higher education to fund the Workforce and Innovation for a Stronger Economy (WISE) program. While the final allocation to the AgCenter is still unknown at this point in time, the AgCenter considers the following initiatives to be critical needs that would be appropriately funded through the WISE Program:

- Expansion of the AgCenter's current 4H career readiness and workforce preparation skills. This program reaches thousands of Louisiana's youth and teaches them critical foundational skills that prepare them to join the workforce and/or pursue higher education.
- Research and outreach concerning food safety from farm to table (planting, growing, harvesting, processing, marketing and consumption); food innovation to promote Louisiana food products and entrepreneurialism, and nutrition research including development of functional foods.
- Research on the development and use of advanced technologies (e.g., UAV, GIS, etc.) to serve as monitoring tools for production of crops and monitoring of diseases and pests in Louisiana's diverse agricultural industry
- Research and outreach concerning development and protection of aquaculture industries (fish and shellfish) including technologies that improve breeding, water quality, and overall production

These initiatives improve Louisiana's workforce and provide technology and education to strengthen various sectors of the overall agricultural industry.

In addition to the WISE initiatives, the AgCenter's major budget priorities for FY 2014-2015 include the following:

- A general salary increase plan
- General faculty operating support (better information technology equipment, laboratory enhancements, travel funds, general supplies, etc.)
- Filling key faculty positions to alleviate gaps in coverage by field agents (Agriculture & Natural Resources [ANR], 4H, and Family & Consumer Sciences [FCS])
- Increased support for critical initiatives such as water issues and food safety

While there are many positives in the FY14-15 budget picture, the lack of *new* funding and increases in mandated costs continue to be challenging. High priority programs are generally understaffed with significant gaps in coverage. For example, the AgCenter's FTE's have been reduced from 1121 in 2008 to the current figure of 766 (this represents a 31% reduction). Transfers have been used to balance staffing where possible, but opportunities are limited because of the technical nature of most positions and the AgCenter's statewide locations. New staffing models are being developed and there is greater reliance on non-recurring revenue. Additionally, we are attempting to reduce the scope of programs. In making specific program decisions, key factors include but are not limited to the program's relevance to the AgCenter mission, impact on the state, economic development potential, industry and clientele support, and extramural funding opportunities. The AgCenter continues to engage in extensive consultation with all constituencies to help work through the budget challenges.

Engaging in collaborative programs is often highlighted as a very positive aspect of the AgCenter. The broad nature of the AgCenter's research and outreach combined with its statewide locations facilitate collaboration. The most recent initiative is the Healthy Communities partnership with Pennington Biomedical Center and the Southern University AgCenter. This initiative addresses growing concern over poor health and the need to curb obesity, diabetes and high blood pressure in Louisiana's citizens. The initiative is rooted in West Carroll Parish and addresses nutrition and physical activity as a community-wide effort. Other similar collaborative efforts are ongoing with Pennington, LSU Health Sciences, Tulane, ULL, UNO, ULM and SU. The AgCenter has a partnership with Nicholls on aquaculture and a partnership with La Tech in animal science. The AgCenter's Cooperative Extension Service and the Southern University Agricultural Center operate joint extension programs in many areas of the state and their parish faculty are jointly housed in local parish offices. The AgCenter's 4-H program partners with parish school boards in every parish of the state. AgCenter faculty hold joint appointments with many colleges on the A&M campus. Perhaps the most collaborative endeavor is the overall sharing of faculty with the LSU and A&M College of Agriculture. Most COA courses are taught by faculty holding joint appointments with the AgCenter. Building on this model, discussions are in progress between LSU-E, LSU-A and the AgCenter to share faculty and teaching resources. Last, initiatives are in process to foster closer administrative ties and an even closer working relationship between the AgCenter and the LSU and A&M College of Agriculture.

A major change that began in FY 2012-13 involved the AgCenter's overall administrative structure. Following turnover in key upper level positions, the administrative structure was studied and the decision made to move away from a structure focused on the functions of extension and research to one based on programmatic area. The decision followed extensive discussions with faculty and staff, unit heads, administrative leaders, and clientele. We are in the process of implementing the new structure and are receiving very positive feedback. The new structure will provide greater coordination between and within programs. Efforts to streamline administration will continue in the coming year.

The AgCenter continues to work with a developing business plan to refine the scope of activities with an eye toward the inevitable budget situation facing the LSU AgCenter. Cost savings, productivity and importance to the core mission of the LSU AgCenter are the three criteria that are to be addressed. We intend to make every effort to maintain our most critical programs, to remain true to our core mission of improving the lives of Louisiana citizens and to provide the most we can for every dollar invested in the LSU AgCenter.

“Operating Budget” for Fiscal Year 2014-2015

August 15, 2014

Subject: Fiscal Year 2014-2015 Budget Narrative

Dear Dr. Alexander:

For most all aspects of my limited time back on the LSUS campus, it has been a wonderful experience. However, there are two significant areas of responsibility that already are proving to be most challenging as we face the new fiscal year: the LSUS budget and enrollment – specifically undergraduate enrollment.

Fiscal Year 2013-14

Unfortunately, we ended the year with a \$1.55M deficit. Why such a deficit? Essentially, it is the perfect storm of multiple years of declining enrollment, declining state appropriations, increased costs of operations via mandated expenses from other state agencies, increasing admission standards for our students and increasing costs in tuition to students.

Our major concern is the continuing decline in undergraduate enrollment and the retention of those degree-seeking students that impacts this campus financially the most in regards to tuition and fee revenues. This financial problem is not limited to our general fund budget, but to the entire campus. Fewer on-campus students translate to less revenue for other areas of our campus that depend upon revenues from student fees or student purchases. These areas are our Student Activities, University Center, Intercollegiate Athletics, Bookstore, and Food Service.

In regards to overall enrollment and especially undergraduate enrollment, our announced total student enrollment of 4,114 this past fall appropriately included some 775 high school dual-enrollment students who sought LSUS AP course credit. However, it needs to be noted that LSUS receives no state appropriation and receives nominal tuition dollars with these students (they do not pay student activities, university center, intercollegiate athletic fees, nor do they use the bookstore or food service). In contrast, when I left LSUS in 1994 there were relatively very few dual-enrollment students out of the 4,500 enrolled (on-campus) students.

LSUS has finished the fiscal year with a deficit for the second straight year. The result is that university reserves, always minimal at best, have basically been tapped out. Because of the deficit, we had to pull almost every available dollar we possessed in permitted restricted and auxiliary fund balances to cover the \$1.55M deficit. Excluded from this sweep of dollars are specific state or federal grants or donor restricted (designated) gifts. However, included are reserve funds for such things as the University Center and indirect research grant accounts.

There will be a relatively small amount of the total swept funds not needed to fix the FY2013-14 deficit. These funds will be retained in an emergency/strategic fund for future use.

Fiscal Year 2014-15

The fiscal problems confronting LSUS continue with the current FY2014-15 budget that began 7/1/14. We begin the year with nearly \$700,000 less in state appropriations than a year ago (because of one-time state funds), with higher fixed (mandated costs) and/or pass through costs. As Chancellor-Designate, in anticipation of these additional costs, in consultation with Interim Chancellor Paul Sisson and the vice chancellors, I instructed a permanent cut of vacant faculty/staff position lines for the start of this fiscal year. The cuts resulted in a savings of nearly \$585,000 plus benefits (approximately 40%).

Unfortunately, the savings from the permanent cut in position lines still leaves LSUS beginning this year with nearly a \$2M operating deficit. To help strategically address the remaining problem for this fiscal year, as Chancellor-Designate I sought on behalf of LSUS a letter of credit (essentially a loan) of \$1.5M for the current fiscal year from the LSU System. With your support, we were granted this request. We will need to draw upon the letter of credit during this fiscal year to cover cash payment needs, including payroll. As it is a loan, we will be required to repay the loan (plus interest) in five years beginning in FY 2015-16.

Our Current Situation

We need for our fiscal year budgets to be balanced. The letter of credit does not solve the underlying problem of insufficient total state appropriation, enrollment and tuition dollars. Cutting our way to a balanced budget is not a viable option (LSUS has suffered over a 65% decline in state appropriations over the past seven years (state appropriations have declined from 59% to less than 28% of budget)). The key to a balanced budget lies primarily with the growth of the right mix of enrollment at both the undergraduate and graduate levels.

There are some recent positive developments concerning enrollment to be noted, including the debut of our new Ed.D. in Leadership Studies, the significant increase of enrollment in our MBA and MEd programs offered through Academic Partnerships, and our 2+2 programs with LSU A & M. However, our projected fall, 2014 enrollment is more part-time graduate students (mostly via Academic Partnership), and fewer on-campus undergraduate students than fall, 2013.

This academic year is our year of review for SACSCOC institutional accreditation (that will occur on campus starting on April 28). Our financial stability will be a matter of SACSCOC evaluation.

Budget Strategies for 2014-15

We recognize that our destiny primarily lies with us. We are committed to a highly pro-active set of major budget strategies for FY2014-15:

1. We are making key budget information more open and widely available to our stakeholders, including faculty and staff. The goal is to increase the level of understanding of our very critical budget situation and make clear the need for us to expeditiously re-grow our enrollment back to at least 4,200 students (not counting dual-enrollment students) to achieve a level of budget stability.
2. We are looking at everything we do and how we do it at LSUS in search of more innovative and/or efficient means of fulfilling our mission and sustaining overall high-quality of our

academic programs. A new strategic planning committee linked to budget will begin work when the fall semester begins. Everything will be on table for discussion.

3. We are more actively engaging student leaders to help us tell our story, increase our focus on the student experience, better retain students and identify more strategies for student success. Engaged students are a magnet to attract and retain other students.
4. We are continuing to make permanent reductions in faculty and staff positions through attrition (as previously stated, we have already instituted reductions effective this fiscal year that have resulted in a savings of nearly \$585,000 plus benefits (approximately 40%). Every full-time faculty and staff position that comes open is being reviewed at the Chancellor's level to determine the level of critical need to replace and/or alternative means of covering the position work. This is a challenge. We have over 25% fewer faculty staff now than in 2008-09. To further illustrate, the School of Business has 13 fewer faculty and 7 fewer staff persons than when I left LSUS twenty years ago (and the number of faculty would be even fewer had more retirements and/or departures occurred).
5. We are significantly increasing our strategies and efforts to better retain students, including personal telephone calls, text messages and letters personally signed by the Chancellor.
6. We are expediting our ongoing work with SUSLA and BPCCC to put in place full articulation agreements for every LSUS program/major.
7. We are already working to leverage our allocation of WISE funds in an innovative manner so as to more strategically grow enrollment and effectively serve the business needs of this region.
8. We are working with Academic Partnerships to identify new academic programs, including possibly new health care-focused program(s).
9. We are putting in place very comprehensive, "boots on the ground" additional initiatives at both SUSLA and BPCCC for the fall semester with a stretch goal of securing a net 500 additional transfer students for spring, 2015 versus spring, 2014.
10. We are continuing to seek financial support from the LSUS Foundation and other strategic stakeholders to secure additional external funds to permit bridge funding while we "right size" our enrollment and budget.

We will closely monitor the ten strategies, especially concerning our targeted significant growth of enrollment from BPCCC and SUSLA (Strategy 9). We recognize that the failure to achieve significant growth of enrollment may trigger the need to consider more drastic university actions, including the possible declaration of financial exigency (that could in turn possibly impact our SACSCOC review). Our faculty and staff are committed to doing those extra things necessary to avoid such a detrimental action for LSUS and our students.

Wise Funds

As previously stated, we are already working to leverage our allocation of WISE funds in an innovative manner so as to more strategically grow enrollment and effectively serve the business needs of this region. We are exploring both educational and business partnership opportunities as a means of achieving the greatest impact possible from our WISE funds. While our due diligence analysis and conversations are still on-going, we expect to focus on the following areas of great importance to Northwest Louisiana and the State of Louisiana:

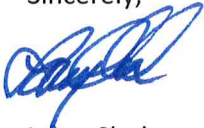

1. Health care. We are actively reaching out to LSU Health Shreveport and regional health care providers to identify program and/or course development needs related to health care.
2. Cyber Defense. We are reaching out to the Cyber Innovation Center (CIC) to identify academic program needs of the CIC and associated companies locating in the 3,000-acre National Cyber Research Park, such as CSC, Inc. CSC expects to employ some 800 technology persons by 2017.

3. Logistics/business support. The Port of Caddo-Bossier is undergoing a major expansion through associated new companies, such as Benteler Steel/Tube's first North American manufacturing facility.
4. Film/entertainment media. Shreveport has emerged as a major film/movie and entertainment media hub, as illustrated by Moonbot Studios that create extraordinary entertainment to an array of media platforms, including books, films, apps and games.
5. Military support. Barksdale Air Force Base and Fort Polk have significant educational and training support requirements and/or needs.

Final Thoughts

Transitions are indeed exciting times, but often challenging times. As I have spent the last two months becoming more and more familiar with the LSUS community, I remain amazed by the impressive work that is going on all around campus, and the positive attitude that the campus has – even with all the financial problems that have been haunting us for the last several years. With the help of our Faculty and Staff, we will turn LSU Shreveport around! We will prove it this year! We have to, for the consequences of not doing so are not inviting!

Sincerely,

Larry Clark
Chancellor

Louisiana State University Alexandria

“Operating Budget” for Fiscal Year 2014-2015

Chancellor's Narrative

Louisiana State University at Alexandria

2014-15 Unrestricted Operation Budget

Total funding, including state appropriations and self-generated dollars, for the 2014/15 fiscal year is \$16,782,303. In actual dollars, this is a 3.2% increase (+\$489,403) over the 2014 fiscal year. In reality, the university will ultimately perceive a funding reduction that results from introducing an estimated \$1M of salaries and expenditures back in to the operating budget. These costs have previously been budgeted in restricted and auxiliary accounts; however, due to the recent drain on those particular funds, those accounts can no longer sustain the same levels of support. In order to “make room” for these newly introduced expenditures, the university has gone through an exercise in budget reductions and position control on many open positions. The 2014/15 proposed budget is based on a flat-enrollment from the 2013/14 year. This budget, when properly managed, will allow the institution to operate sufficiently assuming that there are no major unbudgeted expenditures or challenges that arise during the year.

As mentioned above, this budget is based on a steady enrollment. Current indications show that fall enrollment will be up over last fall. If this trend carries forward through the spring semester, this increase in revenue from self-generated dollars will mitigate a portion of the cost reductions as well as allowing the university the opportunity to once again offer a one-time merit increase to faculty, unclassified, and classified staff. Even though LSU System has approved a 3% merit increase, LSUA is fiscally unable to commit to this expense at this time. While this increase cannot be budgeted, the university understands the importance of these increases and will make decisions in that regard once solid enrollment and self-generated revenue information is available.

A breakdown of the top areas within the 2014/15 budget are as follows:

Top Allocations	
Payroll (including Stu Work)	78.91%
Scholarships/Fee Exemption	4.10%
Insurance/WrkCmp/Unemp	3.96%
Utilities	2.90%
Summer Payroll	1.79%
Maintenance Contracts	1.74%
TOTAL	93.40%

Priorities for the 2014/15 Fiscal Year

The top priority going in to the new fiscal year is the continued emphasis on recruiting and enrollment. As the university becomes more dependent upon self-generated revenue, more funding has to be directed to resources that will result in new students and more students retained. Total funding allocated to Enrollment Management, Recruiting, and University Scholarships is \$1,371,762 or 8.1% of the operating budget. This includes salaries, operating expenses, travel, supplies and scholarship dollars. In addition, the LSUA Foundation has pledged \$175,000 in support of enrollment and recruiting.

Along with increasing enrollment, the university must build back up auxiliary account balances that were drained over the course of the last 3 years (primarily last fiscal year). While it was a necessity at the time in order to maintain operations, with the funding increase this year, and with the potential enrollment increase, it's now time to ensure that the university has dollars in reserve. This must continue to be a high priority.

As mentioned above, the university understands the importance of employee salary increases. The hope is to, at a minimum, provide a one-time stipend/increase in the spring semester. However, this will be solely dependent upon an increase in enrollment and self-generated revenues. Ultimately, the university must raise enrollment and sustain that increase in order to maintain the same level of services offered and to keep a well-qualified faculty and staff.

Finally, the institution must redirect appropriate funding back to its intended purpose. For example, the Student Technology Fee has been used in previous years for all IT operations. Beginning with this 2014/15 budget, these resources will be moved back to technology in the classrooms and academic setting. The university cannot continue to rely on these types of restricted funds for operating purposes.

From a monetary perspective, this will be a challenging year for the university; but also a time to re-group, re-build, and re-structure financial resources and procedures that will result in a more organized and efficient operation. All financial decisions made must be done in accordance with "keeping the student first". Resources must be allocated to those areas that recruit, retain and educate students.

“Operating Budget” for Fiscal Year 2014-2015

LSU EUNICE
FY 2014-15
BUDGET NARRATIVE

The Governor has promised that budget Year 2014-15 will represent the first year that the state has not assigned any budgetary cuts to higher education since FY 2007-08. In FY 2013-14, the successful strategies and remediation efforts, which the campus had taken in FY 2012-13, resulted in LSUE's successful passage of the GRAD Act, with the resulting restoration of the campus' (10%) tuition authority. Therefore, for FY 2013-14, the total projected budget was \$12,793,598, which included a one-time allocation of \$338,025. Salaries, wages and benefits represented 84.04% of that sum. For this current budget year 2014-15, the projected total budget for the campus is \$12,806,716—\$13,118 more than FY 2013-14 budget amount—including the removal of the FY 2013-14 one-time allocation of \$338,025. Therefore, the FY 2014-15 total budget represents a modest increase of 0.103% from that of FY 2013-14.

For FY 2014-15, \$10,512,159 or 82.08% of the budget will be dedicated to faculty and staff salaries, wages and benefits, with 66.1% or \$6,948,537 of this salary component representing the academic portion of this personnel category. (NB. In budget year 2013-14, the academic share of the salary category was 66.4%—one of the higher budgetary percentile's assigned to academics among public, higher education) institutions in Louisiana. However, for FY 2014-15, with 82.08% of the budget dedicated to salaries, only \$2,294,557 or 17.92% of the remaining budget is available for the "operations" component of the campus' budget, i.e., utilities, supplies, insurance, printing, copying, professional services, travel, library books and periodicals. (NB. Library funds for FY 2014-15 represent only \$48,000 or 0.38% of the campus' total amount of funds).

Operating a 200 acre campus, with nearly 2800 to 3000 students, and 214 faculty and staff demands more than \$2.29 M in order to maintain, physically, and to support, intellectually, an attractive quality, academic campus, like LSUE—a campus, which, just this year, achieved a perfect outcome—(i.e., no negative findings)—on its SACS-COC Accreditation Reaffirmation scores—undoubtedly one of the best outcomes, to date, in the state. It is hoped, therefore, that in AY 2013-14, the campus' enrollment will meet its projections for the year in order to provide all of the self-generated revenue which the FIS budget was built-upon; and, that the state will not suffer a seventh consecutive year of an unbalanced budget and, consequently, find itself having to cut higher education, once again, for its coverage of the deficit. Moreover, it is also hoped that Louisiana will try to add-back, like other responsible states, its financial support of its public colleges and universities; and, in the process enable campuses to reduce the tuition burden it has placed upon its citizens. In this latter regard, now given the privatized status of the former Charity Hospital System, any budget deficit would fall, nearly exclusively, upon the state's public colleges and universities; and, as an end-result, would do even greater fiscal damage to Louisiana's public colleges and universities than such cuts have done in the past!

“Operating Budget” for Fiscal Year 2014-2015

**CHANCELLOR'S NARRATIVE
LSU HEALTH SCIENCES CENTER IN NEW ORLEANS
2014-15 OPERATING BUDGET**

The Fiscal Year 2014-15 appropriation for the LSU Health Sciences Center in New Orleans Campus is \$171,995,609. In absolute dollars, it is an increase of \$1.8 million from our operating budget in Fiscal Year 2013-2014. We have set the following priorities for increases in spending:

- Restoring core mission functions that we have been funding from other sources and reserves.
- Increased employer contributions to retirement and health insurance.
- Increased risk management premiums.

Our campus continues our emphasis on creating and enhancing alternative sources of funding:

- LSUHSC-NO continues to seek new and/or expanded relationships with private and not-for-profit health care entities. We anticipate about \$17 million in new clinical revenue from contracts this fiscal year.
- LSUHSC-NO expects to leverage investments we are making in cardiovascular and genomic research to bring in additional sponsored research dollars.
- We have expanded enrollment in Allied Health, Nursing and Public Health and hope through a capital outlay appropriation and WISE funds to expand enrollment in our D.D.S. program.

We are cautiously optimistic that there will not be a mid-year reduction of state general funds and it will be possible to revisit the issue of merit increases for faculty and staff.

BOR-3A	Under Federal Funds, Other Federal includes the Social Security Admin. National Science Foundation, Dept. of Commerce and Dept. of Justice.
BOR-5	The total number of budgeted awards for FY 14-15 is less than the amount budgeted for FY 13-14. The estimate of awards for Hardship Waivers was overstated in the FY 13-14 budget and the number of awards for tuition exemptions under PM-12 has declined considerably due to the privatization of the LSU Hospitals. We had a number of HCSD employees pursuing Nursing degrees.

BOR-13	<p>Revenue amounts reflect the original FY 14-15 Operating Budget. The FY 14-15 Operating Budget includes a ten percent tuition increase effective 07/01/14 for all academic programs except Medicine and Dentistry (D.D.S.); a fifteen percent increase effective 07/01/14 for Medicine and D.D.S. students and a 15% increase in total non-resident fees for most academic programs effective 7/1/2014.</p>
BOR-13A	<p>State General Funds, Fees and Self-Generated Funds, and Statutory Dedications are pooled for expenditure purposes as unrestricted funds. The allocations which we have provided for the various student fees reflects a prorating of expenditures between these fees based on the FY 14-15 original Operating Budget for the NACUBO functions of Instruction, Research, Public Service, Academic Support, and Student Services excluding the pass through of funds to LA Cancer Consortium. In practice, budget and expenditure control is exercised over unrestricted funds as a whole and not by means of financing or specific fee amounts.</p>

Louisiana State University Health Sciences Center Shreveport

**“Operating Budget”
for Fiscal Year 2014-2015**

**CHANCELLOR'S NARRATIVE
LSU HEALTH SCIENCES CENTER AT SHREVEPORT
FISCAL YEAR 2014-2015
August 15, 2014**

According to the General Appropriation Bill, House Bill 1 (Act 15 of 2014), the Fiscal Year 2014-2015 Operating Budget for LSU Health Sciences Center at Shreveport is \$135,829,411.

Appropriated Line Items/Significant New Funding Items

In FY 2014-2015, LSU Health Sciences Center at Shreveport (HSC-S) Academic Center received additional spending authority of \$1,286,810 in Tuition and Fees and \$1,641,733 in State General Funds Direct.

Workforce and Innovation for a Stronger Economy (WISE) Program:

The "Workforce & Innovation for a Stronger Economy" (WISE) Plan was established to fund degree and research priorities in high demand fields through programs offered at public higher education institution.

LSU HSC- Shreveport Campus proposes to increase medical school class size from 125 to 150 students. Renovations to the LSU Health Foundation Church will provide lecture space for the enrollment increase.

- The WISE capital funds will be used for facility improvements that increase degree production.
- Renovation of the LSU Health Foundation Church would meet the ACGME requirements for lecture space to increase the class size from 125 students to 150 students.
- LSU HSC-Shreveport's anticipated allocation of WISE funds is \$1.4 million, roughly the estimate for sanctuary renovations.
- The LSU Health Shreveport Foundation voted August 6th to provide the 20% private match to access WISE funding for LSU HSC-S to expand the medical school class size and meet increasing health care professional demands.

FY 2014-2015 Priorities:

LSU Health Sciences Center at Shreveport provides statewide education, research, and professional patient care services. The LSUHSC-Shreveport encompasses three professional schools: School of Medicine, School of Graduate Studies, and School of Allied Health Professions.

The critical need for recruitment and retention of the faculty and annual stable funding are fundamental to the teaching and service mission of an academic health sciences center. Recently, the institution underwent the Liaison Committee on Medical Education (LCME) review. LSUHSC-S School of Medicine was granted a full eight-year re-accreditation. LSUHSC-S School of Medicine also increased the class size by 7 -- now 125 students. As noted above, the future goal is to increase to 150 students.

FY 2014-2015 is the first full fiscal year since the public/private hospital partnership agreement was implemented October 1, 2013. This year's appropriation represents only the academic health sciences center funding which includes prior year base level state general funds, the incremental tuition and fee increase, and self-generated funding from hospital based service contracts. The campus priorities include retaining faculty, maintaining state general funds, and stabilizing the earning power with our new partner to meet the core institutional mission for academics and professional patient care.

RE: LSU System FY 2014-2015 Operating Budget

The LSU Board of Supervisors and System Office Operating Budget for FY 2014-15 includes \$3,495,054 in General Fund for a total Operating Budget of \$3,495,054. This is the same amount as last year's final Operating Budget and the year before which included the mid-year cut of \$92,541.

It should be noted that the System Office's appropriation does include the Audubon Center for Research of Endangered Species (ACRES) pass-through (\$555,694), Legislative Auditor fees (\$733,979), and the Office of Risk Management premiums (\$235,026). These mandated fees are shown as Interagency Transfers on this report.

The System Office has continued to run an efficient operation despite the increased workloads and minimal staff. As a comparison, the System Office consisted of 77 employees in FY 2008-09 which has been reduced to 40 (inclusive of 11 campus internal auditors).

RE: Overview of HCSD's FY15 budget

For FY15, the LSU Health Care Services Division is appropriated a budget of \$131,024,302. Major changes in the budget are as follows:

- Bogalusa Medical Center and Walter O. Moss Medical Center are not funded in HCSD's FY15 budget. In FY15, these hospitals are being managed by private entities as a result of public/private partnership agreements.
- Lallie Kemp was provided with twelve months of funding in the FY15 budget.
- Removal of \$20M in statutory dedications that was previously appropriated to HCSD to cover one-time costs associated with termination pay for employees that separated from state service as a result of transition to the public/private partnerships.
- HCSD's central office operations were moved on budget and therefore has a budget appropriation.

Additionally, for FY15, HCSD plans to provide a 3% across the board merit increase for eligible employees and has the following budgeting priorities:

- During 2013 and 2014, the HCSD transitioned six of its seven hospitals to public-private partnerships. The partnerships are designed to support the HCSD mission by providing new resources for patient care and teaching. It is HCSD's priority to provide supportive services to our partners to ensure that the mission is upheld. These services include IT systems and support, patient billing and accountable care services.
- As a result of the public-private partnership, several legacy costs remain with HCSD. Retiree's group insurance and risk management make up the majority of these costs for FY14. Other legacy costs include, but are not limited to, record storage, interagency fees and building maintenance and security.

WWW.LSUHOSPITALS.ORG

- Accountable Care Services (ACS), which includes data warehousing, is a priority for HCSD. In conjunction with multiple agencies the LSU HCSD public-private partnerships are coordinating, collaborating, studying and improving patient care. The use of 'big data' and analytics is allowing statewide quality metric development and advancement. ACS provides a learning collaborative to facilitate continual improvement.
- It is a priority of HCSD to maintain existing programs, at current levels, and continued access to quality care at Lallie Kemp Regional Medical Center.

Request delegation of Board authority to the President for matters dealing with Workforce and Innovation for a Stronger Economy Program and Fund

To: Members of the Board of Supervisors

Date: September 12, 2014

Pursuant to paragraph D. of Article VII, Section 8 of the Board Bylaws, the following is provided:

1. Significant Board Matter

This matter is a "significant board matter" pursuant to the following provisions of Article VII, section 8 of the Bylaws:

- D.1 Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

Act 803 of the 2014 Regular Session of the Louisiana Legislature, entitled Workforce and Innovation for a Stronger Economy (WISE) was passed to provide an incentive for postsecondary educational institutions to increase the production of certificates, diplomas, and degrees in fields of high demand by Louisiana employers, and to spur additional research and innovation as a meaningful way of supporting economic development.

The statute also provides for the WISE Council, which is an independent body under the administrative structure of the Board of Regents. The membership of the WISE Council is fixed by law to include the system president of each postsecondary system, the commissioner of higher education, the executive director of the Louisiana Workforce Commission, the chairperson of the Louisiana Workforce Investment Council, and the secretary of Louisiana Economic Development. The WISE Council is tasked with developing a method for the distribution of monies in the WISE fund in alignment with the statewide workforce demand and gap analysis and research priorities, reviewing and approving the statewide workforce demand and gap analysis and research priorities, and reviewing and approving the implementation plans submitted by the individual institutions.

The Board of Regents and the management boards also have certain responsibilities under the WISE Act. The Board of Regents is specifically tasked with reviewing and approving the statewide workforce demand and gap analysis and research priorities, annual reporting on behalf of postsecondary education and acting as the fiscal agent for postsecondary education as well as providing administrative support to the WISE council. In addition to the responsibility for the institutional allocation, institutional implementation plans, and annual reporting to the Board of Regents, the management boards are specifically tasked with certification of a private match of no less than twenty percent of the amount of funding to be distributed to an institution.

The WISE council and staff have met throughout the summer in an effort to provide a distribution methodology and a statewide workforce demand and gap analysis for consideration at the Board of Regents meeting on September 24th.

If the distribution methodology and a statewide workforce demand and gap analysis are approved at the September 24th Board of Regents meeting, it is expected that the management boards will be given their system allocations and be expected to confect institutional allocations and to provide guidance to its institutions regarding implementation plans and match certifications.

In an effort to streamline the process and to provide as much support and flexibility to the institutions as possible as they begin to craft and implement their plans under this program, it is being requested that the Board of Supervisors authorize the President, with notification to the Board to act on their behalf on all matters dealing with Act 803 of the 2014 Legislative Session.

The Board of Supervisors

D.1 Any matter having a significant fiscal (primary or secondary) or long-term educational or policy impact on the LSU System or any of its campuses or divisions.

1. Summary of Matter

At its June 20, 2014 meeting, the Board adopted a resolution (the “Preliminary Resolution”) granting preliminary approval to the issuance of its Auxiliary Revenue Refunding Bonds in one or more series (the “Series 2014 Bonds”) in an aggregate principal amount not to exceed \$92,000,000, at a fixed rate of interest not to exceed five percent (5%) per annum and for a term not to exceed 30 years for the purposes of (i) advance refunding all or a portion of the Board’s Auxiliary Revenue Bonds, Series 2006 (the “Prior Bonds”), (ii) funding a reserve fund or paying the premium for a reserve fund insurance policy or surety bond, if necessary, and (iii) paying the costs of issuance of the Series 2014 Bonds, including, but not limited to, the preparation of the hereinafter described Bond Resolution and the preparation and distribution of preliminary and final official statements, if any, related thereto, all for the benefit of Louisiana State University and Agricultural and Mechanical College (the “University”). Furthermore, the issuance of the Series 2014 Bonds was approved by the Louisiana State Bond Commission (the “Commission”) on July 17, 2014, in an aggregate principal amount not to exceed \$92,000,000.

The Series 2014 Bonds will be secured by and payable solely from revenues derived by the University from Auxiliary Revenues (as defined in the General Bond Resolution, as amended).

The Board, in the Preliminary Resolution, further authorized the preparation of a Seventeenth Supplemental Resolution (the “Seventeenth Supplemental Resolution”) to be adopted by the Board prior to the issuance of the Series 2014 Bonds in connection with matters relating to the Series 2014 Bonds and the issuance thereof. The Seventeenth Supplemental Resolution is being presented to the Board for adoption in substantially final form (Attachment I).

This resolution provides for certain general matters relating to the Series 2014 Bonds and the issuance thereof, it being the intent of the Board and the University that the further details of the Series 2014 Bonds (including, without limitation, the maturity, the rate or rates of interest and any security therefor) will be fixed by the Seventeenth Supplemental Resolution, but cannot be completed until the Series 2014 Bonds are actually priced in the marketplace.

The University requests that the Board delegate to an Authorized Board Representative (as defined in the Seventeenth Supplemental Resolution) the authority to approve the final pricing details of the Series 2014 Bonds. It is expected that the Series 2014 Bonds will be issued on or about October 16, 2014.

As previously reported to the Board, the University has selected Raymond James & Associates, Inc. to serve as senior managing underwriter of the Series 2014 Bonds and Citigroup Capital Markets and RBC Capital Markets, LLC as co-managing underwriters for the Series 2014 Bonds.

2. Review of Business Plan

The business plans for the departments that benefited from the issuance of the Prior Bonds (i.e., the Student Union, Athletics and Parking) have all been recently reviewed when more recent bond issues were approved. Each department is projected to generate sufficient revenues to fully cover all projected debt service on the Series 2014 Bonds. The refunding of the Prior Bonds is anticipated to generate net present value debt service savings of approximately \$5.09 million.

Additionally, the Pro-Forma Debt Service Coverage Ratio of LSU Auxiliaries was reviewed and this ratio is at an acceptable level.

3. Fiscal Impact

This bond issue will not have any direct fiscal impact on the campus. The Series 2014 Bonds shall be payable solely from and secured by a pledge of the Auxiliary Revenues consisting of revenues derived by the University from certain Auxiliary Enterprises, including, without limitation, athletics, residential life, parking, graphic services, the student union, student health services, and other miscellaneous auxiliaries and certain other revenues that have been dedicated to the payment bonds.

4. Description of Competitive Process

A competitive process is used to select the sales and underwriting professionals for the bonds. This competitive process, through a formal Request for Proposals, was used for the issuance of the recent Series 2013 Revenue Bonds. The same selected financing team is being utilized for the proposed refunding issue. The underwriting team is Raymond James & Associates, Inc. as Senior Managing Underwriter and Citigroup and RBC Capital Markets as co-managing Underwriters. The Underwriters being used for the proposed refunding have extensive experience with the issuance of the University's debt and direct experience with the issuance of the Prior Bonds.

5. Review of Legal Documents

This request for final approval to issue bonds is consistent with Board policy as previously adopted on June 17, 1994, in its General Bond Resolution authorizing the issuance from time to time of Auxiliary Revenue Bonds of the Board payable from gross revenues of certain auxiliary enterprises of Louisiana State University and Agricultural and Mechanical College, including, without limitation, University Stores, Student Media, LSU Union, Golf Course, Graphic Services, Laboratory School Cafeteria, Parking, Traffic and Transportation, Athletics, Student Health Service, LSU Press, Contracted Auxiliary Services, Residential Life and certain other revenues that have been dedicated to the payment of auxiliary revenue bonds.

6. Parties of Interest

None of the parties relevant to the approval for the Project and the issuance of the Series 2014 Bonds has any related interest in the refunding of the Prior Bonds or the projects financed with the proceeds of the Prior Bonds, nor will they receive any financial gain from this approval.

7. Related Transactions

The Board has previously issued and currently has outstanding the following bonds secured by Auxiliary Revenues: (i) Auxiliary Revenue Refunding Bonds, Series 2004 issued in the original aggregate principal amount of \$16,035,000, (ii) Auxiliary Revenue and Refunding Bonds, Series 2005A issued in the original aggregate principal amount of \$18,905,000, (iii) Auxiliary Revenue Bonds, Series 2006 issued in the original aggregate principal amount of \$97,095,000, (iv) Auxiliary Revenue Bonds, Series 2007 issued in the original aggregate principal amount of \$71,130,000, (v) Auxiliary Revenue Bonds, Series 2008 issued in the original aggregate principal amount of \$52,815,000, (vi) Auxiliary Revenue and Refunding Bonds, Series 2010A issued in the original aggregate principal amount of \$87,625,000, (vii) Gulf

(ii) The Board may also, in its sole discretion, elect to terminate the book-entry system at any time by giving written notice to DTC and the Trustee. Upon termination of the book-entry only system, the Board shall cause the execution of certificated bonds.

Any such redemption must take place within 120 days following the receipt of casualty insurance or condemnation proceeds relating to such damage, destruction or taking.

The Board shall use its reasonable best efforts to repair, replace, rebuild or restore such Auxiliary Facility; however, should it elect to use Net Proceeds to redeem the Series 2014 Bonds, the Board shall give the Trustee at least 35 days' notice of any redemption to be made pursuant to this Section 3.01. The notice shall specify the redemption date and the principal amounts and maturities of Series 2014 Bonds to be redeemed.

Section 3.02. ***Optional Redemption.*** Beginning on or after July 1, 2024, the Board may redeem the Series 2014 Bonds maturing on or after July 1, 2025, in whole on any date or in part as selected by the Trustee by lot at the direction of the Board (in denominations of \$5,000 or any integral multiple thereof) from time to time on any Interest Payment Date, at a price equal to the par amount thereof plus accrued interest to the redemption date.

*Final Maturity

However, if Series 2014 Bonds have been redeemed pursuant to extraordinary optional redemption or optional redemption as described above, or if the Board has delivered Series 2014 Bonds to the Trustee for cancellation, the Board may direct that any Sinking Fund Amount be reduced by an amount equal to all or a portion of the principal amount of any Series 2014 Bonds so redeemed or delivered for cancellation (and not previously used to reduce any Sinking Fund Amount). The Board shall deliver any such direction at least 75 days before the redemption date.

If amounts are being held in the 2014 Principal Account of the Bond Fund to be used to redeem Series 2014 Bonds pursuant to the mandatory sinking fund redemption provision, in lieu of such redemption, the Board may, no later than 75 days before the redemption date, direct the Trustee in writing to use part or all of such moneys to purchase such Series 2014 Bonds, in a principal amount not to exceed the next Sinking Fund Amount, which Series 2014 Bonds are presented to the Board by Owners for purchase and which the Board directs the Trustee to purchase. The purchase price of such Series 2014 Bonds shall not exceed the redemption price of the Series 2014 Bonds

which would be redeemed but for the operation of this paragraph (accrued interest to be paid from the same Fund or Account from which accrued interest would be paid upon the redemption of such Series 2014 Bonds). Any such purchase shall be completed prior to the time notice would otherwise be required to be given to redeem Series 2014 Bonds. All Series 2014 Bonds so purchased shall be cancelled and applied as a credit (in an amount equal to the principal amount of such Series 2014 Bonds) against the next Sinking Fund Amount.

The notice shall be sent by first class, registered or certified mail if the Owner holds \$1,000,000 or more in principal amount of Series 2014 Bonds. The notice of redemption relative to the Series 2014 Bonds shall state that it is conditioned on there being sufficient money on deposit to pay the full redemption price of the Series 2014 Bonds.

Two Business Days prior to mailing notice to other Series 2014 Bondholders, a copy of each notice of redemption shall be sent by the Trustee by certified or registered mail to DTC or its nominee which holds any Series 2014 Bonds, provided that the Trustee may, in its discretion, provide for overnight, telecopied or other form of notice to DTC acceptable to or requested thereby. The Trustee shall file, on the same date notices are mailed to other Bondholders, a copy of each notice of redemption with EMMA.

If a Series 2014 Bond is not presented for payment on or within 30 days after its redemption date, the Trustee shall, as soon as reasonably possible, mail a second notice of redemption to the last Owner of record of such Series 2014 Bond, including the same information as in the first notice. The giving of such notice, or the failure to give such notice or any defect in such notice, shall not affect the validity of the redemption of any Series 2014 Bonds.

PRINCIPAL AMOUNT: _____ DOLLARS

KNOW ALL PERSONS BY THESE PRESENTS that the Board of Supervisors of Louisiana State University and Agricultural and Mechanical College (the “Board”), being a constitutional corporation under the laws of the State of Louisiana (the “State”), for value received, hereby promises to pay to the Bond Owner specified above or registered assigns solely from the special funds provided therefor, the Principal Amount specified above, on the Maturity Date specified above (unless called for earlier redemption), and to pay from such special funds interest thereon on January 1 and July 1 of each year (“Interest Payment Date”) commencing January 1, 2015, at the Interest Rate per annum specified above, until the Principal Amount specified above is paid or duly provided for. Interest on the Series 2014 Bonds shall be computed from the Interest Payment Date to which interest has been paid or duly provided for next preceding the date of authentication thereof, unless

(a) such date of authentication shall be prior to the first Interest Payment Date, in which case interest shall be computed from the date of issuance of the Series 2014 Bonds, or (b) such date of authentication shall be an Interest Payment Date to which interest on the Series 2014 Bonds has been paid in full or duly provided for, in which case interest shall be computed from such date of authentication; provided, however, that if interest on the Series 2014 Bonds shall be in default, Series 2014 Bonds issued in exchange for Series 2014 Bonds surrendered for registration of transfer or exchange shall bear interest from the last date to which interest has been paid or duly provided for on the Series 2014 Bonds or, if no interest has been paid or duly provided for on the Series 2014 Bonds, from the date of delivery thereof.

Principal of any Series 2014 Bonds which have become due and payable, together with any applicable redemption premium, shall be payable only upon presentation and surrender of such Series 2014 Bonds at the principal corporate trust office of The Bank of New York Mellon Trust Company, N.A. Interest on the Series 2014 Bonds (except defaulted interest) shall be paid to the Persons who are the Owners of the Series 2014 Bonds at the close of business on the fifteenth (15th) day of the calendar month next preceding an Interest Payment Date (the "Record Date") next preceding the Interest Payment Date. Defaulted interest shall be paid as provided in the General Bond Resolution. Interest shall be paid by check of the Trustee mailed on the Interest Payment Date to the Owners at their addresses as they appear on the Bond Register or at such other address as is furnished in writing by an Owner to the Trustee prior to the Record Date. Any such interest not so timely paid shall cease to be payable to the person who is the Bond Owner at the close of business on the Record Date and shall be payable to the Person who is the Bond Owner at the close of business on a Special Record Date, as described in the General Bond Resolution adopted by the Board on June 17, 1994, as supplemented and amended, and the Seventeenth Supplemental Resolution approved by the Board on September 12, 2014, and executed by an Authorized Board Representative on October 16, 2014, authorizing the issuance of this Series 2014 Bond (collectively, the "Bond Resolution"), for the payment of any defaulted interest. Such Special Record Date shall be fixed by the Trustee whenever moneys become available for the payment of the defaulted interest, and notice of the Special Record Date shall be given to the Bond Owners for the series of which this is one (the "Series 2014 Bonds") not less than ten (10) days prior thereto. Any Owner of Series 2014 Bonds in an aggregate principal amount of at least \$1,000,000 may, however, elect to have interest payments made to such Owner by wire transfer of Federal Funds. In order to make such election, the Owner must notify the Trustee in writing and provide wire transfer instructions prior to the Record Date for the Interest Payment Date on which such wire transfer payments are to commence. Once an election is made, all subsequent interest payments to such Owner shall be by wire transfer, according to the last wire transfer instructions received prior to the Record Date. The Owner may revoke or change such instructions by delivering a written notice to the Trustee. Such instructions may also provide for the payment of principal and premium by wire transfer of Federal Funds (following presentation and surrender of the Series 2014 Bonds being paid).

The Series 2014 Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 and any integral multiple thereof and are exchangeable for fully registered Series 2014 Bonds of the same maturity in equal aggregate principal amounts and in authorized denominations at the aforesaid office of the Trustee, but only in the manner, subject to the limitations, and on payment of the charges provided in the Bond Resolution.

All terms defined in the Bond Resolution and not otherwise defined in this Series 2014 Bond shall have the meaning given to those terms in the Bond Resolution.

Extraordinary Optional Redemption. The Board may at any time redeem all or any part (in the denomination of \$5,000 or any integral multiple thereof) of the Series 2014 Bonds at a redemption price equal to their principal amount plus accrued interest to the redemption date if a particular Auxiliary Facility is damaged, destroyed or taken by eminent domain or sold under the threat of condemnation and the Board elects to use the net proceeds of casualty insurance or condemnation or sale under threat of condemnation to redeem Series 2014 Bonds rather than repair, replace, rebuild or restore the Auxiliary Facility. Any such redemption must take place within 120 days following the receipt of casualty insurance or condemnation proceeds relating to such damage, destruction or taking.

The Board shall give the Trustee at least 35 days' notice of any such redemption to be made. The notice shall specify the redemption date and the principal amounts and maturities of Series 2014 Bonds to be redeemed.

Optional Redemption. Beginning on or after July 1, 2024, the Board may redeem the Series 2014 Bonds maturing on or after July 1, 2025, in whole on any date or in part as selected by the Trustee by lot at the direction of the Board (in denominations of \$5,000 or any integral multiple thereof) from time to time on any Interest Payment Date, at a price equal to the par amount thereof plus accrued interest to the redemption date.

The Board shall give the Trustee at least 35 days' notice of any such redemption to be made. The notice shall specify the redemption date and the principal amounts and maturities of Series 2014 Bonds to be redeemed.

Mandatory Sinking Fund Redemption. The Series 2014 Bonds maturing July 1, 20__ shall be subject to mandatory redemption in the following principal amounts ("Sinking Fund Amounts") on the following dates by lot in such manner as shall be determined by the Trustee at a redemption price equal to their principal amount plus accrued interest to the redemption date.

However, if Series 2014 Bonds have been redeemed pursuant to extraordinary optional redemption or optional redemption as described above, or if the Board has delivered Series 2014 Bonds to the Trustee for cancellation, the Board may direct that any Sinking Fund Amount be reduced by an amount equal to all or a portion of the principal amount of any Series 2014 Bonds so redeemed or delivered for cancellation (and not previously used to reduce any Sinking Fund Amount). The Board shall deliver any such direction at least 75 days before the redemption date.

If amounts are being held in the 2014 Principal Account of the Bond Fund to be used to redeem Series 2014 Bond pursuant to the mandatory sinking fund redemption provision, in lieu of such redemption, the Board may, no later than 75 days before the redemption date, direct the Trustee in writing to use part or all of such moneys to purchase such Series 2014 Bonds, in a principal amount not to exceed the next Sinking Fund Amount, which Series 2014 Bonds are presented to it by Owners for purchase and which the Board directs the Trustee to purchase. The purchase price of such Series 2014 Bonds shall not exceed the redemption price of the Series 2014 Bonds which would be redeemed but for the operation of this paragraph (accrued interest to be paid from the same Fund or Account from which accrued interest would be paid upon the redemption of such Series 2014 Bonds). Any such purchase shall be completed prior to the time notice would otherwise be required to be given to redeem Series 2014 Bonds. All Series 2014 Bonds so purchased shall be cancelled and applied as a credit (in an amount equal to the principal amount of such Series 2014 Bonds) against the next Sinking Fund Amount.

Notice of Redemption of Series 2014 Bonds. At least 30 days, but not more than 60 days, before a redemption date (other than for mandatory sinking fund redemption), the Trustee shall mail a notice of redemption to the Bond Owner of each Series 2014 Bond which is to be redeemed. The notice shall be sent by first class, registered or certified mail if the Bond Owner holds \$1,000,000 or more in principal amount of Series 2014 Bonds. The failure of the Trustee to mail notice of redemption to any Bond Owner or any defect in any notice of redemption shall not affect the validity of the redemption of any other Series 2014 Bond.

If less than all the Series 2014 Bonds are to be redeemed, the notice of redemption shall specify the numbers and amounts of the Series 2014 Bonds or portion thereof to be redeemed. The notice of redemption shall state that it is conditioned on there being sufficient money on deposit to pay the full redemption price of the Series 2014 Bonds.

Two Business Days prior to mailing notice to other Bond Owners, a copy of each notice of redemption shall be sent by the Trustee by certified or registered mail to each Depository which, or the nominee of which, holds any Series 2014 Bonds, provided that the Trustee may, in its discretion, provide for overnight, telecopied or other form of notice to a Depository acceptable to or requested by such Depository. The Trustee shall file, on the same date notices are mailed to other Bondholders, a copy of each notice of redemption with EMMA.

If a Series 2014 Bond is not presented for payment on or within 30 days after its redemption date, the Trustee shall, as soon as reasonably possible, mail a second notice of redemption to the last Bond Owner of record of such Series 2014 Bond, including the same information as in the first notice. The giving of such notice, or the failure to give such notice or any defect in such notice, shall not affect the validity of the redemption of any Series 2014 Bonds.

Exchange and Transfer of Series 2014 Bonds. The Board and the Trustee shall not be required to issue, register the transfer of or exchange (a) any Series 2014 Bonds during a period beginning at the opening of business on the Regular Record Date and ending at the close of business on the Interest Payment Date or (b) any Series 2014 Bond called for redemption prior to maturity during a period beginning on the opening of business fifteen (15) days before the date of the mailing of notice of redemption of such Series 2014 Bonds and ending on the date of such redemption.

Upon surrender for registration of transfer of any Series 2014 Bond, the Trustee shall register and deliver in the name of the transferee or transferees one or more new fully registered Series 2014 Bonds of authorized denomination and maturity and like aggregate principal amount. At the option of a Bond Owner, Series 2014 Bonds may be exchanged for other Series 2014 Bonds of authorized denominations of the same Series and maturity and like aggregate principal upon surrender at such office. Whenever any Series 2014 Bonds are so surrendered for exchange, the Trustee shall register and deliver in exchange thereof the Series 2014 Bond or Series 2014 Bonds which the Bond Owner making the exchange shall be entitled to receive after receipt of the Series 2014 Bonds to be transferred in proper form. All Series 2014 Bonds presented for registration of transfer or exchange shall (if so required by the Board or the Trustee), be accompanied by a written instrument or instruments of transfer in form and with a guaranty of signature satisfactory to Trustee, duly executed by the Bond Owner or by such Bond Owner's duly authorized attorney. No charge shall be made

to the Bond Owner for any exchange or transfer of Series 2014 Bonds, but the Trustee may require payment of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

All Series 2014 Bonds delivered upon any registration of transfer or exchange of Series 2014 Bonds shall be valid obligations of the Board, evidencing the same debt and entitled to the same benefits under the Bond Resolution as the Series 2014 Bonds surrendered upon authentication thereof by the Trustee. Prior to due presentment for registration of transfer of any Series 2014 Bond, the Board, the Trustee, and any agent of the Board or the Trustee may treat the person in whose name any Series 2014 Bond is registered as the absolute owner thereof for all purposes (except to the extent otherwise provided hereinabove and in the Bond Resolution with respect to Record Dates and Special Record Dates for the payment of interest), whether or not such Series 2014 Bonds shall be overdue, and shall not be bound by any notice to the contrary.

The Series 2014 Bonds are issued by the Board pursuant to Sections 2181 through 2193 and 3351(A)(4) of Title 17 of the Louisiana Revised Statutes of 1950, as amended (La. PLAN OF REFUNDING OF THE PRIOR BONDS*

Plan of Refunding

The University will deposit approximately \$_____* of proceeds of the Series 2014 Bonds [**and monies available from the Board**] to the Escrow Fund (the “Escrow Fund”) created by the Escrow Deposit Agreement dated the date of delivery of the Series 2014 Bonds (the “Escrow Agreement”) between the Board and The Bank of New York Mellon Trust Company, N.A. (the “Escrow Trustee”) for the purpose of defeasing and advance refunding the Prior Bonds.

The defeasance and advance refunding of the Prior Bonds is being undertaken for the purpose of lowering the total overall cost of debt service to the Board. The moneys required to defease and refund the Prior Bonds will be derived from the proceeds of the sale of the Series 2014 Bonds. Concurrently with the delivery of the Series 2014 Bonds, certain proceeds thereof shall be irrevocably deposited to the Escrow Fund pursuant to the Bond Resolution. The bond resolutions authorizing the Prior Bonds, the Bond Resolution and the Escrow Agreement require the Escrow Trustee to invest amounts deposited in the Escrow Fund in Defeasance Obligations described therein to effect a defeasance of the Prior Bonds to be refunded. The Escrow Fund will be net funded with a portion of the proceeds of the Series 2014 Bonds, which, together with investment earnings thereon, will be sufficient to pay principal and interest on the Refunded Bonds coming due on January 1, 2015, and on July 1, 2016, the earliest possible redemption date, the principal of and interest on the Prior Bonds as verified by Causey Demgen & Moore P.C. See “APPENDIX G - BONDS TO BE REFUNDED,” “VERIFICATION OF COMPUTATIONS” and “ESTIMATED SOURCES AND USES OF FUNDS” herein.

Upon the deposit of such moneys into the Escrow Fund, in the opinion of Bond Counsel, the Prior Bonds shall be deemed to be paid and shall no longer be deemed to be outstanding and the holders of the Prior Bonds shall be entitled to payment solely out of the moneys or securities deposited in the Escrow Fund pursuant to the Bond Resolution.

The money and investments held in the Escrow Fund in accordance with the Bond Resolution, all interest or other income thereon, and any proceeds from the disposition thereof will be used only to pay the principal of and interest on the Prior Bonds. See “VERIFICATION OF COMPUTATIONS” herein.

THE UNIVERSITY

Throughout its 159-year history, the University has served the people of Louisiana, the region, the nation, and the world through extensive, multipurpose programs encompassing instruction, research, and public service. The University offers undergraduate, graduate and professional educational programs for outstanding students from the

State, the nation and other countries. Its nationally and internationally recognized efforts in a broad range of research fields create new knowledge and promote economic development. The University's libraries and museums preserve the rich cultural heritage of the State, and scholars and artists at the University contribute to the literature, history, science, technology and arts of the State's culturally diverse community. As the premier university of the State, the mission of the University is the generation, preservation, dissemination and application of knowledge and cultivation of the arts for the benefit of the people of the State, the nation and the global community. Because of its designation as a Carnegie Research University I, the top category of the Carnegie Foundation's ranking of research institutions, the University ranks in the top two percent of the nation's colleges and universities. The Research I designation is shared by only 59 public and 29 private universities in the country. The University is one of a limited number of universities nationwide designated both a land-grant and sea-grant college. The University is the lead institution in the land and space grant consortium and continues to pursue individual space-grant status.

The University was founded in 1855 by the General Assembly of Louisiana as the Louisiana State Seminary of Learning and Military Academy near Pineville, Louisiana. The institution opened January 2, 1860. When the Civil War began, the school's first superintendent, William Tecumseh Sherman, resigned to assume a command in the Union Army.

Fire demolished the Seminary in 1869, and the school was moved to Baton Rouge. In 1870, the Seminary was renamed Louisiana State University. In 1874, under the United States Morrill Act, the Louisiana State Agricultural and Mechanical College was established in New Orleans. The two institutions were merged by the Legislature in 1877 to become Louisiana State University and Agricultural and Mechanical College.

Construction of the present campus in Baton Rouge began in 1922, and the first classes were held in 1926. LSU experienced major growth in the 1930s and 1940s, expanding its student body, curricula and services. During the 1960s, the University began to place increasing emphasis on research.

The University is located on more than 2,000 acres in the southern part of Baton Rouge, Louisiana, the capital of the State, and is bordered on the west by the Mississippi River. The University's more than 250 principal buildings are grouped on a 650-acre plateau that constitutes the main part of the campus.

Demographic and summary financial information related to the University is attached hereto as APPENDIX A, and the LSU Financial Report of the LSU System for the year ended June 30, 2013, is attached hereto as APPENDIX B.

THE AUXILIARY ENTERPRISES

There exist at the University Auxiliary Enterprises under the control, operation or supervision of the Board, which generate revenues and are operated essentially as self-supporting entities designed to generate revenues sufficient to maintain their operation. In certain years some Auxiliary Enterprises have produced negative cash flows; however, it is the policy of the Board that each Auxiliary Enterprise is operated essentially as a self supporting entity. Fees, rates, rentals, charges or other receipts or income constituting a major part of the Auxiliary Revenues are generated by these Auxiliary Enterprises and pledged pursuant to the Bond Resolution, are not subject to appropriation by the Legislature and are held in Board accounts outside the State Treasury. The funds and accounts of these Auxiliary Enterprises are, however, audited by the State Legislative Auditor. The Board has the power to restrict the self-generated revenues of Auxiliary Enterprises which are pledged to the payment of the Series 2014 Bonds issued pursuant to the Bond Resolution.

The Auxiliary Revenues of the University pledged to the payment of Series 2014 Bonds are (i) (a) the gross amount of all funds, monies or revenues held by the University and any earnings thereon derived or to be derived by Auxiliary Enterprises from self generated revenues from all fees, rates, rentals, charges or other receipts or income received from students or the public at large in connection with any undertaking, utilization, or operation of Auxiliary Enterprises or Auxiliary Facilities, including operation or management thereof by private entities on behalf of the

Auxiliary Enterprises, prior to the payment of Current Expenses, (b) Lab School Revenues, and (c) Recreational Sports Fee Revenues, provided, however, that (i) the Lab School Revenues and Recreational Sports Fee Revenues shall be so pledged only for so long as the Series 2005A Bonds, Series 2008 Bonds, Series 2010A Bonds, and/or any Additional Bonds issued to refund or refinance such Series 2005A Bonds, Series 2008 Bonds and Series 2010A Bonds are outstanding and additionally (ii) the Recreational Sports Fee Revenues shall be so pledged for so long as the Series 2013 Bonds and/or any Additional Bonds issued to refund or refinance such Series 2013 Bonds are outstanding; and (ii) all Funds and Accounts held pursuant to the General Bond Resolution, as supplemented, pertaining to a particular Series of Bonds except any fund created to hold monies pending rebate to the United States or for payment of the costs of issuance of Bonds.

In the Seventeenth Supplemental Resolution the Board confirms the pledge of and does thereby pledge the Lab School Revenues and Recreational Sports Fee Revenues, as Auxiliary Revenues, as security for the payment of all Bonds Outstanding under the General Bond Resolution and any Supplemental Resolutions for so long as the Series 2005A Bonds, Series 2008 Bonds, Series 2010A Bonds and/or any Additional Bonds issued to refund or refinance such Series 2005A Bonds, Series 2008 Bonds and/or Series 2010A Bonds are Outstanding and therein additionally confirms the pledge of, and does thereby pledge, the Recreational Sports Fee Revenues as Auxiliary Revenues as security for the payment of all Bonds Outstanding under the General Bond Resolution and any Supplemental Resolutions for so long as the Series 2013 Bonds and/or any Additional Bonds issued to refund or refinance such Series 2013 Bonds are Outstanding.

Auxiliary Revenues do not include funds appropriated to the Board by the Legislature of the State from time to time.

The obligation of the Board to pay Debt Service Requirements from Auxiliary Revenues shall be superior to any other claim on such funds. See "SECURITY FOR THE SERIES 2014 BONDS - Parity Lien Obligations" herein and "APPENDIX A - DEMOGRAPHIC AND SUMMARY FINANCIAL INFORMATION RELATED TO THE UNIVERSITY."

Source of Debt Service on the Parity Lien Obligations and Series 2014 Bonds: Underwriters

Although there is a pledge of gross Auxiliary Revenues to secure payment of debt service on the Parity Lien Obligations and the Series 2014 Bonds, these revenues are used by the Board to fund the operations of the Auxiliary Enterprises and, therefore, all such amounts are not set aside for payment of debt service on the Parity Lien Obligations and the Series 2014 Bonds.

The Auxiliary Enterprises operate essentially as self-supporting entities with budgets for all operating expenses to be paid from self-generated revenues. Over the years, one or more of the Auxiliary Enterprises have not generated annual revenues sufficient to pay all expenses of operation. However, such deficiencies have been covered by fund balances on hand from previous operating surpluses and, on a combined basis, Auxiliary Revenues have historically exceeded expenses of Auxiliary Enterprises as shown below:

THE SERIES 2014 BONDS

General

The Series 2014 Bonds will be issued pursuant to the Bond Resolution and the Constitution and laws of the State, particularly Chapter 14-A of Title 39 of the Louisiana Revised Statutes of 1950, as amended (the “Refunding Act”), subject to the terms and conditions provided in the Bond Resolution. The principal of, premium, if any, and interest on all Series 2014 Bonds issued under the provisions of the Bond Resolution shall be payable solely from Auxiliary Revenues and shall be entitled to the security and benefit of the Bond Resolution.

The Series 2014 Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 or any integral multiple thereof, initially in book-entry form, registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). Purchasers of the Series 2014 Bonds will not receive physical delivery of bond certificates. Ownership interests may be acquired in book-entry form only. See “Book-Entry Only System.”

For a discussion of how ownership of the Series 2014 Bonds is to be transferred and how principal and interest are to be paid to and credited by DTC while the Series 2014 Bonds are registered in its name, see “Book-Entry Only System” below. So long as such book-entry system is used, only DTC will receive or have the right to receive physical delivery of the Series 2014 Bonds and, except as otherwise provided herein with respect to Beneficial Owners of Beneficial Ownership Interests, Beneficial Owners will not be or be considered to be, and will not have any rights as, owner or holders of the Series 2014 Bonds under the Bond Resolution.

The Series 2014 Bonds will be dated the date of delivery, will mature on July 1 of each year thereafter in the principal amounts indicated on the inside front cover page of this Official Statement and will bear interest (computed on the basis of a 360-day year of twelve 30-day months) from the date of delivery thereof, payable on January 1 and July 1 of each year, (each an “Interest Payment Date”) commencing January 1, 2015, at the rates per annum indicated on the inside front cover page hereof.

Interest on the Series 2014 Bonds shall be computed from the Interest Payment Date to which interest has been paid or duly provided for next preceding the date of authentication thereof, unless (a) such date of authentication shall be prior to the first Interest Payment Date, in which case interest shall be computed from the date of issuance of the Series 2014 Bonds, or (b) such date of authentication shall be an Interest Payment Date to which interest on the Series 2014 Bonds has been paid in full or duly provided for, in which case interest shall be computed from such date of authentication; provided, however, that if interest on the Series 2014 Bonds shall be in default, Series 2014 Bonds issued in exchange for Bonds surrendered for registration of transfer or exchange shall bear interest from the last date to which interest has been paid or duly provided for on the Series 2014 Bonds or, if no interest has been paid or duly provided for on the Series 2014 Bonds, from the date of delivery thereof.

Provisions Applicable if Book-Entry Only System is Terminated

Purchasers of the Series 2014 Bonds will receive principal and interest payments pursuant to the following provisions only if the book-entry only system is terminated. Otherwise, payments and transfers will be made only as described below under “Book-Entry Only System.”

Principal of any Series 2014 Bonds which have become due and payable, together with any applicable redemption premium, will be payable only upon presentation and surrender of such Series 2014 Bonds at the principal corporate trust office of the Paying Agent.

Interest on the Series 2014 Bonds (except defaulted interest) will be paid to the Persons who are the Owners of the Series 2014 Bonds at the close of business on the Record Date next preceding the Interest Payment Date. Defaulted interest shall be paid as provided in the General Bond Resolution. Interest shall be paid by check of the Paying Agent mailed on the Interest Payment Date to the Owners at their addresses as they appear on the Bond Register or at such other address as is furnished in writing by an Owner to the Paying Agent prior to the Record Date.

Any Owner of Series 2014 Bonds in an aggregate principal amount of at least \$1,000,000 may, however, elect to have interest payments made to such Owner by wire transfer of Federal Funds. In order to make such election, the Owner must notify the Paying Agent in writing and provide wire transfer instructions prior to the Record Date for the Interest Payment Date on which such wire transfer payments are to commence. Once an election is made, all subsequent interest payments to such Owner shall be by wire transfer, according to the last wire transfer instructions received prior to the Record Date. The Owner may revoke or change such instructions by delivering a written notice to the Paying Agent. Such instructions may also provide for the payment of principal and premium by wire transfer of Federal Funds (following presentation and surrender of the Series 2014 Bonds being paid).

Principal of, premium, if any, and interest on the Series 2014 Bonds shall be payable in such coin or currency of the United States of America which is legal tender for payment of public and private debts.

Each payment of principal of, premium, if any, and interest on Series 2014 Bonds shall be accompanied by notice of the CUSIP number of such Series 2014 Bonds.

Book-Entry Only System

The following information about the book-entry-only system applicable to the Series 2014 Bonds has been supplied by DTC. None of the Board, the Trustee or the Underwriters make any representations, warranties or guarantees with respect to its accuracy or completeness.

DTC will act as securities depository for the Series 2014 Bonds. The Series 2014 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2014 Bond certificate will be issued for each maturity of the Series 2014 Bonds, in the aggregate principal amount thereof, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-US securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's rating: AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Series 2014 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2014 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2014 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records.

Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2014 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2014 Bonds, except in the event that use of the book-entry system for the Series 2014 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2014 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2014 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2014 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2014 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2014 Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the Series 2014 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the bond documents. For example, Beneficial Owners of Series 2014 Bonds may wish to ascertain that the nominee holding the Series 2014 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of the notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Series 2014 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Series 2014 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Board as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2014 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Series 2014 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Board or Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Trustee, or the Board, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Board or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2014 Bonds at any time by giving reasonable notice to the Board or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Series 2014 Bonds are required to be printed and delivered.

The Board may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Series 2014 Bonds will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from a source that the Board believes to be reliable, but the Board takes no responsibility for the accuracy thereof.

THE BOARD, THE TRUSTEE AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT THE DIRECT PARTICIPANTS OR THE INDIRECT PARTICIPANTS WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE SERIES 2014 BONDS (I) PAYMENTS OF PRINCIPAL OF OR INTEREST AND PREMIUM, IF ANY, ON THE SERIES 2014 BONDS, (II) CERTIFICATES REPRESENTING AN OWNERSHIP INTEREST OR OTHER CONFIRMATION OF BENEFICIAL OWNERSHIP INTERESTS IN THE SERIES 2014 BONDS, OR (III) REDEMPTION OR OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS NOMINEE, AS THE REGISTERED OWNERS OF THE SERIES 2014 BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS OR THAT DTC OR DIRECT OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH DTC PARTICIPANTS ARE ON FILE WITH DTC.

NEITHER THE BOARD, THE TRUSTEE NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO SUCH DTC PARTICIPANTS OR THE BENEFICIAL OWNERS WITH RESPECT TO (I) THE SERIES 2014 BONDS; (II) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (III) THE PAYMENT BY ANY DTC PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR PREMIUM, IF ANY, ON THE SERIES 2014 BONDS; (IV) THE DELIVERY BY ANY DTC PARTICIPANT OF ANY NOTICE TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE BOND RESOLUTION TO BE GIVEN TO BONDHOLDERS; (V) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF THE SERIES 2014 BONDS; OR (VI) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS BONDHOLDER.

Exchange and Transfer

As long as the Series 2014 Bonds will be in book-entry form, the transfer and exchange of the Series 2014 Bonds will be made in accordance with the procedures of DTC as more fully described under the caption "Book-Entry Only System" herein. Otherwise the transfer and exchange of Series 2014 Bonds will be made as described in the following paragraph.

The Series 2014 Bonds may be transferred and assigned only upon the registration books maintained by the Paying Agent. Upon surrender for registration of transfer of any Series 2014 Bond, the Paying Agent will register and deliver in the name of the transferee or transferees one or more new fully registered Series 2014 Bonds of Authorized Denominations of the same maturity and like aggregate principal amount. At the option of an Owner, Series 2014 Bonds may be exchanged for other Series 2014 Bonds of Authorized Denominations of the same maturity and like aggregate principal upon surrender at such office. Whenever any Series 2014 Bonds are so surrendered for exchange, the Paying Agent will register and deliver in exchange thereof the Bond or Bonds which the Owner making the exchange will be entitled to receive after receipt of the Series 2014 Bonds to be transferred in proper form. All Series 2014 Bonds presented for registration of transfer or exchange will (if so required by the Board or the Paying Agent) be accompanied by a written instrument or instruments of transfer in form and with a guaranty of signature satisfactory to the Paying Agent, duly executed by the Owner or by such Owner's duly authorized attorney. No charge will be made to the Owner for any exchange or transfer of Series 2014 Bonds, but the Paying Agent may require payment of a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto. The Board and the Paying Agent will not be required to issue, register the transfer of or exchange (a) any Series 2014 Bonds during a period beginning at the opening of business on the Regular Record Date and ending at the close of business on the Interest Payment Date or (b) any Series 2014 Bond called for redemption prior to maturity during a period beginning on the opening of business fifteen (15) days before the date of the mailing of notice of redemption of such Series 2014 Bonds

and ending on the date of such redemption. All Series 2014 Bonds delivered upon any registration of transfer or exchange of Series 2014 Bonds will be valid obligations of the Board, evidencing the same debt and entitled to the same benefits under the Bond Resolution as the Series 2014 Bonds surrendered upon authentication thereof by the Paying Agent. Prior to due presentment for registration of transfer of any Series 2014 Bond, the Board, the Paying Agent, and any agent of the Board or the Paying Agent may treat the person in whose name any Series 2014 Bond is registered as the absolute owner thereof for all purposes (subject to provisions concerning Special Record Dates) whether or not such Series 2014 Bonds will be overdue, and will not be bound by any notice to the contrary.

Redemption Provisions*

Optional Redemption*

Beginning on or after July 1, _____, the Board may redeem Series 2014 Bonds maturing on or after July 1, _____ in whole on any date or in part as selected by the Trustee by lot at the direction of the Board (in denominations of \$5,000 or any integral multiple thereof) from time to time on any Interest Payment Date, at a price equal to the par amount thereof, plus accrued interest to the redemption date.

Extraordinary Optional Redemption Without Premium The Board may at any time redeem all or any part (in Authorized Denominations) of the Series 2014 Bonds at a redemption price equal to their principal amount plus accrued interest to the redemption date if a particular Auxiliary Facility is damaged, destroyed or taken by eminent domain or sold under the threat of condemnation and the Board elects pursuant to the damage, destruction and condemnation provisions of the Bond Resolution to use the Net Proceeds of casualty insurance or condemnation or sale under threat of condemnation to redeem Series 2014 Bonds rather than repair, replace, rebuild or restore the Auxiliary Facility. Any such redemption must take place within 120 days following the receipt of casualty insurance or condemnation proceeds relating to such damage, destruction or taking.

The Board will use its reasonable best efforts to repair, replace, rebuild or restore such Auxiliary Facility; however, should it elect to use Net Proceeds to redeem the Series 2014 Bonds, the Board will give the Trustee at least 35 days' notice of any Extraordinary Optional Redemption described in the above paragraph. The notice will specify the redemption date and the principal amounts and maturities of Series 2014 Bonds to be redeemed.

However, if Series 2014 Bonds have been redeemed pursuant to extraordinary optional redemption or optional redemption as described above, or if the Board has delivered Series 2014 Bonds to the Trustee for cancellation, the Board may direct that any Sinking Fund Amount be reduced by an amount equal to all or a portion of the principal amount of any Series 2014 Bonds so redeemed or delivered for cancellation (and not previously used to reduce any Sinking Fund Amount). The Board shall deliver any such direction at least 75 days before the redemption date.

If amounts are being held in the 2014 Principal Account of the Bond Fund to be used to redeem Series 2014 Bonds pursuant to the mandatory sinking fund redemption provisions, in lieu of such redemption the Board may, no later than 75 days before the redemption date, direct the Trustee in writing to use part or all of such moneys to purchase such Series 2014 Bonds, in a principal amount not to exceed the next Sinking Fund Amount, which Series 2014 Bonds are presented to it by Owners for purchase and which the Board directs the Trustee to purchase. The purchase price of such Series 2014 Bonds shall not exceed the redemption price of the Series 2014 Bonds which would be redeemed but for the operation of this paragraph (accrued interest to be paid from the same Fund or Account from which accrued interest would be paid upon the redemption of such Series 2014 Bonds). Any such purchase shall be completed prior to the time

notice would otherwise be required to be given to redeem Series 2014 Bonds. All Series 2014 Bonds so purchased shall be cancelled and applied as a credit (in an amount equal to the principal amount of such Series 2014 Bonds) against the next Sinking Fund Amount.

Notice of Redemption of Series 2014 Bonds At least 30 days, but not more than 60 days, before a redemption date (other than mandatory sinking fund redemption), the Trustee shall mail a notice of redemption to the Owner of each Series 2014 Bond which is to be redeemed. The notice shall be sent by first class, registered or certified mail if the Owner holds \$1,000,000 or more in principal amount of Series 2014 Bonds. The failure of the Trustee to mail notice of redemption to any Owner or any defect in any notice of redemption shall not affect the validity of the redemption of any other Series 2014 Bond.

Each notice of redemption shall state the following with respect to the Series 2014 Bonds being redeemed: (1) the complete name of the Series 2014 Bonds (including Series designation); (2) the redemption date; (3) the redemption price; (4) the date of the notice; (5) the issue date; (6) the interest rate; (7) the maturity date; (8) the CUSIP number; (9) that the Series 2014 Bonds called for redemption must be surrendered to the Trustee to collect the redemption price; (10) the Trustee's name and address; (11) that interest on Series 2014 Bonds called for redemption ceases to accrue on and after the redemption date; and (12) any other items which may be necessary or desirable to comply with regulation or custom.

If less than all the Series 2014 Bonds are to be redeemed, the notice of redemption shall specify the numbers and amounts of the Series 2014 Bonds or portion thereof to be redeemed. The notice of redemption relative to the Series 2014 Bonds shall state that it is conditioned on there being sufficient money on deposit to pay the full redemption price of the Series 2014 Bonds.

Two Business Days prior to mailing notice to other Series 2014 Bondholders, a copy of each notice of redemption shall be sent by the Trustee by certified or registered mail to DTC or its nominee which holds any Series 2014 Bonds, provided that the Trustee may, in its discretion, provide for overnight, telecopied or other form of notice to DTC acceptable to or requested thereby. The Trustee shall file, on the same date notices are mailed to other Bondholders, a copy of each notice of redemption with EMMA.

If a Series 2014 Bond is not presented for payment on or within 30 days after its redemption date, the Trustee shall, as soon as reasonably possible, mail a second notice of redemption to the last Owner of record of such Series 2014 Bond, including the same information as in the first notice. The giving of such notice, or the failure to give such notice or any defect in such notice, shall not affect the validity of the redemption of any Series 2014 Bonds.

Payment of Redeemed Bonds Notice having been given in the manner provided in the Seventeenth Supplemental Resolution, the Series 2014 Bonds so called for redemption shall become due and payable on the redemption date so designated at the Redemption Price, plus interest accrued and unpaid to the redemption date, and, upon presentation and surrender thereof at the office specified in such notice, such Series 2014 Bonds shall be paid at the Redemption Price plus interest accrued and unpaid to the redemption date. If, on the redemption date, moneys for the redemption of all the Series 2014 Bonds to be redeemed, together with interest to the redemption date, shall be held by the Trustee or the Paying Agent so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the redemption date interest on the Series 2014 Bonds of such Series and maturity so called for redemption shall cease to accrue and become payable. If said moneys shall not be so available on the redemption date, such Series 2014 Bonds shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

NEITHER THE STATE NOR ANY AGENCY OR POLITICAL SUBDIVISION THEREOF, OTHER THAN THE BOARD, SHALL BE OBLIGATED TO PAY THE PRINCIPAL OF THE SERIES 2014 BONDS OR THE INTEREST THEREON, AND THE SERIES 2014 BONDS SHALL NOT BE DEEMED TO CONSTITUTE A DEBT OR LIABILITY OF THE STATE OR ANY AGENCY OR POLITICAL SUBDIVISION OR AGENCY THEREOF, OTHER THAN THE BOARD.

THE AUXILIARY REVENUES, THE LAB SCHOOL REVENUES AND THE RECREATIONAL SPORTS FEE REVENUES ARE PLEDGED TO THE PAYMENT OF THE SERIES 2014 BONDS ON A PARITY WITH THE BOARD'S OUTSTANDING PARITY LIEN OBLIGATIONS AND ANY ADDITIONAL BONDS; PROVIDED THAT

(I) THE LAB SCHOOL REVENUES AND RECREATIONAL SPORTS FEE REVENUES SHALL BE SO PLEDGED ONLY FOR SO LONG AS THE SERIES 2005A BONDS, SERIES 2008 BONDS, SERIES 2010A BONDS, AND/OR ANY ADDITIONAL BONDS ISSUED TO REFUND OR REFINANCE SUCH SERIES 2005A BONDS, SERIES 2008 BONDS AND SERIES 2010A BONDS ARE OUTSTANDING AND ADDITIONALLY (II) THE RECREATIONAL SPORTS FEE REVENUES SHALL BE SO PLEDGED FOR SO LONG AS THE SERIES 2013 BONDS AND/OR ANY ADDITIONAL BONDS ISSUED TO REFUND OR REFINANCE SUCH SERIES 2013 BONDS ARE OUTSTANDING.

For purposes of the Seventeenth Supplemental Resolution and this Official Statement, references therein and herein to the term “Auxiliary Revenues” shall be deemed to include Lab School Revenues and Recreational Sports Fee Revenues with the caveat that the pledge of such revenues is limited as set forth in the foregoing paragraph.

THE FUTURE AVAILABILITY OF AUXILIARY REVENUES IS DEPENDENT UPON THE CONTINUED OPERATION OF THE UNIVERSITY, WHICH IS PRIMARILY FUNDED BY STUDENT TUITION AND FEES AND STATE APPROPRIATIONS, NONE OF WHICH ARE PLEDGED TO, NOR AVAILABLE FOR, THE PAYMENT OF THE SERIES 2014 BONDS.

Rate Maintenance Covenant; Rules and Adequacy of Charges for Use of the Auxiliary Facilities

The Board covenants in the General Bond Resolution that it will establish and maintain, so long as any of the Series 2014 Bonds remain Outstanding, such fees, rates and charges for the use and enjoyment of the Auxiliary Facilities and the services provided thereby as will be necessary to assure adequate occupancy and use of the same and the services afforded thereby and as will provide and generate Auxiliary Revenues (not including Funds and Accounts held pursuant to the Bond Resolution) projected to equal no less than the amount required for payment of the Debt Service Requirements on the Outstanding Parity Lien Obligations, Current Expenses of the Auxiliary Facilities, the Reserve Requirement on the Outstanding Parity Lien Obligations and to make all other payments and charges as are required under the Bond Resolution. See “SECURITY FOR THE SERIES 2014 BONDS - Approval for Fees and Civil Fines” herein.

Approval for Fees and Civil Fines

Article VII, §2.1 of the Louisiana Constitution requires that any new fee or civil fine or increase in an existing fee or civil fine imposed or assessed by the State or any board, department, or agency of the State shall require the enactment of a law by a two-thirds vote of the elected members of each house of the legislature. It is unclear whether this constitutional provision should be applied to any fees, rates and charges for the use and enjoyment of the Auxiliary Facilities and the services provided thereby or any increases thereof which form part of the Auxiliary Revenues. On October 9, 1996 the Louisiana Attorney General issued Opinion Number 96-353, which opined that, for purposes of Article VII, § 2.1 of the Louisiana Constitution, the word “fee” does not include charges for auxiliary and self-generated operations of the University, such as for food services, book store merchandise, medical or veterinary services, student housing and admittance to extracurricular events. This opinion was based on the rationale that the term “fee” as used in Article VII, § 2.1 should be restricted to only those charges assessed by a governmental entity for the purpose of defraying the costs of providing a governmental service or the costs of regulating a particular area. Therefore, according to the opinion, charges assessed by the University for the provision of higher education would be considered fees, but charges which are for services or products which are not directly a part of the delivery of an education are not considered fees. Opinions of the Louisiana Attorney General are advisory only, and are not binding on any court of law.

In litigation brought by an LSU student against the Board (civil action filed on October 16, 2003 captioned “Donald C. Hodge, Jr. vs. Board of Supervisors of Louisiana State University and Agricultural and Mechanical College,” Number 512,930, Sect. “D,”) which sought to enjoin the Board from implementing a football ticket pricing policy as violative of Article VII, § 2.1 of the Constitution of Louisiana, the 19th Judicial District Court (the “Trial Court”) ruled that the Board’s adoption of a new general pricing policy for home football games did not constitute implementation or assessment of a fee under said Article VII, Section 2.1 which would otherwise require approval by a vote of two-thirds of each house of the Legislature. The Trial Court decision was appealed by Hodge to the Louisiana First Circuit Court of Appeal (the “Appeal Court”). In affirming the Trial Court’s decision, the Appeal Court, as did the Trial Court, agreed

with the reasoning of the Louisiana Attorney General that the Legislature has evidenced no intent to have oversight over “fees” with respect to LSU, other than those fees directly connected with LSU’s principal governmental function of providing higher education to the citizens of the State.

The Trial Court ruled on the Hodge action on November 18, 2003 and the Appeal Court rendered its affirming decision on December 23, 2003. The Louisiana Supreme Court denied writs on March 11, 2004. While the Hodge action does not directly address Auxiliary Revenues, the above described reasoning of the Attorney General was followed by the courts in this first judicial interpretation of Article VII, Section 2.1 of the Constitution.

There can be no assurance absent favorable judicial interpretation specifically as to Auxiliary Revenues that this Constitutional provision does not apply to charges which generate Auxiliary Revenues. In the event this provision does apply, neither the Board nor the University could increase an Auxiliary Revenue charge or impose a new Auxiliary Revenue charge without a two-thirds favorable vote of the Louisiana Legislature or otherwise complying with the LaGRAD Act, described below. See “SECURITY FOR THE SERIES 2014 BONDS - Rate Maintenance Covenant; Rules and Adequacy of Charges for Use of the Auxiliary Facilities” and “BONDHOLDERS' RISKS - Article VII, § 2.1 of the Constitution.”

To the extent required by Article VII, § 2.1 of the Constitution of the State of Louisiana of 1974, with respect to fees and civil fines, if any, imposed or increased by the Auxiliary Enterprises, the Board covenants in the Seventeenth Supplemental Resolution to seek any necessary authorization, legislative or otherwise of the imposition of such fees or civil fines or increases thereto in order to comply with the Bond Resolution regarding payments from Auxiliary Revenues.

Act 915 of the 2008 Regular Session of the Louisiana Legislature authorized Louisiana public postsecondary institutions through their governing boards to assess a certain percentage tuition increase based on the disparity of the institution’s tuition rate compared to their peers in the South as reported by the Southern Regional Education Board (SREB). For the first time, the Legislature authorized a rate increase to be applied over multiple years for undergraduates and certificate students. LSU was permitted to raise tuition five percent per year for four years.

Act 741 of the 2010 Regular Session of the Louisiana Legislature, titled the Louisiana Granting Resources and Autonomy for Diplomas (LaGRAD) Act, built on the precedent set by Act 915 of 2008, by authorizing tuition increases of up to 10 percent annually for six years based on continual performance improvement of schools and universities. The tuition-for-performance authority created a longer term budget planning capability that had not existed under periodic, one-time approvals of rate increases. The LaGRAD Act was amended by Act 418 of the 2011 Regular Session of the Louisiana Legislature by adding an extensive array of administrative autonomies similar to those of other universities in other states, such as procurement, investment flexibility, risk management, and facility project management.

Pledge

All of the Board’s right, title and interest to the Auxiliary Revenues are pledged by the Board for the payment of Debt Service Requirements on the Series 2014 Bonds and on the Parity Lien Obligations (except as otherwise provided in the General Bond Resolution). The obligation of the Board to pay Debt Service Requirements from Auxiliary Revenues as provided in the Bond Resolution shall be on a parity with the Board’s Outstanding Series 2004 Bonds, Series 2005A Bonds, Series 2006 Bonds remaining after the issuance of the Series 2014 Bonds, Series 2007 Bonds, Series 2008 Bonds, Series 2010A Bonds, Series 2010B Bonds, Series 2012 Bonds, Series 2013 Bonds and any Additional Bonds. See “SECURITY FOR THE SERIES 2014 BONDS - Parity Lien Obligations” herein.

Monies in funds or accounts held by the Board which are derived from Auxiliary Revenues will remain subject to the pledge described in the previous sentence. However, such portions of the Auxiliary Revenues in excess of that needed for the payment of Parity Lien Obligations, and for transfer to the Bond Fund or Reserve Funds for Parity Lien Obligations will be available to the Board to pay Current Expenses, any Subordinated Debt and for any other lawful purpose of the Board, provided that the pledge of Auxiliary Revenues will be deemed to be a cumulative pledge in the event collections for any six month period are insufficient to make a required deposit.

The principal, premium, if any, and interest on the Series 2014 Bonds are payable solely from the Auxiliary Revenues and are not general obligations of the University, the LSU System, the Board, the State or any political subdivision thereof, and neither the faith and credit of the State nor the Board is pledged to the payment of the principal of, premium, if any, or interest on the Series 2014 Bonds.

Deposit and Disposition of Auxiliary Revenues

Amounts equal to the aggregate of (i) the amount of interest payable on the Series 2014 Bonds on the next Interest Payment Date and (ii) the amount of principal due on the Series 2014 Bonds on the next Principal Payment Date shall be transferred by the Board from Auxiliary Revenues by check or draft on or prior to the fifth day, or wire transfer on or prior to the third day, immediately preceding each January 1 and July 1, as the case may be, commencing January 1, 2015 with respect to the first Interest Payment Date and commencing July 1, 2015 with respect to the first Principal Payment Date, to the Series 2014 Interest Account and the Series 2014 Principal Account, as the case may be, held by the Trustee until necessary for the Trustee to transfer funds to the Paying Agent for payment of the interest or any principal of the Series 2014 Bonds.

Additional Bonds

The Board may issue no bonds, notes or other obligations secured by Auxiliary Revenues except as Additional Bonds or as Subordinated Debt, as described below; provided, however, that the Board may incur obligations relating to Hedging Transactions payable from and, to the extent permitted by law, secured by Auxiliary Revenues in connection with Outstanding Bonds and in connection with the issuance of Additional Bonds. The Board may issue Additional Bonds secured by Auxiliary Revenues which will be on a parity with the Parity Lien Obligations and the Series 2014 Bonds only as and to the extent authorized and described in a Supplemental Resolution, provided that, at the time of issuance thereof, no Event of Default or event which with notice or lapse of time, or both, would constitute an Event of Default shall have occurred and be continuing, unless such event will be cured upon issuance of such bonds and either the application of the proceeds thereof or the placing in service of any facilities financed thereby or both. The Bond Resolution permits the issuance of Additional Bonds as follows:

(A) Additional Bonds may be issued without the need for prior approval of Bondholders or any Credit Facility provider, provided that the Debt Service Coverage Ratio for each of the last two completed Fiscal Years for which the financial statements of the Board have been reported upon by an Accountant, taking into account the Parity Lien Obligations, other Bonds previously issued and the Additional Bonds then proposed to be issued, is not less than 1.75 and an Authorized Board Representative's certificate so certifying and setting forth in sufficient detail the computation thereof is filed with the Trustee and any Credit Facility provider along with the financial statements and report of the Accountants thereon if they are not already on file with the Trustee and the Credit Facility providers.

(B) Should the Debt Service Coverage Ratio be less than that required as described in paragraph (A) above, and Additional Bonds are proposed to be issued to fund improvements, renovations or new construction, such Additional Bonds may be issued if (i) a Projection demonstrates compliance with the Debt Service Coverage Ratio required by paragraph (A) above, upon completion of the improvements, renovations or new construction and (ii) the Board shall have received the prior written approval of all Credit Facility providers. Such Projection will be filed with any Credit Facility provider and the Trustee by an Authorized Board Representative.

Subordinated Debt

The General Bond Resolution provides that the Board may, at any time, or from time to time, issue or incur Subordinated Debt, pursuant to the Act, for any of its lawful purposes, payable out of, and which may be secured by a pledge of, such amounts in the Subordinated Debt Fund as may from time to time be available for the purpose of payment thereof; provided, however, that such pledge will be, and will be expressed to be, subordinate and junior in all respects to the pledge created by the Bond Resolution as security for the Series 2004 Bonds, the Series 2004B Bonds, the Series 2005A Bonds, Series 2006 Bonds remaining outstanding after the issuance of the Series 2014 Bonds, Series 2007 Bonds,

Series 2008 Bonds, Series 2010A Bonds, Series 2010B Bonds, Series 2012 Bonds, Series 2013 Bonds, Series 2014 Bonds and any Additional Bonds.

Funds and Accounts Created Under the Bond Resolution

The General Bond Resolution creates the following special trust funds to be held by the Trustee:

(i) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Bonds Project Fund (the “Project Fund”), which shall consist of a Project Account for each Series of Bonds, as applicable, into which shall be deposited the proceeds of the related Series of Bonds or other funds necessary to pay related Project Costs, as defined in a Supplemental Resolution;

(ii) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Bonds Bond Fund (the “Bond Fund”), which shall consist of a Principal Account and an Interest Account for each Series of Bonds;

(iii) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Bonds Reserve Fund (the “Reserve Fund”), which shall consist of a Reserve Account, if required, for each Series of Bonds; and

(iv) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Bonds Subordinated Debt Fund (the “Subordinated Debt Fund”);

The Seventeenth Supplemental Resolution creates the following special trust funds to be held by the Trustee:

(i) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Refunding Bonds, Series 2014 Bond Proceeds Fund (the “Series 2014 Bond Proceeds Fund”);

(ii) Louisiana State University and Agricultural and Mechanical College Auxiliary Revenue Refunding Bonds, Series 2014 Rebate Fund (the “Series 2014 Rebate Fund”);

(iii) Series 2014 Costs of Issuance Account to be held within the Series 2014 Bond Proceeds Fund; and

(iv) Series 2014 Principal Account and Series 2014 Interest Account to be held within the Bond Fund.

Moneys in all such funds and accounts may only be invested in Permitted Investments. See “APPENDIX D - DEFINITIONS OF CERTAIN TERMS - Permitted Investments.”

Series 2014 Bond Proceeds Fund. The Series 2014 Bond Proceeds Fund shall be maintained with the Trustee and used to receive the proceeds of the Series 2014 Bonds; all to be transferred to the various Funds and Accounts or paid in the amounts specified in the Bond Resolution and as shall be specified in the request and authorization delivered pursuant to the Bond Resolution.

Series 2014 Rebate Fund. The Board will pay, from Auxiliary Revenues, all payments required by the Tax Compliance Certificate at the times required therein, if any, to the United States as a rebate payment if required under the Code. The Series 2014 Rebate Fund will be held for the sole benefit of the United States of America and is not subject to the lien of the Bond Resolution. Deposits will be made into and withdrawals will be made from the Series 2014 Rebate Fund as provided in the Tax Compliance Certificate.

Series 2014 Costs of Issuance Account of the Series 2014 Bond Proceeds Fund. Moneys in the Series 2014 Costs of Issuance Account will be applied by the Trustee to pay, upon the written order of an Authorized Representative, amounts of expenses certified in such request which are fees and expenses incurred or to be incurred in connection with

or incident to the issuance and sale of the Series 2014 Bonds. Upon the earlier of (i) the date which is six (6) months following the date of issuance of the Series 2014 Bonds, or (ii) receipt of the written direction of an Authorized Board Representative stating that all Series 2014 Costs of Issuance have been paid, the Trustee will transfer any amounts remaining in the Series 2014 Costs of Issuance Account including the earnings thereon, to the Series 2014 Interest Account.

Series 2014 Interest Account, Series 2014 Principal Account of the Bond Fund. (a) There shall be deposited into the Series 2014 Interest Account or the Series 2014 Principal Account, as appropriate, and as and when received (i) all payments pursuant to Pledge of Auxiliary Revenues Article of the Seventeenth Supplemental Resolution and any payments on the Series 2014 Bonds, (ii) all moneys transferred to the Series 2014 Interest Account or Series 2014 Principal Account from the Series 2014 Costs of Issuance Account pursuant to the Seventeenth Supplemental Resolution, (iii) all other moneys required or permitted to be deposited into the Series 2014 Interest Account or Series 2014 Principal Account pursuant to the Seventeenth Supplemental Resolution, including any supplements or amendments thereto and (iv) all other moneys received by the Trustee when accompanied by directions not inconsistent with the Seventeenth Supplemental Resolution that such moneys are to be paid into the Series 2014 Principal Account or Series 2014 Interest Account. There shall also be retained in the Series 2014 Principal Account and Series 2014 Interest Account, respectively, interest and other income received on investment of moneys in such accounts to the extent provided in the Seventeenth Supplemental Resolution. If the Trustee does not receive payments into the Series 2014 Principal Account and Series 2014 Interest Account pursuant to the Seventeenth Supplemental Resolution when due, the Trustee will immediately notify the Board of such nonpayment. The Board shall receive a credit against the Board's obligation to make deposits in the Series 2014 Principal Account and Series 2014 Interest Account to the extent of interest earnings on moneys in the Series 2014 Principal Account and Series 2014 Interest Account.

Investments and Earnings on Certain Funds and Accounts and Valuation Thereof. The amounts on deposit in the Funds and Accounts created by the Seventeenth Supplemental Resolution shall be invested in Permitted Investments, as defined in the Seventeenth Supplemental Resolution. Notwithstanding any provision of the General Bond Resolution to the contrary, earnings on the amounts held in the Series 2014 Interest Account or the Series 2014 Principal Account of the Bond Fund shall be retained therein. Any provisions of the General Bond Resolution to the contrary notwithstanding, for the purpose of determining the amount in any Fund or Account, all Permitted Investments credited to such Fund or Account shall be valued at fair market value. Except as otherwise described in this paragraph, the Trustee shall determine the fair market value based on accepted industry standards and from accepted industry providers. Certificates of deposit shall be valued at the face amount thereof plus accrued interest. Other investments not specified in this paragraph shall be valued in accordance with the value established by prior agreement among the Board and the Trustee.

PROPOSED FUTURE INDEBTEDNESS OF THE BOARD

The University implemented a Comprehensive Housing plan in 2002 and a campus master plan in 2003 projecting capital expenditures for projects throughout the campus. Funding for these projects is expected from various sources, including the issuance of revenue bonds. Over the next two years, the Board currently expects to issue additional bonds in the approximate amount of \$55 million for the planning, design and construction of the New Residence Hall, phase II, the renovation and additions to Evangeline Residence Hall, planning and design of New Family Apartments, and renovations to Highland and Louise Garig Halls. To meet quality of life expectations of LSU students, the Student Health Center determined the need for upgrades and additions to its current facilities. Over the next two years, the Board anticipates issuing additional bonds in the approximate amount of \$25 million to expand the Student Health Center with a major upgrade and renovation of the existing facility. There can be no assurance that, as its needs dictate, the Board will not issue additional parity bonds for new projects.

INTEREST RATE SWAPS

The Board currently has no interest rate swap agreements and no plans to enter into any interest rate swap

agreements.

BONDHOLDERS' RISKS

Purchasers of the Series 2014 Bonds are advised of certain risk factors with respect to the ability of the Board to pay the principal, premium, if any, and interest on the Series 2014 Bonds.

THE FUTURE AVAILABILITY OF AUXILIARY REVENUES IS DEPENDENT UPON THE CONTINUED OPERATION OF THE UNIVERSITY, WHICH IS PRIMARILY FUNDED BY STUDENT TUITION AND FEES AND STATE APPROPRIATIONS WHICH ARE NOT PLEDGED TO, NOR AVAILABLE FOR, THE PAYMENT OF THE SERIES 2014 BONDS. THEREFORE, THE ABILITY OF THE UNIVERSITY TO MAKE PRINCIPAL AND INTEREST PAYMENTS ON THE SERIES 2014 BONDS IS INDIRECTLY CONTINGENT UPON SUFFICIENT ANNUAL STATE APPROPRIATIONS TO CONTINUE THE OPERATIONS OF THE UNIVERSITY.

Operating Budget Environment

The ten-year period from fiscal years 1999-2000 through 2008-2009, with the exception of 2005-2006 (hurricanes Katrina and Rita), was a period of steady increases in State appropriations to the University. In 2007-08, the cumulative increases allowed the University to not only reach the average State appropriation per student of its peers in the Southern Regional Education Board (SREB) states for the first time in twenty-six years, but also significantly advanced its strategic plan (the National Flagship Agenda). In 2008-2009, this period of sustained increases in appropriations helped to propel the University into the top tier of American universities, as reported in *US News and World Report*.

Due to numerous financial factors, such as the decision to cut taxes for individuals and businesses, an increase in the number of tax credits and rebates, languishing severance tax collections and a retrenchment in spending resulting from an eroding national economy, the revenues available to the State began to decline. In January 2009, the University's period of increases in State appropriations ended with the implementation of a \$10.3 million mid-year reduction in State appropriations and the forecast of more cuts for the ensuing fiscal years. Then Chancellor Michael Martin, in concert with the leadership of the faculty, staff and students, laid out principles to be followed throughout this multiyear budget crisis. The overarching principle is to protect the academic core. Priorities established to guide budgetary adjustments are to: (i) preserve and protect the University's academic, mission-driven, excellence-oriented core; (ii) maintain momentum in adapting and implementing the National Flagship Agenda; (iii) retain sufficient flexibility, if possible, to pursue programmatic "targets of opportunity;" (iv) seek every possible cost saving efficiency in both academic and non-academic functions, including inter-institutional partnerships and collaborations; (v) pursue new sources of revenue, including successfully completing the Forever LSU (capital) Campaign; and (vi) protect jobs for critical personnel and long-serving employees. The University has adhered to these principles during the subsequent budget cuts.

From the first cut to State funds in January 2009 until the approved fiscal year 2013-14 budget, LSU State appropriations to LSU declined by \$122.3 million, or 52 percent. Tuition, fees, and other self-generated revenues mitigated most of the reduction, and now comprise more than 70 percent of the total operating budget revenue. Reliance on non-state revenue sources is a national trend among the flagship state universities. In all, the total operating budget dropped from \$451.3 million in fiscal year 2008-09 to a low point of \$430.5 million in fiscal year 2009-10 before returning to \$453 million budget for fiscal year 2013-14. Despite the budget challenges, student enrollment has grown over the past four years and is expected to grow again next fall.

The State's Revenue Estimating Conference predicted a slight increase in State general fund revenues for fiscal year 2013-14 and every year until fiscal year 2016-17. For fiscal year 2014-15, the Louisiana Legislature approved a total operating budget for the University of \$475.2 million, up \$22 million from fiscal year 2013-14. The 4.9 percent increase is due to a \$26.7 million increase in self-generated revenue offsetting a \$4.5 million reduction in State general funds. The University expects modest annual budget growth over the next four years yielded from a combination of

rising State revenue projections and scheduled tuition and fee increases through FY2015-16.

In May 2014, the State's Revenue Estimating Conference revised the fiscal year 2014-15 revenue forecasts downward by \$49.6 million out of a State general fund budget of \$8.7 billion. The estimates for subsequent fiscal years show a steady increase: \$8.9 billion in fiscal year 2016; \$9.1 billion in fiscal year 2017 and 2018. The FY2014-15 operating budget is scheduled to be approved by the management boards in September 2014.

Factors Affecting Higher Education Generally

There are a number of factors generally affecting institutions of higher education, including the University, that could have an adverse effect on the Board's financial position and its ability to make the payments required under the Bond Resolution. These factors include the continuing rising costs of providing higher education services; the expected decline in the number of college-age persons in the country generally; the failure to maintain or increase in the future the funds obtained by the University from other sources, including gifts and contributions from donors, grants or appropriations from governmental bodies and income from investment of endowment funds; adverse results from the investment of endowment funds; increasing costs of compliance with federal or State regulatory laws or regulations, including, without limitation, laws or regulations concerning environmental quality, work safety and accommodating the handicapped; the privatization of Auxiliary Enterprises; and legislation or regulations which may affect student aid and other program funding. The Board cannot assess or predict the ultimate effect of these factors on its operations or on the financial results of its operations.

NCAA Compliance Issues

LSU is a member of the National Collegiate Athletic Association ("NCAA") and the Southeastern Conference ("SEC"). As a member institution, LSU is subject to certain rules and regulations governing among other things, the recruitment of student athletes, the conduct of athletics personnel, student-athlete eligibility, academic performance, amateurism, financial aid and the benefits available to student athletes. The NCAA has the power to investigate and impose appropriate sanctions based on violations of its rules. In the event that an LSU athletic program is deemed to be involved in a major violation of NCAA or SEC rules, sanctions could be imposed that might adversely affect the quality of teams fielded by LSU as well as the ability of LSU to field a team. To the extent that sanctions imposed by the NCAA could adversely affect the quality of teams fielded by LSU, sanctions could adversely affect attendance at LSU athletic contests and thereby impact the revenues of the Athletic Department Auxiliary Enterprise. Revenues from the operation of the Athletic Department Auxiliary Enterprise are significant. See "HISTORICAL AUXILIARY REVENUES AND ANNUAL DEBT SERVICE REQUIREMENTS - Historical Auxiliary Revenues" herein.

Possible sanctions vary greatly depending on the nature and severity of infractions and may also be influenced by factors including the institution's history of previous violations. The range of sanctions available to the NCAA include: public reprimand; limiting the number of scholarships available to potential student athletes; prohibitions against television appearances and participation in post season "bowl games;" and the "death penalty," whereby a member institution is prohibited from participating in a particular sport. The death penalty may be applied only in cases where: a member institution is found guilty of a major violation of NCAA rules; the circumstances surrounding the violation indicate a lack of institutional control; and the member institution has a history of violations occurring within a five year period immediately preceding the additional violations. Although previous action by the NCAA does not constitute precedent, the death penalty has been imposed in only one case, involving numerous, serious and persistent recruiting violations indicating a lack of institutional control with respect to a single sport.

In March 2010, the University's Athletic Department self-reported violations it had found within the football program to the NCAA. Those self-reported violations ultimately resulted in allegations of major violations of NCAA bylaws by the NCAA Enforcement staff. On April 16, 2011, the University appeared before the NCAA Division I Committee on Infractions to address those allegations. On July 19, 2011, the NCAA issued its "Public Infractions Report," outlining the violations found by the Committee and the penalties imposed by the Committee. The Committee on Infractions accepted LSU's self-imposed penalties and lauded the LSU Athletic Department's Compliance Office for its efforts to investigate and uncover the violations. The Committee imposed no additional penalties on the University.

The football program was on NCAA probation from July 19, 2011 through July 18, 2012. This probation period deviated from the NCAA's presumptive minimum probationary period of two years. The Committee on Infractions noted this deviation resulted only from the determined efforts of the University's Compliance Office to investigate and self-report the identified violations. During the probationary period, the University was required to provide compliance reports to the NCAA Committee on Infractions. On October 19, 2012, the NCAA wrote to the University to notify it that the University had met all requirements of its probation, that the probationary period was concluded, and that the University was restored to the full rights and privileges of NCAA membership. The University does not believe the violations, resulting investigation, and findings and penalties from the NCAA have had or will have a material impact on the financial or other operations of the football program or Athletic Department.

The University has also reported certain secondary violations in the football program and in other athletics programs to the Southeastern Conference over the last several years. These violations are not believed to differ materially from violations that occur and are uncovered at other Southeastern Conference institutions. These violations often result in self-imposed penalties or penalties imposed by the Southeastern Conference. None of these violations or penalties is believed by the University to have had or is expected to have a material impact on the financial or other operations of the Athletic Department or any of the athletics programs.

Recent Legislation/Regular Session 2014

2014 Regular Session

The 2014 Regular Session of the Louisiana Legislature ended positively for LSU and all Louisiana higher education. In a departure from previous years, the base state appropriations remained unchanged. The state budget also provided \$25,505,000 more in authority for the collection of self-generated revenues, mostly accruing from tuition and probable enrollment increases. Under the La GRAD Act of 2010 and 2011, LSU qualified to increase resident tuition rates by 10%, and the LSU Board of Supervisors has approved the increase beginning Fall 2014. The main higher education initiative of 2014 was the \$40 million Workforce & Innovation for a Stronger Economy (WISE) Fund, a plan tying money to degree production and research productivity. Passing without objection, Act 803 is considered the first-broad based plan connecting workforce needs with higher education production, and had no opposition in the Legislature. In fact, the bill announcement and bill signing were held on the LSU campus.

The capital budget for LSU included a 50-50 public-private partnership for the \$110 million renovation and construction for the College of Engineering, completion of the honors facility (French House), and acquisition of land for LSU's Innovation Park. The Nicholson Gateway project was also approved, opening the way for the university to begin the development of mixed-use facilities along a main campus thoroughfare. Four dormitory projects and an expansion of the student health center were also approved, all to be funded by fees and self-generated auxiliary revenue.

From an administrative perspective, LSU was the benefactor of two pieces of legislation. Act 749 clarified LSU's ability to participate in a university-specific pilot procurement code. LSU has drafted the code and will soon initiate the steps for ultimate adoption in accordance with the Administrative Procedures Act (the state rule-making process). There were no votes in opposition to the legislation and no opposition is expected during the regulatory procedures. Act 701 raised the legislative approval threshold of capital projects to \$1 million, thus permitting LSU greater latitude to deploy revenues generated from a facility-specific fee approved as Act 426 of the 2013 Regular Session.

Looking Ahead

The 2015 Regular Session of the Legislature will be a "fiscal-only" session, meaning that measures will primarily, but not exclusively, be related to taxation and public finances. The exception to the fiscal-only rule is that each legislator may file five non-fiscal bills. With 144 legislators, there is the potential for 720 non-fiscal bills. The 2015 Regular Session will also be the last session before statewide elections for governor and all legislators. It is expected that bills will be filed with the author's eye looking toward re-election. This will generally mean caution among most not to get tangled in debates, but with some making bold proposals to differentiate themselves from their competitors. Higher

education should not be greatly impacted as the sentiment among legislative leaders is that a) it has taken enough of the financial brunt, and b) there are adequate performance-based measures codified to incentivize greater output.

Difficulties in Enforcing Rights and Remedies

The remedies available to the Trustee or the owners of the Series 2014 Bonds upon an event of default under the Bond Resolution are in many respects dependent upon judicial actions which are often subject to discretion and delay. Under existing constitutional and statutory law and judicial decisions, including specifically Title 11 of the United States Code (the federal bankruptcy code), the rights and remedies provided in the Bond Resolution, and the rights and remedies of any party seeking to enforce the pledge may not be readily available or may be limited. The State Constitution provides that no judgment against the State, a state agency, or a political subdivision will be exigible, payable, or paid except from funds appropriated therefor by the State Legislature or by the political subdivision against which judgment is rendered. Furthermore, the pledge of Auxiliary Revenues under the Bond Resolution does not give any party the right to seize property or funds of the Board or the University, including the Auxiliary Revenues.

The various legal opinions delivered concurrently with the delivery of the Series 2014 Bonds or to be delivered concurrently with the delivery of the Bond Resolution will be qualified as to the enforceability of the various legal instruments by limitations imposed by general principles of equity and by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally, including but not limited to, the ability to seize funds or property of the Board or the University. The exceptions would encompass any exercise of federal, State or local police powers (including the police powers of the University and the State), in a manner consistent with public health and welfare and the applicability of Article VII, § 2.1 of the Constitution to the imposition of or increases in charges imposed by the Auxiliary Enterprises. Enforceability of the Bond Resolution, and availability of remedies to a party seeking to enforce the pledge of the Auxiliary Revenues where such enforcement or availability may adversely affect public health and welfare, may be subject to these police powers.

Article VII, § 2.1 of the Constitution

Article VII, § 2.1 of the Louisiana Constitution may limit the ability of the Board and the University to impose or increase charges and assessments securing the Series 2014 Bonds, absent legislative approval by a two-thirds majority, or favorable judicial interpretation or subsequent amendment precluding application of this constitutional provision to the imposition and/or increase in such charges or assessments. See “SECURITY FOR THE SERIES 2014 BONDS - Approval for Fees and Civil Fines” and “BONDHOLDER’S RISKS - Operating Budget Environment.”

Summary Financial Information

Certain financial information of the University is set forth herein and in “APPENDIX A” and “APPENDIX B” hereto. There can be no assurance that the financial results achieved by the University in the future will be similar to historical results. Such future results will vary from historical results, and actual variations may be material. Therefore, the historical operating results of the University cannot be taken as a representation that the University will be able to generate sufficient Auxiliary Revenues in the future to make payments of principal of, redemption premium, if any, and interest on the Series 2014 Bonds.

RATINGS

Moody’s Investors Service, Inc. (“Moody’s”) and Fitch Ratings (“Fitch”) have assigned ratings of [] and [] respectively, to the Series 2014 Bonds.

Such ratings reflect only the view of such organizations and any desired explanation of the significance of such ratings should be obtained from Moody’s Investors Service, Inc., 7 World Trade Center, 250 Greenwich Street, New York, New York 10007; and Fitch Ratings, 33 Whitehall Street, New York, New York 10004. Generally, a rating

agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance such ratings will continue for any given period of time or that such ratings will not be revised downward or withdrawn entirely by the rating agencies, if in the judgment of such rating agencies, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Series 2014 Bonds.

The Board has not requested any other organization to consider the assignment of a rating for the Series 2014 Bonds.

TAX EXEMPTION

General

In the opinion of Adams and Reese LLP, Bond Counsel, to be delivered contemporaneously with the delivery of the Series 2014 Bonds, under existing law, (i) interest on the Series 2014 Bonds is excludable from gross income for federal income tax purposes, and (ii) interest on the Series 2014 Bonds is not an item of tax preference for purposes of the federal alternative minimum tax; however, for purposes of computing the federal alternative minimum tax imposed on certain corporations, such interest is taken into account in determining adjusted current earnings.

It is the further opinion of Bond Counsel that, pursuant to the Refunding Act, the Series 2014 Bonds and the income therefrom are exempt from all taxation by the State of Louisiana or any political subdivision thereof. The opinion to be rendered by Bond Counsel on the date of delivery of the Series 2014 Bonds is expected to be in substantially the form of APPENDIX C.

The Code imposes a number of requirements that must be satisfied for interest on state and local obligations to be excludable from gross income for federal income tax purposes. These requirements include limitations on the use of bond proceeds and the source of repayment of bonds, limitations on the investment of bond proceeds prior to expenditure, a requirement that excess arbitrage earned on the investment of certain bond proceeds be paid periodically to the United States of America, except under certain circumstances, and a requirement that information reports be filed with the Internal Revenue Service. The Board has covenanted that it will, to the extent permitted by the laws of the State, comply with the requirements of the Code in order to maintain the exclusion from gross income of interest on the Series 2014 Bonds for federal income tax purposes.

The opinion of Bond Counsel will assume continuing compliance by the Board with the covenants of the Bond Resolution and the Tax Compliance Certificate pertaining to those sections of the Code which affect the exclusion from gross income of all amounts treated as interest on the Series 2014 Bonds for federal income tax purposes and, in addition, will rely on representations by the Board with respect to matters solely within the knowledge of the Board, which Bond Counsel has not independently verified. If the Board should fail to comply with the covenants in the Bond Resolution and the Tax Compliance Certificate, or if the representations relied upon should be determined to be inaccurate or incomplete, all amounts of interest on the Series 2014 Bonds could become taxable from the date of delivery of the Series 2014 Bonds, regardless of the date on which the event causing such taxability occurs.

Although Bond Counsel will render an opinion that all amounts treated as interest on the Series 2014 Bonds are excludable from gross income for federal income tax purposes, the accrual or receipt of interest on the Series 2014 Bonds may otherwise affect the federal income tax liability of the recipient. The extent of these other tax consequences will depend upon the recipient's particular tax status or other items of income or deduction. Bond Counsel will express no opinion regarding any such consequences. Purchasers of the Series 2014 Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States), property and casualty insurance companies, banks, thrifts or other financial institutions, recipients of social security or railroad retirement benefits, taxpayers otherwise entitled to claim the earned income credit, or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, are advised to consult their tax

advisors as to the tax consequences of purchasing or holding the Series 2014 Bonds.

Except as stated above, Bond Counsel will express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt of interest on or disposition of the Series 2014 Bonds.

Changes in Federal and State Tax Law

Tax legislation, administrative actions taken by tax authorities, and court decisions may cause interest on the Series 2014 Bonds to be subject, directly or indirectly, to federal income taxation or to be subject to state income taxation, or otherwise prevent the beneficial owners of the Series 2014 Bonds from realizing the full current benefit of the tax status of such interest. In addition such legislation or actions (whether currently proposed, proposed in the future or enacted) could affect the market price or marketability of the Series 2014 Bonds. For example, ongoing negotiations between President Obama and the two Houses of Congress to resolve federal budget deficit issues may result in the enactment of tax legislation that could significantly reduce the benefit of, or otherwise affect, the exclusion of gross income of interest for federal income tax purposes on all state and local obligations, including the Series 2014 Bonds. It cannot be predicted whether or in what form any such tax legislation might be enacted or whether, if enacted, it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced and proposed, and litigation is threatened or commenced which, if implemented or concluded in a particular matter, could adversely affect the market value of the Series 2014 Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular legislation or judicial action will be resolved, or whether the Series 2014 Bonds or the market value thereof would be impacted thereby. Prospective purchasers of the Series 2014 Bonds should consult their own tax advisors regarding any pending or proposed federal or state tax legislation, regulations or litigation, and their impact on their individual situations, as to which Bond Counsel expresses no opinion.

PROSPECTIVE PURCHASERS OF THE SERIES 2014 BONDS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS PRIOR TO ANY PURCHASE OF THE SERIES 2014 BONDS AS TO THE IMPACT OF THE CODE UPON THEIR ACQUISITION, HOLDING OR DISPOSITION OF THE SERIES 2014 BONDS.

Tax Treatment for Premium Bonds*

The Series 2014 Bonds maturing on July 1, _____ through _____, inclusive, (the "Premium Bonds") are being offered and sold to the public in excess of their stated principal amounts.

Such excess is characterized as a "bond premium" and must be amortized by an investor purchasing a Premium Bond on a constant yield basis over the remaining term of the Premium Bond in a manner that takes into account potential call dates and call prices. An investor cannot deduct amortized bond premium related to a tax-exempt bond for federal income tax purposes. However, as bond premium is amortized, the amount of Premium amortized in a period reduces the investor's basis in the Premium Bond and reduces the amount of interest allocable to the amortization period. Investors who purchase a Premium Bond should consult their own tax advisors regarding the amortization of bond premium and its effect on the Premium Bond's basis for the purposes of computing gain or loss in connection with the sale or exchange of the Premium Bond.

Tax Treatment of Original Issue Discount*

The Series 2014 Bonds maturing on July 1, _____ and July 1, _____ (the "OID Bonds") are sold at an original issue discount. The difference between the initial public offering price of the OID Bonds and their stated principal amount payable at maturity constitutes original issue discount treated as interest which is excluded from gross income for federal income tax purposes and which is exempt from all taxation in the State of Louisiana subject to the caveats and provisions described above under "General."

In the case of an owner of an OID Bond, the amount of original issue discount which is treated as having

*Preliminary, subject to change.

accrued with respect to such OID Bond, is added to the cost basis of the owner in determining, for federal income tax purposes, gain or loss upon disposition of such OID Bond (including its sale, redemption or payment at maturity). Amounts received upon disposition of such an OID Bond which are attributable to accrued original issue discount will be treated as tax-exempt interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual OID Bond, on days which are determined by reference to the maturity date of such OID Bond. The amount treated as original issue discount on such OID Bond for a particular semiannual period is equal to (a) the product of (i) the yield to maturity for such OID Bond and (ii) the amount which would have been the tax basis of such OID Bond at the beginning of the particular semiannual period if held by the original purchaser, (b) less the amount of any payments on such OID Bond during the semiannual period. The tax basis is determined by adding to the initial public offering price on such OID Bond the sum of the amounts which would have been treated as original issue discount for such purposes during all prior periods. If such an OID Bond is sold between compounding dates, original issue discount which would have accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Owners of OID Bonds should consult their own tax advisors with respect to the determination for federal income tax purposes of original issue discount accrued with respect to such OID Bonds as of any date, with respect to the accrual of original issue discount for such OID Bonds purchased on the secondary markets and with respect to the state and local tax consequences of owning such OID Bonds.

Backup Withholding

As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax exempt obligations such as the Series 2014 Bonds is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments made after March 31, 2007 to any bondholder who fails to provide certain required information, including an accurate taxpayer identification number, to any person required to collect such information pursuant to Section 6049 of the Code. This reporting requirement does not, in and of itself, affect or alter the excludability of interest on the Series 2014 Bonds from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax exempt obligations.

LEGAL MATTERS

Certain legal matters incident to the authorization, issuance, validity and exclusion from gross income for federal income tax purposes of interest on the Series 2014 Bonds are subject to the approval of Adams and Reese LLP, Baton Rouge, Louisiana, Bond Counsel, a copy of whose approving opinion will be printed on the Series 2014 Bonds and the proposed form of which is included in APPENDIX C. Certain other legal matters will be passed upon for the Board by its counsel, Taylor, Porter, Brooks & Phillips, L.L.P., Baton Rouge, Louisiana, and for the Trustee by its counsel, Gregory A. Pletsch & Associates, Baton Rouge, Louisiana. In addition, certain legal matters will be passed upon for the Underwriters by their counsel, Foley & Judell, L.L.P., Baton Rouge, Louisiana.

LITIGATION

There are no legal proceedings or litigation now pending or, to the knowledge of the Board, threatened against the Board which restrain or enjoin the issuance or delivery of the Series 2014 Bonds or question or affect the legality of the Series 2014 Bonds or the proceedings and authority under which the Series 2014 Bonds are issued.

UNDERWRITING

The Series 2014 Bonds are being purchased for reoffering by Raymond James & Associates, Inc., Senior

Managing Underwriter (the “Representative” or “Raymond James”), as representative of the Underwriters identified on the cover page hereof (collectively, the “Underwriters”), pursuant to a Bond Purchase Agreement. The Series 2014 Bonds are being purchased at an aggregate purchase price of \$_____ (representing \$_____ original principal amount of the Series 2014 Bonds, less \$_____ of Underwriters’ discount, plus \$_____ net original issue premium).

The Underwriters intend to offer the Series 2014 Bonds to the public initially at the prices set forth on the cover page of this Official Statement, which may subsequently change without any requirement of prior notice. The Underwriters reserve the right to join with dealers and other underwriters in offering the Series 2014 Bonds to the public. The Underwriters may offer and sell the Series 2014 Bonds to certain dealers at prices lower than the public offering prices. In connection with this offering, the Underwriters may over allot or effect transactions which stabilize or maintain the market price of the Series 2014 Bonds offered hereby at a level above that which might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

The Bond Purchase Agreement requires the Underwriters to purchase all of the Series 2014 Bonds if any are purchased.

Raymond James may also receive compensation for serving as bidding agent in conducting a competitive bid for the investment of some or all of the proceeds of the Series 2014 Bonds.

VERIFICATION OF COMPUTATIONS

The arithmetical accuracy of certain computations included in the schedules provided by the Underwriter on behalf of the Board relating to (a) computation of anticipated receipts of principal and interest on the Defeasance Obligations referred to under “PLAN OF REFUNDING OF THE PRIOR BONDS” and the anticipated payments of principal and interest to redeem the Prior Bonds, and (b) computation of the yields on the Series 2014 Bonds and the Defeasance Obligations was examined by Causey Demgen & Moore P.C. Such computations were based solely upon assumptions and information supplied by the Underwriter on behalf of the Board. Causey Demgen & Moore P.C. has restricted its procedures to examining the arithmetical accuracy of certain computations and has not made any study or evaluation of the assumptions and information upon which the computations are based and, accordingly, has not expressed an opinion on the data used, the reasonableness of the assumptions, or the achievability of future events.

CERTIFICATION AS TO OFFICIAL STATEMENT

At the time of payment for and delivery of the Series 2014 Bonds, the Board will furnish the Underwriters a certificate signed by the Chairman and Secretary of the Board to the effect that (i) the descriptions and statements, including financial data, of or pertaining to the Board on the date of the Official Statement, on the date of the sale of the Series 2014 Bonds and on the date of the delivery thereof, were and are true in all material respects, and, insofar as such matters are concerned, the Official Statement did not and does not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, (ii) insofar as the descriptions and statements, including financial data, of or pertaining to governmental and/or non-governmental entities other than the Board and their activities contained in the Official Statement are concerned, such descriptions, statements, and data have been obtained from sources which the Board believes to be reliable and the Board has no reason to believe that they are untrue or incomplete in any material respect, and (iii) there has been no adverse material change in the affairs of the Board between the date the Preliminary Official Statement was deemed final by the Board and the date of delivery of the Series 2014 Bonds.

CONTINUING DISCLOSURE**[TO BE UPDATED]**

The Board will enter into an undertaking (the "Undertaking") for the benefit of the owners of the Series 2014 Bonds to provide, so long as the Series 2014 Bonds are outstanding and so long as required by the hereinafter defined Rule, certain financial information, operating data and notice of events, pursuant to the requirements of Section (b)(5)(i) of Securities and Exchange Commission Rule 15c2-12 (17 C.F.R. Part 240, §240.15c2-12) (the "Rule"). See "APPENDIX F - FORM OF CONTINUING DISCLOSURE CERTIFICATE."

The Board was late in filing its annual report and audited financial statements for the Fiscal Year ended June 30, 2009 (due on March 31, 2010), in connection with certain Outstanding Parity Bonds. The audited financial statements for the Fiscal Year ended June 30, 2009, were not released by the Legislative Auditor of the State until April 7, 2010, and those statements, along with the annual report, were filed with the Municipal Securities Rulemaking Board's Electronic Municipal Market Access on May 25, 2010. Because the Board's audited financial statements are typically not available until after March 31 of each year, the Board's undertaking in connection with the Series 2014 Bonds will be due on April 30 of each year, and the Board has amended certain prior undertakings to change the due date to April 30 of each year. The Board is presently in compliance with its continuing disclosure obligations and has implemented internal and external procedures to ensure timely compliance with its undertakings in the future.

[*FIND OUT IF LSU HAS ENROLLED IN THE EMMA ALERT SERVICE ***]**

A failure by the Board to comply with the Undertaking will not constitute an Event of Default under the Bond Resolution (although Bondholders will have any available remedy at law or in equity). Nevertheless, such a failure must be reported in accordance with the Rule and must be considered by a broker-dealer or municipal securities dealer before recommending the purchase or sale of the Series 2014 Bonds in the secondary market. Consequently, such a failure may adversely affect the transferability and liquidity of the Series 2014 Bonds and their market price.

Furthermore, recently-enacted Louisiana law provides additional procedures designed to ensure compliance with the Continuing Disclosure Certificate by (i) requiring public entities, such as the Board, to keep certain records demonstrating compliance with the Continuing Disclosure Certificate, and (ii) mandating the Board's auditor, as part of the preparation of the Board's annual financial audit, review the Board's compliance with its continuing disclosure undertakings and record keeping requirements. Such legislation became effective on August 1, 2014.

SECTION 4. THE UNDERWRITER'S RIGHT TO CANCEL.

The Underwriter shall have the right to cancel its obligations hereunder to purchase the Series 2014 Bonds by notifying the Board in writing or by electronic means of its election to do so between the date hereof and the Closing Date, if at any time hereafter and prior to the Closing Time:

(i) Legislation shall be introduced in or enacted by the Congress of the United States or adopted by either House thereof or introduced in or enacted by the legislature of the State, or a decision by a Federal court (including the Tax Court or Claims Court of the United States) or a State court shall be rendered, or a ruling, regulation (proposed, temporary or final) or statement by or on behalf of the Treasury Department of the United States, the Internal Revenue Service or other Federal or State agency shall be made, with respect to the revenues and other property pledged to the payment of the Series 2014 Bonds or with respect to interest received on bonds of the general character of the Series 2014 Bonds, or which would have the effect of changing, directly or indirectly, the Federal or State income tax consequences of interest on bonds of the general character of the Series 2014 Bonds in the hands of the holders thereof, which legislation, ruling, regulation or official statement would, in the Underwriter's reasonable judgment, materially adversely affect the market price of the Series 2014 Bonds;

(ii) The marketability of the Series 2014 Bonds or the market price thereof, in the opinion of the Underwriter, has been materially and adversely affected by disruptive events, occurrences or conditions in the securities or debt markets, or any legislation, ordinance, rule, regulation or policy statement shall be introduced in or be enacted by any governmental body, department or agency in the State or the Federal government, or a decision by any court of competent jurisdiction within the State or the Federal government shall be rendered which, in the Underwriter's reasonable opinion, materially adversely affects the marketability of the Series 2014 Bonds or the market price of the Series 2014 Bonds;

(iii) A stop order, ruling, regulation or official statement by, or on behalf of, the Securities and Exchange Commission or any other governmental agency having jurisdiction of the subject matter shall be issued or made to the effect that the issuance, offering or sale of the obligations of the general character of the Series 2014 Bonds, or the issuance, offering or sale of the Series 2014 Bonds, including all underlying obligations, as contemplated hereby or by the Official Statement, is in violation or would be in violation of any provision of the Federal securities laws, including the Securities Act of 1933, as amended and as then in effect, or the registration provisions of the Securities Exchange Act of 1934, as amended and as then in effect, or the qualification provisions of the Trust Indenture Act of 1939, as amended and as then in effect;

(iv) Legislation shall be enacted by the Congress of the United States of America, or a decision by a court of the United States of America shall be rendered, to the effect that obligations of the general character of the Series 2014 Bonds are not exempt from registration under the Securities Act of 1933, as amended and as then in effect, or the Securities Exchange Act of 1934, as amended and as then in effect, or that the Bond Resolution as an indenture is not exempt from qualification under the Trust Indenture Act of 1939, as amended and as then in effect;

(v) Any event shall have occurred, or information become known, which, in the Underwriter's reasonable opinion, makes untrue in any material respect any statement or information contained in the Official Statement (as it may have been previously supplemented or amended) or has the effect that the Official Statement (as it may have been previously supplemented or amended) contains an untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made therein, in light of the circumstances under which they were made, not misleading;

(vi) Additional material restrictions not in force as of the date hereof shall have been imposed upon trading in securities generally by any governmental authority or by any national securities exchange;

(vii) The New York Stock Exchange or other national securities exchange, or any governmental authority, shall impose, as to the Series 2014 Bonds or obligations of the general character of the Series 2014 Bonds, any material restrictions not now in force, or increase materially those now in force, with respect to the extension of credit by, or the charge to the net capital requirements of, underwriters such as the Underwriter;

(viii) A general banking moratorium shall have been established by federal, New York or State authorities;

(ix) Any proceeding shall be pending or threatened by the Securities and Exchange Commission against the Board;

(x) A war involving the United States of America shall have been declared, or any conflict involving the armed forces of the United States of America shall have escalated, or any other national emergency relating to the effective operation of government or the financial community

shall have occurred, which, in the Underwriter's reasonable opinion, materially adversely affects the market price of the Series 2014 Bonds;

(xi) The President of the United States of America, the Office of Management and Budget, the Department of the Treasury, the Internal Revenue Service, or any other governmental body, department or agency of the United States of America shall take or propose to take any action or implement or propose regulations or rulings which, in the Underwriter's reasonable opinion, materially adversely affect the market price of the Series 2014 Bonds, impact adversely in a material manner upon the Board's ability to apply the proceeds of the Series 2014 Bonds for the purposes for which the Series 2014 Bonds were authorized to be issued or causes the Official Statement (as it may have been previously supplemented or amended pursuant to Section 2(a)(vi) hereof) to be incorrect or misleading in any material respect;

(xii) The long term ratings assigned to the Series 2014 Bonds shall have been downgraded from [**“AA-” (Stable Outlook)**] by Fitch or [**“A1” (Positive Outlook)**] by Moody's, after the date hereof, the effect of which, in the reasonable judgment of the Underwriter, is to affect materially and adversely the market prices of the Series 2014 Bonds;

(xiii) The Board shall fail to deliver Official Statements to the Underwriter as provided in Section 1(e) hereof; provided, however, that the Underwriter may not terminate its obligations hereunder as a result of the failure of the Board to deliver such Official Statements unless such failure materially affects the Underwriter's marketing and sale of the Series 2014 Bonds or subjects the Underwriter to compliance infractions under the Securities and Exchange Commission or the MSRB delivery requirements;

(xiv) Failure by the Board to execute the Continuing Disclosure Certificate; or

(xv) There shall have occurred or any notice shall have been given of any intended downgrading, suspension, withdrawal or negative change in credit watch status by any national rating service to any of the Board's obligations.

SECTION 7. PAYMENT OF EXPENSES.

Whether or not the Series 2014 Bonds are sold by the Board to the Underwriter, the Underwriter shall be under no obligation to pay any expenses incident to the performance of the Board's obligations hereunder. The total amount of this financial aid in the 2012-13 academic year was over \$315 million. Of this amount, 47% was derived from federal sources, 21% was derived from institutional sources, 9% was derived from private sources, and 23% was derived from state sources.

PRIVATE SUPPORT

The LSU Alumni Association, the LSU Foundation, and the Tiger Athletic Foundation actively seek support from the private sector to supplement State appropriations.

Alumni gifts generated through the association are used to support academic scholarships, alumni professorships, student jobs, faculty awards, and alumni programs, reunions, and publications. In calendar year 2012 the Alumni Association received more than \$2.3 million from alumni and friends.

Private giving through the LSU Foundation focuses on building its endowment for the University's benefit and on gifts designated for specific purposes in the colleges and schools within the University, including professorships, scholarships, library and museum acquisitions, equipment and facilities, distinguished faculty chairs and fellowships, and other purposes that cannot be supported entirely with State funds. In fiscal year 2013, the LSU Foundation received approximately \$22.1 million in cash contributions. The LSU Foundation's endowed funds were valued at approximately \$381.86 million at June 30, 2013.

The contributions to the Tiger Athletic Foundation benefit every athlete and team at LSU through scholarship and academic awards, as well as through the construction and maintenance of athletic facilities. For the calendar year 2012, the Tiger Athletic Foundation received over \$48.9 million in cash contributions.

COMPUTERS

The University maintains a state-of-the-art information technology environment supporting approximately 35,000 users involved in instructional, research and administrative computing. The University's technology infrastructure includes an enterprise server system to support administrative services, multiple high performance computing clusters, a 10 gig Ethernet network with multiple Internet paths, content and learning management systems, over 200 multimedia classrooms and secure Wi-Fi coverage for the campus.

Information technology facilities serving the campus include 4 computer labs housing more than 350 networked personal computers and workstations, a faculty technology center, and a visualization services center. Software resources available to the LSU community include Microsoft and other commercial software products, as well as an extensive selection of open source packages distributed through a University Web-based software library.

LIBRARIES

The LSU Libraries provides resources to support the instructional and research programs of the University. The libraries rank 50th in size among the top research libraries in the U.S. and Canada, with holdings of 4.45 million volumes and annual expenditures of \$13.5 million. The libraries comprise the main collection in Middleton Library, Special Collections in Hill Memorial Library, the Veterinary Medicine Library in the School of Veterinary Medicine, Law Library in the Law Center, and the Cartographic Information Center in Howe-Russell. The university libraries have been designated a regional depository for U.S. Government documents, a Patent/Trademark Depository, and a Louisiana documents depository. The Law Library is one of the finest in the U.S. Its foreign and comparative law collection has been described by the American Bar Association accreditation committee as a "national treasure".

Special Collection includes the Louisiana and Lower Mississippi Valley Collection (LLMVC), the Rare Book Collection, and the E.A. McIlhenny Natural History Collections, in addition to more than a dozen smaller specialized collections. Comprising the largest accumulation of materials on Louisiana and the lower Mississippi Valley in existence, LLMVC is an international center for researchers studying the region. Special strengths in other collections include natural history, especially ornithology and botany; 18th century British literature and history; and modern fine printing and book arts. Special Collections has contributed more than 50 collections of primary source materials to the Louisiana Digital Library and more than 200,000 pages of historical Louisiana newspapers to *Chronicling America*, both of which are freely available to the public.

RESEARCH

As the Flagship Institution in the state, the University is the State's primary center for research. University researchers are at the forefront in developing new technology and programs, providing education and training for the State's population, and developing a new generation of leadership to take the State into the next century.

Research is conducted by faculty in academic departments and through research centers, institutes, and other special units. At any given time, approximately 1,200 sponsored research projects are underway at the University. In addition, faculty members pursue numerous research projects that are not sponsored by outside agencies, as do many graduate students.

ATHLETICS

The University's athletic teams, the LSU Tigers, draw some of the largest crowds in all of college athletics. Sellout crowds are the norm at Tiger Stadium and the Tigers annually lead or rank among the nation's leaders in baseball attendance. The Pete Maravich Assembly Center accommodates large crowds for basketball, gymnastics, volleyball and other events.

The University offers intercollegiate sports programs for men and woman in 20 sports and is a charter member of the Southeastern Conference.

LSU has achieved dominance in the sports of baseball and track and field while the football team was the first program in the country to win the BCS Championship multiple times. With increased emphasis on women's athletics in the last decade, LSU is competitive across the board in the Southeastern Conference.

The University's athletic program has a national reputation for its facilities and operation. The Pete Maravich Assembly Center has been the site of the SEC Basketball Tournament and NCAA Regional Basketball Tournaments. Alex Box Stadium has hosted the NCAA Baseball regional Tournament on numerous occasions and Dub Robinson Tennis Stadium is a frequent host of the NCAA Tennis Regional Tournament. SUMMARY FINANCIAL INFORMATION

OPERATING BUDGET AND STATE APPROPRIATIONS

Less than thirty percent of the University's current unrestricted revenues are derived from State appropriations. The constitution and statutes of the State require the Board of Regents to design a formula (the "Formula") providing for the distribution of State tax revenues to institutions of higher education. The Board of Regents is a constitutionally created board whose powers include budgetary responsibility for all public institutions of higher education.

The Formula was last revised in preparation for the Appropriations Request for 2011-2012. The revised Formula was developed to incentivize student success, transfer and articulation, workforce competitiveness and economic development. The goal to fund institutions at the average of peers in the southern region remains in the current formula.

While including elements of the previous formula, the current formula is more focused on the "rewarding" of performance. The revisions shifted a large portion (25%) of the institutions' state funding to a performance model with allocations driven by many newly developed metrics. The percentage that is performance-based is one of the largest in the nation and while a phase in was envisioned in the design, no phase in was applied in implementation. The cost component of the funding formula, which was built on solid policy driven calculations based on best practices used in other states, was reduced to 75% of the total funding. This formula was developed to give Louisiana a performance-based model that focuses on results, increasing numbers of degrees and certificates awarded, increasing research activity, and addressing workforce and economic development needs.

As with the previous formula, the current model fulfills several of the goals of best practices for funding formulas. Consistent funding and persistent use of the formula will allow institutions to predict their revenue streams based on campus performance improvements and budget with a greater level of certainty.

The official budget request for postsecondary education, as envisioned by the state constitution and prescribed by law, outlines how the existing system should be supported. The formula serves as the representation of the funding level determined appropriate for providing adequate financial support for the operations of postsecondary institutions. The Board of Regents annually submits a request to the Division of Administration, Office of the Governor (the "Division"), and to the Legislature for full funding of the Formula.

The 2013 Legislature funded the Formula for FY 13-14 in the amount of \$112,355,056 in State General Funds for the Baton Rouge campus. To help offset reductions in State General funds, the Legislature approved a tuition increase plan. The colleges and universities are not in a position to itemize their budgets until the level of the Formula is established. Consequently, the Legislature appropriates lump sums to the managing boards of the various colleges and universities which then submit itemized budgets to the Board of Regents for review. These budgets are then transmitted to the Division and the Joint Legislative Committee on the Budget for consideration.

Self-generated revenues of public colleges and universities can be categorized as either restricted revenues or non-restricted revenues. All revenues are audited annually and reported in the audited financial statement of the University.

The following table reflects total State general fund appropriations to State higher education, to the LSU System and to the University. It also displays the ratio of State general fund appropriations to the LSU System as a percentage of total State general fund appropriations to State higher education; and total State general fund appropriations to the University as a percentage of total State general fund appropriations to the LSU System.

**UPDATE ON TECHNOLOGY TRANSFER MATTERS AND
THE LSU LIFT² FUND & PROGRAM**

To: Members of the Board of Supervisors

Date: September 12, 2014

Status Report on Technology Transfer and the LSU LIFT² Fund & Program

1. Overview of Technology Transfer Transformation Activities

Over the past year, the philosophy, regulations and structure of technology transfer across the LSU System have been fully transformed. This important research-related activity has been carefully evaluated by multiple entities and re-shaped into a more distributed and responsive system in support of both faculty innovation and economic development through commercial partnerships.

A brief timeline is presented below to illustrate the pace and scope of changes which have been implemented by staff at the system and at the campuses, in close consultation with faculty representatives and university leadership.

September, 2013	President’s Committee on Technology Transfer (PCTT) launched
October, 2013	Board Bylaws revised, removing license agreements from significant board matters requiring Board approval
December, 2013	PCTT Report delivered, recommending: <ul style="list-style-type: none"> • A new model for technology transfer at LSU in partnership with the LSU Research & Technology Foundation • A new shared mission statement • A new proof-of-concept fund
January, 2014	<ul style="list-style-type: none"> • Board Regulations, Chapter VII on Intellectual Property, fully revised to clarify & streamline policies. • Permanent Memoranda 16 and 64 rescinded • LSU LIFT² Fund created, funded with \$2 million in restricted funds, sustained with 5% of future licensing income
March, 2014	LIFT ² Implementation Committee formed to ensure faculty input into program rules

May, 2014	Pilot Request for Proposals (RFP) for LSU LIFT ² grants released
July, 2014	First round of LSU LIFT ² grants announced, awarding \$500,000 to 15 projects on 5 campuses (see Appendix I for more details)
July, 2014	<ul style="list-style-type: none"> • New Partnership begins with the LSU Research & Technology Foundation (RTF) for support of shared services related to technology transfer • Signature Authority for License Agreements delegated to Chancellors • RTF designated as LIFT² Program Manager and Custodian of all LSU System technology transfer records
August, 2014	<ul style="list-style-type: none"> • RTF hiring Legal Affairs Officer, expanding services to campuses
November, 2014	<ul style="list-style-type: none"> • Planned release of RFP for Pilot Round 2 of the LIFT² awards
January, 2015	<ul style="list-style-type: none"> • Planned announcement of the second group of LSU LIFT² grants awarded

2. Technology Transfer & Commercialization

As a part of the transformation of technology transfer activities listed above, with the beginning of Fiscal Year 2014-15, the new delegated responsibilities of the five research campuses and the new partnership with the LSU Research & Technology Foundation (RTF) for the commercialization of LSU Intellectual Property have officially launched. In addition, the new fiscal year brings two new campus leaders of technology transfer (at LSU & PBRC) onto the team of experts leading this initiative in partnership across all LSU's campuses across the State.

In order to have an appropriate yardstick for measurement of success of the campuses and of the RTF in their respective technology-transfer roles, the following charts provide a baseline of ten years of activity in six key metrics. In Appendix II, specific campus-by-campus data on each of these metrics can be found.

Consolidated LSU System Technology Transfer Metrics, FY2005-2014

Appendix I

Overview of Pilot LSU LIFT² Program

- The LSU Board of Supervisors approved the creation of the new LSU LIFT² Fund in January to *Leverage Innovation for Technology Transfer*. This program is designed to enhance commercialization by better preparing inventions for license to a commercial partner
- This fund is intended to support proof-of-concept research to advance innovation and commercialization at LSU. “Innovations” include both creative and artistic works as well as devices, drugs, software, and other more traditional ‘inventions’. Innovations which already have been disclosed to a campus technology transfer office and which need further work to prove the concept are eligible for consideration
- 47 applications were received, indicating the tremendous interest in this program and the need for such proof of concept funding to support innovation and commercialization
- 15 grants were awarded after being scored by an external review panel on criteria related to primarily technical merit and commercial potential
- Results of the research from these first grants are expected within twelve months
- It is expected that some experiments to validate a proof-of-concept will fail. Such failures, however, should not be regarded as a failure of the LSU LIFT² Fund purpose. It is better to be “fast to failure” if a concept cannot demonstrate commercial potential, so that future research efforts and funding can be re-directed to projects with a higher likelihood of success.
- The next round of applications for LIFT² awards will open in November, for the semi-annual program. Applicants who were unsuccessful in this round will receive feedback and will be encouraged to apply again.
- The grants are distributed as follows across the campuses:
 - LSU A&M: 7 awards (16 applications)
 - Ag Center: 3 awards (12 applications)
 - PBRC: 1 award (7 applications)
 - HSCNO: 3 awards (10 applications)
 - HSCS: 1 award (2 applications)
- A brief list of each award follows on the next page.

Academic and Student Affairs Agenda Item #2

REQUEST FROM LSU A&M TO ESTABLISH THE CENTER OF RESEARCH EXCELLENCE IN PLANT BIOTECHNOLOGY AND CROP DEVELOPMENT

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D. 1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

Description. In June 2013, the Louisiana Board of Regents approved the special designation of Center of Excellence for units, programs, or functional areas in the Louisiana higher education system that are “accountable to higher expectation of performance and productivity, including contributions to the body of knowledge and to economic development, placement of graduates, generation of external interest and support, formation of joint ventures and partnerships, and positive recognition of the area and its faculty and students.” The Center of Research Excellence in Plant Biotechnology & Crop Development will be the first such proposed designation for LSU A&M and the AgCenter.

The Center of Research Excellence in Plant Biotechnology & Crop Development is designed to provide pioneering and transformational solutions for the problems facing agriculture in the 21st century. The Center will primarily be a research initiative but will also include education and outreach opportunities. The Center will involve LSU, the AgCenter, and other Louisiana institutions of higher education as dictated by appropriate faculty expertise. Fostering collaborative approaches to innovation and discovery and through partnerships with public and private sectors will allow the center to provide leadership in plant biotechnology and crop development including physiology, genomics, molecular biology, bioinformatics, breeding and protection. Particular emphasis will be placed on the development of technologies that will meet future needs in crop production including yield enhancement, biotic and abiotic stress tolerance, and improved nutritional composition of crops, all of which are critical to feed an expanding world population.

Louisiana’s diverse geography supports a range of agricultural commodities common to many other areas of the country. The major food crops of the US, including field corn, soybean, rice, and wheat, are common in Louisiana agricultural production systems. The current production systems and environment strongly position Louisiana for research and development of

novel plant traits and unique germplasm that add significant value to crop production systems. Coordinating resources and focusing technology efforts on identifying, characterizing, and utilizing plant traits to reduce yield and quality effects from abiotic and biotic stresses will elevate the collective foundation of Louisiana scientists to an international hub for research efforts.

Faculty. Faculty with the College of Agriculture and AgCenter have demonstrated expertise in identifying stressors limiting plant development, selecting plant traits to overcome those limitations, engineering plants to express novel qualities, and using technology to develop crop lines. This success will create an array of economic opportunities for the university to establish industry partnerships, especially when industry partners already have productive germplasm, but a stressor limits further performance. These arrangements would not only add value to the research and education portfolios, but enhance economic value of Louisiana agriculture.

Louisiana has a number of scientists working independently either in basic biotechnology, characterizing novel plant traits, or conventional crop development. These scientists work not only at LSU and at the AgCenter, but on other campuses such as the University of Louisiana-Lafayette. There is a clear need to create an organized team effort to efficiently generate technologies, traits, and varieties to meet the challenges of food and fiber production predicted in the near future. The proposed Center will serve as a foundation of resources to prioritize and coordinate research activities that will speed development and avoid unnecessary duplication of efforts. Establishing a critical mass of faculty to include those across the state from other public institutions will expand the expertise available to move the technology forward at a rapid pace. The Center also will experience added benefits by motivating industry investment into successful discovery and development. With faculty expertise in the Land-Grant missions of research, extension, and teaching, the Center will provide education and training opportunities for both undergraduate and graduate students interested in both basic biology and applied agriculture.

Faculty in the College of Agriculture, the College of Science, and the AgCenter associated with plant biology, biotechnology, and crop development traditionally center on focused goals with highly specialized research efforts. In those situations where collaborative efforts have occurred, there is a history of success that results in new crop varieties and or unique plant traits with value in agricultural systems. These scientists receive external funding to support their work from federal agencies, national and state commodity organizations, and industrial sources. In many areas, this scientific expertise is unique to LSU among other Land Grant universities with outcomes of intellectual property exceeding \$30 million during the past few years. As a side benefit during this process of technology development, faculty contribute to doctoral and post-doctoral training allowing many to be offered positions in academia and industry. In addition, the AgCenter's International Programs Office has considerable success in attracting international students who were trained by faculty in LSU plant sciences programs. Most recently, the LSU AgCenter has provided support to 10 scholars from Earth University, Costa Rica, La Universidad Nacional de Agricultura (UNA), Honduras, and Zamorano University, Honduras to conduct supervised research in the area of plant biotechnology through the International Scholars in Agriculture Program. Coordinating efforts and developing curricula will further facilitate

educational opportunities within LSU and also will create shared opportunities among other Louisiana universities and for the international community.

Administration. The proposed Center will function as a virtual center “without walls”. Member scientists may be located in different academic and research units but will collaborate on grant proposals, research projects, research prioritization efforts, graduate and undergraduate student training, and education efforts.

The Center will be directed by a senior faculty member, with administrative oversight by Dr. John S. Russin, Vice Chancellor for Strategic Initiatives. An Advisory Board will be developed and include senior representatives from plant biotechnology and crop development companies, economic development and other appropriate state agencies, key commodity and industry stakeholders, and appropriate campus unit heads.

Facilities and Equipment. Excellent facilities and equipment are available within multiple LSU and Ag Center entities to support research programs in this area.

3. Review of Business Plan

The Center is funded through a variety of sources including direct state appropriations, federal funding through faculty, awards from industry, crop checkoff, and other federal and international sources. Proposals for these awards are submitted regularly. (See Attached Budget Forms.)

4. Review of Documents Related to Referenced Matter

The proposed Center has been reviewed and approved by appropriate LSU, AgCenter, and System faculty and administrative officials. A detailed proposal is on file in the System Office Academic Affairs.

5. Certification of campus (or equivalent) re. paragraph C, Article VII, Section 8.

Appropriate certification has been provided by LSU.

RECOMMENDATION:

It is recommended that the Board of Supervisors adopt the following resolution:

Dr. Russin,

Louisiana Rice Mill supports the development of a Center of Research Excellence in Plant Biotechnology and Crop Development. The LSU AgCenter already has played an important role in creating new varieties for Louisiana. Rice varieties developed by the AgCenter are very important to both Louisiana rice growers and processors. This institution could coordinate the activities of researchers from Louisiana institutions beyond the scope of the LSU AgCenter and facilitate formal interactions among interested scientists. This Center may consolidate resources and expedite the process of new germplasm and trait development for Louisiana. I wholeheartedly support this endeavor.

Dear Dr. Russin,

Please accept this letter as the Louisiana Rice Growers Association's full support of the development of a Center of Research Excellence in Plant Biotechnology and Crop Development. As members of the rice industry, the development of new rice varieties by the LSU AgCenter is vital to our industry.

The development of this facility could coordinate the interactions among other scientists and Louisiana researchers beyond the LSU AgCenter. It would also benefit Louisiana by bringing together resources and advancing the process of new germplasm and characteristic development.

Again, we support the development of this Center of Research Excellence in Plant Biotechnology and Crop Development and feel it would be beneficial for the future of Louisiana agriculture.

Thank you for your consideration,

Dear Dr. Russin,

As members of the Louisiana Sweet potato Industry, we support the development of a Center of Research Excellence in Plant Biotechnology and Crop Development. The LSU AgCenter already has played an important role in creating new varieties for Louisiana, including Beauregard, Orleans, Bayou Bell and Burgundy. This institution could coordinate the activities of researchers from Louisiana institutions beyond the scope of the LSU AgCenter and facilitate formal interactions among interested scientists. This Center may consolidate resources and expedite the process of new germplasm and trait development for Louisiana. New varieties are a critical component as we strive to increase yields, quality and sustainability of our industry.

Academic and Student Affairs Agenda Item #3

REQUEST APPROVAL FROM LSU A&M TO ESTABLISH THE DEPARTMENT OF AGRICULTURAL AND EXTENSION EDUCATION AND EVALUATION IN THE COLLEGE OF AGRICULTURE

To: Members of the Board of Supervisors

Date: September 12, 2014

1. Significant Board Matter

This matter is a significant board matter pursuant to the following provisions of Article VII, Section 8 of the Bylaws of the Board of Supervisors:

D.1. Any matter having a significant fiscal (primary or secondary) or long term educational or policy impact on the System or any of its campuses or divisions.

2. Summary of the Matter

Background.

Historically, the College of Agriculture (COA) housed agricultural and extension education programs in the School of Human Resource Education & Workforce Development (SHREWD), formerly named the School of Vocational Education. In 2012, SHREWD joined several other schools to form the College of Human Sciences & Education (CHSE). All coursework and degrees associated with SHREWD moved with faculty to the new college except for the undergraduate agricultural education degree program, which remained in the COA, where the program was administered and the degree was conferred. Ag education faculty members hold split appointments between the two colleges.

The LSU AgCenter's Organization Development & Evaluation Unit (ODE) currently supports both extension and research professionals by providing them with the tools they need to be successful in developing, implementing, and evaluating high quality, research based programs designed to improve the quality of life of Louisiana residents – many of the skills also needed by graduates of the agricultural education program. The ODE faculty also provide instruction in research- and extension-related courses that are pertinent to undergraduate students in the agricultural education program. (Attachments A1 - A4 provide current and proposed org charts.)

LSU requests approval to realign the agricultural education undergraduate program and the AgCenter's ODE unit into a new department in the College of Agriculture. The resources and expertise of the ODE unit will enhance the agricultural education program, thereby facilitating a more efficient and systematic way of educating and training both teachers and extension personnel. This in turn will help to insure that needs of the agricultural education and extension workforce are met. It also will allow LSU to be

more competitive in recruiting students by bringing LSU's agriculture and extension education structure closer in line with the national standard among similar programs.

The mission of the proposed department is to positively affect the agricultural community by providing highly-qualified professionals to educate students and the public about the importance of agriculture, natural resources, and the environment. A survey of 1862 Land Grant universities was conducted to assess the current peer trend in naming of similar units (Attachment B). The faculty and staff propose that the new department be named the *Department of Agricultural & Extension Education & Evaluation (AEEE)*.

3. Profile of the new Department of AEEE

Students. There are currently 20 undergraduate students majoring in agricultural education. With the attrition of faculty and staff over the years, combined with program instability, enrollment in the agricultural education program has continued to decline. Additionally, undergraduate extension courses, which have not been taught for some time due to a lack of resources, have become dormant, leaving the workforce pool for extension jobs critically low. There is a need for well-trained professionals in the agriculture and extension areas who can teach children and the public about agriculture, food, fiber, and natural resources. The department's goal will be to increase enrollment to at least 50 undergraduate students in five years, which faculty members feel is reasonable with an active recruitment and student retention program. The combining of resources for this new department will support increased recruitment of students for this program; expand the course offerings to include instruction in program design, delivery, evaluation, communications, leadership, management, and technology; and more effectively link undergraduate experiences with the workforce.

Faculty. The proposed department will have 7.5 FTEs involving ten faculty positions—eight tenured/tenure-track positions and two instructor positions (Attachment C). Of the ten faculty positions:

- Three will be agricultural education positions within the COA. Two of the positions in agricultural education (Blackburn, Stair) are new hires with both faculty members scheduled to arrive at LSU by July 1. One of the new hires (Blackburn) will be 100 percent agricultural education and the second (Stair) will serve as rector for the Ag Residential College for 75 percent of her load with 25 percent of her time in agricultural education. The third agricultural education position (Bunch) is a current faculty member who is funded 49 percent by COA and 51 percent by CHSE but is being transferred to 100 percent COA funds effective July 1, per an MOU between the Deans of CHSE and the COA (Attachment D).
- One faculty position (White) and one instructor position (Arcemont) will continue to provide support for the ODE functions of the department and will be 100 percent funded by the LSU AgCenter.

- Three faculty positions (Davis, Fox, and Cater) will be funded 25 percent by the COA and 75 percent by the LSU AgCenter to support teaching, student advising and extension functions.
- One instructor position (Blanchard) will be funded 75 percent by COA and 25 percent by LSU AgCenter.
- One new faculty hire with responsibilities in evaluation will be shared between COA (49 percent) and CHSE (51 percent).
- One existing administrative support person and two student workers will continue to be paid by LSU AgCenter.

The Department will be managed by a department head who is a senior faculty member in the Department and who has extensive administrative experience.

Curriculum. Currently there is a single degree offered in this program, a bachelor's degree in agricultural education. There will be no changes in the degree at this time. Upon approval of this new department, however, a complete review of all agricultural and extension education courses will be conducted to validate them and/or determine which courses require revisions to best fit the degree program and defined areas of concentration. Additional faculty members will be identified outside of the department to teach courses for which AEEE does not have capacity.

The LSU agricultural education faculty and the AgCenter ODE faculty have already started efforts to develop a letter of intent for a new graduate program to be offered by the department. A substantial need exists to offer graduate instruction to extension agents across the state and others who would benefit from the program. The master's program would likely be accessible via online learning.

Facilities. All faculty and support staff for the proposed department will be housed in Knapp Hall. Members of the ODE team are currently housed in Knapp Hall, and office space will be located there for the three agricultural education faculty members and their graduate assistants who will move from the SHREWD space in Coates Hall.

Faculty and staff affiliated with the LSU agricultural education program as well as faculty and staff of the AgCenter's Organization Development & Evaluation unit support this realignment to the College of Agriculture. The respective deans of the COA and the CHSE have entered into a memorandum of understanding that facilitates this proposed transition, including the transfer of 26 agricultural education course rubrics from SHREWD to the newly-proposed department. (Attachment D).

4. Finances and Strategic Planning

This realignment will bring together personnel working toward a common goal, resulting in greater effectiveness and efficiency. Duplication of services and administrative overhead will be reduced, as faculty and staff in the two separate units work to

accomplish a unified and focused mission. Establishing a stand-alone department devoted to agricultural and extension education and evaluation will ease the ability to recruit both students and faculty to the program.

The proposed budget, to be funded from current College of Agriculture funds and AgCenter funds, is \$792,718 (See Attachment C). Funding in the amount of \$688,718 will provide for 10 faculty and one staff position. The remaining \$104,000 of the proposed budget will cover graduate assistants and other support costs.

The new department will also develop a comprehensive strategic plan with input from faculty and staff.

5. Review of Documents Related to Referenced Matter

This recommendation originated through discussions between faculty and staff of the LSU Ag Center and the College of Agriculture as well as the LSU Office of Academic Affairs. Support documentation from the Vice President for Agriculture & Dean of the College of Agriculture has been provided (Attachment D). This request has been approved by all appropriate faculty and campus and system administrative officials.

6. Certification of campus (or equivalent) re. paragraph C, Article VII, Section 8.

Appropriate certification has been provided by the campus.

RE: Approval to Create the Department of Agricultural & Extension Education & Evaluation (AEEE) in the College of Agriculture (COA)

Attached is a proposal outlining my request to create the Department of Agricultural and Extension Education and Evaluation within the College of Agriculture effective July 1, 2014. This move will better align budgetary resources and personnel reporting lines with the role and function of the College of Agriculture. It brings together the COA's agricultural and extension education programs and the LSU AgCenter's Organization Development and Evaluation unit to provide an academic department home for these two programs and to provide a more cohesive and comprehensive experience for our students and LSU AgCenter employees involved in both formal coursework and non-formal learning experiences.

This proposal has been endorsed by COA and LSU AgCenter faculty involved in the realignment and has the support of the Dean of the College of Human Sciences and Education which formerly housed the agricultural education program, as evidenced by the Memorandum of Understanding attached to the proposal.

I appreciate your support and assistance in getting this item before the Board of Supervisors. Should you or the LSU System staff have any questions or require additional clarification prior to the upcoming Board of Supervisors meeting, please contact me.

Thank you.

Pursuant to Article VII, Section 8.E of the Board Bylaws, the following is provided:

1. Significant Board Matter

Board approval of this matter is required pursuant to the following provisions of Article VII, section 8 of the Bylaws:

D.4.c. Athletic director contracts and amendments

2. Summary of the Matter

On April 28, 2008, Athletic Director Joe Alleva entered into an employment contract with LSU for a term expiring June 30, 2013. In the first amendment of that contract, which is dated April 15, 2011, the term of the contract was extended to June 30, 2016. A second amendment dated August 31, 2013 did not extend the term of the contract.

Summary of proposed amendments

The proposed third amendment extends the term of the contract from June 30, 2016 to June 30, 2019. This amendment does not modify any other terms of the contract.

3. Fiscal Impact

The amendment does not increase the annual compensation of the Athletic Director. The only potential fiscal impact is an extension of that annual obligation for an additional three years.

4. Review of Documents Related to Referenced Matter

The proposed third amendment has been reviewed by the Office of General Counsel, and copies are available upon request.

5. Certification of campus (or equivalent) re. Art. VII, § 8.E
