**ALSO PRESENT BY BOARD INVITATION WERE:**

- Brian Begue, Board Counsel
- Erin Conner, Director of Licensing
At this point, Dr. McCabe asked all the guests to introduce themselves. After the introductions, Dr. McCabe addressed the board. He expressed his deep gratitude to the board members and the staff for all of their hard work over the years. Dr. McCabe related that after fifteen years he was being term limited from the board and that this would be his and Ms. Christine Guillaume’s last meeting of the Louisiana State Board of Dentistry. He expressed his hopes that Dr. David Melancon would be reappointed to the board as soon as possible.

Dr. McCabe related that the mobile dentistry issue needs resolution. He felt that the relationship between the Louisiana State Board of Dentistry (LSBD) and the Louisiana Dental Association (LDA) has been both good and bad in the past and he hoped for it to return to its cooperative symbiotic relationship in the future as it had been in the past.
At this point, Dr. McCabe asked for public comment. Hearing none he began the meeting when Dr. Trinca made the motion which was seconded by Dr. Melancon that it be:

**RESOLVED**, the Louisiana State Board of Dentistry hereby amends its agenda to hear from Dean Henry Gremillion of Louisiana State University School of Dentistry.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. Gremillion stated that the school has been steadily improving since hurricane Katrina. The faculty was very young with a career in education ahead of them. Unfortunately, the finances of the state of Louisiana are putting a tremendous strain on higher education. The school has gone from $120 million dollars per year to $68 million dollars per year funding from the state of Louisiana. They are continuing cuts at this time. In percentages, the state used to give 52% support for the maintenance of the school. It now only provides 25%. In 2001, it cost $80,000 per year to educate a dental school with $42,000 coming from the state. It now costs $108,000 to train a dental student and the school is only receiving $26,000 from the state. He feels that the new clinical educational model which they are implementing will enhance clinical outcomes for students.

Dr. Gremillion related that the tuition at Louisiana State University School of Dentistry (LSUSD) is lower than anywhere in the country. The tuition for a student is only $12,000 per year whereas the southern regional average is $21,000 per year. It is Dr. Gremillion’s opinion that Governor Jindal feels that any tuition increase is the equivalent to a tax and he does not want to raise the tuition. LSUSD is hoping to be able to charge $21,000 for tuition which is at the southern regional average.

Dr. Gremillion made a very important point that 50% of the dentists in the state of Louisiana are presently over the age 50. This will necessitate a great deal of training by LSUSD in the future.

Dr. Gremillion then answered all the questions of the board members who agreed that all should be done to assist the school in funding its endeavors.

Dr. McCabe then referred to Agenda item 4 wherein Dr. Blackwood made the motion which was seconded by Dr. Guillory that it be:

**RESOLVED**, that the minutes, as circulated, of the Special Board meeting of August 13, 2010, in New Orleans, Louisiana, are hereby adopted, ratified and approved in their entirety.
After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Dr. Blackwood made the motion which was seconded by Ms. Guillaume that it be:

**RESOLVED**, that the acts and decisions taken by the President, Vice-President, Secretary/Treasurer and Executive Director in the general conduct and transactions of Board business since August 13, 2010, be and they are hereby approved, adopted, and ratified in full by the board.

After voting unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. McCabe then referred to Agenda item 6, *Licensing and Credentials Committee*. Dr. Dean Manning, Chairman. Dr. Manning then made the motion which was seconded by Dr. Trinca that it be:

**RESOLVED**, having considered the application for licensure by credentials in the State of Louisiana by the persons named below, the Louisiana State Board of Dentistry hereby approves said applications and awards said named persons, their requested licenses to practice dentistry or dental hygiene in the State of Louisiana, granting them all the privileges, duties, and responsibilities associated therewith.

- a. Dr. Brad Bryan
- b. Dr. Rosalynn Crawford
- c. Barbara Briggs, R.D.H.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Dr. Manning made the motion which was seconded by Dr. Trinca that it be:

**RESOLVED**, having considered the application for licensure by credentials by Melissa Farmer, R.D.H., her request shall be deferred until the next meeting of the Louisiana State Board of Dentistry.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Dr. Manning stated that board would meet with Dr. Edwin Holt in Executive Session later in the meeting.

All concurred.

Next, Dr. Manning made the motion which was seconded by Dr. Blackwood that it be:

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. Manning then referred to the request of Dr. Blackwood to revise LAC 46:XXXIII.306(C).

After some discussion, Dr. Blackwood made the motion which was seconded by Dr. Martello that LAC 46:XXXIII.306(C) be amended as follows:

§306. Requirements of Applicants for Licensure by Credentials

A.- B…

C. A person in a residency program approved by the Commission on Dental Accreditation of the American Dental Association or any other residency program may not apply for licensure by credentials unless they have held an active license for at least two years during said residency. The fact of passing a regional board examination is not acceptable unless the license has been activated.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Dr. Manning brought the board’s attention to the new licenses and certificates which had been prepared by Ms. Erin Conner, Director of Licensing. The board was satisfied with the revised permits and instructed the staff to commence using them.

No action was taken on Agenda item 6 (vii) regarding the requirement of graduation from a CODA accredited program in applying for a license by credentials.

Dr. McCabe then referred to Agenda item 7, Office Management Committee, Dr. Lynn Philippe, Chairman. Dr. Philippe asked Mr. Ogden to explain the financial statements for the quarter ending September 30, 2010. Mr. Ogden explained that the statement being reviewed was in line with previous years. However, he cautioned the board that there had been a great deal of litigation in the last several months which was not reflected in this statement and that the next statement will show a dramatic uptick in the amount of attorney’s fees expended. At that point it may be necessary to amend the budget to add extra attorney’s fees to the final budget.

Discussion of the Optional Pay Adjustment Policy and salary of the Executive Director was deferred until after Executive Session.

Next, Ms. Conner instructed the board as to how the new online licensing renewal system would be working. The board reviewed the letter which had been sent to all licensees explaining
the process. The board members were extremely satisfied with this new technological improvement.

Discussion then ensued on the utilization of I-Pads and laptops for board members. After some discussion, it was decided to do a dry run with several members participating. Those members are: Drs. Guillory, Manning, Madison, Taylor, and McVea. Ms. Conner was instructed to get together with the board’s IT personnel and see if they could get this test run moving.

At this point, Ms. Guillaume then made the motion which was seconded by Dr. Moreau that it be:

**RESOLVED**, the Louisiana State Board of Dentistry hereby amends it Agenda to take up three requests for reconsideration and one request for licensure by credentials in Executive Session.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Ms. Guillaume then made the motion which was seconded by Dr. Moreau that it be:

**RESOLVED**, that the Louisiana State Board of Dentistry go into Executive Session for the purpose of discussing investigations, adjudications, litigations, and professional competency of individuals and staff; and

**BE IT FURTHER RESOLVED**, that the Louisiana State Board of Dentistry may discuss litigation in Executive Session when an open meeting would have a detrimental effect on the bargaining and litigating position of the Louisiana State Board of Dentistry.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Upon returning from Executive Session, Dr. McCabe referred to Agenda item 8, **Examination Committee**, Dr. Samuel Trinca, Chairman. Dr. Trinca reported that CITA was doing fine. He said that there would be some changes in some criteria soon but that the examination was being accepted in more and more states all the time. Texas recently elected to accept the CITA examination back dated to January 1, 2009. There is also some discussion going on regarding the acceptance by the state of Florida of the CITA examination.

Next, Dr. Trinca brought the board’s attention to the problems which had recently occurred with the Northeast Regional Board of Dental Examiners, Inc. (NERB). Dr. Trinca stated that approximately 200 people had taken the Florida examination which had been administered by NERB, but that the certificates given to those 200 applicants stated that they
passed the NERB examination, not the Florida examination. This would create difficulties for many states which recognize the NERB examination but not the Florida examination. Fortunately, at this point no applicants had applied to Louisiana who had incorrectly taken the Florida examination.

Discussion then ensued on which regional clinical licensing examinations the board would continue to accept. Dr. McVea presented his suggested changes to LAC 46:XXXIII.1709(C), (D), (E), and .1711(C)(2). After some discussion, Dr. Melancon made the motion which was seconded by Dr. Blackwood to amend said rules as follows:

§1709. Examination of Dentists

C. To be licensed as a dentist in this state, an applicant must successfully complete the clinical licensing examination as administered by the Council of Interstate Testing Agencies (CITA), Central Regional Dental Testing Service (CRDTS), Northeast Regional Board (NERB), Southern Regional Testing Agency (SRTA), American Dental Examination (ADEX), or Western Regional Examining Board (WREB).

§1711. Examination of Dental Hygienists

2. To be licensed as a dental hygienist in this state, an applicant for initial licensure must successfully complete the clinical examination administered by the Louisiana State Board of Dentistry approved testing agency. This agency will be named by the board and this relationship may be changed or amended as deemed necessary by the board.

E. No clinical licensing examination may be conducted in the state of Louisiana without the written permission from the Louisiana State Board of Dentistry. For permission to be granted, the agency conducting the examination must have at least four current members of the Louisiana State Board of Dentistry participating in the clinical licensing examination.

§1711. Examination of Dental Hygienists

2. To be licensed as a dental hygienist in this state, an applicant for initial licensure must successfully complete the clinical examination administered by the Louisiana State Board of Dentistry approved testing agency. This agency will be named by the board and this relationship may be changed or amended as deemed necessary by the board.
3. To be licensed by credentials as stated in Rule 711(C)(2), a candidate may use a passing grade from a clinical examination administered by any clinical licensing examination which meets the criteria outlined in Rule 1713.

4. No clinical licensing examination may be conducted in the state of Louisiana without the written permission from the Louisiana State Board of Dentistry. For permission to be granted, the agency conducting the examination must have at least four current members of the Louisiana State Board of Dentistry participating in the clinical licensing examination.

Dr. Trinca recused himself from the vote as he is Vice President of CITA. All other board members voted in the affirmative, and Dr. McCabe declared the motion passed.

Mr. Ogden was instructed to send notice to the Southern Regional Testing Agency (SRTA) that the LSBD will no longer accept their examination after January 1, 2012. This pertains to both dentists and dental hygienists. The reason for this denial of acceptance is due to the fact that SRTA has no live patient utilization in the periodontal portion of their clinical licensing examination.

At this point, Dr. Trinca made the motion which was seconded by Dr. Blackwood that it be:

**RESOLVED,** the Louisiana State Board of Dentistry hereby establishes a deadline of 30 days prior to a board meeting for the receipt of all licensure by credentials applications and information from the Professional Background Information Service.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. McCabe then referred to Agenda item 9, *Legislative Committee,* Dr. Conrad McVea, Chairman. Dr. McVea stated at this time the board had no legislation planned for the 2011 session.

Next, Dr. Melvin Anderson addressed the board seeking an exemption to R.S. 37:752 “Exemptions from Licensure.” He asked the board to allow out of state dental students to perform rotations at Federally Qualified Healthcare Centers in Louisiana. After some discussion, Dr. McVea made the motion which was seconded by Dr. Martello that it be:

**RESOLVED,** the Louisiana State Board of Dentistry hereby rejects the request of Melvin W. Anderson, D.D.S., Dental Director of the Iberia Comprehensive Community Health Center to alter R.S. 37:752.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.
Next, Mr. Ogden then related to the board the conversation in which he had with Mr. Ronnie Coleman of Kool Smiles, Inc. at the Louisiana Dental Association Council on Governmental Affairs meeting a few weeks prior. Mr. Coleman had asked the LDA to present or at least to support legislation which would require the board to rescind its citizenship requirement for licensure because they are having a difficult time recruiting dentists to work for them; and to rescind the board’s prohibition on in-person solicitations as stated in Rule 301. After little discussion, Dr. Moreau made the motion which was seconded by Dr. Taylor that it be:

**RESOLVED,** the Louisiana State Board of Dentistry hereby rejects the proposals made by Kool Smiles, Inc.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Next, Dr. McCabe referred to Agenda item 10, *Anesthesia Committee,* Dr. Lynn Philippe, Chairman. Dr. Philippe related that he had been talking with Drs. Martello, McCabe, and Ben Record of LSU regarding amending the term “Anxyolysis” because of some confusion within the profession. Dr. McCabe then appointed Drs. Philippe and Martello to form an Ad Hoc Committee with Dr. Ben Record and a member of the LDA to study this issue. It was agreed that Dr. Madison will revisit the issue when he decides on his committee list.

Discussion then ensued on the Nitrous Oxide course being taught at the University of Louisiana at Monroe wherein Dr. Philippe made the motion which was seconded by Dr. Blackwood that it be:

**RESOLVED,** the Louisiana State Board of Dentistry has reviewed the continuing education and undergraduate courses of the University of Louisiana at Monroe in regards to teaching the administration of Nitrous Oxide by dental hygienists and hereby approves same.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

At this point Dr. McCabe referred to Agenda item 11, *Rulemaking Committee,* Dr. Romell Madison, Chairman. Dr. Madison first brought the board’s attention to the Notices of Intent which were published in the November 20, 2010 edition of the *Louisiana Register* which will become effective on February 20, 2011.

Due to the fact that most of the rulemaking had been addressed the day before during the rulemaking meeting, Dr. Martello made the motion which was seconded by Dr. Taylor that all of the rules to be revised be voted on in globo at the end of the discussion.
After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. Madison then brought the board through the various rulemaking changes pertaining to LAC 46:XXXIII.701 “Authorized Duties”; .712 “Nitrous Oxide Inhalation Analgesia”; .714 “Minimal Educational Requirements for the Granting of Permits to Administer Nitrous Oxide Inhalation Analgesia”; .720 “Sanctions”; .1511 “Required Facilities, Personnel and Equipment for Sedation Procedures”; .130 “Automated External Defibrillator”; .313 “Portable and Mobile Dentistry”; and a yet to be determined title for the regulation of Botox and Dermal Fillers; .1611 (J), .1709 (C), (D), and (E), and .1711. At this point, Dr. Martello made the motion which was seconded by Dr. Taylor that it be:

RESOLVED, the Louisiana State Board of Dentistry hereby directs, empowers, and authorizes its Rulemaking Committee, President, Executive Director, and Counsel to go forward with the amendments of LAC 46:XXXIII.130, .313, .701, .712, .714, .720, .1511, .1611(J), .1709 (C), (D), and (E), and .1711, as attached hereto and made a part hereof; and

BE IT THEREFORE RESOLVED, those parties are instructed to commence promulgation of these as Notices of Intent as soon as possible.

After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Dr. McCabe then referred to Agenda item 12, Continuing Education Committee, Dr. John Taylor, Chairman. Dr. Taylor related that there was confusion in regards to which courses licensees had to be trained in as it relates to PALS, ACLS, and BLS. After some discussion, the board decided that licensees must provide verification of the full ACLS or PALS course to receive the maximum credit hours. Licensees may only receive credit for the highest level of CPR course completed, and may not cumulate the different courses for continuing education credits.

Dr. McCabe then referred to Agenda item 13, Nominating Committee, Dr. Lynn Philippe, Chairman. Dr. Philippe stated that the Nominating Committee had met and recommended Dr. Dean L. Manning to serve as the next Secretary-Treasurer of the LSBD. All agreed and Dr. Manning was elected unanimously by acclamation. Next, Dr. Philippe made the motion which was seconded by Dr. Melancon that it be:

RESOLVED, the Louisiana State Board of Dentistry does hereby authorize, confirm, and ratify the signature of any of the officers elected this day and enlisted herein on all accounts of the Louisiana State Board of Dentistry.
After the board voted unanimously in the affirmative, Dr. McCabe declared the motion passed.

Mr. Ogden was instructed to send said letter to Dr. Schmidt.

He also related a new service being offered by the NPDB for $3.25 per licensee they will keep track of any disciplinary action throughout the year and notify a board as soon as a disciplinary action has been taken in another jurisdiction against a licensee.
