The Executive Director presented to the Commission Members copies of correspondence dated April 7, 2010 from Wendy Miller, State Licensing Coordinator of General Motors LLC:

"I have a couple of questions for you regarding some upcoming Dealer Network activities that are happening here at General Motors and I want to ensure that we follow proper licensing procedures.

We are currently in the process of terminating two divisions and one vehicle line: Saturn, HUMMER, and Medium Duty trucks. With these terminations we are assigning the ongoing servicing responsibilities accordingly:

**Saturn and HUMMER:** For all full sales and service facilities that close, we are assigning the service work to an existing General Motors dealer. So there will be no stand-alone facility that only performs service work.

**Medium Duty:** In this situation, however, we may have some stand-alone facilities that simply perform service work on Medium Duty vehicles and do not sell General motors products of any line. Is this allowed within the state of Louisiana? If so, what are my reporting responsibilities? If not, what are our options to continue to service our customers within that state of Louisiana?"

After a brief discussion and legal advise, it was determined warranty work can only be done by licensed General Motors dealers.

The Executive Director presented to the Commission Members correspondence dated March 8, 2010, from George Marcotte, President of Lafayette Automobile Dealers Association:

This year's event schedule is for the sale dates of Tuesday May 4<sup>th</sup> through Saturday May 8<sup>th</sup>, 2010.

We appreciate the authorization from the commission and yourself, for this annual event. Thank you for your consideration, and I look forward to receiving our approval letter from you."

After a brief discussion, Commissioner Duhon made a motion to approve the Lafayette Dealers Association Annual

Car Show and Sale conditioned upon no sale on Sunday and that 51% of the dealerships invited will participate the auto show and the Law and the Rules and Regulations promulgated by this Commission being strictly adhered to and all representations made in the request letter of March 8, 2010, remaining constant. - Does your company ship cars directly to rental companies, fleet accounts, school districts, municipalities, and/or government entities without involving the local franchise dealer?
- Does your company reimburse the rental companies, fleet accounts, school districts, municipalities, and/or governmental entities for prep?
- Does your company allow the rental companies, fleet accounts, school districts, municipalities and/or governmental entities to perform warranty work?
- If your company is paying the rental companies, fleet accounts, school districts, municipalities, and/or government entities for warranty work, is there any written requirement for facilities and/or tech training? (If yes, please submit copies with this sheet)

- Do rental companies fleet accounts, school districts, municipalities, and/or government entities pay the same for vehicles as you franchised dealers pay?

Commissioner Duhon outlined for the Commission Members his concern of this topic regarding this matter. After much discussion and legal advise, the Commission directed staff to gather more information from companies who have fleet vehicles, i.e., rental car companies, trucking, ambulance services, etc. and determine how they process their warranty work, in addition, staff was directed to contact the manufacturers who are paying the warranty work directly and obtain an explanation of the procedure.
