NELA Healthcare Alliance Update

Dr. Lyon received a letter from Blake Kramer, Hospital President for Franklin Medical Center, regarding concerns of the nursing shortage. This matter was brought up at the July Louisiana Organization of Nurse Executives (LONE) meeting. Tracey Jordan in her report talked about all the things which are being done up in the northeast, including the Alliance that is composed of 26 different organizations working on healthcare and workforce issues. Tracey did clarify that there was a misunderstanding by the Alliance members and Mr. Kramer regarding the rules and regulations and responsibilities. Mr. Kramer didn't know anything about the articulation agreements and the Louisiana Council of Administrators of Nursing Education (LACANE). Ms. Jordan sits on the NELA Alliance and clarified the matter.

Agenda Item 2.3

Louisiana Secretary of State Concerns Regarding Board Hearing Panel Minutes

The Secretary of State's office was concerned that Board Hearing Minutes did not come back for full approval by the Board. Dr. Lyon investigated the matter to make sure that they have had all the original Minutes, once approved by the Board Hearing member who is assigned to do that, signed by the presiding officer. It is required that one of the officers be a presiding officer. Whoever is presiding will have to sign and they need the original signature.

Agenda Item 2.4

Quorums for Board Hearing Panel Meetings

The Board now has a full roster of 11 Board members: Nine nursing members and two public consumer members. A quorum for Board hearings will be six individuals. Dr. Lyon stated she is making sure that they have six Board members at each of the Hearing Panel meetings. There were six Board members at the August 8, 2018 Hearing Panel and this will continue at each Hearing Panel going forward.

Agenda Item 2.5

There are no electronic signatures for the following new Board members: Ms. Susan Saunders, Mr. Kenneth Alexander, Dr. Jennifer Manning, Dr. Jennifer Couvillon, and Ms. Tracey Moffatt. Dr. Lyon asked for permission to have electronic signatures for these Board members. Ms. Saunders, Mr. Alexander, Dr. Manning were present and gave permission. Dr. Lyon will get with the other Board members not present for their approval.

Update on the Strategic Map

An update on the Strategic Map was given by Dr. Lyon.

(Lunch Break)

(Dr. Bonanno called the Board Meeting back to order.)

An issue was brought to the attention of Dr. Wright and Dr. Lyon from Ochsner regarding nurses who become aware of nurses who are admitted through the ER for a medical issue and then become aware that they have substance use disorders. The issue is whether they should report the matter as it could violate the nurse's HIPAA confidentiality rights, or whether this should be the nurse's responsibility to self-report.

Lengthy discussion ensued regarding the Board having a policy on what is the duty of the practitioner to report and other Board concerns.

Ms. Jones stated she will research the matter and will be prepared to discuss the issue in more detail at a later date.

Agenda Item 6.1

Update on the implementation on Louisiana as a Compact State.

Dr. Lyon updated the Board regarding the implementation on Louisiana as a Compact. They have been working closely with the LPN Board. The LPN came to the Board's day-long session meeting with Mr. Puente. Dr. Bonanno and Dr. Lyon will be attending their first Commissions Meeting. The most important things were the two amendments that were added to the Compact. The two amendments were regarding requirements for the Board to have employers report nurses that were practicing under a Compact license in Louisiana. That language is in opposition to standard compact language. The second amendment had to do with the Board voluntarily reporting workforce data, which the Board already provides.

The first amendment became an issue. Dr. Lyon contacted Mr. Steven Russo, Executive Counsel for Secretary Gee at the Louisiana Department of Health, who stated they have authority and can mandate that employers be required to use the NURSYS e-notify system,

which will allow for real time verification of all nurses including those practicing under a multistate privilege to practice. This solution will meet the requirements of the amendmen.t

Dr. Lyon made available to the Board the rules that they are developing, along with Dr. Lyon's edits in red. This will be going forth through rulemaking.

Discussion ensued.

Mr. Alexander gave a report on what is going on with medical marijuana. Mr. Alexander put together a comprehensive group. The subcommittee did a search to see what other states were doing. Most of the states now allow it medicinally.
