b. ***Executive Director Report/Annual Report
- AHA Legislation***

Paige Hargrove, LERN Executive Director, presented and discussed the LERN Annual Report, attached as Attachment 5b; and advised the Board members of HB494, legislation proposed by the American Heart Association. Ms. Hargrove advised the Board of confusion as to whether HB494 was LERN sponsored legislation; and clarified that the bill's sponsor was the American Heart Association, not LERN. Board member Tracy Wold shared some EMS concerns related to HB494.

Ms. Hargrove advised the Board that HB494 was discussed by the LERN Executive Committee last month, which committee felt strongly that if the AHA intended to advance the legislation, AHA should attempt to satisfy the concerns of the EMS industry. The Executive Committee members felt that rulemaking, rather than legislation, might be the more successful means to achieve the AHA's intended outcome. LERN is aware that, as a state agency, LERN cannot lobby for or against any bill; however it is LERN's intent to make it clear that the bill is not a LERN initiative.

Ms. Hargrove advised the Board of the following upcoming tri-regional town hall meetings:

•September 14	9 am - 11 am	Region 6, 7, & 8 (Jonesboro, LA);
•October 12	1pm - 3 pm	Region 2, 4, & 5 (Lafayette); and
•October 14	3 pm - 5 pm	Region 1, 3 & 9 (New Orleans).

No formal action was taken by the Board.

c. LEVEL IV Trauma Centers

Executive Director Paige Hargrove reported on work of the Level IV Trauma Group, and presented proposed changes to La. R.S. 40:2171-2173 to include Level IV Trauma Centers in Louisiana. See Attachment 5c.

A motion was made by Dr. Breaux and seconded by Dr. Owings to accept the recommendations of the Level IV Trauma Center Work Group as reflected on Attachment 5c. After discussion, the motion was approved after a unanimous vote in the affirmative.

d. Stroke System Update
- Update
- Acute Stroke Ready Hospitals

Dr. Martin-Schild reported on activities of the Stroke Work Group since the last Board meeting, and presented and discussed Attachment 5d.

A motion was made by Mr. Sullivan and seconded by Dr. Freeman to recognize the “Joint Commission” as a LERN approved accrediting certification body for acute stroke ready hospitals. The motion was approved after a unanimous vote in the affirmative.

A motion was made by Dr. Owings and seconded by Dr. Breaux to remove the red dots for non-stroke hospitals on the map located on page 25 of the FY13-14 Annual Report, it being thought that the presence of the red dots caused confusion. The motion was approved after a unanimous vote in the affirmative.

Dr. Coscia, LERN Medical Director, reported on his work as LERN Trauma Medical Director since the last Board meeting.
