The meeting was called to order at 4:00 PM by President Gordon Smith. The minutes of the September meeting were approved as written.

There was a brief discussion as to the cooperation agreement with the Grant Parish Police Jury regarding maintenance of levee property on River Road. The Levee District had previously agreed to the written draft and signed off, stipulating that the agreement was approved as written. The signed document was then delivered to the police jury office for final approval.

In other business Mr. Smith said that the agreement to sell the levee district building on Main Street was still being researched and should be discussed with the district attorney's office.

Jamarquis Torrence of DOTD said it appeared all levee roads were in good condition and noted that mowing of the parish levees was underway again.

Members were presented with a state survey that needed to be completed by the end of the year. Each member would be mailed a copy.

There being no further business, the meeting was adjourned.
