

Nineteenth Louisiana Levee District

Minutes of the Meeting
October 8, 2025
GP Police Jury Meeting Room

President Gordon Smith called the meeting to order. Members present were Gordon Smith and Bill Dean. Member Fren Allen was absent. Also present were Jarmarquis Torrence and Logan Monk representing DOTD and Clerk Fran Demers.

There was a brief discussion about the new bookkeeping system set up by Rozier, McKay and Willis, CPAs.

Jimmy Mott has submitted an application to build a ramp on the levee to access the recently purchased property on River Road. He will also be installing a water line. Permit has been accepted and will be processed by the permitting agencies.

The group then discussed the recent document from the U.S. Corps of Engineers detailing all encroachments observed on the Grant Parish levee system. They include trees and fences. DOTD will be working on this project.

It was noted that one of the property owners in Colfax had several trees cut down left limbs on the levee. This led to a discussion about ways to clean up old limbs and debris and tree stumps to maintain the levees. It was also noted that there are a few water lines leaking around the levees that need attention.

There being no further business, the meeting was adjourned.
