Executive Director Casey presented to the Commission Members for their review the Fiscal Audit Compliance Questionnaire for the fiscal year of 2025-2026. After reviewing the questionnaire and conducting a brief discussion, Commissioner Krake made a motion to approve the Fiscal Audit Compliance Questionnaire. Commissioner Hargroder seconded this motion, and it was unanimously approved.

At this time, Executive Director Casey advised the Commission that a review of the Dispute Resolution Panel's Per Diem was needed as requested by the Commission at the January meeting. She reminded the Commission that they approved the Per Diem to be \$600.00 per panel member. A discussion regarding the current rates for Supreme Court Judges and retired Judges was conducted. Executive Director Casey advised that the Commission will attempt to conduct multiple hearings a day to help reduce costs. Chairman Lala asked if the Dispute Resolution Panel are content with the current rate. Executive Director Casey replied that they appear to be. Chairman Lala stated that as long as the Panel is content than the Per Diem should remain the same. Executive Director Casey advised that Commission staff will be creating rules related to the Dispute Resolution Panel and formal hearings, with assistance from the Attorney General's Office.

Next, Executive Director Casey presented to the Commission a summary of the 2026 Legislative session that affects LA-R.S. 32.1251 *et seq* and Commission licensees. First, she mentioned Act No. 152 – HB 338, which recreates the Louisiana Motor Vehicle Commission and sets a new termination date of July 1, 2033. This is a routine “sunset” continuation and does not change the Commission's regulatory authority.

Executive Director Casey then reminded the Commission of Act No. 458 - SB 102, which creates a *Private Right of Action* for motor vehicle dealer trade associations. She stated that this Act authorizes a qualifying motor vehicle dealer trade association to file or intervene in an action before the Commission or a court on behalf of itself or its members. Executive Director Casey briefly summarized the qualifications and reliefs provided by the Act. She advised that this Act became effective on May 29, 2026.

Next, Executive Director Casey advised on Act No. 967 – HB 848, which expands and clarifies regulation of all-terrain vehicle and golf cart dealers. She stated that the Act added golf carts to the definition of an all-terrain vehicle and created requirements regarding adequate facilities for repairing and servicing golf carts and all-terrain vehicles. She briefly discussed the options dealers will have to satisfy the new requirements for an adequate repair and service facility provided in the Act. Executive Director Casey advised that Commission staff are already in the process of creating disclosure forms to assist in this process and plan to notify all all-terrain and golf cart dealers. She advised that this Act becomes effective on August 1, 2026.

Executive Director Casy advised on Act No. 925 – HB 989 which raises the max convenience fee that a public license tag agent may charge from \$23.00 to \$27.00 per authorized transaction. She advised that this Act takes effect on August 1, 2026.

Executive Director Casey summarized Act No. 681 – HB 888, which strengthens the regulation of temporary registration plates and dealer plates. Once the Office of Motor Vehicles implements the new system, issuance will be allowed through an approved electronic, print-on-demand system and will raise the temp tag fee to \$20.00. She advised that this Act became effective on June 1, 2026.

Next, Executive Director Casey discussed Act No. 568 – HB 781, which creates a statewide fleet-registration program administered by the Office of Motor Vehicles. The program will allow authorized fleet owners to register their own fleet vehicles. She added that the program will come into effect once it is implemented by the Office of Motor Vehicles.

Executive Director Casey led a brief discussion on Act No. 454 – SB 72 regarding electronic titling, registration, and signatures related to motor vehicle dealer transactions. She advised that this is a part of Office of Motor Vehicles' modernization of Louisiana's motor vehicle title and registration program with the goal of the process becoming paperless and fully electronic. She advised that this Act becomes effective by at least January 1, 2031, or earlier if system is fully operational.

Finally, Executive Director Casey advised on Act No. 322 – HB 846, which prohibits the covering and obscuring of license plates and registration stickers. She advised that this Act becomes effective on January 1, 2027.

At this time, Executive Director Casey advised that the Commission met with LADA to discuss potential revisions to the Advertising Bulletin the Commission sent out earlier this year. Jeanne Comeaux, representing LADA, presented to the Commission LADA's suggested edits. The first edit regarded the use of the phrase “write a check for the vehicle” referencing the total advertised price of a vehicle. Ms. Comeaux suggested that since the taxes and registration fees are allowed to be excluded, it is not accurate to portray the total advertised price of a vehicle as a price consumers can walk in and write a check for. Next, Ms. Comeaux discussed the issue in the Advertising Bulletin

related to advertising “call for today’s price” in association with an advertised price. She stated that it is LADA's position that if the price given after calling “for today’s price” is lower than the advertised price, there would be no violation according to current Federal Trade Commission (“FTC”) advertising guidelines. Finally, Ms. Comeaux suggested editing the portion of the bulletin advising on mandatory dealer-added options related to a total advertised sale price. She offered revisions that LADA believes would make the definition of mandatory dealer-installed options clearer. Additionally, Ms. Comeaux added that the FTC and the National Automobile Dealer Association are working together to refine the language of the FTC advertising guidelines and will be dispersing an FAQ bulletin to clear up any confusion. Chairman Lala asked Ms. Comeaux if she was aware if the FTC gives out legal opinions on advertising issues. She replied that that would be something should would have to look into.

Executive Director Casey reported that after being tasked by the Commission to review all advertising rules, Commission staff identified rule number 747 as a potential rule that the Commission may want to revise and modernize as this rule was enacted over eighteen years ago. She reviewed the rule explaining that the rule is related to vehicles with dealer-added options not available from the manufacturer and the prohibition of advertising savings and discounts on said vehicles. Executive Director Casey advised that neighboring states differ from Louisiana. These states do not prohibit the advertising of savings on vehicles with dealer-added options not available from the manufacturer provided that these advertisements contain required disclosures. A discussion among the Commissioners ensued involving the current LMVC rule, complying with the FTC guidelines with including dealer-added costs within the advertised vehicle sale price, “hard-adds” & “soft-adds,” and the lack of a definition of for discount or savings claim. Chairman Lala reiterated his desire to seek guidance from the FTC. He added the Commission is seeking to have advertising rules that are focused on protecting the consumers of Louisiana while fostering a fair, competitive market for all licensees, ensuring one does not have an advantage over the other through their misleading advertising. Executive Director Casey stated that Commission staff will continue to study this matter. Chairman Lala asked the Commissioners to send Executive Director Casey an email with any questions or suggestions.

Executive Director Casey reported to the Commission on the consumer disclosure form related to the acknowledgement of dealer-added options by the consumer as part of the vehicle buying process. The disclosure form was created by Commission staff and presented to the Commission at the previous meeting. Executive Director Casey advised the bulletin, and form will be published on the Commission website. She reminded the Commissioners that the form is not mandatory; however, it is strongly recommended that it is utilized. Chairman Lala agreed emphasizing that the disclosure form provides protection for both the dealer and consumer.

Next, Executive Director Casey began a discussion on the current Commission policy of the use of affidavits as part of the informal proceedings to address alleged violations. She further proposed to expand the utilization of affidavits beyond unlicensed salespeople violations. Executive Director Casey asked the Commissioners for their feedback on potentially issuing affidavits for violations related to the failure to renew a license in a timely manner and the failure to maintain insurance coverage. There was a brief discussion on the problem of uninsured licensees and a proposed fee structure regarding the civil penalties of the proposed affidavits. Chairman Lala stated that he wanted to review the proposed affidavits and the correlating fee structure more intently and revisit the matter at a later time.

Chairman Lala asked for a review of the May and June financial statements of the Louisiana Motor Vehicle Commission, Motor Vehicle Sales Finance Division, copies of which were before each Commission Member. All members were able to review the Fiscal Year 2026 Year to Date Actual vs Budget Report and the Fiscal Year 2026 vs Fiscal Year 2025 Actual Comparison Report. Executive Director Casey pointed out that there was a 22% growth in initial license issuance and a decrease in expenditure and legal fees. Commissioner Krake made a motion to accept the May and June financial statements as presented and incorporate into these minutes. This motion was seconded by Commissioner McCants, and it was unanimously approved.

At this time, Executive Director Casey reminded the Commissioners that they are required to complete the state mandated Ethics and Sexual Harassment Prevention courses before the end of the calendar year.

Next, Executive Director Casey presented to the members of the Commission the operating statistics for the months of May and June, which included a comparison of last year’s statistics for the same time frame. She pointed out that Commission staff had added a current and a previous year-to-date columns to the data, as requested at the last meeting. Chairman Lala asked Investigator Supervisor Landreneau what he is seeing out in the field. Investigator Supervisor Landreneau shared that dealers have continued to express confusion over the new FTC advertising guidelines. Chairman Lala asked Investigator Supervisor Landreneau if dealers are generally optimistic or pessimistic. Investigator Supervisor Landreneau replied pessimistic. Executive Director Casey added that as a result of the drastic increase in consumer complaint submissions, investigators are helping investigate complaints in other districts as needed. She also took this time to introduce the Commission’s new investigator, Sullivan Williams.

Executive Director Casey advised the Commission Members a pre-hearing was held on May 18, 2026, pursuant to LA-R.S. 49:977.3(C), regarding Matter #P-2026-065, Airstream, Inc., 1001 W.
