The group will work on policy for plaques honoring donors.

John Agan gave information on the Bopp family which was a part of the Germantown Colony and how the Kennon family are descendants. La. Gov. Robert Floyd Kennon is a well known part of that family. Rep. Jean Doerge stated that the Secretary of State is requesting that we raise about \$30,000 in order begin construction on proposed entrance building to Germantown Colony Museum. She and Lynn Dorsey visited Ed Kennon trying to raise some funds. Ed Kennon asked that the new building be named for Gov. Robert Floyd Kennon. No action was taken on this suggestion.

We thank Rep. Doerge who has spent a lot of work contacting businesses in the area asking for donations to the building.
