3. Review of Applications

a. KB

KB was previously granted a conditional license, which required double the supervision of an SLP Assistant for twelve weeks. KB's license lapsed and she did not complete the terms of the conditional license. The Board will send a letter noting that she is not in good standing and must not practice speech-language pathology without a valid license. If KB requests a verification for another state, the board will report that the license is not in good standing. In the future, if KB applies for reinstatement, she will also be required to appear before the Board for failure to complete the terms of the conditional license.

b. JM

Motion was made Erica Chatelain, seconded by Deanna Hardy and unanimously carried, to approve JM for Provisional SLP Assistant licensure.

CONFERENCES:

Louisiana Academy of Audiology (LAA)

1. Request for Continuing Education Sponsorship for 2019 LAA Conference

Motion was made by Daphne Washington, seconded by Jerrilyn Frasier and unanimously carried, to offer a \$3,000 continuing education sponsorship to LAA for their 2019 LAA Conference.

Steve Madix also requested a presentation on the license update at the LAA Conference. Most updates are related to speech. Dr. Annette Hurley has agreed to provide a presentation on telepractice, the elimination of the 1,820 hours and the addition of the ABA waiver.

Motion was made by Deanna Hardy, seconded by Daphne Washington and unanimously carried, to create a policy that all presentations created or presented by board members or former board members on behalf of LBESPA, must be approved by the Executive Director and the Board Chairperson.

2. Inquiry regarding Rules Changes for Audiology

Board members reviewed a letter from LAA regarding the Board's recent rules changes, and specific language that was lacking in the documents. LBESPA is painfully aware that the changes that the Board made after the public hearing held are not reflected in the final document. The Board is in the process of promulgating new rules to make the changes.

3. Request for Consideration of Language Revisions regarding Cerumen Management

Courtney Stewart was present for this portion of the meeting. Ms. Stewart stated that LAA believes that cerumen management is inferred in the scope of practice. However, it is an issue with liability insurance. Cerumen management is covered in the scope of practice for AAA and ASHA. 24 states have it in their scope of practice. LAA feels that this adds values to the profession. Ms. Stewart stated that an ENT is a surgeon, and is not interested in earwax removal. Jerrilyn Frasier offered that the ENTs that she works with do not want to fool with cerumen management. Ms. Stewart noted there was previously no hands on training for Audiologists; however, audiologists are now provided with cerumen

management training in their university programs. LAA will offer cerumen management training, if it is added to the Practice Act.

Glenn Waguespack provided the Board's history with cerumen management. He feels that cerumen management should be in the scope of practice of Audiology. In 1995, the medical lobbyist had the Board remove it from legislation. Hearing aids and assistants were added to the law in 1995, so cerumen management fell by the way side. In 2016, Dr. Jeyakumar was on the Board, and felt that the climate was not right at that time. Since the Board no longer has a Medical Advisor, we do not have an ally to present this information to the Legislature, physicians or Louisiana State Medical Society.

Courtney Stewart said that LAA's lobbyist is prepared to fight it, but they will not be able to do so single handedly. Glenn Waguespack suggested that they meet with the Louisiana State Medical Society before moving forward.

Glenn Waguespack mentioned that the Otolaryngologists have opposed the licensure compact. The climate is such that deregulation of occupational licensing is a big trend. Recently, Utah almost lost their regulatory licensure.

Ayn Stehr, the Board's Legal Counsel, says that it is not inferred that cerumen management is included in the scope of practice because it was specifically removed.

Glenn Waguespack mentioned that anytime you open the licensure law, there is a danger that other things can be opened, changed, removed, etc. If LAA wants it removed, they can pursue it. The Board does not oppose it. Board members recommend that LAA looks at other licensure laws that have safeguards for cerumen management in place.

Louisiana Speech-Language-Hearing Association (LSHA)

1. Board Presentation at 2019 LSHA Convention

Steve Harris has been in touch with Julie Andries and is planning to submit a Call for Papers to LBESPA to present at the convention on Saturday. Glenn Waguespack and Steve Harris will provide the presentation on behalf of the Board.

National Council of State Boards (NCSB)

1. Call for Nominations

Motion was made by Daphne Washington, seconded by Deanna Hardy and unanimously carried, to nominate Rachel Thompson of Wyoming to the NCSB Board of Directors.

2. Call for Award Nominations

The Board did not nominate anyone for an NCSB award.

CORRESPONDENCE:

- 1. Email dated March 11, 2019, from Felice Glapion question regarding SLPs providing fee based therapy for students on their caseload within the same district during the summer**

Board members noted that there is nothing specifically in the Board's Rules other than Code of Ethics 3b, so the Board recommends that Ms. Glapion check with the school board policy. The Board suggests to avoid the appearance of impropriety, Ms. Glapion may want to provide three names of other providers and have them sign that they understand that there are other options and that they are specifically aware of that.

Board members suggested that the Board consider Georgia's Code of Ethics related to remunerative conduct for future Rules revisions.

- 2. Email dated April 3, 2019, from Belen Lopez inquiring about SLP Assistants and Medicaid coverage**

Board members reviewed a letter from Belen Lopez and referred her to the Centers for Medicare & Medicaid Services (CMS), as this is not in the Board's jurisdiction. The response letter should mention that the Rules were recently revised and SLP Assistants may not perform evaluations.

CONFERENCE CALL WITH DR. KERRI PHILLIPS REGARDING UPDATE ON LICENSURE COMPACT

Dr. Kerri Phillips, former LBESPA Board member and current member of the drafting team, provided LBESPA with an update on the licensure compact. Dr. Phillips stated that the interstate compact is in the drafting phase and the final draft is expected to be released in the near future. In order to move forward, ten licensure boards will need to participate. Those ten state boards will drive the compact and develop a commission that will have two representatives for each state. Dr. Phillips anticipates that the compact may take another 1-2 years to be able to allow boards to pass legislation. State participation in the compact will be voluntary. State licensed practitioners' participation in the compact is also voluntary. Currently, the compact does not include audiology or SLP assistants.
