STATE OF LOUISIANA
LOUISIANA ECONOMIC DEVELOPMENT CORPORATION
SCREENING MEETING
BEING HELD ON THURSDAY, MARCH 12, 2026
617 NORTH THIRD STREET, FLOOR 1, LABELLE ROOM
BATON ROUGE, LOUISIANA

REPORTED BY: BETTY D. GLISSMAN, CCR

1 APPEARANCES: 2 BOARD MEMBERS: 3 CHAIRMAN A. J. ROY 4 STEPHEN DAVID 5 JOSHUA FLEIG 6 STAFF MEMBERS PRESENT: 7 DEBORAH SIMMONS 8 ERIC BURTON 9 CHELSEY GONZALES 10 AUDREY HUTCHINSON 11 MARISSA DOIN 12 CRYSTAL DALGO 13 MOLLY HENDRICKS 14 KARLA HENDERSON 15 SHAMELDA PETE 16 JAMES STARK 17 LETICIA JOHNSON 18 LAUREN CULLINS 19 ANNE VILLA 20 AMANDA HAFFORD 21 REBECCA KLEINPETER 22 JACEY WESLEY 23 KELLY RANEY 24 FRANK FAVALORO 25 MICHAELA ADEGBE Page 2	1 MS. KLEINPETER: 2 Good morning. 3 CHAIRMAN ROY: 4 Good morning. 5 MS. KLEINPETER: 6 Nice to see y'all again. My name is 7 Rebecca Kleinpeter and I'm here to present EDAP 8 Saronic Technologies. They are Austin-based 9 venture-backed defense companies. They build 10 autonomous surface vehicles in Franklin, 11 Louisiana. They're currently working on a 12 300,000 square foot of new production facility. 13 So with the EDAP, they're going to combine 14 capital equipment and have site improvement. 15 St. Mary Parish unemployment rate is 16 4.6 percent as of December 2025 compared to the 17 state rate of 3.9 percent through the same 18 period. Per capita income for the parish for 19 2024 was 53,332 compared to the state capita 20 income of 51,897. 21 Staff recommends approval of an 22 unsponsored EDAP for \$3 million with a 23 contingency below. The company has agreed to 24 create 135 new jobs with an approximate annual 25 payroll of 5.9 million in 2026 with a 2 percent Page 4
1 CHAIRMAN ROY: 2 I call to order the Louisiana Economic 3 Development Corporation. Roll call, please. 4 MS. SIMMONS: 5 Good morning, everyone. 6 A.J. Roy? 7 CHAIRMAN ROY: 8 Here. 9 MS. SIMMONS: 10 Stephen David? 11 MR. DAVID: 12 Here. 13 MS. SIMMONS: 14 Josh Fleig? 15 MR. FLEIG: 16 Here. 17 MS. SIMMONS: 18 Jim Lyons? (No response.) 19 Megan Manning? (No response.) 20 We have a quorum. 21 CHAIRMAN ROY: 22 Very good. Ask everybody to please 23 silence their devices. 24 The first item on the agenda is the EDAP 25 Program. Ms. Kleinpeter, Saronic Technologies. Page 3	1 increase annually and create 1,500 new jobs with 2 an approximate annual payroll of 150.9 million 3 through 2035. If the required jobs are created 4 and retained at the stipulated annual payroll 5 level, the EDAP will be considered satisfied. 6 However, if the company does not retain the 7 necessary jobs and payroll on an annual basis, 8 the unearned credit balance for that year will 9 be due and payable to LEDC plus interest. All 10 credits will be based on payroll if approved by 11 the LEDC Board, the contingencies are as 12 follows: The funding for the project will 13 depend on the availability of funds allocated 14 for EDAP by the Board at the time of approval. 15 These projects must also be approved by the 16 Division of the Administration, Office of 17 Facility Planning and Control as eligible for 18 Capital Outlay Funding. 19 The creation of 135 jobs starting in 2026 20 along with the associated annual payroll 21 estimated at 5.9 million with a 2 percent 22 increase annually, exclusive of benefits and 23 contract labor. 24 The creation of new jobs estimated at 25 1,500 jobs through 2035, along with associated Page 5

1 annual payroll of 150.9 million exclusive of 2 benefits and contract lab. 3 All jobs retained and created at the 4 payroll must be maintained through 2035. 5 Saronic Technologies will make annual 6 principal and interest payments on the EDAP 7 portion to any non-performance relative to the 8 new annual payroll commitment over the 9 employment period. If the company reaches its 10 payroll commitment, then no payment is due. 11 Payroll, excluding benefits and contract 12 labor, in excess of pledged payroll in one year 13 may be applied for payroll commitment in a 14 subsequent year. 15 Total capital investment of Saronic 16 Technologies at the facility in St. Mary Parish 17 of at least 300 million by December 31, 2029. 18 In the event Saronic Technologies fails to 19 commence operations, cease operations, transfer 20 ownership of the company to an entity that is 21 not approved by the State, or the agreement is 22 terminated for causes, Saronic Technologies will 23 make accelerated payments to the State in an 24 amount equal to the unpaid, uncredited, simple 25 amounts remaining on the EDAP plus accrued Page 6	1 you. I have my site director here which runs 2 the facility in Franklin. Obviously, we're here 3 to answer any questions, but just, yeah, thank 4 you for reviewing this and I will turn it over 5 to Chris. 6 MR. JOHNSON: 7 Good morning. My name is Chris Johnson. 8 As John mentioned, I'm the director of the 9 shipyard down at Franklin. Could not be happier 10 to be attached to Saronic down the bayou, as we 11 say. I'm a Louisiana native through and 12 through. Bringing these jobs and bringing 13 shipbuilding back to the forefront. It really 14 hits home for me and just so happy to do it. So 15 happy to have support. 16 CHAIRMAN ROY: 17 Questions? Comments? 18 MR. DAVID: 19 First a comment. Amazing jobs. This is 20 going to be great for the state, great for 21 parish, great for Franklin. 22 Tell me a little bit about these jobs. I 23 see the average in the beginning, about 42,000 24 average payroll. And then after 1,500 jobs, 25 400,000 which is a great number for South Page 8
1 interest. 2 Saronic Technologies will have 180 days 3 from the date of approval to start the project 4 or will have to appear before the LEDC board to 5 explain why the project was not underway. 6 And with that, I'm going to let Saronic 7 introduce himself to y'all. 8 MR. MORGAN: 9 Good morning. My name is John Morgan. I'm 10 the head of manufacturing for Saronic. It's a 11 pleasure to be here this morning. I want to 12 start off the conversation and just kind of give 13 you an overview of what happened over the last 14 12 months. 15 So in April of 2025, we closed the 16 acquisition of the Gulf Craft facility. I'm 17 very happy to say that, you know, today we're 18 sitting at over 240 employees actually ahead of 19 this. We've committed \$300 million to our 20 facility expansion. That facility expansion is 21 ongoing and has actually happened. We just laid 22 our first foundation a couple weeks ago. I 23 think some of you have been on tour and have 24 seen the rapid progress. We're working 24/7. 25 And so yeah, just -- it's great to meet Page 7	1 Louisiana. Tell me a little what these jobs 2 consist of. 3 MR. MORGAN: 4 Yes. So most of these jobs would be 5 considered trade jobs. You're thinking of 6 electricians, welders, even some carpenters. A 7 lot of outfitting, which is what we think of 8 like integration, building parts together. 9 Obviously, along with that there is a support 10 staff generally around historic average is 11 usually about 80 percent trades and 20 percent 12 support staff. You think of HR, you think of 13 facility managers, you think of construction 14 team members and engineering. A lot of these 15 job numbers are really focused on the trades. 16 But one thing that we're seeing, which is 17 quite surprising is the amount of engineering 18 talent that wants to be relocated with the 19 shipyard. We're removing fast. So that is 20 typically a mix of about 80/20 trades. 21 MR. DAVID: 22 Where do you go find your workers? 23 MR. MORGAN: 24 I'm sorry. 25 MR. DAVID: Page 9

1 Where are you finding your workers from? 2 MR. MORGAN: 3 Yeah, great question. So we, you know, we 4 obviously take -- and Saronic is unique, right. 5 Is we want to be a rising tide, right, with the 6 community, with the industry. We understand 7 that we can't just go in and just be the 8 bulldog. And so we work really closely with 9 Louisiana FastStart programs. We really not 10 only look at just the south Louisiana coast, but 11 we go look at other areas in Louisiana and then 12 cross state borders also. We have a generous 13 relocation package and I think we're even 14 starting to see that. I believe we hired a 15 welder yesterday or last week that was actually 16 born here in Louisiana that had moved to 17 California for work and then we brought them 18 back. And so we -- our relocation package is 19 not just for salaried employees. It goes all 20 the way down to hourly employees. So we're 21 really conscious of how we approach this 22 workforce problem, right. We have to be the 23 right one. And so we look really all over and 24 really kind of understand from a geolocation 25 point of view of like where can we get talent Page 10	1 nearly 20 years in the beginning for economic 2 development, and in that plan, it says, do the 3 things you do well, but layer a vision on top of 4 those things. That's the TLDR on this, right? 5 There's no better project today in the state of 6 Louisiana that embodies that strategic plan. We 7 used to make ships; now we make ships that steer 8 themselves, protect our nation, and keep sailors 9 out of harm's way. 10 This is a tremendous project. It also 11 represents the first time since Silicon Valley 12 big boys like Andreessen Horowitz and General 13 Catalyst, who are on your cap table, for saying 14 we tend to realize this reindustrialization 15 vision in a place like Louisiana. So that's a 16 huge signal to the rest of the world and other 17 folks that are in that American dynamism 18 portfolio. This is my not-so-secret strategy. 19 I want everyone in that portfolio investing in 20 Louisiana. You guys are a leader in that. And 21 so your investment in reinvigorating our 22 shipbuilding industry, protecting our nation, 23 keeping sailors out of harm's way. 24 We have to mention the fact that you guys 25 have announced a deal with Hornbeck, one of our Page 12
1 that may not have shipbuilder in their name, 2 right. Is this something that we can borrow 3 from automotive talent? You know, or maybe even 4 somebody that is building a data center? Can we 5 actually use that talent in the ship building? 6 And so that's how we approach that. 7 MR. JOHNSON: 8 That goes for -- sorry. That goes for 9 trades and for professional up to engineers 10 that, you know, sometimes that centralized 11 special software and some of those types of 12 things that aren't prevalent in Louisiana, 13 they're starting to come back as well. 14 MR. DAVID: 15 That's great to hear. We have great talent 16 here in Louisiana and Louisiana State University 17 here in Baton Rouge and in Ruston. I applaud 18 y'all for that. 19 MR. FLEIG: 20 There's not enough time in the day or 21 enough hard drive storage on the recording 22 device for me to wax poetically about how much I 23 love this project. You know, when we had this 24 administration came in a couple years ago, we 25 created the first strategic plan in almost Page 11	1 offshore operators on the commercial side. This 2 is a dream come true. We're excited you guys 3 are here, we're excited to partner with you 4 guys, and we're your support system in any way 5 you can possibly imagine. So thank you very 6 much. 7 CHAIRMAN ROY: 8 I echo what Mr. Fleig said. This is 9 spectacular. It's exactly what -- it's a 10 quintessential project, the way I see it. I'm 11 not sure if we'll be able to find a get a motion 12 here today, but perhaps we will. 13 Just aside, do you have an idea of how 14 many more stories you might have that are 15 similar to the one you just told Mr. David? 16 That is the story of a worker coming in from out 17 of state, that worker was maybe from Louisiana, 18 obviously conjecture, but just an idea of how 19 many might be bringing in back to the state. 20 Any idea? 21 MR. MORGAN: 22 Yeah, you know, it's tough to put a number 23 to it, but I think it just goes for our 24 recruiting strategy is to go nationwide and go 25 and find people, right. There's something so Page 13

1 special about Louisiana, especially South 2 Louisiana most. And I think people are driven 3 to, when they grow up here, to come back here. 4 And so, you know, we take it as a kind of upon 5 ourselves to go and find those people. So how 6 many actually will? I'm not sure, but it's 7 something that we're dedicated to go to do. 8 CHAIRMAN ROY: 9 Do you have an idea what percentage of the 10 workforce might come from out of state? 11 MR. MORGAN: 12 Yeah, I would say that on average right 13 now that our workforce, there's probably 14 about -- across the line, probably about 15 10 percent that come from out of state. And I 16 think you'll see that probably come, as you 17 know, really similar in that Franklin site. 18 CHAIRMAN ROY: 19 Can we have a motion? 20 MR. DAVID: 21 Motion. 22 MR. FLEIG: 23 Second. 24 CHAIRMAN ROY: 25 I have a motion and a second. I don't Page 14	1 us. Last week we walked across that upside-down 2 boat that is now upright. Thank you so much. 3 CHAIRMAN ROY: 4 Next part of business is 1834 Ventures. 5 Good morning. 6 MS. RANEY: 7 Good morning. My name is Kelly Reaney 8 presenting 1834 Ventures, LLC, Fund Commitment 9 Increase Request. 1834 Ventures, LLC, is an 10 existing venture capital fund participating in 11 the LED Louisiana Seed Capital Program. The 12 LEDC Board initially approved this fund's 13 participation under the program in February 2025 14 at \$5 million. This amount is less than what 15 the fund applied for, originally targeting a \$20 16 million fund size of which \$10 million would 17 come from private capital contributions from 18 other investors matched to \$10 million from LEDC 19 SSBCI federal funding. At the time of 20 application, the LEDC in-house committee 21 reviewed and presented to the LEDC Board a 22 reduced amount of approval of \$5 million to 23 allow time to assess the fund manager's 24 fundraising capabilities. In less than 25 12 months since their LEDC board approval last Page 16
1 think there's going to be any debate. All in 2 favor? "Aye." (All responded "Aye.") All 3 opposed "Nay." (No response.) No objection. 4 Congratulations. We wish you the best. Please 5 keep us posted. We would like to hear about 6 your success as you go. 7 MR. MORGAN: 8 Absolutely. And I'll say I think some of 9 you have been but we are always open for tours. 10 So if you see -- if you're ever in the area, 11 please contact me and we -- or contact Chris and 12 we'll absolutely give you a tour. I mean, you 13 know, even from two weeks ago I believe there 14 was a tour and that's already been tremendous 15 progress, right. Hold two is completed. It's 16 now flipped. It is an outfitting so we move 17 fast as a company. So even just, you know, a 18 couple weeks can change a lot and I think you'll 19 see that in the facility side, too. 20 CHAIRMAN ROY: 21 Very good. Thank you for coming. 22 MR. MORGAN: 23 Thank you. 24 MS. KLEINPETER: 25 Thank you. And thank y'all for hosting Page 15	1 February, 1834 Ventures has successfully raised 2 the initial \$5 million in private capital 3 contributions. They hit the ground running 4 straight out of the gate. 5 Staff is seeking approval to increase the 6 current LEDC commitment of \$5 million to 7 \$10 million dependent upon private capital match 8 and contingencies which will allow the fund to 9 execute on their fund investment thesis and 10 deployment strategy. 11 We've all slept since February of 2025, so 12 I'll provide a brief recap of the fund 13 investment thesis and deployment strategy. 1834 14 Ventures is led by Evan Nicoll and Patrick 15 Hernandez, both of whom have strong investment, 16 fundraising, and entrepreneurial advantage 17 expertise. Evan Nicoll has experience in angel 18 investing and university fundraising. While 19 Patrick Hernandez has a background in private 20 equity, venture capital, and small business 21 capital access. Their leadership is supported 22 by an advisory committee composed of industry 23 experts. 24 1834 Ventures deploys capital with a focus 25 on high-growth startups founded by members of Page 17

1 the Tulane University community. The fund's 2 capital allocation deployment strategy 3 apportions 20 percent in pre-seed stage 4 investments, 40 percent seed stage, and 5 20 percent Series A stage investments, primarily 6 through SAFEs, convertible notes, and equity 7 investments with check sizes ranging from 8 \$50,000 to \$1,000,000. To allow the fund to 9 execute on its deployment strategy, the 10 additional capital commitment from LEDC is 11 critical to secure follow-on seed funding 12 likely in the Series A stages, enabling them to 13 write bargaining checks, further nurturing their 14 portfolio companies, strengthening Louisiana's 15 startup ecosystem and retaining entrepreneurial 16 talent. One distinct point to make regarding 17 Louisiana Venture Capital landscape is the gap 18 in follow-up funding most portfolio companies 19 need to reach full potential in 20 commercialization. This is a common reason and 21 not the main reason venture capital startups 22 leave Louisiana, a reality that Louisiana 23 innovation aims to change, creating sustainable 24 success in positioning Louisiana to win. From 25 an entrepreneurial startup vendor capital Page 18	1 Strategy Services. 2 While headquartered in New Orleans, 3 Louisiana, the fund requires its portfolio 4 companies to be authorized to conduct business 5 in Louisiana and maintain an office within the 6 state. The fund aims to retain Louisiana-based 7 startups and attract companies with Louisiana 8 ties to relocate or expand its operations in the 9 state. 10 1834 Ventures is positioned to catalyze 11 the leading startup ecosystem by providing 12 capital, mentorship, and strategic support to 13 high-potential businesses aiming to drive 14 sustained economic growth while fostering 15 innovation and entrepreneurship across the 16 state. 17 Staff is seeking approval of 1834 18 Ventures, LLC, Seed Fund not to exceed the 19 amount stated of \$10 million, representing an 20 increased commitment of \$5 million dependent 21 upon private capital match and the following 22 contingencies: 23 As part of the contingency, the LEDC will 24 require the fund must meet the definition of a 25 venture capital fund as defined by the SEC in 17 Page 20
1 perspective. 2 1834 Ventures' investments target 3 industries such as life sciences, energy, AI, 4 consumer tech, and healthcare technology. 5 Today, 1834 Ventures has invested in six 6 companies totaling more than \$1.3 million, with 7 another \$750,000 in the pipeline nearing 8 approval. The fund's pace of deployment appears 9 to align with their pace of fundraising 10 demonstrating intentional coordination and 11 active fund operational management to achieve 12 its strategic goals. 13 The fund raises private capital through 14 accredited investors, family offices, and 15 corporate investors in and outside Louisiana. 16 Funding efforts focused on alumni networks in 17 cities like New York, Chicago, Atlanta, and 18 Houston, bringing private capital from outside 19 the state into Louisiana. Beyond capital 20 investment, 1834 Ventures provide hands-on 21 operational support to portfolio companies 22 including: Market Strategy Services; Financial 23 & Capital Strategy Coaching; Operations & Talent 24 Development; Marketing, Sales, Risk & 25 Compliance; as well as Innovation & Impact Page 19	1 CFR 275.203(I)-1; must have an 8-year term with 2 2 possible extensions of exiting investments; 3 formed as an LLC or partnership with LEDC as a 4 limited partner; must meet the guidance rules 5 and requirements established by the U.S. 6 Treasury Department under the program and LEDC 7 rules; SSBCI capital must be treated pari passu 8 or better as a private capital invested in each 9 support; and, all participating investors will 10 be required to share in the investment portfolio 11 risk in line with industry standards. 12 This is a very busy week for the entire 13 Louisiana and venture capital ecosystem meeting 14 in New Orleans for entrepreneurial week. So 15 many of our fund managers are there and very 16 busy actively seeking new deals and new 17 investors. We're fortunate to have Patrick 18 Hernandez, fund manager, today with us. 19 Thank you for coming, Patrick. Is there 20 anything that you want to add, amend, you want 21 then to know? 22 MR. HERNANDEZ: 23 Well, first of all, I just wanted to say 24 thank you for the additional commitment and the 25 belief in us. It really has been catalytic in Page 21

1 our ability to fundraise. To date we have 44 2 investors in 14 states so we truly are doing 3 that, bringing capital into Louisiana from 4 outside. I would say well about the number of 5 investors, that's about half the path instate 6 and out of state, the capital that comes from 7 out of state is far greater than what we see 8 from instate. So we truly are bringing in 9 pretty capital for our people who believe in 10 Louisiana and believe in our company. 11 The only other thing I would say because I 12 know it's come up before, we use the Tulane 13 community very broadly. Just this week we 14 shouted to different competitions within Tulane, 15 which had businesses from outside of Tulane. 16 And that is true throughout the Tulane schooling 17 community. We recognize that the school has put 18 a lot of effort and resources behind developing 19 and mentoring businesses in Louisiana even if 20 they aren't still a loan and that's what we're 21 trying to capitalize on. 22 MS. RANEY: 23 Any questions? 24 MR. DAVID: 25 First off, congratulations on the Page 22	1 looking for next time? 2 MR. HERNANDEZ: 3 We are, you know, from our first close 4 investor closing in July, we hit that at 5 5 million quietly by the end of the year. But 6 also just as we make more investments, we have a 7 lot of people that we speak to or if they're the 8 kind that wants to see initial results and 9 initial traction. 10 MR. FLEIG: 11 I know I told the last group that they 12 were most exciting project in Louisiana. 13 Seriously, you guys are crushing over 14 fundraising. I think, you know, we've got a 15 pretty broad perspective across all of our OP or 16 our fund program in general. And you guys are 17 raising money at a rate that's 2 or 3 times what 18 the other ones are. And, you know, these are 19 for the two major goals, right. So it's write 20 more small checks in two small things businesses 21 in Louisiana and leverage those public dollars 22 to drive more private investment. You guys are 23 doing a world-class job on that. And even 24 better, you're pulling dollars from other 25 places. So you're adding to Louisiana's dollar Page 24
1 fundraising. That's a big number in 12 months. 2 You mentioned that you had a lot of money coming 3 from out-of-state investors. Do you have a 4 percentage of what you have from out-of-state 5 investors? 6 MR. HERNANDEZ: 7 In terms of our investors, I would say 8 it's at least two-thirds coming from out of 9 state. That includes someone of our family 10 foundation that is based out of state. 11 MR. DAVID: 12 That additional 5 million you are trying 13 to raise, do you expect similar numbers for 14 fundraising? 15 MR. HERNANDEZ: 16 I would expect it to skew a little bit 17 more out of state. We had really great success 18 on the road and a lot of interests. And as we 19 started globally and with a closer circle, the 20 message has really started to be amplified. 21 Last week we were in New York holding a 22 fundraiser which drew about 45 Tulane alumni 23 out. 24 MR. DAVID: 25 Timewise expectations, what are you Page 23	1 that's made somewhere else and pushing U.S. 2 economic development. 3 So thank you for doing that. Thank you 4 for setting up a higher bar for fundraising in 5 this program. And we are glad to have you part 6 of the network. 7 CHAIRMAN ROY: 8 And we'll say it's apples and oranges, 9 both wonderful trees and your tree and the last 10 one, just both great projects. 11 What percentage of your -- of those that 12 are contributing to the fund, you said about 13 two-thirds are coming from out of state. What 14 percentage of that would you say comes has ties 15 and connections to Louisiana? 16 MR. HERNANDEZ: 17 I would say all. All has some because 18 they are Tulane alum. They have this desire to 19 benefit Louisiana. 20 CHAIRMAN ROY: 21 Great for the Tulane alum. 22 What's the pledge of the committee? 23 MR. DAVID: 24 I'd like to make a motion. 25 MR. FLEIG: Page 25

1 Second. 2 CHAIRMAN ROY: 3 A motion and a second. No discussion. 4 All in favor? All in favor, say "Aye." (All 5 responded "Aye.") All opposed, "Nay." (No 6 response.) Any comments from the public? 7 Hearing none, it's approved. 8 Thank you so much for coming. We wish you 9 the best. Please come back and visit us. 10 Congratulations. 11 All right. Gentlemen, anything else? 12 MR. DAVID: 13 Motion to adjourn. 14 CHAIRMAN ROY: 15 Motion to adjourn. We are adjourned Okay. 16 Thank you for coming. Appreciate you coming. 17 18 (Meeting concluded at 8:51 AM.) 19 20 21 22 23 24 25 Page 26	1 or indirect, between a court reporting firm and 2 any party in this matter, nor is there any such 3 relationship between myself and any party in 4 this matter; that I am not related to counsel or 5 the parties hereto, and I am in no way concerned 6 with the outcome thereof. 7 8 March 23, 2026, Baton Rouge, Louisiana. 9 10 11 12 13 14 15 16 17 <u>BETTY D.
