Director's Report:

Staffing Updates: In March of 2024, Daniel McFarland was promoted to manager of the Alexandria district office. He formerly held the supervisor position for many years. Also in March, Angela Jackson joined our legal team and is serving as the staff attorney for AES. In April, Joey Smith was promoted to the Baton Rouge District manager position. Joey was currently an AES 3 inspector in the Baton Rouge district after spending some time in the Agro Consumer division. In May of 2024, Becky Wilkinson, an inspector in the Alexandria district office, was promoted to Supervisor. Becky is a long-time employee of LDAF and began her career as a field unit supervisor with the Boll Weevil Eradication Program. In June, Faith Woods joined the AES team as a student intern.

In May of 2024, Richard Miller, Brett Laird and I attended the annual meeting of the Southern Plant Board in Lexington, KY. We heard updates from the National Plant Board, USDA, Customs and Border Protection as well as many presentations on pests of concern throughout the southern region.

Our staff is busy planning the Horticulture Inspection Society -Southern Chapter annual meeting that will take place in Baton Rouge in September 2024. The agenda is almost finalized, and a tour of the Burden Museum and Gardens is being planned.

P. ramorum update: The spring compliance inspection was performed at the positive P. ramorum nursery in north Louisiana on April 26, 2024. The required 332 samples were taken and all reported negative.

CAPS: All of our surveys are going well, and we are now submitting suggestions for 2025. We plan to request funding again for Solanaceous, Citrus Commodity, Sudden Oak Death, Forest Pest and the addition of Cotton Seed Bug.

Changes for the Horticulture Commission: Due to the recent legislative changes repealing the requirements for retail florist and wholesale florist, we have lost two of our board members. Gary Bullock, who was the licensed retail florist representative for the Louisiana State Florist's Association and Rick Hill, who represented the licensed wholesale florists. Mr. Gary will be replaced by a floral dealer submitted by the Louisiana State Florist's Association.

I am very appreciative of their dedication to our board for the many years of service and commitment.

PUBLIC COMMENTS

Mr. Ruckstuhl stated that he likes the new monitors for the Horticulture Commission meetings. He stated that this will be more efficient than making numerous copies of the evidence presented at the hearings.

ADJOURNMENT

Motion: Mr. Ruckstuhl made a motion to adjourn at 10:30 a.m.
This motion was seconded by Dr. Rankins and passed unanimously.
