

THE LOUISIANA SOYBEAN & GRAIN RESEARCH & PROMOTION BOARD

June 4, 2015

TO: Louisiana Soybean and Grain Research and Promotion Board

FROM: Ray Schexnayder, Chairman

RE: Meeting Notice

A meeting of the Louisiana Soybean and Grain Research & Promotion Board has been scheduled as follows:

Wednesday, June 17, 2015
1:00 p.m.
Northeast Research Station
St. Joseph, LA

Immediately following the Northeast Research Station Field Day, we will conduct our regular business meeting. Dr. Kurt Guidry will attend our business meeting to review the questionnaire he has developed for the survey we requested. The field tours will start at 9:00 a.m. In addition to seeing the researchers and the current projects conducted at the station, we will also review year-to-date collections, fund balances, future meeting dates and any other research topics. If you have any topics for consideration please forward them or contact me.

This is an excellent opportunity to see some of the research projects funded by the Board. Last year we were unable to obtain a quorum for this meeting. With field operations ongoing it may again be difficult for some to attend. To help determine if there will be a quorum present, please respond by email to kylem@lfbf.org regarding your attendance. If you have any questions, contact Kyle McCann at 1-800-848-5232, ext. 6209.
