**§2150. Purpose; legislative intent**

The purpose of the legislature in enacting this Chapter is the protection of the health, safety, and general welfare of all those persons dealing with persons engaged in the contracting vocation, and the affording of such persons of an effective and practical protection against the incompetent, inexperienced, unlawful, and fraudulent acts of contractors with whom they contract. Further, the legislative intent is that the State Licensing Board for Contractors shall monitor construction projects to ensure compliance with the licensure requirements of this Chapter.

**§2150.1. Definitions**

As used in this Chapter, the following terms have the following meanings:

The project value includes the entire cost of the labor, materials, rentals, and all direct and indirect project expenses. The cost of materials, rentals, and direct and indirect expenses shall be included regardless of who pays the costs or if they are donated. The "principal contract" is the agreement to perform the entire scope of work for a construction project.

(4)(a) "Contractor" means any person who undertakes to, attempts to, or submits a price or bid or offers to construct, supervise, superintend, oversee, direct, perform, or in any manner assume charge of the construction, alteration, repair, improvement, movement, demolition, putting up, tearing down, furnishing labor, or furnishing labor together with material or equipment, or installing material or equipment for any of the following:

In addition to the fine, the board may impose administrative costs and attorney fees for each offense. In determining the amount of the administrative penalty, the board or residential subcommittee shall consider the circumstances and seriousness of the violation, cooperation on the part of the contractor, and the history of previous violations.

B. A monetary penalty assessed by the board or the residential subcommittee is payable within ninety days or as provided by law. Failure to pay an outstanding penalty may be cause to deny issuance or renewal of a license or registration and may be subject to collection efforts as provided by law.

C. In addition to or in lieu of the criminal penalties and administrative sanctions provided in this Chapter, the board may issue an order to cease and desist to any person or firm engaged in any activity, conduct, or practice constituting a violation of any provision of this Chapter. The order shall be issued in the name of the state of Louisiana under the official seal of the board.

D. If the person or firm to whom the board directs a cease and desist order does not cease or desist the proscribed activity, conduct, or practice immediately, the board may cause to issue in any court of competent jurisdiction and proper venue a writ of injunction enjoining the person or firm from engaging in any activity, conduct, or practice prohibited by this Chapter.

E. Upon proper showing by the board that a person or firm has engaged or is engaged in any activity, conduct, or practice prohibited by this Chapter, the court shall issue a temporary restraining order restraining the person or firm from engaging in the unlawful activity, conduct, or practice pending the hearing on a preliminary injunction. In due course, a permanent injunction shall be issued after a hearing, commanding the cessation of the unlawful activity, conduct, or practice without the board having to give bond. A temporary restraining order, preliminary injunction, or permanent injunction issued pursuant to the provisions of this Section shall not be subject to being released upon bond.

F. In the suit for an injunction, the board may demand of the defendant a penalty as provided in Subsection A of this Section. A judgment for penalty, attorney fees, and costs may be rendered in the same judgment in which the injunction is made

absolute. If the board brings an action against a person pursuant to the provisions of this Section and fails to prove its case, then it shall be liable to the person for the payment of his attorney fees and costs.

G. The trial of the proceeding by injunction shall be summary and by the judge without a jury.

H. Anyone violating this Chapter who fails to cease work, after proper hearing and notification from the board, shall not be eligible to apply for a contractor's license for a period not to exceed one year from the date of official notification to cease work.

I. All fines or penalties collected by the board pursuant to the provisions of this Section for violations of any provision of this Chapter shall, annually, at each audit of the board, be transferred to a separate contractor's educational trust fund to be used for educational purposes as determined by the trustees of the fund. The Construction Education Trust Fund shall make an audited financial report to the board annually.

J. Upon the expiration of the delays set forth in the Administrative Procedure Act for an aggrieved party to appeal any fine or penalty assessed by the board, if an appeal has not been so filed, the board may initiate civil proceedings against the party seeking to obtain a judgment against that party in an amount equivalent to the amount of the fine assessed, together with legal interest and all reasonable attorney fees incurred by the board in bringing the action. The proceedings shall be conducted on a summary basis, with the defendant being limited to the defense of lack of notice as to the meeting of the board during which the fine was assessed. All proceedings brought pursuant to the provisions of this Subsection shall lie in any court of competent jurisdiction in this state.

K. In addition to all other authority granted to the board by the provisions of this Chapter, the board shall have the authority to cause to be issued to any person who is alleged to have violated any of the provisions of this Chapter a citation setting forth the nature of the alleged violation, which provides to that person the option of either pleading no contest to the charge and paying a fine to the board prescribed by any provision of this Chapter or appearing at an administrative hearing conducted by the board regarding the alleged violation. The citations may be issued by any authorized employee of the board and may be issued either in person, by certified mail with a return receipt, or by email with a read receipt from the noticed person. This Subsection shall not be applicable to any criminal enforcement action brought pursuant to the provisions of this Chapter.

#### **§2165. Bid procedures; penalty**

A. (1) It is the intent of this Section that only contractors who hold an appropriate active license be awarded contracts either by bid or through negotiation. All architects, engineers, and awarding authorities shall place in their bid specifications the requirement that a contractor shall certify that he holds an active license in accordance with the provisions of this Chapter by displaying his license number on the bid envelope. In the case of an electronic bid proposal, a contractor may submit an authentic digital signature on the electronic bid proposal accompanied by the contractor's license number in order to meet the requirements of this Paragraph. Except as otherwise provided by this Subsection, if the bid does not display the contractor's license number on the bid envelope, the bid shall be automatically rejected, returned to the bidder marked "Rejected", and not be read aloud.

(2) Any bid that does not require the contractor to hold an active license shall state the exemption on the bid envelope and shall be treated as a lawful bid for the purposes of this Section.

(3) On any project that has been classified by the architect or engineer, prior to the bid, as a plumbing project, bids may be accepted only from those who have as a qualifying party a person who has complied with the provisions of Chapter 16 of this Title, R.S. 37:1361 et seq.

(4) Any contractor who submits a bid for a type of construction for which he does not hold an active license to perform shall be acting in violation of this Section and shall be subject to all provisions for violations and penalties thereof.

(5) Any subcontractor who submits a bid or quotes a price to any unlicensed or inactive prime contractor shall be subject to all provisions for violations and penalties thereof.

(6) Any person required to be licensed by the board that bids a project requiring a bid bond, the posting of a bid bond for the project, or certificates of insurance evidencing mandated coverage and fails to provide such valid bonds or coverage when due shall be subject to all provisions for violations and penalties thereof.

(7) Upon being awarded a bid, the person required to be licensed shall maintain the required insurance coverage or bonding as required in the bid proposal.

(8) Any person who violates the provisions of this Section may be subject to disciplinary action by the board, including suspension or revocation of the contractor's licenses and the imposition of fines and administrative costs.

B. Where bids are to be received or forms furnished by the awarding authority, no proposal forms or specifications shall be issued to anyone except a licensed contractor who holds an active license or his authorized representation. In no event shall proposal forms be issued later than twenty-four hours prior to the hour and date set for receiving proposals.

C. The architect, engineer, or awarding authority shall classify public projects. Once the project is classified, any interested person may object by sending a certified letter to both the board and the architect, engineer, or awarding authority stating with particularity the reasons for the objection. The objection shall be submitted to the board and the architect, engineer, or awarding authority in writing by certified mail or electronic mail at least ten working days prior to the date on which bids are to be opened. Upon receipt of the protest for the project classification, the Licensing Board Enforcement and Administrative staff will review the scope of work and offer a recommendation for the proper classification to the architect, engineer, or awarding authority within five working days after receipt of the objection. Any objection to the classification not made in accordance with this Section shall be considered waived.

D. (1) Any awarding authority or its agent who violates the provisions of this Section shall be deemed guilty of a misdemeanor and, upon conviction, be punished by a fine of not less than one hundred dollars or more than two hundred dollars or imprisonment in the parish jail for not less than thirty days nor more than sixty days, or both. Any fine and imprisonment are at the discretion of the court.

(2) In addition to the penalties prescribed in Paragraph (1) of this Subsection, the board may, after notice and a hearing, impose a fine upon any awarding authority or its agent who intentionally violates the provisions of this Section. The board may not impose any fine as authorized by this Paragraph on the state, its agencies, boards, or commissions, or any political subdivision thereof.
