Addendum No: 01

Bid No: 40006-220
Bid Name: Hazardous Waste Removal
Opening Date: June 15, 2020 2:00PM CST

Addendum No: 01
Date Issued: June 10, 2020

This addendum is hereby officially made a part of the referenced solicitation. The specifications/bid has been changed or questions answered as per the following:

1.	<p>Section II, Bid Schedule, Page 11 – In regards to the item listed as HAZARDOUS CONTAINERS PICKUP, the College has placed 4 lines below the items listed. What information is the College requiring on these lines? If it regards pricing, what size are the containers? Also, are the sharps contaminated with chemicals or biohazards? What are the contents and sizes of the bottles? What are the sizes and contents of the barrels?</p>	<p>The majority of the Sharps Containers are 5 quarts. Some we get are smaller. I'd have them price out 5 quarts and treat them as biohazard. The boxes are supplied by the vendor, so it would go off of their size. The majority of bottles that are not placed in the boxes are glass about hold up to 2 gallons. The barrels are provided by the vendor, so it would go off of their size.</p>
2.	<p>Section II, Bid Schedule, Page 11 – In regards to the MOCK PICKUP, what information would you like the vendors to provide in the lines below the inventory? Some of the materials may be lab packed together, making it difficult to provide a cost for each item individually. The total cost of the pick up will also depend on the hours on-site, transportation, and supplies used.</p>	<p>The information that we are asking in the Mock Pickup is the price to pick up the items listed. For this particular pick up, treat them as not packed together. The hours on site would be estimate by the company of how long it would take to pick these items up as well as entering them into their system. The transportation cost would be figured out by the company based on a pick up at 615 City Park Ave, New Orleans, LA 70119. Supplies are provided by the company, so they should be able to price this out.</p>

3.	Section II, Bid Schedule, Page 11, "BRIEFLY LIST ANY RECYCLING BENEFITS TO THE COLLEGE AS PER ITEM #4" – What section is the question referring to when it lists item #4?	Item #4 is on page 4.
4.	Section II, Bid Schedule, Page 12, "IF NO, ELABORATE AS PER ITEM #17" – What section is the question referring to when it lists item #17?	Item #17 is on Page 7.
5.	Section IV, Special Conditions, Page 14, Item 14 – Is the College making any online bid openings in light of the social distancing required due to COVID-19?	No, bidders will be informed via email
6.	Section II, Bid Schedule, General – The EPA now requires all hazardous waste to be put into the E-manifest database, we did not see a place to insert the price per manifest on the Bid Schedule. Where would you like the bidders to provide this information?	Please see the attachments below (page 6)
7.	Section II, Bid Schedule, MATERIALS – No line was provided for DOT exemption boxes. Most vendors are required to use the boxes when packaging any Poison By Inhalation hazards. Where would the College like the bidders to provide this information?	Please see the attachments below (page 6)
