COMMENTS & QUESTIONS:

1. Will retainage be held on this project?

No, retainage will not be held for this project.

2. Fence Removal and Replacement for Access
How will Fence Removal and Replacement be paid for in regard to access to the repairs?
There are two options:
Pay for a small amount of fence to gain access to the repair area
Or we can start several houses down where we can get to the servitude, and remove fences and trees to gain access to a repair in the rear of a residence.

Seems like it would more cost effective to pay for the fence necessary to access the repair. The specs indicate that no fence will be paid to gain access. Please clarify your position.

No fence will be paid to gain access to the repair unless approved by the engineer on case by case basis.

3. Is this project tax exempt?

No, this project is not tax exempt.

4. Traffic Control – the bid item or description of the pay item do not indicate how this item will apply to major roads (Government St, Sherwood Forrest Blvd, Florida Blvd). Or will this item only apply to local streets (subdivision type streets)? Please clarify exactly what this item should include.

This item will include all state and local roads.

5. Repairs – do these repairs exist or will they be assigned on an as needed basis? How will the work orders be filled?

Work orders will be created from existing and future repairs.

6. Payment for work – are there any changes to the current system as to how the contractor is to be paid? There seems to be a long lead time after invoice is submitted until the check is actually received.

There will be no changes to the current payment system.

7. Can you provide bid tab from previous project?

Bid tab from previous projects is attached to this addendum.

RECOMMENDED:

Nicole L. Henderson, P.E.

APPROVED:

Adam M. Smith, P.E.
