ADDENDUM # 1

Bid Number: 50-00139637

Receipt Date: September 15, 2022
Postponed to Date: N/A

Description of Bid: One Time Purchase of Portable Restroom and Shower Combo Trailers for The Jefferson Parish Emergency Management Department

Q&A:

The following are questions (1-3) related in Section 3.0 Unit Description:

- 1) The stainless-steel corner sink and small countertop is not an available option for the floor plan Sku# CHS19490. The only sink that fits in this floor plan is the petite wall sink that is shown in layout and picture. (SEE ATTACHED PHOTO)

ANSWER: We will accept petite wall sink

- 2) On the hydraulic lowering trailer, the stairs are not retractable. Single Step welded to frame (SEE ATTACHED PHOTO)

ANSWER: Single step is approved as long as trail is equipped with ada ramp.

- 3) Clarifying that trailer will have a 750-gallon waste tank but equipped with residential toilets that use 1.6 gallons of water. Our recommendation would be the standard toilets (RV Foot Pedal Flush Toilet) that only use a pint of water. Considering the showerheads use 2 gallons of water per minute in combination with 1.6-gallon residential toilets the waste tanks are going to fill quickly. The other option would be eliminating the waste tanks and go direct sewer only.

ANSWER: Please bid as specified with 750-gallon tank

We are reviewing your RFB 50-00139637 for combo trailers and have developed the following list of questions. Can you please review this with your user team and supply responses to the questions?

- 4) Retractable stairs: see attached pic of the double Lippert steps we use on our ADA units. Would these be acceptable? (SEE ATTACHED PHOTOS)

JOSEPH S. YENNI BUILDING - 1221 ELMWOOD PARK BLVD - SUITE 404 - JEFFERSON, LA 70123 - PO BOX 10242 JEFFERSON, LA 70181-0242

ANSWER: Yes as long as the unit is equipped with ada ramp.

5) Stainless steel corner sinks: see attached pic of a sink that we use in these space constrained situations. Duravit is the brand of the wall hung sink (SEE ATTACHED PHOTO)

ANSWER: The Duravit sink will be acceptable

6) Small countertops: There may not be room for a countertop. It's not shown in the link to the PRT / Comforts of Home trailer that this spec is based on

ANSWER: Please bid as specified

7) Calls for a 750 gal waste tank and also states "direct to sewer", which tells me no waste tank and waste directly plumbed under the floor to be directly ran into a sewer line at site. Which set up do they want?

ANSWER: Both

8) Box width of 6'-4". Our frame design would be a wide body, which would be 8'-4" wide. I spoke with our frame manufacturer, and they haven't built a triple axle on a narrow body application, which requires each to have a fender mounted to them individually. They have built a triple axle wide body, so that is what he is going to base our quote on

ANSWER: Approved

9) "Smarter Restroom App" seems to be a PRT specific call-out. We would use a Viatrax monitoring system.

ANSWER: Approved

10) Spare tire may have to be mounted in the mechanical room as the LP tanks are going on the tongue

ANSWER: Approved

11) Baby changing station: do they want (1) of these, or do they want them in all (5) rooms?

ANSWER: Just 1
