Please find the following addendum to the below mentioned RFP.

Addendum No.: 1

RFP#: 23-2-3

Project Name: DPW Landscape Maintenance & Grass Cutting

RFP Due Date: Thursday, March 2, 2023

QUESTIONS AND ANSWERS:

Question 1: May we please have aerial photos of the service sites with the areas of service highlighted?

Answer 1: A map has been provided as part of Attachment "A" in the package.

Question 2: Will you verify whether downed tree removal is a part of the contract?

Answer 2: If a tree is downed due to a named storm or weather event it is not part of the contractor's responsibility. However, if it is a 12" caliper or less at base of tree downed any other time during contract it will need to be addressed by the contractor. You may contact DPW (Department of Public Works) for assistance in removing tree debris when cut into manageable pieces.

Question 3: Will you accept estimates to bring sites into maintenance condition prior to the start of the contract; or can a proposal be made in conjunction with the bid to bring sites into maintenance condition?

Answer 3: All sites are as is and we understand that it will take at least two cuts to bring into a maintenance condition.
