**2023/2024 Carp Requests** – Thirteen thousand seven hundred (13,700) carp to be distributed as follows:

- Seven Thousand (7,000) – Indian Creek Reservoir, 100 Camp Ground Road Woodworth, LA 71485
- Five Thousand (5,000) – Hardwater Lake, Near: 2696 Highway 8 Pollock, LA 71467
- One Thousand Five Hundred (1,500) – Kincaid Lake, Near: 1360 Valentine Lake Rd Elmer, LA 71424 – Rick McGuffee (LDWF) is to be contacted with an ETA and he will escort the vendor to the exact location.
- Forty (40) – Various urban waterbodies
- One Hundred Sixty (160) – Booker Fowler Fish Hatchery

\*Vendor will be responsible for delivering carp to the first three (3) waterbodies on this request list. The last two (2) will be picked up by LDWF at Indian Creek Reservoir on the date Indian Creek Reservoir is stocked with grass carp.

Note: The Department may have a need to add to this list to deal with unexpected vegetation problems in 2023/2024 and this list will change in 2024/2025. We will not count on availability for the ones we need to add and will check on availability with the contract vendor if additional carp are needed.

Note: A new list for 2024/2025 will be provided to the vendor when it is available in the summer of 2024.
