ADDENDUM #1

November 21, 2023

RE: Bid Number: 50012-563-24: Lycoming Factory Overhauled/Exchange IO-360-C1C6 engines

- **ALL original bid specifications are hereby omitted and replaced with the following:**
 - Overhaul Services for Lycoming IO-360-C1C6 airplane engines (Quantity: 2)
 - The shop performing the work must be a FAA-certified repair station, and the work accomplished in accordance with Lycoming specifications and publications.
 - Factory new parts are to be installed where applicable and when available. If unavailable, alternatives require approval from Louisiana Tech University's Professional Aviation Department **PRIOR** to installation.
 - A 500-hour warranty on parts and workmanship is required.
 - Specifications for the engines are as follows:
 - Aircraft application: Pipe Arrow PA-28R-201
 - Horsepower: 200
 - New diaphragm fuel pump, starter, and spark plugs
 - Overhauled magnetos and fuel injection system
 - Prices to be firm January 1, 2024 – December 31, 2024

Sincerely,

Zynthia L. Rhodes
