Bid Specification for Bid # 50-00144004

POINT REPAIR TWO (2) YEAR CONTRACT
(DAILY EMERGENCY WORK)
DIVISION I

Pre-Bid Conference:

All prospective bidders are invited to attend the non-mandatory pre-bid conference which will be held at 10:00AM on January 9, 2024 in Jefferson Parish Purchasing Department located at 200 Derbigny Street, Suite 4400, Gretna, LA 70053. However, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specification with no additional cost to the owner.

License Requirement:

The following Louisiana State Contractor's Licenses will be required for this bid in the following classifications:

- **Heavy Construction and**
- **Highway, Street, and Bridge Construction and**
- **Municipal and Public Works Construction**

The above LA State Contractor's License will be required in accordance with LSA R.S. 37-2150 et. seq. and such license number will be shown on the outside of the electronic bid envelope. Failure to comply will cause the bid to be rejected.

Bonds:

A Bid Surety bond will be required with Bid Submission in the amount of 5% of the total bid price (Base Bid and any Alternates).

A performance bond in the amount of 50 % of the contract cap amount will be required at the signing of the formal contract.

A payment bond in the amount of 50 % of the contract cap amount will be required at the signing of the formal contract.

1.0 General Conditions:

1.1 Scope of contract work: The purpose of this contract is to provide means to perform emergency replacement and repair of existing waterlines and work incidental thereto to supplement existing Water Department work crews on day to day maintenance and emergency repairs. The project is high priority jobs and in dealing with public safety of water supplies it is vital to insure that the citizens of Jefferson Parish are supplied a safe and sanitary potable water supply without unnecessary interruption. These replacements/repairs will be done on an as-needed basis only and no minimum expenditure is guaranteed under this contract. Payment for work performed shall be on a unit price basis. Actual quantities used may fall below or exceed the estimated quantities listed on the bid form. It is intended to issue work orders as needed to perform repairs at various locations on the East and West banks of Jefferson Parish and the Town of Grand Isle. **The Jefferson Parish Department of Water will provide the use of the property located at 200 Arnoult Road for the convenience of the contractor. The contractor on a regular basis shall maintain this property for the duration of the contract. The grass/weeds shall be cut, stock material shall be stacked above ground and away from any spoil material, spoil material shall be removed on a regular basis, mud/debris shall be cleaned from trucks prior to leaving yard and entering Arnoult Road. In the event that these conditions are not being met, the Jefferson Parish shall reserve the right to bring in outside forces to complete the necessary work and charge the contractor.** All work covered under this contract must conform to Jefferson Parish Engineering Department standard details sheets available in the Jefferson Parish Engineering Department.

The contractor is made aware that, because of the nature of this contract, it may be necessary to make repairs on emergency 24 hours, seven (7) day a week, at night, week-ends, and holidays. However, there will be no extra compensation for these repairs during these events. Any work done after 3:30 pm, weekends, and holidays, will be considered premium time and is paid an additional one half (1/2) hour for every labor hour worked. There will be no premium time for equipment. The contractor must have two (2) contact employees, one primary and one backup, on a 24 hour basis available to coordinate work initiation. Contact phone number list to be updated as needed.

In the event work is halted during an assigned weekday job as a result of the contractor's responsibility, i.e., equipment failure, lack of necessary equipment, insufficient crew size, etc., and later resumed, premium labor time for work done after 3:30 pm will be reduced by the amount of time work halted.

The contractor's entire crew assigned to a job must be on site and begin work within one (1) hour of the contractor receiving initial work notification.

In the event the contractor's foreman is not on site within one (1) hour of receiving initial work notification, his job start time will be recorded as beginning at the actual time of his arrival on site.

The Parish will furnish all permanent pipeline materials; i.e., pipes, valves, fittings, sleeves, meters, valve boxes, fire hydrants, etc., with the exception of material required for HDPE pipe installation and any other unforeseen required purchases. Repair materials that are needed on the job and are not available in Parish stocks at the time of repair and are not included as bid items may be furnished by the Parish through regular or emergency Parish requisitions and/or may be furnished by the contractor at his actual face value cost. These third party invoices shall be attached to the contractor's billing invoice for payment.

The actual face value cost shall cover the manufacturer's cost (or supplier's cost) plus shipment cost by others, subject to Parish's approval. Invoices shall be submitted to the Parish prior to payment. This contract is a labor intensive type contract; therefore, contractors should consider all matters of labor and overhead and build his necessary profit into his prices for repairing water lines. Repair materials which are used on the job shall be paid at the contractor's actual face value cost. The cost of any incidental drayage between the local supply vendor and the job site will not be considered a pay item.

The contractor will furnish all labor, equipment, disposable materials, sheeting, bracing, bedding, backfill material, brick mortar, concrete for restoration, including valve pad installations.

In addition, the successful lowest responsible bidder shall have at least one (1) employee that possesses a current LDHH Class IV operator's license for water distribution systems for supervising the work crew(s). This license must be submitted with bid to the Purchasing Department. Failure to submit the required license with bid submission will result in a bid Rejection.

The successful low bidder must have a minimum of two (2) certified welders/pipe fitters sub-contracted employees are not permissible). The bidder must submit to the Purchasing Department (with bid) a list of proposed welder/pipe fitters with relevant certifications. Said welders/pipe fitters must have previous experience repairing, welding and fitting pre-stressed concrete cylinder pipe (pccp). Failure to submit with bid submission will result in a bid rejection.

A list of names of the subcontractors proposed by the contractor for work to be performed under the terms of this contract.

The contractor must have the ability and resources to fabricate fittings (pccp, ductile iron) for repair of water mains. This fabrication will lessen down time when these fittings cannot be purchased and delivered from a supply house in an emergency situation. The maximum allowable time will be 24 hours.

1.2 Familiarization with the work. Before submitting his bid, each prospective bidder shall familiarize himself with the work, local labor conditions and all laws, regulations and other factors affecting performance of the work. He shall carefully correlate his observations with the requirements of the contract documents and otherwise satisfy himself of the expense and difficulties for performance of the work. The submission of a bid will constitute a representation

of compliance by the bidder. There will be no subsequent financial adjustment for lack of such familiarization.

1.3 Subcontractor qualifications.

The contractor may complete his bid by utilization of subcontractors: however no payment will be made by Jefferson Parish to the subcontractor for any work performed under the terms of this contract. The contractor assumes all responsibility for the work performed by his subcontractor(s). Under the terms of this contract, subcontractor effort shall be limited to a maximum of twenty-five percent (25%) of total work performed. Additionally, all subcontract work shall be governed by all provisions of this contract. **The bidder shall submit the following information with bid:**

A. A designation of the work to be performed with his own forces.

B. A list of names of the subcontractors proposed by the contractor for work to be performed under the terms of this contract.

Prior to the award of the contract the contract administrator will notify the bidder if Jefferson Parish, after due consideration and investigation, has reasonable and substantial objection to any person or organization on the successful contractor's list of proposed subcontractors. The bidder will then be allowed to submit substitute subcontractor/subcontractors acceptable to Jefferson Parish.

1.4 Work scheduling.

Because of the nature of this contract, it may be necessary for the contractor to respond to emergencies immediately upon notification within one (1) hour of call out. After normal work hours, weekend and holidays premium time will begin for contract personnel upon notification of emergency. Premium time will begin for crew upon their arrival on site with adequate equipment to begin repair. Premium time will end upon completion of repair. No travel time included.

The contractor will be issued a work order to proceed with a "point repair" or other item of work and at that time be furnished with the approximate location and general description of the work to be done. This will be done through a daily "issuance report" faxed to the contractor or verbally by Parish representative with issuance report to follow.

The work orders shall be prioritized and work shall commence as follows: emergency work orders shall commence immediately and the contractor shall respond to the site of the work within one (1) hour. Emergency response will be directed by Water Department personnel; all others within 48 hours of issuance or as directed.

Failure of the contractor to meet the above time constraints will result in the following:

A. Have the work performed by others and back charged to the contractor: or

B. Persistent failure of the contractor to meet the response deadlines (3 occurrences or more) may lead to contract termination. Notification of deficient performance will be by certified mail.

The failure of Jefferson Parish to assert a breach for the failure of the contractor to perform at anytime shall not be construed to be a waiver of Jefferson Parish's rights hereunder.

Each work order will be designated by specific w/o number, all correspondence, billing, etc., shall reflect that w/o number. The contractor shall provide the approved three part (ncr) invoice to be used to bill each work order or may use computer generated invoice with all required information. These invoices are to be completed by contractor personnel and approved by Parish personnel for payment.

The contractor shall furnish the Parish a weekly log in spread sheet form indicating the following: work order number, date work order received, work location (street address), scheduled start date, actual start date, actual repair completion date, actual restoration completion date, and cost. This log shall be provided at monthly progress meetings to be held among representatives of the contractor and Jefferson Parish personnel in order to allow the Parish to monitor progress and coordinate activities related to this contract.

If the contractor does not diligently proceed with the work then the issuance of additional work orders will be withheld.

1.5 Work on private property. The contractor shall be aware that his work will be performed adjacent to private property. The contractor shall avoid use of private property by either personnel, equipment, spoil, etc. unless permission is obtained by property owner. The contractor shall notify by door tags, prior to the start of work in the area, all property owners adjacent to and along the route of construction. The door tag shall include names and telephone numbers for key personnel so that property owners can report problems. These contact telephone numbers shall be given so that appropriate personnel can be contacted 24 hours a day, seven (7) days a week.

1.6 Notification of work intended. The contractor shall make every attempt to notify all adjacent property owners of his intended work. Under no circumstances shall the water service be interrupted without first notifying all affected users. In the event that an "emergency closure" is required, contractor shall provide personnel to begin notification while closure is underway. Contractor shall notify all water customers when water is being shut off by door hangers or verbal contact. Prior to shut off, appropriate Parish personnel shall be notified by contractor. East Bank 838-4364/West Bank 437-4979/For after hours, holidays, and weekends – East Bank Plant – 838-4363/West Bank Plant – 349-5081.

1.7 Site condition survey. The contractor shall conduct a thorough survey of the entire job route. This survey should be adequate as to ascertain pre-construction/repair and post-construction/repair conditions of all public and private property within and adjacent to the construction/repair limits. **Site photographs shall be taken prior to and after completion of construction/repair project. Sufficient photographs shall be provided by the contractor**

and submitted to the Parish to resolve any damage claims which may arise due to the construction/repair of this project. Lack of pre-repair photos could result in claims having to be paid totally by the contractor. All costs associated with this survey shall be paid by the contractor.

1.8 Qualifications of bidders. Bidders must have a practical knowledge of the particular work and shall have all labor and equipment necessary to satisfactorily complete the work orders, and possess current LDHH Class IV operator licensing for water distribution systems. Bidders shall be required to maintain a minimum of four (4) repair crews and two (2) restoration crews at all times for the proposed work under the terms of this contract.

Each bidder may be required to show that former work has been completed and that no just claims are pending against such work. No bid will be accepted from a bidder who is engaged in any work which would impair his ability to perform or finance this work.

1.9 Jefferson Parish general specifications: the general specifications for these contract documents are the new uniform set of general specifications of Jefferson Parish adopted by Resolution No. 141125 as amended. The resolutions containing the new uniform set of general specifications are not reproduced herein, however bidders shall be presumed to have full knowledge of these general conditions. Copies are at all time available with the clerk of Jefferson Parish council.

1.10 Contractor will agree to commence contract work upon notification pending award by council resolution prior to signing contract under same terms and conditions of contract document.

1.11 If the contractor should fail to complete issued work orders in a timely manner and to the satisfaction of the Parish the issuance of additional work orders will be withheld. Deficient performance will be dealt with as stated previously in section 1.4.

If contractor continually fails to perform work to the satisfaction of the Parish, then the Parish reserves the right to terminate contract and to re-advertise and re-bid this contract.

1.12 Pursuant to LSA R.S. 38:2248 (Public Contract Law), owner shall retain the following percentages of each progress payment until payment is due under the terms and conditions governing substantial completion or final payment.

Contract amount	Retainage
\$0 - \$499,999.99	10%
\$500,000.00 or greater	5%

1.13 Monthly invoices must be submitted for payment and the invoice shall reflect all work that is 100% completed. There will be no payment or partial payment for work in progress. All invoices submitted for payment must have all work directed on work order as well as all restoration complete submitted with all "original" paper work attached i.e. invoice, warehouse ticket, restoration sheet, etc. The contractor shall provide 3-part, no carbon required, or

computer generated invoices daily for completed work orders to the Parish Inspector for review and approval.

Division II

2.0 Repairs to waterlines by point repair

2.1 General

Work under this contract will consist of the replacement, installation, and/or repair of waterlines by either the installation of a full circle clamp or point repair, the replacement of water valves and fire hydrants and the installation of tapping sleeves, water lines, and valves, removal and replacement of water meters and installation of new water meters, and the restoration of sidewalks, driveways, roadway, etc. affected by this work.

All work orders exclusive of those for Grand Isle must be completed with-in forty-five days (45) calendar days from issuance of the work order. Failure to complete all repairs including restoration within the 45 day period will result in a \$50 per day charge per work order assessment of liquidated damages against the billing invoice.

A "point repair" is defined as exposing a specific length of waterline, making the necessary repairs to correct such defects as a broken pipe or broken fittings, backfilling and returning the surface area to the condition which existed prior to construction.

The Jefferson Parish Department of Water shall furnish all pipe, fittings, valves and fire hydrants other than HDPE material. The contractor shall obtain the necessary material to make a repair from the Water Department Warehouse located at 1500 River Park Blvd., Bridge City, La or 4901 Jefferson Highway, Jefferson, La. Also refer to general conditions section 1.1 Paragraph 3. All pipe, fittings, hydrants, valves, with exception of water meters, removed shall become the property of the contractor and he must properly dispose of them. The water meters must be returned to the Water Department warehouse, East Bank meters to the EB warehouse, West Bank meters to the WB warehouse.

If the repairs and construction require the contractor to enter private property, he shall first receive the permission of the property owner. After all construction is complete and accepted, the contractor shall, as a minimum, restore the area of construction to its original condition.

2.2 Procedure of Repair.

The contractor shall furnish all labor, equipment, tools, services and incidentals to complete all work required by these specifications.

All necessary materials and supplies; lumber, foundation and supports, bedding, sand and natural backfill, etc. shall be included in the unit price bid for "point repair", or other specific bid item.

The contractor shall furnish the necessary personnel and equipment which will be efficient and appropriate to secure a satisfactory quality of work and a rate of progress to the satisfaction of the Parish.

All work to be done under this contract shall be done with minimum inconvenience to the users of the water system. The contractor shall coordinate his work with private property owners such that water service is maintained to all users to the maximum extent possible. **If the water service is to be interrupted to any users for any length of time, the contractor shall notify all users and Water Department prior to the disruption. All affected residences and businesses shall be notified verbally and with written door tags prior to any water outage. Unless the closure is mandated by an "emergency", 24-hour notice should be given.**

Contractor shall conduct his operations as to insure the least inconvenience to the general public. In this regard, the contractor's attention is directed to the requirements of division viii, temporary signs and barricades.

Upon notification of a needed repair the contractor shall follow the following general procedure (this is not meant to be all inclusive):

1. Excavate as much, to uncover and locate the repair area.
2. Install sheeting and bracing as required.
3. Locate and close the valves required to isolate the line section after proper notification.
4. Make the necessary repairs (disinfect all material to be used in repair prior to installation See 2.5)
5. Insure that line has some type of "blow-off" open, preferably a hydrant, crack valve on opposite end to begin water flow of 2 fps, once all air expelled from main, open all closed valves fully, flush main for approximately 10 minutes and then close blow-off point.
6. Restore site to the satisfaction of the Parish representative.

2.3 Valve locating procedure.

Detail #2.3-a. The contractor shall locate, close and subsequently reopen valves required to isolate a line section to be repaired. As a guide the contractor shall utilize unit sheets supplied by the Water Department. This process shall be paid for under a separate bid item worded as "close and open water valves". The unit sheets shall be returned to Jefferson Parish Water Department at the end of the contract.

This item shall compensate the contractor for locating an "apparently visible" water valve, closing and reopening this valve. An apparently visible water valve is defined as a valve or valve

box that can be located on the surface or with a magnometer and is no more than 1” deep beneath a surface covering other than paved.

Detail #2.3-b. If the valve is not apparently visible in the location shown on the Water Department unit sheets, the contractor will be required to excavate along the top of the water main five feet in either direction to locate valve. Upon locating the valve, contractor shall install new 8” riser pipe and valve box top to appropriate grade and restore the area to its pre-excavation condition. Valve box installation and valve pad to be included in this item “Excavating Valve”. Any paving, sod, etc. restoration to be paid under separate bid item.

If the valve is still not evident, backfill, notify the Water Department maintenance superintendent and proceed to the next nearest isolation valve.

An isolation valve cannot be skipped unless the valve is inoperative, cannot be located as described above, emergency situation exists, or the valve is in the traffic area of a major intersection. Before opening the line after the isolation valves have been closed check a fire hydrant for service on the isolated water line section to assure that the water is off. Some left-handed valves exist in the distribution system which is not indicated on the unit sheets.

2.4 Repair waterline.

Prior to commencement of any pipeline repairs, an inspection shall be made by the contractor and Parish's representative, to determine if the existing pipe is structurally and mechanically sound and that the use of a full circle clamp can accomplish the desired repair.

Where it is determined that a repair can be accomplished by use of a full circle repair clamp, the contractor shall be notified to proceed with the repair.

The repair shall be made with the use of a full circle stainless steel repair clamp as manufactured by Smith-Blair Romac or approved equal.

2.5 Disinfection of line repairs

Line repair

Any and all equipment and repair parts which come into contact with drinking water shall be thoroughly sprayed with a 5% bleach solution prior to installation including pipe sections, hydrants, clamps, corporation, tapping equipment, gaskets, valves, etc. **The preferred method of application is with a pump spray bottle, which shall be provided by the contractor to all of his crews working on the potable water system.**

Contractor must follow the state of Louisiana Sanitary Code for proper disinfection technique, LAC 51, Part XII, Water Supplies--section 353(A)

New line sections

After installation of a new line section, contact the engineering department for chlorination and acceptance of the new line. Under no circumstances shall the valve connecting the new line section to the existing water distribution system be opened at any time unless so instructed by the engineering department. After chlorination and flushing by the contractor, under the supervision of the department of engineering, bacteriological analysis shall be conducted by the water quality lab. Once the water quality lab has certified that the line contains no bacteriological contamination, the valves connecting the new line section to the existing distribution system shall be opened by the contractor personnel under the supervision of the Water Department personnel and the line shall be considered accepted by the Water Department.

Division III

3.0 General

The unit price bid for a removal and replacement item shall include the cost of removal, transportation and proper disposal of the removed material.

3.1 Repair water main (referred to as detail #3.1)

A. Measurement: the measurement of a waterline repair by full circle stainless steel clamp or replacing damaged pipe at any location up to 20 linear feet of pvc or ductile iron pipe will be on a per each basis of actual number of repairs satisfactory completed. In the event that the main leak is the result of a plug/pipe backing out of existing fitting, this fitting is to be replaced with an appropriate mechanical joint fitting with a minimum of 20 linear feet of pvc/ductile pipe out of fitting for tie-in. No exception unless specifically approved by the Department of Water.

B. Payment: a "line repair" is defined as exposing a section of waterline. Installing a full circle stainless steel clamp, replacing damaged pipe at any location up to 20 linear feet of pvc, ductile iron pipe, or installation of mechanical joint tee will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials and incidental items necessary for the repair of waterline in accordance with the specifications (Jefferson Parish will supply pipe). When reconnecting of a service line is required as a result of a line repair, connection shall be included in the line repair cost. Removal and replacement of tee will be paid at the rate of one point repair plus the tonnage for the tee. Removal and replacement of cross will be paid at the rate of two point repairs plus the tonnage for the cross.

C. Contractor shall be required to take a minimum of (4) post repair photos of repair work for review by Parish Personnel as required.

3.2 Repairing service or main water lines under trees

Repairing service or main water lines under the base of a tree with a trunk diameter larger than six (6) inches which required extra effort above and beyond point repair will be paid under separate items for extra work.

Note:

- The tree base is the lowest point along the center of the trunk axis at ground level.
- The trunk diameter is measured at a point 4.5 feet along the center of the trunk axis above ground level.
- When the trunk branches or splits less than 4.5 feet above ground level, the trunk diameter is measured at the smallest circumference below the lowest branch.
- If the tree has a branch or a bump at 4.5 feet, the diameter is measured slightly above or below the branch / bump.
- For multi-stemmed trees, the size is determined by measuring all of the trunks, and then adding the total diameter of the largest trunk to one-half the diameter of each additional trunk.

If a tree must be removed to repair the water line the department of water and the department of parkways will decide and remove tree. Contractor shall furnish all labor, equipment, tools, services, and incidentals to remove downed trees and tree stumps to repair water lines in response to natural disasters for which there is a declared state of emergency.

All other costs associated with "point repair" and such as mobilization and demobilization, excavation, dewatering, sheeting and bracing pipe bedding, lying of pipe, backfilling, with river sand, chlorination of the repaired segment, removal of surplus earth and debris from the site work and all other items of work associated with a "point repair" and will be paid for under point repair or item. Ductile iron fittings incorporated in point repair items shall be paid for separately.

3.3 Repair p.c.c.p. water main by point repair (detail #3.3)

A. Measurement: the measurement of a "point repair" for pre-stressed concrete cylinder pipe will be on a per each basis.

B. Payment: a "point repair" for pre-stressed concrete cylinder pipe (p.c.c.p) consists of exposing and making the necessary repairs with an appropriate repair section up to twenty (20) linear feet of water main at any one location. Each "point repair" shall be paid at the unit price bid under the applicable size and pay item for each repair satisfactorily completed and shall include all other cost associated with a "point repair" excluding the cost of pipe material. Payment of point repair for steel water main will be paid under the repair of p.c.c.p. water main by point repair of the same size.

3.4 Ductile iron fittings (detail #3.4)

A. Measurement: the measurement of all ductile iron fittings will be by the ton (2,000 pounds) installed. The "initial" weld and "cap" weld shall be considered as one weld by LF.

B. Payment: the actual weight of ductile iron fittings, incorporated in the "point repair" and measured as provided above, will be paid for at the unit price bid per ton and this price and payment will constitute full compensation for hauling and properly installing the fittings.

3.5 Welding repair (detail #3.5)

A. Measurement: the measurement of weld will be by the linear foot at the rate of the bid amount per LF. The linear foot price shall be paid on the completed weld, which will include any number of "top" passes required to complete the weld.

B. Payment: the actual length of desired repairs will be paid for at the unit price and payment will constitute full compensation for furnishing all labor, equipment, and materials required completing the welding repairs. Payment for welding repairs will be over and above the cost of a point repair.

3.6 Additional sheeting and bracing

A. Measurement: the measurement for payment for additional sheeting, bracing and foundation lumber where not covered by contract requirements and when directed by the owner will be by the mfbm.

B. Payment: where specific site conditions dictate the use of additional sheeting, bracing and foundation lumber, above that required by the contract, will be supplied and placed as directed. All sheeting, bracing and foundation lumber supplied and placed shall be left in place. The actual quantity of additional lumber supplied and placed, will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, and materials to complete the additional work.

3.7 Temporary steel sheeting and bracing (as directed) (detail 3.7)

A. Measurement: the measurement for payment for temporary and left in-place steel sheeting and bracing will be by the square foot.

B. Payment: where specific site conditions dictate steel sheeting or left in place steel sheeting and bracing. The quantity of temporary steel sheeting and bracing furnished and installed shall be paid for at the unit price bid and this payment shall constitute full compensation for furnishing all labor, equipment, materials and all other incidental work to complete installation.

3.8 Left in-place steel sheeting and bracing (as directed) (detail #3.8)

A. Measurement: the measurement for payment for left in-place steel sheeting and bracing will be by the square foot.

B. Payment: where specific site conditions dictate the use of left in-place steel sheeting and bracing the quantity of in-place steel sheeting and bracing furnished and installed shall be paid for at the unit price bid and this payment shall constitute full compensation for furnishing all labor equipment, materials and all other incidental work to complete installation.

3.9 Additional granular material (vehicular measure) (detail 3.9)

A. Measurement: the measurement for granular material will be by the cubic yard delivered in approved vehicles at the site of the work.

B. Where specific site conditions dictate and at the discretion and direction of the owner. The use of additional granular material (pumped river sand), above that specifically required by the contract, will be supplied and placed as directed. The actual quantity of granular material supplied and placed, when directed by the owner, will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment and materials to perform the work.

3.10 Additional limestone (vehicular measure) (detail #3.10)

A. Measurement: the measurement for limestone or crushed concrete or approved equal will be by the cubic yard delivered in approved vehicles at the site of the work.

B. Payment: where specific site conditions dictate and at the discretion and direction of the owner, the use of additional limestone or crushed concrete or approved equal above that specifically required by the contract, will be supplied and placed as directed. The actual quantity of limestone or crushed concrete or approved equal supplied and placed, when directed by the owner, will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment and materials to perform the work.

3.11 Extra excavation (net section) (detail #3.11)

A. Measurement: the measurement for extra excavation will be by the cubic yard.

B. Payment: where specific site conditions dictate that exploratory excavation be used to determining subterranean conditions. Payment under this item also shall cover all excavation not specifically required by the contract and for which no pay item exists and compensate the contractor for excavations required prior to the excavation that locates a waterline leak. The actual quantity of extra material excavated based upon a computed net section, as directed by the owner, will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing labor, equipment and material to excavate and dispose of the excavated material if not suitable for backfilling.

3.12 Remove and replace Portland cement concrete roadway (detail 3.12)

A. Measurement: the measurement for removal and replacement of Portland cement concrete roadway will be by the square yard for seven (7) and nine (9) inch thickness. Measurement will be made from back to back of curbs.

B. Payment: the actual quantity of applicable roadway removed and replaced will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials, wire mesh, if required, and incidental necessary to complete the applicable item of work.

C. Inspection for street replacement shall be coordinated with the Department of Streets (504-838-1025) and the contractor both for the East and West Banks. Their inspectors shall provide all directions to the removal and replacement as per Jefferson Parish Standards on streets as well as Handicap Ramps.

3.13 Remove and replace asphaltic concrete roadway (detail #3.13)

A. Measurement: removal and replacement of asphaltic concrete roadway will be by the square yard. Measurement will be made from cut to cut of pavement. All excavated area to be "straight cut" prior to placement of any asphalt concrete roadway replacement.

B. Payment: the actual quantity of asphaltic roadway removed and replaced will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials, and incidental necessary to complete the item of work. Should the thickness of the existing asphalt pavement exceed the six inch (6") asphalt concrete minimum thickness required by the standard detail, the contractor shall match the existing pavement. Payment for the additional thickness satisfactorily placed will be prorated based upon the unit price bid for this item of work. For each additional inch of thickness satisfactorily placed, the contractor will be paid for additional one-sixth (1/6) of the unit price of pay item.

3.14 Remove and replace concrete curb and gutter and concrete curb (detail #3.14)

A. Measurement: the measurement for removal and/or replacement of concrete curb and gutter and concrete curb will be by linear foot along the face of the curb.

B. Payment: the actual quantity of concrete curb and gutter and concrete curb removed and/or replaced will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials and incidental necessary to complete the item of work, where applicable, including excavation, backfill, expansion joint material, doweling to existing pavement and other related miscellaneous items.

3.15 Adjusting manholes (in concrete roadway) (detail #3.15)

A. Measurement: the measurement for adjusting manholes will be by the actual number adjusted, which adjustment will not exceed one vertical foot in either direction.

B. Payment: the actual number of manholes adjusted will be paid for at the unit price bid and this price and payment will constitute compensation for furnishing all labor, equipment, materials and incidental necessary to complete the item of work, where applicable, including excavation, backfill expansion joint material, doweling to existing pavement and other related miscellaneous items.

3.16 Adjusting manholes (in asphaltic roadway) (detail #3.16)

A. Measurement: the measurement for adjusting manholes will be by the actual number adjusted, which adjustment will not exceed one vertical foot in either direction.

B. Payment: the actual number of manholes adjusted will be paid for at the unit price bid and this price and payment will constitute compensation for furnishing all labor, equipment and materials necessary for the adjusting of manholes to an elevation established by the Parish.

3.17 Install water valve manholes (detail #3.17)

A. Measurement: the measurement for removal and replacement for water valve manholes will be by each manhole installed.

B. Payment: the actual quantity of manholes installed we will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials and incidentals necessary to complete the item of work.

3.18 Slab Sodding (detail #3.18)

A. Measurement: the measurement of slab sodding will be by the square yard of finished surface. The newly placed sod must be at elevation of the existing sod and shall be the same variety as the existing sod. Newly placed sod shall receive the initial "deep watering" upon placement by contractor. Contractor shall provide written notice to the home/business owner that new sod has been placed and watering should be continued to establish adequate root growth.

B. Payment: the actual quantity of slab sodding satisfactorily placed, as measured above, will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, and materials necessary to complete this item of work.

3.19 Remove and replace concrete driveways (detail #3.19)

A. Measurement: the measurement for removal and replacement of residential concrete driveways will be by the square yard, of six (6) or eight (8) inch thickness. Commercial driveways are nine (9) inches thick. 4000 psi/ 72 hour high early strength concrete is required.

B. Payment: the actual quantity of applicable driveway removed and replaced will be paid for at the unit price bid and this price and payment will constitute full compensation for furnish all

labor, equipment, materials, and incidentals, such as, wire mesh, saw-cutting, excavation, backfill, expansion joint material, removal and disposal of existing driveway and other related miscellaneous items. It is necessary to complete the applicable item of work.

3.20 Remove and replace sidewalks (detail #3.20)

A. Measurement: the measurement for removal and replacement of sidewalks, brick/brick pavers and stamped concrete will be by the square yard.

A1. Where necessary or as directed by the engineer, existing sidewalk and curbing at intersections and medians shall be broken out/or saw cut, removed and replaced with new Portland cement concrete curb ramp. The handicapped curb ramps shall conform to the ADA (Americans with Disabilities Act) guidelines 4.7. Bid unit price should include all costs necessary to provide the coverage of the ramp as per ADA guidelines. Detectable warning shall contrast visually with adjoining surface (reddish like "terra cotta"). Cost for batture sand for dressing, breaking out and removal of existing sidewalk will be incidental. Prefabricated detectable warning truncated domes will be incidental to the bid unit of concrete pavement.

1. Truncated domes in a detectable warning surface shall have a base diameter of 0.9 inches (23mm) minimum to 1.4 inches (36mm) maximum, a top diameter of 50% of the base diameter minimum to 65% of the base diameter maximum, and a height of 0.2 inches (5mm)
2. Truncated domes in a detectable warning surface shall have a center-to-center spacing of 1.6 inches (41mm) minimum and 2.4 inches (61mm) maximum, and a base-to-base spacing of 0.65 inches (16mm) minimum, measured between the most adjacent domes on a square grid.
3. Truncated dome surfaces shall contrast visually with adjacent walking surfaces either light-on-dark or dark-on-light.
4. The material used to provide contrast shall be an integral part of the walking surface. Detectable warnings used on interior surfaces shall differ from adjoining walking surfaces in resiliency or sound-on-cane contact.
5. Truncated domes on curb ramps within the street right-of-way shall be fabricated detectable warning units installed directly in newly poured concrete.
6. Truncated domes shall cover at least 2 feet in depth and extend the full width of the ramp. Any ramp having flared sides will not be required to have these detectable warnings on the flares.
7. The limits of the main surface of the ramp on which the detectable warnings are placed shall have a reddish color similar to that of terra cotta. The color must be approved by Jefferson Parish Department of Engineering.
8. Stamping of truncated domes within the right-of-way will not be allowed.

B. Payment: the actual quantity of applicable sidewalk removed and replaced will be paid for at the unit price bid and this price and payment will constitute full compensation for furnishing all labor, equipment, materials, reinforcement if required, and shall include excavation, backfill expansion joint material and incidentals (i.e., saw-cutting and other related miscellaneous items) necessary to complete the applicable item of work.

3.21 Adjusting water mains (detail #3.21)

A. Measurement: the measurement of unrestrained joint pipe adjusted in the lowering or raising and horizontal or vertical adjustment of water mains will be by lump sum up to 40ft. total of offset length from corresponding pipe diameter. The offset and restrained joints must be per Jefferson Parish Water standard details. The actual linear footage laid, measured along the top centerline of the pipe within the limits of water main adjustment. No deduction will be made for fittings.

B. Payment: payment for adjusting water mains shall include the cost of the total linear feet of restrained joint pipe and fittings installed and accepted (including the offset up to 40 lft.), measured as provided above, within the limits of water main adjustment. Payment will be made at the unit price bid for various sizes and classifications and this price and payment will include the offset, fitting installation, pipe installation, and also furnishing all labor, tools, and incidental items, and include connecting to existing waterlines. Adjustment price includes the installation of four (4) fittings. Installation of two (2) or less fittings the price is reduced by half.

3.22 Unforeseen emergency and natural disasters (detail #3.22)

A. Measurement: measurement for unforeseen emergency work, and work performed in response to natural disasters, will be made on an as incurred basis, extra materials cost will be in accordance with general conditions section 1.1 of technical specifications.

B. Payment: payment will be made only when directed by the Parish to make repair or repairs not specifically covered by items contained elsewhere in this proposal. Payment shall include furnishing all labor, equipment, and materials needed to accomplish the directed additional work. Payment will be according to the hourly rate bid items for labor and equipment. In addition, to the standard bid items 1-155, the additional bid item (157) is to be quoted for unforeseen emergencies and natural disasters. Rates for bid items 135-148 (equipment only) for unforeseen emergency work, and work performed in response to natural disasters, cannot exceed the green book rates.

3.23 Replace fire hydrant (detail #3.23)

A. Measurement: measurement for payment for replacing fire hydrants will be on a per each basis. The Parish will supply the fire hydrant. Eastbank hydrant shall be obtained from Eastbank Warehouse and Westbank hydrant shall be obtained from Westbank.

B. Payment: payment for this item will include all labor, equipment, excavation, sheeting, backfill and bedding material. Payment for replacement of any surface features: i.e., side walks, driveways, roadway, slab, sodding, etc. will be by the separate unit prices bid for that item.

3.24 Replace, install, and repair water valve (detail #3.24)

A. Measurement: Measurement for payment for replacing, installing, and repairing water valves at any location up to 20 linear ft of PVC, Ductile Iron, Asbestos Concrete (Transite) Cast Iron, HDPE, P.C.C.P. (Prestressed Concrete Cylinder Pipe) or any variation or combination of the previously specified types will be on a per each basis at the unit price bid for each size. The owner will supply the water valve.

B. Payment: Payment for this item shall include all labor, miscellaneous material, including the replacement pipe, equipment, sheeting, bedding and backfilling the site. Payment for the removal and replacement of any surface features involved in this work: i.e. sidewalks, driveways, roadways, etc. will be paid by the separate unit price bid for that item. Valve box installation shall be included in valve unit replacement price. Exclusive to P.C.C.P water main only, this item will be over and above the cost of a Point Repair P.C.C.P. water main and the Welding Repair.

3.25 Close and open water valve (detail #3.25)

A. Measurement. Measurement for payment for this item will be on per each basis for each valve closed and opened.

B. Payment: payment will include all labor, equipment and materials required to locate and close an apparently visible water valve. An "apparently visible" water valve is defined as one that is located in the vicinity as indicated on the Water Department "unit sheets" and can be detected with a magnometer no more than one foot beneath any surface other than paved. Payment shall also cover the need to "work" a valve for complete closure.

3.26 Install tapping sleeve and valve (detail #3.26)

A. Measurement: measurement for payment for installing a tapping sleeve and valve will be on per each basis at the unit bid for each size. The owner will supply the tapping sleeve, valve, and valve box.

B. Payment: payment for this item will include all labor, equipment and materials including concrete pad required to excavate and install the valve. Payment for the removal and replacement of any surface features: i.e., sidewalks, driveways, roadways, etc. Will be by the separate unit prices bid for that item. Installation of valve box item (3.27) below shall be paid for separately. Valve pad shall be considered a restoration item. Payment will not be received until job completed.

3.27 Installation of valve box (detail #3.27)

A. Measurement: measurement for payment for this item will be on a per each basis at the unit price bid. The unit price bid will include placing plastic riser pipe for the valve box if required, and the two (2) foot square concrete top slab to set the valve box in. If the valve box should fall within a paved area the top slab and any replacement paving will be paid for under bid item for

pavement removal and replacement (net section) the owner will supply the valve box and any pipe required for an extension piece.

Note: valve box shall be complete with top and bottom or use top of box only; the riser pipe shall be 8" plastic riser pipe (c-900); valve pad (2'x2'x4") is to be included in the valve box installation. Pre-Cast valve pads will **NOT** be allowed. Riser pipe shall be centered on operating nut after completion of backfill, in the event that operating nut cannot be accessed to "off center" riser, contractor shall excavate and center riser and restore area at no additional cost to the Parish.

B. Payment: payment for this item will include all labor, equipment and materials, other than owner furnished, required to excavate and install a valve box payment for the removal and replacement of any surface features: i.e. sidewalk, driveways, roadways, etc will be by the separate unit price bid for that item.

3.29 Replace meter boxes only (2" and smaller) not associated with replacement of water meter (detail #3.29)

A. Measurement: measurement for payment replacing water meter boxes will be on a per each basis at the unit price bid. The Parish will supply replacement meter boxes. Any pavement required to be removed will be measured and paid for under separate bid items.

B. Payment: payment for this item will include all labor, equipment and miscellaneous materials required to properly replace and make any necessary vertical adjustment of meter boxes for 2" and less water meters.

3.29- a) Install (or replace) water meter box only (for 3" meter or larger) in a grass area, (detail #3.29-a).

A. Measurement: measurement for payment replacing water meter boxes will be on a per each basis at the unit price bid. The Parish will supply the new meter boxes or vendor shall furnish the meter boxes to be paid for (each) as separate items. Any landscaping required to be removed and replaced will be paid for under separate bid items. The Parish will supply the valve boxes as needed. Meter box shall be buried by backfilling per specification.

B. Payment: payment for this item will include all labor, equipment and miscellaneous materials required properly replacing and making any necessary vertical adjustment of meter boxes for 3" and larger water meters.

3.29-b) Install water meter box only for 3" meter or 4" meter in a driveway location, (detail #3.29-b).

A. Measurement: measurement for payment installing water meter boxes will be on a per each basis at the unit price bid. The Parish will supply the valve boxes and the manholes and rings. Any pavement required to be removed will be measured and paid for under separate bid items.

B. Payment: payment for this item will include all labor, equipment and miscellaneous materials required to properly install and make any necessary vertical adjustment of meter boxes for 3" and 4" water meters.

3.29-c) Install water meter box only for 6" meter or larger in a driveway location, (detail #3.29-c)

A. Measurement: measurement for payment installing water meter boxes will be on a per each basis at the unit price bid. The Parish will supply the valve boxes, manholes and rings. Any pavement required to be removed will be measured and paid for under separate bid items.

B. Payment: payment for this item will include all labor, equipment and miscellaneous materials required properly installing and making any necessary vertical adjustment of meter boxes for 6" and larger water meters.

3.30 Replace water meters (2" and smaller) (detail #3.30)

A. Measurement: measurement for payment for replacing water meter (2" and smaller) will be a per each basis at the unit price bid. The owner will supply the new meter and the contractor shall return the old meter to the owner's warehouse free of dirt or other objectionable material. Any pavement required to be removed and replaced will be measured and paid for under separate bid items. If meter boxes are removed for the convenience of the contractor the cost of such removal, replacement and vertical adjustment up to 18" is included in this item. Meter boxes and any other related materials will be furnished by the owner.

B. Payment: payment for this item of work will include all labor, equipment and miscellaneous materials required to properly replace 2" and smaller water meters including the required check valve and hand valve. No payment will be paid for this item until the old and new meter serial numbers and reading of the old water meter is submitted to inventory control of the Water Department.

3.31 Replace water meter (3" and larger) (detail #3.31)

A. Measurement: measurement for payment for replacing a water meter (3" and larger) will be on a per each basis at the unit price bid. The owner will supply the new meter and the contractor shall return the entire old meter assembly to the owner's warehouse free of dirt or other objectionable material. Any pavement required to be removed will be measured and paid for under separate bid item. If meter boxes are removed for the convenience of the contractor the cost of such removal, replacement and vertical adjustment up to 18" is included in this item. The cost of all necessary modifications to install touch sensor unit for the meter shall be included in the unit price for this item.

B. Payment: payment for this item shall include all labor, equipment and miscellaneous materials required for this installation and the removal of the existing meter assembly including the required check valve and control valve. By-pass to provide temporary service to maintain water service for replacing 3" and larger meters including the required check valve and hand valve will be paid for under separate items in the contract. No payment will be paid for this item until the

old and new meter serial numbers and reading of the old water meter is submitted to inventory control at the Water Department.

3.32 Horizontal adjustment of water meters (2" and smaller) (detail #3.32)

A. Measurement: any horizontal adjustment to laying length from turbo meter to compound/sr meter.

B. Payment: payment for this item of work will include all labor, equipment, miscellaneous materials such as fittings to properly adjust the meter.

3.33 Horizontal adjustment of water meters (3" and larger) (detail #3.33)

A. Measurement: any horizontal adjustment laying length from turbo meter to compound/sr meter.

B. Payment: payment for this item of work will include all labor, equipment, miscellaneous materials such as fittings to properly adjust the meter.

3.34 Construct meter boxes (3" and larger) (detail #3.34)

A. Measurement: measurement for payment for this item will be on a per each basis complete in-place. The contractor is to supply all materials for this installation. Backfill will be included in the unit price bid for this item of work. Any pavement required to be removed will be measured and paid for under separate bid item.

B. Payment: payment for this item will include all labor, equipment, and materials; i.e., concrete, bricks, mortar, pilings, etc., required to provide a complete structure. Payment for installation of the meter will be made under a separate bid item.

3.35 Concrete saw cutting (detail #3.35)

Saw cut pavement, asphalt, or PCC concrete (per inch of depth) machine saw cuts in concrete. Pavement shall be paid for by linear foot of cut per inch of the depths specified.

The price per linear foot for the concrete saw machine shall include all cost associated with this equipment, including all labor charges and saw blades.

Replacement of concrete and asphalt on highways, streets, and road shall be in conformity with state, city, and Parish specifications.

A charge for saw cutting includes labor, equipment and supplies.

3.36 Topsoil (detail #3.36)

(1) Topsoil shall be obtained from naturally drained areas and shall be fertile, friable loam suitable for plant growth. It shall be subject to inspection and approval at the source of supply and upon delivery.

(2) The topsoil shall be of uniform quality, free from subsoil stiff or lumpy clay, hard clods, hardpan, rocks, disintegrated debris, plants, roots, seeds and any other materials that would be toxic or harmful to plant growth. It shall contain no noxious weeds or noxious weed seeds.

(3) The topsoil shall contain at least 6 percent organic matter as determined by loss of weight after ignition of dried (moisture-free) samples, in accordance with current methods of the association of official agricultural chemist.

(4) Clay as determined by the bounteous hydrometer or by the decantation method shall not exceed 60 percent of the topsoil material. Payment shall be per cubic yard delivered to repair site.

3.37 Install meter long side including excavating to the main, tap, and bore service from main to the meter, install meter and meter boxes.

A. Measurement: measurement for payment to install meter long side (opposite side from the water main) includes complete installation of meter, including excavating to the main, tapping the main, installing corporation, boring service from main to the meter, installing meter, meter box and cover and restore the site.

B. Payment: payment for this item shall include all labor, equipment and miscellaneous materials, other than owner furnished, required for complete meter installation. Payment will be per each irregardless of total length of tubing required. No payment will be paid for this item until the old and new meter serial numbers and reading of the old water meter is submitted to the inventory control at the Water Department.

3.38 Install meter short side including excavating to the main, tap service line from main to meter, installing meter and meter box.

A. Measurement: measurement for payment to install meter short side (same side as the main) includes complete installation of meter, including excavating to the main, tapping the main line, installing corporation, install service line from main to the meter, install meter, meter box and cover and restoring the site.

B. Payment: payment for this item shall include labor, equipment and miscellaneous material, other than owner furnished, required for complete installation. No payment will be paid for this item until the old and new meter serial numbers and reading of the old water meter is submitted to inventory control at the Water Department.

3.39 Relocating water meters to the property side of the sidewalk.

A. Measurement: measurement for payment to relocate water meters includes relocating meter and meter box to the property side of the sidewalk within Parish r.o.w., extending tubing to new meter, and reconnecting customers line and restore site to original conditions.

B. Payment: payment for this item shall include labor, equipment and miscellaneous materials, other than owner furnished, required for complete relocation.

3.40 Jack and bore for water main without casing.

A. Measurement: measurement for payment for this item will be by the linear foot and will include excavating for jacking pit and receiving pit, sheeting (up to 10' deep with wood sheeting and deeper than 10' with steel sheeting) providing dry pit bottom, jack and bore installing pipe, pvc, ductile iron as specified by Jefferson Parish and restraining all pipe joints.

B. Payment: payment for this item shall include labor, equipment and miscellaneous materials, other than owner furnished, required for complete jack and bore and pipe installation.

3.41 Jack and bore for water main with steel casing.

A. Measurement: measurement for payment for this item will be by the linear foot and will include excavating for jacking pit and receiving pit, sheeting, (up to 10' deep with wood sheeting and deeper than 10' with steel sheeting) providing dry pit bottom. Jack and bore, installing steel casing, installing pipe, pvc or ductile iron as specified by Jefferson Parish, and restraining all pipe joints in the casing. Steel casing thickness must meet DOTD and Jefferson Parish standards.

B. Payment: payment for this item shall include labor, equipment, steel casing and miscellaneous material other than owner furnished required for complete jack and bore and providing and installing steel casing and pipe installation.

3.42 Relocating Fire Hydrants.

A. Measurement: measurement for this item includes excavating the original hydrant & tee connection, removing this and replacing tee with pipe and couplings and restoring this site. This item also includes excavating the new site for hydrant relocations and either installing a new "Hydrant Assembly" or the existing "Hydrant Assembly" if appropriate.

B. Payment: payment for this work shall be paid under the line item "relocate hydrant". The contractor will provide all labor, equipment and miscellaneous material other than that furnished by Jefferson Parish. Restoration shall be paid under the appropriate line items. This relocation is a 2 part process and will include both the removal of the hydrant assembly as stated in 3.42 (A) and the installation of either a new hydrant assembly or the reuse of the existing hydrant assembly. The payment for this item will **NOT** include any other line items.

3.43 Repairing 3/4", 1" or 2" service line by point repair

A. If the defective service line is found to be “copper tubing” or “blue tubing”, and then the service line shall be removed and paid under appropriate item for “service renewal” unless directed otherwise by the Department of Water.

B. Payment: payment for this item shall include all labor, equipment and miscellaneous material other than owner furnished required for complete repair of 3/4", 1" or 2" service line.

3.44 Transferring service from existing water line to new water line.

A. Measurement: measurement for payment includes transferring services short or long, installing any additional tubing, adaptor, couplings, corporation to complete transfer from the old water line to the new water line.

B. Payment: payment for this item shall include all labor, equipment and material, other than owner furnished, required to complete transferring services from the existing water line to the new water line.

3.45 Renewing existing service from water line to water meter.

A. Measurement: measurement for payment for this item will include excavating to the water main to locate tap and renew service line short side or long side from the tap to the water meter.

B. Payment: payment for this item shall include all labor, equipment, and material, other than owner furnished required to complete renewing the existing service line from water line to the water meter. Payment will be based off of renewing short or long service and size service line.

3.46 Installing new water main

A. Measurement: measurement for payment to install new water line of polyvinyl chloride (pvc c-900, 905) pressure pipe and ductile iron pipe will be by the linear foot. A minimum of 100 linear foot of pipe shall be installed under this section (detail #3.46)

B. Payment: installation of pipe shall include all costs associated with new pipe installation such as mobilization and demobilization, excavation, dewatering, sheeting and bracing, pipe bedding, lying of pipe, backfilling with river sand, chlorination and flushing of the new line segment, removal of surplus earth and debris from the site. Additionally, the new line section procedures under section 2.7 must be followed.

3.47 Install Complete Hydrant Assembly

A: Measurement for payment to replace/install complete hydrant assembly shall include excavating to the water main, removing existing hydrant tee and installing new hydrant assembly. Hydrant assembly will include required swivel tee, new hydrant and hydrant control valve with valve box. The new hydrant shall be backfilled with river sand and site restored to original condition.

B: Payment: payment for this item shall include all labor, equipment and materials, other than owner furnished required to replace existing hydrant, shoe and tee. Additional items required shall be paid accordingly under separate items, as required.

3.48 Replace hydrant without replacing tee

A: Measurement: measurement for payment to replace existing hydrant, excavating to the main, remove hydrant and shoe from the existing tee, if possible install 6" gate valve. The cost of valve installation will be paid under separate item; install new hydrant and shoe backfill with river sand and restore the site.

B: Payment: payment for this item shall include all labor, equipment and material, other than owner furnished required to replace existing hydrant and shoe.

NOTE: All newly installed hydrants shall be painted/color coded to size of feeder main. No additional pay for this item.

3.49 Replace Service Line to Meter (Manifold Type)

A: Measurement: measurement for payment for this item will include excavating to the main of each tapped location of the manifold and abandoning each tap. A new 2" tap shall be made and a new 2" PE line installed from main to meter.

B: Payment: payment for this repair will be based off of a water main repair for the size main involved and the install short side or long side service line is required.

Division IV

Removal and restoration of roadways, concrete curb, gutter, sidewalk and driveways

4.0 General

All work performed under this section shall be in accordance with the appropriate section of the Louisiana standard specifications for roads and bridges (1992 edition and latest revisions) when work is being performed in State of Louisiana right of way, all other work shall be governed by Jefferson Parish standard specifications and as indicated on Jefferson Parish standard detail sheets.

This section shall include the removal and restoration of all paved and unpaved roadway and walkway areas encountered on the project. This work will include replacement of pavements, shell/stone surfaces, base courses, curbs, gutters and other improvements removed or damaged by the contractor during the course of this contract. Parish reserves the right to perform removal, maintenance and replacement of concrete and asphalt roadway, and removal and replacement of curb and gutters by other means. If the owner decides to replace the roadway by other means then the contractor shall remove entire roadway and backfill trenches with sand and place and compact roadway base and if directed shall place and compact 4" temporary asphalt concrete.

Temporary roadway restoration: if required by the owner, the contractor shall place and compact 4" thick asphalt concrete to conform to the contour of the existing roadway for temporary roadway restoration. This asphalt concrete shall be placed on top of already placed and compacted roadway bases. Asphalt concrete shall be as specified elsewhere for roadway bases.

The unit price bid for a removal and replacement shall include the cost of removal, transportation and proper disposal of the removed material.

Temporary asphalt shall be approved for Parish roads or State roads with a posted speed limit of 35 mph or greater. For roads of less than posted 35 mph, contractor may place temporary asphalt for the convenience and maintenance of cut at no additional cost unless directed by the Department of Water.

Unless otherwise approved by the owner, the kind of pavement to be constructed in replacement work shall correspond with the kind removed from the area or as shown on the plans. The respective kind of concrete (asphalt or Portland cement) shall be placed, shaped, compacted, and finished to establish grade and cross section by practicable means which will result in a dense, uniform-textured pavement. Abutting edges of old pavement shall be trimmed of all loose fragments and shall be painted with asphalt or thoroughly moistened with water, as appropriate, to provide good bond between the old and new pavement.

All manholes within the pavement area shall be isolated (boxed out) by means of an approved circular ring (joint) around them, square or rectangular sections using flexible joint materials.

All backfilled trenches shall be properly maintained by the contractor, at no direct pay, until such time as reconstruction is begun.

Notice: the contractor is responsible for notifying the Jefferson Parish Department of Streets, at least 24 hours in advance, of any placement of concrete or asphalt.

In addition, the contractor shall be responsible for the proper and safe protection of the work areas as specified in division ix of these specifications.

4.1 Removal of surfacing

All surfaces shall be initially removed to a distance of one foot (1') outside the limits of the trench, upon completion of all work; all concrete shall be removed and replaced per concrete roadway repair details. Final removal of asphalted concrete roadways shall be a minimum distance of three feet (3') from the edge of trench and neat lined at this point. For driveway and sidewalk removal, if a joint does not exist at the property line or in close proximity to it, then the contractor shall make a saw-cut along this property line. There will be no direct payment for saw-cutting. Material removed shall be properly disposed of at no direct pay. There will be no

direct payment for the removal of curb which is attached to and removed with the roadway surface.

4.2 Base course

This work consists of furnishing and placing granular material for the roadway base as per plan details, and in accordance with section 723 and 301 of the Louisiana standard specifications for roads and bridges (1992 edition) unless otherwise specified.

The placement of the road base material shall be confined to the limits of the trench line. If, due to the construction, operation, the adjacent base material is disturbed adversely, the contractor shall remove and replace the material as directed by the Department of Public Works.

Density tests will be taken on the roadway base materials as specified in the Jefferson Parish standard details. The contractor shall not be allowed to restore the roadway until backfill material in the trench area meets or exceeds the following:

Density requirements (standard proctor)

- (a) base course (stone and sand) - 97%
- (b) sub-base (sand) - 97%

4.3 Base material

Soil for base material shall be pumped sand obtained from the Mississippi River. It shall be an aashto classification a-4 or better, having a plasticity index not to exceed "4" and a liquid limit not to exceed "25", and shall be free from trash, weeds, large lumps, humus, or any other deleterious matter.

4.4 Asphalt concrete paving

Saw-cutting will be required along the entire limits of the removed asphalt areas; if in contact with existing asphalt.

Job mix formula (per latest DOTD standards)

- (a) wearing course (type 3, ac-30)
- (b) binder course (type 3, ac-30)
- (c) base course (type 5a, ac-30)

4.5 concrete paving

All existing concrete pavement, curbs, walks, and driveways shall be replaced to the line, grade and thickness as existed prior to construction or as directed by the owner. All roadway joints shall be replaced to match the conditions which existed prior to construction or as directed by the owner. Details of existing joints will be supplied at the time of construction, prior to construction

in an area. The contractor shall adequately reference the existing curb and other pavement elevations to establish the pre-construction conditions.

The restored paving elevations shall correspond to the elevations established prior to construction, to allow for drainage of the area.

Curbs and sidewalks shall be removed to the nearest joint scorings. All concrete streets shall be removed from joint to joint.

Portland cement concrete requirements for roadway pavement and curbs:

- (a) seven (7) sacks of cement per cubic yard
- (b) 2" to 4" slump range

The pavement shall not be opened to traffic until a compressive strength of 4,000 psi is attained, and in no case shall the pavement be opened to traffic within a three (3) day period after the concrete has been placed.

4.6 Curbs, gutters, and miscellaneous

Replacement of curbs, gutters, walks, and other like structures shall consist of similar and matching construction to that of adjoining undisturbed structures, which construction shall be at least equal in all respects to that of the structures or parts of structures removed in the work and as shown on the standard details.

4.7 Testing requirements

All material and construction testing will be done as directed by the Parish or as follows:

Asphalt roadways:

- (a) One base thickness verification per 600 square yards or fraction thereof.
- (b) One density test on the sub base (if applicable) and base material per 600 square yards or fraction thereof.
- (c) One pavement core for the thickness verification per 600 square yards of pavement or fraction thereof.

Concrete roadways:

- (a) One slump test minimum per 100 cubic yards (accumulated volume) of concrete or fraction thereof.
- (b) Four (4) cylinders minimum per 100 cubic yards (accumulated volume) of concrete or fraction thereof.
- (c) Independent densities, slumps, cylinders, cores, etc., will be required for isolated areas.

All initial testing shall be performed by the owner's testing laboratory and at the owner's expense. All cost for testing to determine compliance after the initial tests shall be borne by the contractor. If required, contractor is also responsible for all costs for canceled or rescheduled tests.

There shall be no adjustment in bid prices for pavement thickness deficiencies. If the concrete core is less than specified, two additional cores on the same slab within a five feet (5') radius must be taken. If one of these cores is less than specified, then the entire panel (joint to joint) must be removed and additional cores on other adjacent panels within the core range (600 square yards) must be taken and the same procedure followed.

Joint sealers: all joints in roadway surface shall be cleaned and sealed with approved joint sealant.

4.8 Use of wire mesh

Wire mesh shall be used in the replacement of sidewalks, driveways and roadways if it existed in the removed sections. The size and type used shall, at a minimum, equal or better than removed. There shall be no additional payment for the use of wire mesh.

4.9 Cleaning for acceptance of street

Prior to acceptance, the contractor shall be required to clean up any street that is dirtied as a result of construction activity, as directed by the Parish.

Division V

5.0 Earth excavation and backfill in trenches

5.1 General

a. This section includes, except as elsewhere provided, trenching for installation of pipelines and appurtenances, including drainage, filling, backfilling, and disposal of surplus material and restoration of trench surfaces.

b. Excavation shall extend to the width and depth as specified; or where not specified, contractor shall confine his excavation to the least width practicable and shall provide suitable room for installing pipe, structures, and appurtenances.

c. The contractor shall furnish and place all sheeting, bracing, and supports and shall remove from the site all materials which are unsuitable for backfilling or which the Parish may deem unsuitable for backfilling. The bottom of the excavation shall be firm, dry, and in all respects, acceptable. If conditions warrant, the contractor may be ordered to deposit limestone for refill for excavation below grade, directly on the bottom of the trench immediately after excavation has

reached the proper depth and before the bottom of the trench has become softened or disturbed by any case whatever. This work shall be performed at no direct pay.

5.2 River sand

River sand shall be used as backfill material for all trenches and shall be a good quality "Mississippi river sand", free of roots, shells, or any other foreign matter. Aashto a-4 material or better.

5.3 Limestone

Limestone may be used as pipe bedding. Type 57 shall be used with 10-inch diameter pipe and larger. Relative densities of 75% in accordance with ASTM d4253 and d4254, as required.

5.4 Sand-stone mixture

- a. This mixture shall consist of 65% stone and 35% sand by weight.
- b. Sand and stone shall meet the individual requirements of this section.
- c. This mixture shall be used as select backfill or pipe foundation as called.
- d. The sand-stone mixture shall be compacted to 75% relative density in accordance with ASTM d4253 and d4254 specifications.

5.5 Crushed concrete

- a. Crushed concrete used as a bedding material shall be limited to no more than 5% by weight of foreign materials such as wood, mortar and brick.
- b. Crushed concrete shall meet all gradation and compaction requirements (as specified for limestone material).

5.6 Excavation

- a. Excavation shall be open cuts with vertical sides, unless in special cases the owner permits sloping sides.
- b. In case the excavation for any pipe, pipeline is carried below the required depth, the contractor shall fill the bottom of the excavation up to grade with limestone, in a manner acceptable to the Parish, without compensation for either the excavation or the backfilling.
- c. All material excavated shall be placed so as to minimize interference with public travel and to permit proper access for inspection of the work.

5.7 Disposal of materials

- a. Excavated material shall be stacked, without excessive surcharge, on the trench bank or obstruction free access to hydrants or valves. Inconvenience to traffic and abutters (i.e., homes,

driveways, etc.) shall be avoided as much as possible. Excavated material shall be segregated for use in backfilling as specified below.

b. All excavated material which is either unsuitable for backfill or which will not be used for backfill in the same location (i.e., streets), shall be disposed of by the contractor at his own expense.

c. Should conditions make it impracticable or unsafe to stack material adjacent to the trench, the material shall be hauled and stored at a location provided by the contractor.

d. All removed materials such as fitting, pipe, valves, hydrants, meter boxes, etc., shall be disposed of by the contractor at his own expense, unless otherwise instructed by the Parish. However, all water meters must be returned to Jefferson Parish Water Department.

5.8 Exploratory pits

Exploratory pits for the purpose of locating underground utilities or structures in advance of the construction may be excavated by the contractor. Exploratory pits shall be backfilled immediately after desired information has been obtained. The backfilled surface shall be restored and maintained in a manner satisfactory to the Parish. The cost of exploratory pits shall be no direct pay and included in the appropriate bid item.

5.9 Backfilling

a. As soon as the pipe has been laid, jointed, and tested (if required), backfilling shall begin and must be closely packed under and around the pipe.

b. Bedding material shall be placed and compacted. All foundation lumber (i.e., planking, sills, and stringers in the trench bottom) may be southern pine, Douglas fir or oak and shall be suitable for the purpose. Installation of foundation lumber and piling shall be in accordance with the Jefferson Parish Department of Engineering standard details.

After the required bedding has been placed, backfill material as indicated in section 5.2 (free from stones, pieces of lumber and other foreign material) shall be hand placed and hand tamped to a depth over the top of the pipe as required.

c. Wherever a grassed or shell/stone surface exists prior to excavation, it shall be removed, conserved, and replaced to the full original depth as part of the work under the pipe items. In some areas it may be necessary to remove excess material during the cleanup process so that the ground may be restored to its original level and condition.

d. Where the pipes are laid under streets, the remainder of the trench above the bedding and up to the bottom of the specified paving shall be backfilled in layers not to exceed twenty-four inches (24") and thoroughly compacted by using appropriate equipment.

e. Backfill around manholes shall be compacted by using appropriate equipment. All backfill shall be compacted, especially under and over pipes connected to the manholes.

f. Debris from paving shall not be placed in backfill.

g. All road surfaces adjacent to backfilling operations shall be broomed and hose-cleaned immediately after backfilling. Dust control measures shall be employed at all times.

5.10 Restoring trench surface

a. Where the trench occurs adjacent to paved streets, in shoulders, sidewalks, or in cross-country areas, the contractor shall thoroughly consolidate the backfill and shall maintain the surface as the work progresses. If settlement takes place, he shall immediately deposit additional fill to restore the level of the ground.

b. The surface of any driveway or any other area which is disturbed by the trench excavation, and which is not a part of the paved street, shall be restored by the contractor to a condition at least equal to that existing before work began.

c. In sections where the pipeline passes through grassed areas, the contractor shall re-grade and sod all disturbed areas.

5.11 Protection

Guard rails, curbing, and fencing in vicinity of the contractor's operations shall be adequately protected and, if necessary, removed and restored after backfilling, all curbing, fencing or guard rails which are damaged during construction shall be replaced with material fully equal to that existing prior to construction.

Division VI

6.0 Installation of new water main

6.1 Pre-stressed concrete pressure pipe

Concrete pressure pipe shall be lined cylinder pipe (lcp) as manufactured by the Price Brothers Company. All pipe joints shall be the "snap ring" restrained joint type. Pipe installation shall be in strict accordance with the manufacturer's recommendations.

The mortar coating of the pipe and fittings for the canal crossing and both riser pieces shall be painted with two coats of epoxy paint approved by Jefferson Parish.

6.2 Polyvinyl chloride (pvc) pipe (c-900)

(a) Polyvinyl chloride (pvc) force main pipe and fittings shall conform to AWWA-c-900, "polyvinyl chloride (pvc) pressure pipe, 4" through 12" for water class 150.

(b) The pipe shall be jointed with gasket, integral bell and spigot-type joints. Gaskets shall conform to f-477.

(c) Pipe shall be furnished in standard laying lengths not exceeding 21 feet.

(d) For pipes 14" in diameter and larger, pipe shall meet requirements of AWWA-c-905 "polyvinyl chloride (pvc) pressure pipe 14" and larger for water class 100.

(e) Restrained joints shall be provided as indicated in the Jefferson Parish Water standard detail sheets. Restrained joints shall be as specified. Suitable pvc/ductile iron adapters shall be provided.

(f) Polyvinyl chloride (pvc) pipe may be restrained using the restrainers as manufactured by EBAA iron (megalug).

(g) Both types of restraining glands shall be wrapped with an eight (8) mil thick polyethylene tube for additional protection. The polyethylene wrap shall extend a minimum of two feet (2') in either direction from the gland and secured on the end with circumferential turns of tape.

(h) All restrained joints shall be inspected at the job site after installation. Field touch-up and repair, if needed, shall be made by the contractor under the supervision and inspection of a representative of the coating supplier.

6.3 Pipe lying

Proper implements, tools and facilities satisfactory to the Parish shall be provided and used by the contractor for the safe and convenient progression of the work. All pipe and fittings, valves, and hydrants shall be carefully lowered into the trench piece by piece by means of a derrick, ropes or other suitable tools or equipment, in such a manner as to prevent damage to water line materials and protective coatings and linings. Under no circumstances shall water main materials be dropped or dumped into the trench. Every precaution shall be taken to prevent foreign material from entering the pipe while it is being placed in the line.

If the pipe-laying crew cannot pull the pipe into the trench and in place without getting earth into it, the Parish may require that before lowering the pipe into the trench, a heavy, tightly canvas bag of suitable size shall be placed over each end and left there until the connection is to be made to the adjacent pipe.

During the laying operations, no debris tools, clothing or other material shall be placed in the pipe.

The pipe and fittings shall be inspected for defects and, while suspended above grade, ductile iron pipe shall be rung with a light hammer to detect any cracks.

All lumps, blisters and excess coating shall be removed from the ends of each cast iron fitting, and the outside of the spigot and the inside of the bell shall be wire brushed and wiped clean and dry and free from oil and grease before the pipe is laid.

If earth mounds are used, they shall be of selected backfill tamped firmly before the pipe is placed. If wood blocks are used, they shall be furnished by the contractor and included in his installed price per foot of pipe. The wood blocks shall conform to sizes recommended by the pipe manufacturer. The earth under such blocks shall be tamped firmly before the pipe is placed. As backfilling and tamping progresses, the wood blocks shall be removed.

At times, when pipe laying is not in progress, the open ends of pipe shall be closed by a watertight plug or other means approved by the Parish. This provision shall apply during the noon hour as well as overnight. If water is in the trench, the seal shall remain in place until the trench is pumped completely dry.

6.4 Sterilization

All sterilization shall be performed by the contractor under supervision of Jefferson Parish Department of Engineering or Water; the contractor shall be responsible for the flushing of all lines, and for providing all necessary taps for the sterilization procedure. All work performed by the contractor in sterilizing and flushing and tapping the lines shall be under the direct supervision of the Department of Engineering or Water and there shall be no direct payment for either labor or materials. The cost of all work performed shall be included in the unit price bid for the size of pipe involved.

6.5 Pressure tests

The sections and complete pipe line shall be subjected to a hydrostatic test of not less than 100 pounds per square inch, based on the elevation of the lowest point in the line or section under test and corrected to the elevation of the test gauge. The test pressure shall be maintained for at least one (1) hours and for such longer time as the Parish may require.

In preparation for the pressure testing, the following minimum steps shall be taken.

- a. The pipe line shall be backfilled to the extent that it will be restrained from movement under pressure.
- b. All thrust blocks shall be permanent and constructed to withstand test pressures, and temporary bracing must not be used except at test ends.
- c. If test ends are used, the open end can be sealed with a line cap and shall be adequately braced with a temporary thrust block.

The contractor shall furnish all materials, equipment, and personnel for the test. The pipe line shall be slowly filled with water and all air shall be expelled from the line. At least 24 hours after

filling the pipe, a pressure of 100 pounds per square inch shall be applied by a suitable mechanical test pump.

The pressure shall be held constant during the entire duration of the hydrostatic test.

Where leakage exists, the necessary repairs or replacements shall be made at no extra cost to the Parish and test shall be repeated as specified above.

6.6 Directional bore of HDPE pipe

All material required for completing the required bore of the HDPE pipe and connection to the existing water main shall be provided by the contractor. This shall include the fusion machine and a certified technician as required. The cost of this shall be reflected in the unit price bid per lf. This item will **NOT** be over and above the cost of installing HDPE pipe. Other work that may be required due to bore shall be paid under the appropriate items, such as taps, service renewal, restoration, etc.

Division VII

7.1 General

All required welding shall be in accordance with API standard 650, "welding procedures and welder qualifications", and AWWA 0120-78 and AWWA c206 or latest revision section 5.4, "field welds and abrasions". Certifications shall be submitted with the bid. All pipe joints shall receive full, 360 degrees circumferential weld in accordance with pipe supplier's recommendations.

Division VIII

8.0 Temporary signs and barricades

8.1 General

The furnishing and placement of all temporary signs and barricades shall be in accordance with the U. S. Department of Transportation, Federal Highway Administration "Manual on Uniform Traffic Control Devices" (MUTCD) as indicated within these specifications, or as modified by the Jefferson Parish Department of Public Works, Traffic Engineering Division. All crews shall be required to provide proper signage to maintain adequate road closure and or safe traffic flow.

8.2 Execution

Maximum effort will be made to maintain a minimum of 50% of the roadway open to traffic at all times. On sections of roadway which are to be fully closed, the contractor shall provide access for local traffic during non-working hours.

All existing or temporary traffic control devices, which are no longer required, shall be removed or obliterated.

8.3 Payment

Payment for furnishing, installing and maintaining all traffic control devices will be considered as incidental to other items of work and will be done at no direct pay. In the event that additional traffic control devices are required above those generally accepted or called for by the "MUTCD", then the contractor shall be responsible at no additional cost, for furnishing, installing, maintaining, and subsequent removal of these additional traffic control devices for the duration of project.

Division IX

9.0 Landscaping

9.1 General

After all work has been completed and the areas outside the roadway surface fine-graded, all areas disturbed during construction shall be sodded, fertilized and watered.

9.2 Materials

a. Minimum of three inches (3") of topsoil shall be placed on all areas disturbed during construction. Soil stockpiled during construction may be used. If additional soil is required, it shall be fertile surface soil capable of supporting the growth of grass and plants.

b. The contractor shall make every attempt to salvage and reuse the existing grass surface. If additional grass sod is required it shall be the same as existed prior to construction and shall be laid continuously over the entire area.

c. Water as required to maintain growth with potable water.

9.3 Payment

The removal and replacement of the existing sod will be at no direct pay. Payment for additional sod will be made under the item "slab sodding" and will be measured by the square yard of finished surface. The unit price bid for "slab sodding" shall include all labor, material and equipment necessary to complete this item of work.

Division X

10.0 Hydra-stop fittings installation work

Contractor shall be required to use Parish-owned hydra-stop model 1d4120ths (large diameter rams) 4" - 16" tapping and hydra-stopping system with capability of expansion to 20" and hydra-

stopping system (air motor saw mandrel drive). The use of the Parish hydro-stop machine must be under supervision of Jefferson Parish Water Department personnel. (Detail 11)

The following details shall be as follows:

10.1 Contractor shall follow procedures and instructions established by the manufacturer, (Hydra-Stop, Inc.) for installing the fittings using hydra-stop equipment.

10.2 Line stop fittings (line stop sleeves) shall be used for line sizes 4" through 16".

Division XI

11.0 Grand Isle

MOB/DEMOB – this will be a daily additive to invoice amount for each day work (exclusive of restoration work) is performed in Grand Isle only, whether contractor commutes to the Island or stays on the Island during the period of work if more than one day. NO other additional reimbursements related to Grand Isle work will be paid, i.e. hotels, meals, mileage, etc. Contractor must be aware of Island location and note that some day's work may be prohibited due to high tide water. No compensation is allowed for this. Additionally, no mobilization/demobilization will be paid to transport material or equipment to the island if no repair work is involved in that day.

Contractor will be paid 1 MOB/DEMOB per 4 sit (minimum) restoration work.

Any material required for repairs that is not in stock at the Birch Lane yard shall be transported to Grand Isle by the contractor at no additional cost.

PUBLIC WORKS BID INSTRUCTIONS

A. LOUISIANA CONTRACTOR'S LICENSE FOR THIS PROJECT

Must be in the following category:

(1)Heavy Construction (2)Highway, Street and Bridge Construction (3)Municipal and Public Works Construction

Each bidder shall comply with all rules and regulations of the Louisiana State Licensing Board for Contractors in accordance with existing state laws, and shall comply with the Licensing Requirements of Jefferson Parish Ordinance No. 13574, as amended a copy of which may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, Louisiana 70053.

B. PROBABLE CONSTRUCTION RANGES AND PRICES

Range of the Probable Construction Cost for Base Bid: N/A

Range of the Probable Construction Cost for Alternate No. 1: N/A

Range of the Probable Construction Cost for Alternate No. 2: N/A

Range of the Probable Construction Cost for Alternate No. 3: N/A

Range of the Previous Contract Cap
(Public Work Maintenance Contract): \$15,000,000-\$30,000,000

The purpose and intention of this invitation to bid is to afford all suppliers/contractors an equal opportunity to bid on construction, maintenance, repair, operating, services, supplies and/or equipment listed in this bid proposal. Jefferson Parish will accept one bid only from each vendor. Items bid on must meet or exceed specifications. Where brand names, make, manufacturer or stock numbers are specified, it is for the purpose of establishing certain minimum standards of quality. Bidders may submit for products of equal quality, style, type and character, provided brand names and stock numbers are specified. Complete product data may be required prior to award.

The price quoted for the work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit prices shall prevail. In the event there is a difference in unit prices, written unit prices shall prevail over numerical unit prices.

The quantities listed on the bid form are prepared for comparison of bids and may be approximate. Payment to the contractor will be made in accordance with measurement and payment requirements for bid items and other requirements of the project specifications. Bid item quantities may be increased, decreased, or omitted as provided in the specifications.

Jefferson Parish requires all products to be new (current), and all work must be performed according to standard practices for the project. Unless otherwise specified, no after market parts will be accepted. Unless otherwise specified, all workmanship and materials must have at least a one (1) year guaranty, in writing, from the date of delivery/acceptance of the project.

C. METHODS OF BID SUBMISSION

All bids shall be submitted electronically through Jefferson Parish's eProcurement System online at no charge via Jefferson Parish's electronic procurement page by visiting www.jeffparishbids.net. Registration and use of this site are free to Jefferson Parish vendors. Additional instructions are included in the text box highlighting electronic procurement.

Only bids properly signed (see more below) will be accepted. **NO LATE BIDS WILL BE ACCEPTED.** The name of the bidder must be legibly shown. If the bidder is an individual, their name and address should be shown. If the bidder is an entity, the name of the person given the requisite authority to submit the bid on behalf of the entity shall be shown and the address of the entity's place of business should be shown.

Evidence of agency, corporate, limited liability or partnership authority of the person submitting and signing the bid is required for submission of bid. A copy of a corporate resolution or other signature authorization shall be required for submission of the bid. Failure to include a copy of the appropriate signature authorization will result in the rejection of the bid unless bidder has complied with LSA-R.S. 38:2212(B)(5). Photostatic or font signatures shall result in the bid being rejected. However, an electronic signature as defined in LSA-R.S. 9:2602(8) is acceptable. Signature must be a secured digital signature. A sample corporate resolution and sample certification of sole proprietorship can be downloaded from the Jefferson Parish Purchasing Department's website <http://purchasing.jeffparish.net>, or you may provide your own document.

D. TIMELINES

1. Prior to the closing time for receipt of scheduled bids

A bid may be withdrawn at any time prior to the scheduled closing time for receipt of bids, provided a request in writing, executed by the bidder or his duly authorized representative, is filed with the Parish prior to that time. When such a request is received, the bid will be returned to the bidder unopened. However, no bid can be modified, corrected or withdrawn after the time set for closing such bid, except as provided by LSA-R.S. 38:2214(C) & (D).

The Parish, its engineers, architects or anyone distributing plans and specifications for Parish public work projects, equal to or over the contract limit as defined in LA-R.S. 38:2212, shall furnish all prime bidders who request bid documents and who are properly licensed by the Louisiana State Licensing Board for Contractors with at least one set of complete bid documents. A deposit or fee may be charged on the documents as authorized by LA-R.S. 38:2212.

Addenda may be issued, as authorized by LA-R.S. 38:2212 (O). All formal Addenda require written acknowledgment on the bid form by the bidder. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected. Jefferson Parish reserves the right to award the bid to the next lowest responsive and responsible bidder in this event.

Prior to submitting a bid each bidder shall visit the site of the proposed work and fully acquaint himself with all surface and subsurface conditions as they may exist so that he may fully understand the facilities, difficulties, and restrictions attending the execution of the work under this Contract. Bidders shall also thoroughly examine and be familiar with Drawings, Specifications, and Contract Documents. The failure or omission of any bidder to receive or examine any form, instrument, drawing, or document or to visit the site and acquaint himself with conditions there existing, shall in no way relieve any bidder from any obligation with respect to

his bid and the responsibility in the premises rests with him. Submission of a bid shall be considered prima facie evidence that the bidder has made such examination and is satisfied as to the conditions to be encountered in performing the work and as to requirements of the plans, project specifications, Resolution No. 141125, as amended, and contract forms.

Any pre-bid test and boring data in connection with subsurface conditions which have been completed by the Parish or its engineers and furnished to the bidder shall not be considered as fully representative of subsurface conditions existing throughout the area tested nor shall they in any way be binding upon the Parish, it being understood that said data is furnished the bidder for his convenience only and the bidder shall be solely responsible for conducting his own boring explorations he deems necessary in preparing his bid. Any prospective bidder wishing to conduct boring explorations on Parish property must obtain written permission from Jefferson Parish prior to such explorations.

No claims shall be made against the Parish for additional compensation due to unforeseen subsurface conditions arising during progress of the work and which might be in variance with the Parish's pre-bid boring data.

2. Post-closing time for receipt of scheduled bids

Except as where provided by law, bidder agrees that this bid shall be legally binding and may not be withdrawn for a period of forty-five (45) calendar days after the scheduled closing time for receiving bids. In the event the Parish issues the Letter of Award (copy of adopted resolution awarding bid by Jefferson Parish Council) during this period, the bid accepted shall continue to remain binding pending execution of the Contract.

Bidder agrees to execute the ensuing Contract and will deliver applicable Bonds to secure the faithful performance thereof.

The Parish of Jefferson reserves the right to cancel this contract for convenience by issuing a thirty (30) day written notice to contractor.

E. BID REVIEW AND AWARD

1. Rejection of Bids

- a. Jefferson Parish may reject any and all bids for just cause in accordance with LA R.S. 38:2214(B). Just cause, for the purpose of the construction of public works, is defined, but is not limited to, the following circumstances:
 - (1) The public entity's unavailability of funds sufficient for the construction of the proposed public work.
 - (2) The failure of any bidder to submit a bid within an established threshold of the preconstruction estimates for that public work, as part of the bid specifications.
 - (3) A substantial change by the public entity prior to the award in the scope or design of the proposed public work.
 - (4) A determination by the public entity not to build the proposed public work within twelve months of the date for the public opening and reading of bids.
 - (5) The disqualification by the public entity of all bidders.

- b. Additionally, bids may be considered irregular and be rejected for any of the following, but is not limited to the following circumstances:
- (1) If the bid form is on a form other than that furnished by the Parish or if the form is altered or any part thereof is detached.
 - (2) If affidavits included in bid form and/or required by law are not returned with the bid or are not properly executed and notarized.
 - (3) If there are unauthorized additions, conditional or alternate bids or irregularities which alter the general terms and conditions, the plans or specifications, or make the bid incomplete, indefinite, or ambiguous as to its meaning.
 - (4) If the bidder adds provisions reserving the right to accept or reject the award or to enter into the contract pursuant to the award.
 - (5) If an owner or a principal officer of the bidding firm is an owner or a principal officer of a firm which has been declared by the Parish to be ineligible to bid.
 - (6) If the proposed bid security does not meet the requirements of Section J.
 - (7) If more than one proposal for the same work, services, materials or supplies is received from an individual, partner, firm, corporation, joint venture, other legal entity, or combination thereof under the same or a different name.
 - (8) The bid is not properly signed or the authority of the signature person submitting the bid is deemed insufficient or unacceptable.
 - (9) If the bidder does not possess the proper license(s) required as noted in the specifications.
 - (10) Any other reasons for rejection set forth by State or Parish laws, Ordinances or Resolutions.
- c. In awarding contracts for materials and supplies, Jefferson Parish shall reject the lowest bid if received from a bidder domiciled in a Communist country, or if the materials or supplies are manufactured in a Communist country, including but not limited to China, North Korea and Vietnam, and to award the contract to the next lowest bidder. This Section shall not apply to any country having established trade relations agreements or approvals from the government of the United States. (LSA-R.S. 38:2212.3)

2. Disqualification of Bids

- a. The causes for disqualification from consideration for award of a contract with Jefferson Parish are as follows (Jefferson Parish Code of Ordinances, Section 2-912):
- (1) Conviction for commission of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract, or in the performance of such contract or subcontract;
 - (2) Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty which currently, seriously, and directly affects responsibility as a Parish contractor;
 - (3) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;
 - (4) Violation of contract provisions, as set forth below, of a character which is regarded by the Purchasing Director or his designee for Jefferson Parish to be serious as to justify disqualification:
 - i. Deliberate failure without good cause to perform in accordance with the specifications or within the time limit provided in the contract; or

- ii. A recent record of failure to perform or of unsatisfactory performance in accordance with the terms of one or more contracts; provided that failure to perform or unsatisfactory performance caused by acts beyond the control of the contractor shall not be considered to be a basis for disqualification; or
 - iii. Failure to timely pay, without cause, a subcontractor for work performed under a construction contract as required under Section 2-976 in Chapter 2, Article VII, of the Jefferson Parish Code of Ordinances, provided disqualification on such basis shall not exceed a period of one (1) year from the deadline to pay the subcontractor.
- (5) Any other cause the Purchasing Director determines to be so serious and compelling as to affect responsibility as a Parish contractor, including debarment by another governmental entity for any cause;
 - (6) Violation of the State Code of Ethics or the ethical standards set forth in the Jefferson Parish Code of Ordinances;
 - (7) Failure to secure and/or maintain necessary licenses and/or permits;
 - (8) Failure to comply with the Jefferson Parish Code of Ordinances and/or the Jefferson Parish Comprehensive Zoning Ordinance; or failure to comply with or meet bid specifications and/or failure to be a responsible bidder.
 - (9) A bid which is not responsive to, or does not meet bid specifications, will be rejected as being non-responsive, but that bidder will not be disqualified from future Parish bids, nor will that bidder be given a hearing pursuant to procedure listed below.
- b. The procedures for disqualification from consideration for award of a contract with Jefferson Parish are set forth in Sec. 2- 912 (b).

3. Award of Contract

The award of the contract, if it be awarded, will be by the Parish to the lowest responsive and responsible bidder whose proposal shall have complied with all the bid requirements. The successful bidder will be notified via the e-Procurement site that his bid has been accepted. No contract shall be executed with any contractor until their certificates of insurance, performance bonds, labor and materials payment bonds, or any other bonds required are made satisfactory to the Parish.

Jefferson Parish reserves the right to award contracts or place orders on a lump sum or individual item basis, or such combination as shall, in its judgment, be in the best interest of Jefferson Parish. Every contract or order shall be awarded to the lowest responsible bidder, taking into consideration the conformity with the specifications, and the delivery and/or completion date.

Preference will be given to bidders requesting a preference in their bid in accordance with LSA-R.S. 38:2251-2261 for materials, supplies, and provisions, produced, manufactured or grown in Louisiana, quality being equal to articles offered by competitors outside the State of Louisiana, unless federal funding is directly spent by Jefferson Parish on this project.

The successful bidder shall execute the contract with the Parish in the form of the contract included in the specifications, a copy of which is annexed hereto, in such number of counterparts as the Parish may request within twelve (12) days after receipt of notice of award of the contract by the Parish. One copy of the executed contract with all documents forming a part thereof shall be filed at the expense of the contractor, with the Recorder of Mortgages in Jefferson Parish.

PROTESTS: Only those vendors that submit bids in response to this solicitation may protest any element of the procurement, in writing to the Director of the Purchasing Department. Written protest must be received within 48 hours of the release of the bid tabulation by the Purchasing Department. After consultation, the Parish Attorney's Office will then respond to protests in writing. (For more information, please see Chapter 2, Article VII, Division 2, Sec. 2-913 of the Jefferson Parish Code of Ordinances.)

Upon full execution of the contract and receiving a written notice to proceed, the bidder agrees that all work shall be completed as follows:

The work shall be substantially complete within 45 calendar days of the written notice to proceed and completed and shall be ready for final acceptance no more than 30 calendar days after substantial completion.

F. SALES TAX EXEMPTION

For this project, the contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which is permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment"). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Parish), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owed on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session – Louisiana Revised Statute 47:301(8)(c). Parish will furnish to contractor a certificate form which certifies that Parish is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment, and report to Parish the amount of taxes not incurred.

G. LIQUIDATED DAMAGES

In accordance with Resolution No. 141125, as amended, Bidder agrees to pay, as liquidated damages, the sum of \$ 50.00 for: (1) each consecutive calendar day after the agreed date of substantial completion that the work remains substantially incomplete, and (2) each consecutive calendar day after the 30th day following the actual date of substantial completion that the work has not been finally completed.

In addition to, but not in lieu of the per diem liquidated damages, Parish shall also be entitled to recover from the contractor or the contractor's surety additional liquidated damages as detailed in Resolution No. 141125, as amended. These additional liquidated damages may include, but are not limited to the following, in the amounts and for each of the items identified in the Supplementary Conditions:

- | | | |
|-----|---------------------------------------------------|---------------------|
| (1) | Extended Architectural and/or Engineering Fees | \$ <u>N/A</u> /hour |
| (2) | Extended Resident Project Representative Fee | \$ <u>N/A</u> /hour |
| (3) | Extended Construction Management Fees | \$ <u>N/A</u> /day |
| (4) | Extended Parish's Overhead and Personnel Expenses | \$ <u>N/A</u> /hour |

- (5) Parish's Other Costs Directly Related to the Delay in Completion Beyond the Contract Times.

Whenever contractor's work requires inspections in excess of the budgeted amount for inspection, the contractor shall reimburse the Parish for the additional costs incurred by the Parish attributable to inspection of the contracted project in excess of the budgeted amount for inspections.

The reasonable budget for such inspections is \$ N/A. Resident Project Representative overtime rates shall be calculated at 1.2 times the hourly rate. The cost of inspection in excess of this budgeted amount shall be assessed against Contractor's progress payments, all in accordance with Louisiana Public Bid Law.

H. ETHICAL STANDARDS AND COOPERATION WITH THE OFFICE OF THE INSPECTOR GENERAL, INCLUDING CONFLICTS OF INTEREST

Vendor agrees by bid submission to comply with all provisions of Louisiana Law as well as compliance with the Jefferson Parish Code of Ordinances, Louisiana Code of Ethics, as published on <http://ethics.la.gov> and applicable Jefferson Parish ethical standards and Jefferson Parish Terms and Conditions.

Inspector General: It shall be the duty of every Parish officer, employee, department, agency, special district, board, and commission; and the duty of every contractor, subcontractor, and licensee of the Parish, and the duty of every applicant for certification of eligibility for a Parish contract or program, to cooperate with the Inspector General in any investigation, audit, inspection, performance review, or hearing pursuant to JPCO 2-155.10(19). Every Parish contract and every bid, proposal, application or solicitation for a Parish contract, and every application for certification of eligibility for a Parish contract or program shall contain a statement that the corporation, partnership, or person understands and will abide by all provisions of JPCO 2-155.10. By submitting a bid, Bidder acknowledges this and will abide by all provisions of the referenced JPCO.

Conflicts of Interest: Jefferson Parish adheres to the Louisiana Code of Governmental Ethics, contained in Louisiana Revised Statutes Annotated, R.S. 42:1101, et seq. Vendor/Proposer by this submission warrants that there are no "conflicts of interest" related to this procurement that would violate applicable Louisiana Law. Violation of the Louisiana Code of Governmental Ethics may result in rescission of contract, permit or licenses, and the imposition of fines and/or penalties, without contractual liability to the public in accordance with applicable law.

I. REQUIRED AFFIDAVITS

For convenience, all legally mandated affidavits have been combined into one form, entitled **Public Works Bid Affidavit**. All bidders must submit with their bid submission, a completed, signed and properly notarized affidavit in its original format and without alteration in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid; however, the successful bidder must submit the original affidavit in its original format and without material alteration prior to, or at contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

The person submitting the bid, and whose authority to submit has been evidenced on the Corporate Resolution is the proper party to execute the **Public Works Bid Affidavit**.

J. BID REQUIREMENTS (BID DOCUMENTS, SPECIFICATIONS, BONDS, W-9 AND PAYMENT INFO)

Bidders must review the bid specifications and include any required documentation including but not limited to the LA Public Works Uniform Bid Form, Bid Security, Corporate Resolution or written evidence of signature authority, and the Public Works Affidavit. Pursuant to LA R.S. 38:2212(B)(3)(b), bidders shall also be responsible for providing any other documentation as required. Please note that the payment and performance bonds must be supplied by the successful bidder at contract signing.

No oral interpretation will be made to any bidder as to the meaning of the drawings, specifications, or contract documents. Every request for such interpretation shall be made in writing and addressed and forwarded to the Engineer, Architect or person distributing plans and specifications. No inquiry received within five (5) days prior to the day fixed for opening of the bids will be given consideration. Every interpretation made to the bidder shall be in the form of an addendum to the specifications and shall be issued as authorized by LA-R.S. 38:2212(O).

All such addenda shall become a part of the contract documents. Failure of any bidder to receive any such interpretation shall not relieve any bidder from any obligation under his bid as submitted without modification.

The specifications and plans are complementary of each other and all work called for or reasonably implied by either shall be performed as if called for by both. In case of conflict between the requirements of the specifications and plans, the specifications shall take precedence. Figured dimensions shall take precedence over scale dimensions, and larger scale details shall take precedence over smaller scale details in the general work drawings.

All vendors submitting bids shall register as a Jefferson Parish vendor, if not already registered. Registration forms may be downloaded from <http://purchasing.jeffparish.net> and click on Vendor Information. Current W-9 forms with respective Tax Identification numbers and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, vendor registration is mandatory. Vendors may experience a delay in payment if your company is not a registered vendor with Jefferson Parish.

Bidders must comply with all provisions of this Notice, the Standard General Conditions of the Construction Contract and any special conditions and specifications contained herein, all of which are made part of this bid proposal. Resolution No. 141125, as amended, will be considered a part of the bid whether attached or not. A copy of these terms and resolutions may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, Louisiana 70053. Bidders may also obtain a copy by visiting the Purchasing Department's webpage at <http://purchasing.jeffparish.net> and clicking on online forms.

Bid Security: Bidders shall provide bid security in the form of an electronic bid bond in the amount of five percent (5%) of the total bid price (Base Bid and any Alternates) (as per R.S. 38:2218). The Bid Security shall remain valid until the contract is executed or until final disposition is made of the bids submitted. Such security will become the property of the Parish in the event the successful bidder fails or refuses to execute the contract or fails to produce performance and payment bonds upon contract signing. Bids shall remain binding for at least forty-five (45) days after the date set for the Bid Opening. In the event the Parish issues the Letter of Award during this period, the bid

accepted shall continue to remain binding until the execution of contract. Jefferson Parish and the lowest responsible bidder, by mutual written consent, may agree to extend the deadline for award by one or more extensions of thirty (30) calendar days.

When submitting online, bidders must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.

Performance Bond: A performance bond is required in 100% of the contract amount and is due at the signing of the formal contract, unless another percentage is required in the bid specifications. In the event of a conflict between these instructions and the bid specifications, the bid specifications shall control.

Payment Bond: A payment bond is required in 100% of the contract amount and is due at the signing of the formal contract, unless another percentage is required in the bid specifications. In the event of a conflict between these instructions and the bid specifications, the bid specifications shall control.

To the extent permitted by law, the bond requirements as set forth herein are waived insofar as Community Development Housing Rehabilitation Construction Contracts are concerned for single family, owner-occupied dwellings. The Parish Attorney's Office will omit the requirements in connection with Community Development Housing Rehabilitation Construction Contracts for single family, owner-occupied dwellings.

K. INSURANCE REQUIREMENTS

All bidders must submit with bid submission a current (valid) insurance certificate evidencing required coverages. Failure to comply will cause the bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name the **Jefferson Parish, its Districts, Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability and the Comprehensive Automobile Liability policies. **Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.**

JEFFERSON PARISH REQUIRED STANDARD INSURANCE

WORKER'S COMPENSATION INSURANCE

As required by Louisiana State Statute, exception; Employer's Liability, Section B shall be \$1,000,000 per occurrence when Work is to be over water and involves maritime exposures to cover all employees not covered under the State Worker's Compensation Act, otherwise this limit shall be no less than \$500,000 per occurrence.

COMMERCIAL GENERAL LIABILITY

Shall provide limits not less than the following: \$1,000,000 Combined Single Limit per Occurrence for bodily injury and property damage.

COMPREHENSIVE AUTOMOBILE LIABILITY

Bodily injury liability \$1,000,000 each person; \$1,000,000 each occurrence. Property Damage Liability \$1,000,000 each occurrence.

UMBRELLA LIABILITY COVERAGE

An umbrella policy or excess may be used to meet minimum requirements.

FOR CONSTRUCTION AND RENOVATION PROJECTS:

The following are required if selected. Such insurance is due upon contract execution.

OWNER'S PROTECTIVE LIABILITY

To be for the same limits of liability for bodily injury and property damage liability established for commercial general liability.

BUILDER'S RISK INSURANCE

The contractor shall maintain Builder's Risk Insurance at his own expense to insure both the Parish of Jefferson and contractor as their interest may appear.

INSURANCE DEDUCTIBLES - The Parish Attorney with concurrence of the Director of Risk Management have waived the deductible section of the Terms and Conditions for all Invitations to Bid, until further notice.

L. INDEMNIFICATION

Bidder acknowledges that bidder recovered the cost of any required insurance in the contract price as required by LA R.S. 9:2780.1(l) and that bidder recovered any such cost for the purposes of insuring an obligation to indemnify Jefferson Parish, defend Jefferson Parish, or hold Jefferson Parish harmless and that bidder's indemnity liability is limited to the amount of the proceeds that are payable under the insurance policy or policies that bidder has obtained.

M. FAMILIARITY WITH LAWS AND ORDINANCES

Bidders shall familiarize themselves with and shall comply with all applicable Federal and State Laws, Parish/Municipal Ordinances, Resolutions, and the rules and regulations of all authorities having jurisdiction over construction of the project, which may directly or indirectly affect the work or its prosecution.

These laws and/or ordinances will be deemed to be included in the contract, the same as though herein written in full.

In case of conflict between the requirements of these specifications and any State and/or Federal Regulations or Laws, the State and/or Federal Regulations or Laws shall take precedence in all cases in which State and/or Federal Funding of the contract, in whole or in part, depends upon compliance with said State and/or Federal Regulations or Laws.

N. MISCELLANEOUS

The successful bidder may be required to furnish a statement of the origin, composition, and manufacture of materials to be used in construction of the work together with samples, which samples may be subjected to testing to determine their quality and fitness for the work, as specified.

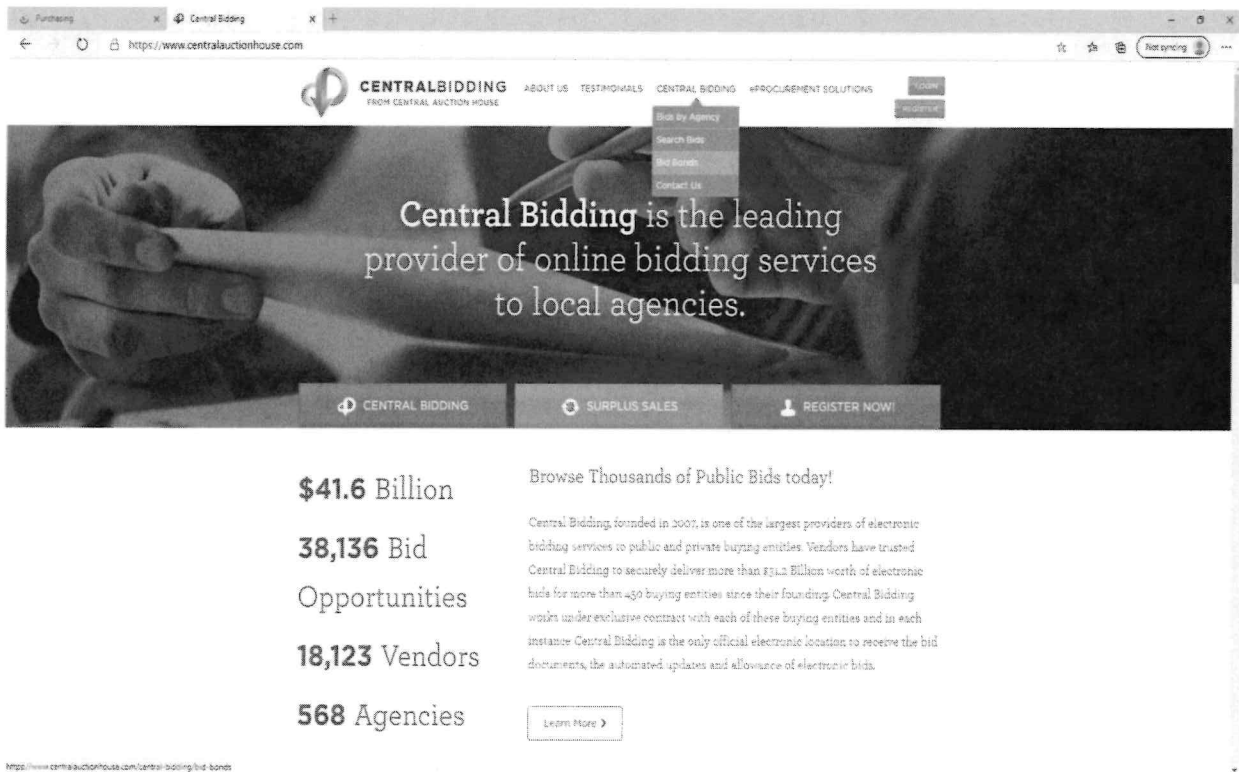

Bidders are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, national origin, sex or religion except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Acts of 1964, or Title VI and VII of the Act of April 11, 1968 shall also apply, as amended; nor discriminate on the basis of age under the Age Discrimination Act of 1975, as amended; nor with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, as amended. This assurance includes compliance with the administrative requirements of the Revenue Sharing final handicapped discrimination provisions contained in Section 51.55 (c), (d), (e), and (k) (5) of the Regulations.

Non-negotiable contract terms include but are not limited to taxes, assignment of contract, audit of records, EEOC and ADA compliance, record retention, content of contract/order of precedence, contract changes, force majeure, governing law, including ethics statements, claims or controversies, and termination based on contingency of appropriation of funds, as applicable.

Bid Bond

An Electronic Bid Bond must be submitted with this bid, through one of the respective clearing houses at www.jeffparish.net or www.centralbidding.com. To access the bonding companies on Central Bidding, hover over the “Central Bidding” link at the top of the page and select the “Bid Bonds” link.

The electronic bid bond number is to be placed in the required section listed on the standard envelope. Scanned copies of bid bonds will not be accepted with your submission.

The screenshot shows a web browser window displaying the Central Bidding website. The browser's address bar shows the URL <https://www.centralauctionhouse.com>. The website's navigation menu includes links for "ABOUT US", "TESTIMONIALS", "CENTRAL BIDDING", and "PROCUREMENT SOLUTIONS". A dropdown menu is open under "CENTRAL BIDDING", listing "Bid by Agency", "Search Bids", "Bid Bonds", and "Contact Us". The main banner features a background image of hands holding a pen and a document, with the text: "Central Bidding is the leading provider of online bidding services to local agencies." Below the banner are three buttons: "CENTRAL BIDDING", "SURPLUS SALES", and "REGISTER NOW".

\$41.6 Billion
38,136 Bid Opportunities
18,123 Vendors
568 Agencies

Browse Thousands of Public Bids today!

Central Bidding, founded in 2007, is one of the largest providers of electronic bidding services to public and private buying entities. Vendors have trusted Central Bidding to securely deliver more than \$31.2 Billion worth of electronic bids for more than 450 buying entities since their founding. Central Bidding works under exchange contract with each of these buying entities and in each instance Central Bidding is the only official electronic location to receive the bid documents, the automated updates and allowance of electronic bids.

INVITATION TO BID
THIS IS NOT AN ORDER

Page: 1

JEFFERSON PARISH

PURCHASING DEPARTMENT
P.O. BOX 9
GRETNA, LA. 70054-0009
504-364-2678

PURCHASING SPECIALIST:
DREAMEY@jeffparish.net

BIDS WILL BE RECEIVED ONLINE VIA WWW.JEFFPARISHBIDS.NET UNTIL 2:00 PM, 1/25/2024 AND PUBLICLY OPENED THEREAFTER IN THE WEST BANK PURCHASING DEPT, SUITE 4400, JEFFERSON PARISH GENERAL GOVERNMENT BUILDING, 200 DERBIGNY STREET, GRETNA, LA 70053. At no charge, bidders are to submit via Jefferson Parish's electronic procurement page by visiting www.jeffparishbids.net to register for this free site. Additional instructions are included in the text box highlighting electronic procurement.

LATE BIDS WILL NOT BE ACCEPTED

NOTE: ONLY BIDS WRITTEN IN INK OR TYPEWRITTEN, AND PROPERLY SIGNED BY A MEMBER OF THE FIRM OR AUTHORIZED REPRESENTATIVE, WILL BE ACCEPTED. PENCIL AND/OR PHOTOSTATIC FIGURES OR SIGNATURES SHALL RESULT IN BID REJECTION. HOWEVER, ELECTRONIC SIGNATURES AS DEFINED IN LSA - R.S. 9:2620(8) ARE ACCEPTABLE. SIGNATURE MUST BE A SECURED DIGITAL SIGNATURE.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

THE FOLLOWING INSTRUCTIONS APPLY TO ALL BIDS

All bids submitted are subject to these instructions and general conditions and any special conditions and specifications contained herein, all of which are made part of this bid proposal reference. By submitting a bid, vendor agrees to comply with all provisions of Louisiana Law as well be in compliance with the Jefferson Parish Code of Ordinances, Louisiana Code of Ethics, applicable Jefferson Parish ethical standards and Jefferson Parish Resolution No. 136353 and/or Resolution No. 141125.

Jefferson Parish adheres to the Louisiana Code of Governmental Ethics, contained in Louisiana Revised Statutes Annotated, R.S. 42:1101, et seq. Vendor/Proposer by this submission, warrants that there are no "conflicts of interest" related to this procurement that would violate applicable Louisiana Law. Violation of the Louisiana Code of Governmental Ethics may result in rescission of contract, permit or licenses, and the imposition of fines and/or penalties, without contractual liability to the public in accordance with applicable law.

All vendors submitting bids should register as a Jefferson Parish vendor if not already yet registered. Registration forms may be downloaded from <http://purchasing.jeffparish.net> and by clicking on Vendor Information. Current W-9 forms with respective Tax Identification numbers and vendor applications may be submitted at any time; however, if your company is not registered and/or a current W-9 form is not on file, vendor registration is mandatory. Vendors may experience a delay in payment if your company is not a registered vendor with Jefferson Parish.

All quotations shall be based on F.O.B. Agency warehouse or job site, anywhere within the Parish as designated by the Purchasing Department. This provision does not apply to public works projects

JEFFERSON PARISH requires all products to be new (current) and all work must be performed according to standard practices for the project. Unless otherwise specified, no aftermarket parts will be accepted. Unless otherwise specified, all workmanship and materials must have at least one (1) year guaranty, in writing, from the date of delivery and/or acceptance of the project. Any deviations or alterations from the specifications must be indicated and/or supporting documentation supplied with bid submission.

Bidders should submit all questions in writing via email to the buyer's email address as indicated above, no later than Five (5) working days prior to the bid opening. Bid numbers should be mentioned in all requests. If submitting online, vendors may send questions via the E-Procurement site no later than Five (5) working days prior to the bid opening.

If this bid requires a pre-bid conference (see Additional Requirements section), bidders are advised that such conference will be held to allow bidders the opportunity to identify any discrepancies in the bid specifications and seek further clarification regarding instructions. The Purchasing Department will issue a written response to bidders' questions in the form of an Addendum. Please note that all official communication will be expressed in the form of an addendum.

All formal Addenda require written acknowledgement on the bid form by the bidder. Failure to acknowledge an Addendum on the bid form shall cause the bid to be rejected. JEFFERSON PARISH reserves the right to award bid to next lowest responsive and responsible bidder in this event.

JEFFERSON PARISH will accept one price for each item unless otherwise indicated. Two or more prices for one item will result in bid rejection. Bidders are required to complete, sign and return the bid form and/or complete and return the associated line item pricing forms as indicated. Vendors must not alter the bid forms. Doing so will cause the bid to be rejected.

A corporate resolution or written evidence of the individual signing the bid having such authority must be submitted with the bid. Failure to comply will cause bid to be rejected. For corporate entities, such written evidence may be a printout of the Louisiana Secretary of State's website listing the signatory as an officer. Such printout shall be included with the bid submission. Bids submitted by Owners or Sole Proprietorships must include certification that he or she owns the entity for which the bid is signed. This documentation must be submitted with the bid. Failure to do so will result in bid rejection.

NOTE: A sample corporate resolution can be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document. A sample certification of sole proprietorship can also be downloaded from our website <http://purchasing.jeffparish.net> or you may provide your own document.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

A. AWARD OF CONTRACT: JEFFERSON PARISH reserves the right to award contracts or place orders on a lump sum or individual item basis, or such combination, as shall in its judgment be in the best interest of JEFFERSON PARISH. Every contract or order shall be awarded to the LOWEST RESPONSIVE and RESPONSIBLE BIDDER, taking into consideration the CONFORMITY WITH THE SPECIFICATIONS and the DELIVERY AND/OR COMPLETION DATE. SPLIT AWARDS MADE TO SEVERAL VENDORS WILL ONLY BE GRANTED TO THOSE DEEMED RESPONSIVE AND RESPONSIBLE.

All bid prices shall remain valid for 45 days. Jefferson Parish and the lowest responsive and responsible bidder(s) by mutual written consent may mutually agree to extend the deadline for award by one (1) or more extensions of thirty (30) calendar days.

PROTESTS: Only those vendors that submit bids in response to this solicitation may protest any element of the procurement, in writing to the Director of the Purchasing Department. Written protest must be received within 48 hours of the release of the bid tabulation by the Purchasing Department. After consultation, the Parish Attorney's Office will then respond to protests in writing. (For more information, please see Chapter 2, Article VII, Division 2, Sec. 2-914.1 of the Jefferson Parish Code of Ordinances.)

PREFERENCE: Unless federal funding is directly spent by Jefferson Parish for this purchase, preference is hereby given to materials, supplies, and provisions produced, manufactured or grown in Louisiana, quality being equal to articles offered by competitors outside the state. "LSA – R.S. 38:2251-2261"

B. USE OF BRAND NAMES AND STOCK NUMBERS: Where brand names and stock numbers are specified, it is for the purpose of establishing certain minimum standards of quality. Bids may be submitted for products of equal quality, provided brand names and stock numbers are specified. Complete product data may be required prior to award.

C. CANCELLATION OF CONTRACT: JEFFERSON PARISH reserves the right to cancel all or any part if not shipped promptly. No charges will be allowed for parking or cartage unless specified in quotation. The order must not be filled at a higher price than quoted. JEFFERSON PARISH reserves the right to cancel any contract at anytime and for any reason by issuing a THIRTY (30) day written notice to the contractor.

For good cause and as consideration for executing a contract with Jefferson Parish, vendor conveys, sells, assigns and transfers to Jefferson Parish or its assigns all rights, title and interest in and to all causes of action it may now or hereafter acquire under the antitrust laws of the United States and the State of Louisiana, relating to the particular good or services purchased or acquired by Jefferson Parish.

D. PRICES: Jefferson Parish is exempt from paying sales tax under LSA-R.S. 47:301 (8)(c). All prices for purchases by Jefferson Parish of supplies and materials shall be quoted in the unit of measure specified and unless otherwise specified, shall be exclusive of state and local taxes. For purchases of labor and materials, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment"). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owned on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Owner will furnish contractor a certificate form which certifies that Owner is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment. The price quoted for work shall be stated in figures. In the event there is a difference in unit prices and totals, the unit price shall prevail.

Quantities listed are for bidding purposes only. Actual requirements may be more or less than quantities listed.

Bidders are not to exclude from participation in, deny the benefits of, or subject to discrimination under any program or activity, any person in the United States on the grounds of race, color, national origin, or sex; nor discriminate on the basis of age under the Age Discrimination Act of 1975, or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, or on the basis of religion, except that any exemption from such prohibition against discrimination on the basis of religion as provided in the Civil Rights Act of 1964, or Title VI and VII of the Act of April 11, 1968, shall also apply. This assurance includes compliance with the administrative requirements of the Revenue Sharing final handicapped discrimination provisions contained in Section 51.55 (c), (d), (e), and (k)(5) of the Regulations. New construction or renovation projects must comply with Section 504 of the 1973 Rehabilitation Act, as amended, in accordance with the American National Standard Institute's specifications (ANSI A17.1-1961).

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

Jefferson Parish and its partners as the recipients of federal funds are fully committed to awarding a contract(s) to firm(s) that will provide high quality services and that are dedicated to diversity and to containing costs. Thus, Jefferson Parish strongly encourages the involvement of minority and/or woman-owned business enterprises (DBE's, including MBE's, WBE's and SBE's) to stimulate participation in procurement and assistance programs.

The purpose and intention of this invitation to bid is to afford all suppliers an equal opportunity to bid on all construction, maintenance, repair, operating supplies and/or equipment listed in this bid proposal. JEFFERSON PARISH WILL ACCEPT ONE BID ONLY FROM EACH VENDOR. Items bid must meet specifications.

Advertised bids will be tabulated and a copy of the tabulation will be forwarded to each responding bidder.

IN ACCORDANCE WITH STATE REGULATIONS JEFFERSON PARISH OFFERS ELECTRONIC PROCUREMENT TO ALL VENDORS

This electronic procurement system allows vendors the convenience of reviewing and submitting bids online. This is a secure site and authorized personnel have limited read access only. Bidders are to submit electronically using this free service; while the website accepts various file types, one single PDF file containing all appropriate and required bid documents is preferred. Bidders submitting uploaded images of bid responses are solely responsible for clarity. If uploaded images/documents are not legible, then bidder's submission will be rejected. Please note all requirements contained in this bid package for electronic bid submission.

Please visit our E-Procurement Page at www.jeffparishbids.net to register and view Jefferson Parish solicitations. For more information, please visit the Purchasing Department page at <http://purchasing.jeffparish.net>.

The general specifications for construction projects and the purchase of materials, services and/or supplies are those adopted by the JEFFERSON PARISH Council by Resolution No. 113646 or 113647 as amended. The general conditions adopted by this resolution shall be considered as much a part of this document as if they were written wholly herein. A copy may be obtained from the Office of the Parish Clerk, Suite 6700, Jefferson Parish General Government Building, 200 Derbigny Street, Gretna, LA 70053. You may also obtain a copy by visiting the Purchasing Department webpage at <http://purchasing.jeffparish.net> and clicking on Online Forms.

ADDITIONAL REQUIREMENTS FOR THIS BID

PLEASE MATCH THE NUMBERS PRINTED IN THIS BOX WITH THE CORRESPONDING INSTRUCTIONS BELOW.

2,4,5,6,7,10,11,12,13,14,17

**PRE-BID CONFERENCE TO BE HELD AT: GGB, 200 DERBIGNY STREET, SUITE 4400
GRETNA, LA. 70053 @ 10:00 AM
ON 1/09/2024**

1. All bidders must attend the MANDATORY pre-bid conference and will be required to sign in and out as evidence of attendance. In accordance with LSA R.S. 38:2212(l), all prospective bidders shall be present at the beginning of the MANDATORY pre-bid conference and shall remain in attendance for the duration of the conference. Any prospective bidder who fails to attend the conference or remain for the duration shall be prohibited from submitting a bid for the project.
2. Attendance to this pre-bid conference is optional. However, failure to attend the pre-bid conference shall not relieve the bidder of responsibility for information discussed at the conference. Furthermore, failure to attend the pre-bid conference and inspection does not relieve the successful bidder from the necessity of furnishing materials or performing any work that may be required to complete the work in accordance with the specification with no additional cost to the owner.
3. Contractor must hold current applicable JEFFERSON PARISH licenses with the Department of Inspection and Code Enforcement. Contractor shall obtain any and all permits required by the JEFFERSON PARISH Department of Inspection and Code Enforcement. The contractor shall be responsible for the payment of these permits. All permits must be obtained prior to the start of the project. Contractor must also hold any and all applicable Federal and State licenses. Contractor shall be responsible for the payment of these permits and shall obtain them prior to the start of the project.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

4. A LA State Contractor's License will be required in accordance with LSA R.S. 37-2150 et. seq. and such license number will be shown on the outside of the bid electronic envelope. Failure to comply will cause the bid to be rejected. When submitting the bid electronically, the license number must be entered in the appropriate field in the electronic procurement system. Failure to comply will cause the bid to be rejected.
5. It is the bidder's responsibility to visit the job site and evaluate the job before submitting a bid.
6. Job site must be clean and free of all litter and debris daily and upon completion of the contract. Passageways must be kept clean and free of material, equipment, and debris at all times. Flammable material must be removed from the job site daily because storage will not be permitted on the premises. Precaution must be exercised at all times to safeguard the welfare of JEFFERSON PARISH and the general public.
7. PUBLIC WORKS BIDS: All awards for public works in excess of \$5,000.00 will be reduced to a formal contract which shall be recorded at the contractor's expense with the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. A price list of recordation costs may be obtained from the Clerk of Court and Ex-Officio Recorder of Mortgages for the Parish of Jefferson. All awards in excess of \$25,000.00 will require both a performance and a payment bond. Unless otherwise stated in the bid specifications, the performance bond requirements shall be 100% of the contract price. Unless otherwise state in the bid specifications, the payment bond requirements shall be 100% of the contract price. Both bonds shall be supplied at the signing of the contract.
8. NON-PUBLIC WORKS BIDS: A performance bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The performance bond shall be supplied at the signing of the contract.
9. NON-PUBLIC WORKS BIDS: A payment bond will be required for this bid. The amount of the bond will be 100% of the contract price unless otherwise indicated in the specifications. The payment bond shall be supplied at the signing of the contract.
10. All bidders must comply with the requirements stated in the attached "Standard Insurance Requirements" sheet attached to this bid solicitation. Failure to comply with this instruction will result in bid rejection.
11. A bid bond will be required with bid submission in the amount of 5% of the total bid, unless otherwise stated in the bid specifications. All sureties must be in original format (no copies) When submitting a bid online, vendors must submit an electronic bid bond through the respective online clearinghouse bond management system(s) as indicated in the electronic bid solicitation on Central Auction House. No scanned paper copies of any bid bond will be accepted as part of the electronic bid submission.
12. This is a requirements contract to be provided on an as needed basis. JEFFERSON PARISH makes no representations on warranties with regard to minimum guaranteed quantities unless otherwise stated in the bid specifications.
13. Freight charges should be included in total cost when quoting. If not quoted FOB DELIVERED, freight must be quoted as a separate item. Bid may be rejected if not quoted FOB DELIVERED or if freight charges are not indicated on bid form.
14. PUBLIC WORKS BIDS - Completed, Signed and Properly Notarized Affidavits Required; This applies to all solicitations for construction, alteration or demolition of public buildings or projects, in conformity with the provisions contained in LSA-RS 38:2212.9, LSA-RS 38:2212.10, LSA-RS 38:2224, and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Conviction Affidavit, Non-Collusion Affidavit, Campaign Contribution Affidavit, Debt Disclosures Affidavit and E-Verify Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

INSTRUCTIONS FOR BIDDERS AND GENERAL CONDITIONS

15. NON PUBLIC WORK BIDS - Completed, Signed and Properly Notarized Affidavits Required in conformity with the provisions contained in LSA – RS 38:2224 and Sec 2-923.1 of the Jefferson Parish Code of Ordinances. For bidding purposes, all bidders must submit with bid submission COMPLETED, SIGNED and PROPERLY NOTARIZED Affidavits, including: Non-Collusion Affidavit, Debt Disclosures Affidavit and Campaign Contribution Affidavit. For the convenience of vendors, all affidavits have been combined into one form entitled NON PUBLIC WORKS BID AFFIDAVIT. This affidavit must be submitted in its original format, and without material alteration, in order to be compliant and for the bid to be considered responsive. A scanned copy of the completed, signed and properly notarized affidavit may be submitted with the bid, however, the successful bidder must submit the original affidavit in its original format and without material alteration upon contract execution. Failure to comply will result in the bid submission being rejected as non-responsive. The Parish reserves the right to award bid to the next lowest responsive and responsible bidder in this event.

16. The ensuing contract for this bid solicitation may be eligible for FEMA reimbursement and/or Federal funding/reimbursement. As such, the referenced appendix will be applicable accordingly and shall be considered a part of the bid documents. All applicable certifications must be duly completed, signed and submitted as per the appendix instructions. Failure to submit applicable certifications as per the appendix instructions will result in bid rejection.

17. For this project, the Contractor shall not pay any state or local sales or use taxes on materials and equipment which are affixed and made part of the immovable property of the project or which is permanently incorporated in the project (hereinafter referred to as "applicable materials and equipment."). All purchases of applicable materials or equipment shall be made by the contractor on behalf of and as the agent of Jefferson Parish (Owner), a political subdivision of the State of Louisiana. No state and local sales and use taxes are owed on applicable materials and equipment under the provisions of Act 1029 of the 1991 Regular Session - Louisiana Revised Statute 47:301(8)(c). Owner will furnish to contractor a certificate form which certifies that Owner is not required to pay such state or local sales and use taxes, and contractor shall furnish a copy of such certificate to all vendors or suppliers of the applicable materials and equipment, and report to Owner the amount of taxes not incurred.

It shall be the duty of every parish officer, employee, department, agency, special district, board, and commission: and the duty of every contractor, subcontractor, and licensee of the parish, and the duty of every applicant for certification of eligibility for a parish contract or program, to cooperate with the Inspector General in any investigation, audit, inspection, performance review, or hearing pursuant to JPCO 2-155.10(19). By signing this document, every corporation, partnership, or person contracting with PARISH, whether by cooperative endeavor, intergovernmental agreement, bid, proposal, application or solicitation for a parish contract, and every application for certification of eligibility for a parish contract or program, attests that it understands and will abide by all provisions of JPCO 2-155.10.

SECRETARY-TREASURER

DATE

Public Works Bid Affidavit Instructions

- **Affidavit is supplied as a courtesy to Affiants, but it is the responsibility of the affiant to insure the affidavit they submit to Jefferson Parish complies, in both form and content, with federal, state and parish laws.**
- **Affidavit must be signed by an authorized representative of the entity or the affidavit will not be accepted.**
- **Affidavit must be notarized or the affidavit will not be accepted.**
- **Notary must sign name, print name, and include bar/notary number, or the affidavit will not be accepted.**
- **Affiant MUST select either A or B when required or the affidavit will not be accepted.**
- **Affiants who select choice A must include an attachment or the affidavit will not be accepted.**
- **If both choice A and B are selected, the affidavit will not be accepted.**
- **Affidavit marked N/A will not be accepted.**
- **It is the responsibility of the Affiant to submit a new affidavit if any additional campaign contributions are made after the affidavit is executed but prior to the time the council acts on the matter.**

Instruction sheet may be omitted when submitting the affidavit

Public Works Bid

AFFIDAVIT

STATE OF _____

PARISH/COUNTY OF _____

BEFORE ME, the undersigned authority, personally came and appeared: _____
_____, (Affiant) who after being by me duly sworn, deposed and said that
he/she is the fully authorized _____ of _____ (Entity),
the party who submitted a bid in response to Bid Number _____, to the Parish of
Jefferson.

Affiant further said:

Campaign Contribution Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all campaign contributions, including the date and amount of each contribution, made to current or former elected officials of the Parish of Jefferson by Entity, Affiant, and/or officers, directors and owners, including employees, owning 25% or more of the Entity during the two-year period immediately preceding the date of this affidavit or the current term of the elected official, whichever is greater. Further, Entity, Affiant, and/or Entity Owners have not made any contributions to or in support of current or former members of the Jefferson Parish Council or the Jefferson Parish President through or in the name of another person or legal entity, either directly or indirectly.

Choice B _____ there are **NO** campaign contributions made which would require disclosure under Choice A of this section.

Affiant further said:

Debt Disclosures

(Choose A or B, if option A is indicated please include the required attachment):

Choice A _____ Attached hereto is a list of all debts owed by the affiant to any elected or appointed official of the Parish of Jefferson, and any and all debts owed by any elected or appointed official of the parish to the Affiant.

Choice B _____ There are **NO** debts which would require disclosure under Choice A of this section.

Affiant further said:

That Affiant has employed no person, corporation, firm, association, or other organization, either directly or indirectly, to secure the public contract under which he received payment, other than persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project or in securing the public contract were in the regular course of their duties for Affiant; and

That no part of the contract price received by Affiant was paid or will be paid to any person, corporation, firm, association, or other organization for soliciting the contract, other than the payment of their normal compensation to persons regularly employed by the Affiant whose services in connection with the construction, alteration or demolition of the public building or project were in the regular course of their duties for Affiant.

Affiant further said:

Affiant personally has not been convicted of, nor has he/she entered into a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. No individual partner, incorporator, director, manager, officer, organizer, or member, who has a minimum of a ten percent ownership in the Bidding Entity, has been convicted of, or has entered a plea of guilty or nolo contendere to any of the crimes or equivalent federal crimes listed below. A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall permanently bar any person or the bidding entity from bidding on public projects:

- (a) Public bribery (R.S. 14:118)
- (b) Corrupt influencing (R.S. 14:120)
- (c) Extortion (R.S. 14:66)
- (d) Money laundering (R.S. 14:230)

A conviction of or plea of guilty or nolo contendere to the following state crimes or equivalent federal crimes shall bar any person or the bidding entity from bidding on public projects for a period of five years from the date of conviction or from the date of the entrance of the plea of guilty or nolo contendere:

- (a) Theft (R.S. 14:67)
- (b) Identity Theft (R.S. 14:67, 16)
- (c) Theft of a business record (R.S. 14:67.20)
- (d) False accounting (R.S. 14:70)
- (e) Issuing worthless checks (R.S. 14:71)
- (f) Bank fraud (R.S. 14:71.1)
- (g) Forgery (R.S. 14:72)
- (h) Contractors; misapplication of payments (R.S. 14:202)
- (i) Malfeasance in office (R.S. 14:134)

The five-year prohibition provided for in this section shall apply only if the crime was committed during the solicitation or execution of a contract or bid awarded pursuant to these provisions. If evidence is submitted substantiating that a false attestation has been made and the project must be readvertised or the contract cancelled, the awarded entity making the false attestation shall be responsible to the public entity for the costs of rebidding, additional costs due to increased costs of bids and any and all delay costs due to the rebid or cancellation of this project.

[The remainder of this page is intentionally left blank.]

Affiant further said:

- (1) Entity is registered and participates in a status verification system to verify that all employees in the State of Louisiana are legal citizens of the United States or are legal aliens.
- (2) Entity shall continue, during the term of the contract, to utilize a status verification system to verify the legal status of all new employees in the State of Louisiana.
- (3) Entity shall require all subcontractors to submit to the Entity a sworn affidavit verifying compliance with statements (1) and (2).

My commission expires _____.

**Designation of Construction Contractor
as Agent of a Governmental Entity
Sales Tax Exemption Certificate**

_____, an agency of the United States government, or an agency, board, commission, or instrumentality of the State of Louisiana or its political subdivisions, including parishes, municipalities and school boards, does hereby designate the following contractor as its agent for the purpose of making sales tax exempt purchases on behalf of the governmental body:

Name of Contractor		
Address		
City	State	ZIP

This designation of agency shall be effective for purchases of component construction materials, taxable services and leases and rentals of tangible personal property for the following named construction project:

Construction Project	Contract Number
----------------------	-----------------

This designation and acceptance of agency is effective for the period

Beginning Date (mm/dd/yyyy)	End Date (mm/dd/yyyy)
-----------------------------	-----------------------

Purchases for the named project during this period by the designated contractor shall be considered as the legal equivalent of purchases directly by the governmental body. Any materials purchased by this agent shall immediately, upon the vendor's delivery to the agent, become the property of this government entity. This government entity, as principal, assumes direct liability to the vendor for the payment of any property, services, leases, or rentals made by this designated agent. This agreement does not void or supersede the obligations of any party created under any construction contract related to this project, including specifically any contractual obligation of the construction contractor to submit payment to the vendors of materials or services for the project.

This contractor-agent is not authorized to delegate this purchasing agency to others; separate designations of agency by this governmental entity are required for each contractor or sub-contractor who is to purchase on behalf of this governmental entity. The undersigned hereby certify that this designation is the entirety of the agency designation agreement between them. In order for a purchase for an eligible governmental entity through a designated agent to be eligible for sales tax exemption, the designation of agency must be made, accepted, and disclosed to the vendor before or at the time of the purchase transaction.

Designation of Agency			Acceptance of Agency		
Signature of Authorized Designator	Date (mm/dd/yyyy)		Signature of Contractor or Subcontractor Authorized Acceptor	Date (mm/dd/yyyy)	
Name of Authorized Designator			Name of Contractor's or Subcontractor's Acceptor		
Name of Governmental Entity			Name of Contractor		
Address			Address		
City	State	ZIP	City	State	ZIP

This designation of agency form, when properly executed by both the contractor and the governmental entity, shall serve as evidence of the sales tax exempt status that has been conferred onto the contractor. No other exemption certificate form is necessary to claim exemption from sales taxes. The agency agreement evidenced by this sales tax exemption certificate must be implemented at the time of contract execution with the governmental entity. The contract between the governmental entity and his agent must contain provisions to authenticate the conferment of agency.
