Questions and Answers

Question # 1

We do not install. I can recommend another vendor that is a wonderful installation and merchandising company. Please let me know if this is acceptable for you. If so, we would need to understand the finish schedule for your fixtures like the gift shop counter. We have used laminates to solid surface materials in various projects. The finishes can greatly impact the price of fixtures, so we need to understand if there are specific guidelines. I see the finishes on the “re-use” fixtures, but we did not see the finish schedule for the new fixtures. Please let us know your thoughts on these questions.

Answer:

Please refer to section 2.4 regarding the finishing date. As regards the use of another vendor for the installation, please refer to section 1.21 regarding prime contractor responsibilities and section 1.22 regarding the use of subcontractors.

Question # 2

What about the finishes for the fixtures and not the finish date?

Answer:

With the photos attached, the slatwall is called "solar oak" and a shade darker than the "oak/almond melamine" displays. We would like to utilize these finishes and match/blend with any new fixtures/furnishings.
