**General Specifications**

**1. Beginning Dates of Contract and Shipments**

The initial contract period will begin on the date the contract is signed by the Board and will cover the requirements of the one (1) year. The contractor shall be prepared to begin shipments per the shipment delivery requirements in these specifications immediately upon execution of the contract.

The quantity listed is an estimate. In the event a greater or lesser quantity is needed, the Board reserves the right to increase or decrease quantity as needed.

**2. Length of Contract Term**

The unit prices shall cover the requirements of the Board for a period of one (1) year, with one (1) one-year renewal option. If requested by the Contractor and approved by the Board.

Upon the expiration of the initial contract term or any contract extension, the Contractor will continue to supply the product or services under the same terms and conditions on a month-to-month basis, for a maximum of three (3) months, until receiving a 30-day written notice of termination.

**3. Contract Renewal Option**

Between ninety (90) and one hundred twenty (120) days prior to the end of the initial contract period, the Contractor shall submit in writing to the Board (to the address specified in Paragraph 1, herein) stating their intent to renew (or not to renew) the contract with all terms, conditions, and prices of the original contract. Upon receiving and evaluating any proposals for contract renewal, the Board will have the option to accept this proposal for the additional renewal term(s), or to reject this proposal and open the contract for public bid if doing so would be in the best interest of the Board.

**4. Price Adjustments:**

Contract prices are to remain firm through the effective dates of the contract. The Contractor may request a price adjustment, in writing, between ninety (90) and one hundred twenty (120) days prior to the contract renewal date with the Contractor's proposal stating his intent to renew the contract. If the Contractor does not request a price adjustment between 90 and 120 days prior to the contract renewal date with the Contractor's proposal to renew the contract, no price adjustment will be made. All price adjustments must be approved by the Board's Procurement Department prior to the implementation of the adjusted pricing. Approval shall be in the form of a contract amendment issued by the Board.

Price adjustments will be made in accordance with the percentage change in the U.S. Bureau of Labor Statistics Producer Price Index (PPI) for the commodity associated with the product or other industry recognized, mutually agreed upon index. The percentage difference between the PPI issued for the contract's effective month and year, and the PPI issued for the month prior to the request will determine the maximum allowable adjustment of original contract prices. Only final PPI data will be used to adjust contract pricing. No retroactive contract price adjustment will be allowed. The Board may request decrease of prices under the same terms and conditions.

5. The Sewerage and Water Board of New Orleans reserves the right to order at the unit prices bid a quantity exceeding the approximation to the extent of one hundred percent (100%) and agrees to order and pay for at least ten percent (10%) of the quantities approximated.
6. In case of failure on the part of the Contractor to make deliveries as required by the Board, and failure on his part to prove delivery to the carrier of the amounts so required and if such failure of delivery on the part of the Contractor shall result in endangering the proper operation of its facilities, then the Board shall have the right to place the Contractor in default and if necessary to purchase its commodity requirements in the open market, and any difference in the cost to the Board of the materials so purchased, over and above, the price bid by the Contractor shall be charged to the Contractor, and the Board will retain the same from any monies due or to become due the Contractor. Contractors placed in default shall be precluded from bidding on any future requirements of the Board. It is understood, however, that the requirements of this paragraph shall not be enforced if it can be shown that failure of delivery was caused by strikes in the Contractor's plant or other causes beyond the control of the Contractor.

Demurrage due to the Shipper's inability to unload the product quickly and properly into the Board's tanks will not be for the Board's account. Any demurrage or detention charge invoices received by the Board will be forwarded to the Contractor unless such charges result from delays directly accountable to the Board.

The Contractor shall furnish the Sewerage and Water Board with the printed tickets from a public weighing scale showing the weight of the delivery vehicle empty, and also the weight after being loaded with product. If the Contractor has a certified scale, printed tickets from this scale will be accepted. The cost of weighing shall be at the expense of the Contractor.

This sample shall be hermetically sealed and properly labeled as to date sampled, product name, and name of bidder. This bid sample will be used as a standard for the type and quality of the liquid polyphosphate to be delivered during the course of this contract. If any doubt as to the acceptability of this liquid polyphosphate exists, the Sewerage and Water Board may request a sample as large as one tank truckload, the contractor to be reimbursed for this product at bid price. Bids from contractors who sample fail to meet specifications as called for herein will not be considered. These samples must be submitted to the following address no later than the bid opening time:

Carrollton Water Plant

Engineering Bldg.

If this transaction requires the Consultant or subconsultant's employees to enter SWBNO's facilities or job sites, a senior employee of the Consultant and/or any subconsultant will review the SWBNO's Safety Orientation Notice (Notice) and will explain this Notice to every employee who will enter SWBNO facilities. This Notice is included as a part of the specifications for this contract.

Consultant and its insurers shall agree to waive all rights of subrogation, except on their Professional Liability Policy, against the SWBNO, the City, and their officers, officials, employees, boards and commissions, and volunteers for losses arising from work performed by the Consultant for SWBNO and the City.
