Small Animal ICU Unit/Oxygen Cages

Addendum 01

Inquiry:

I need to clarify if LSU is wanting only one unit of the double stacked 2008 or two units of the double stacked?

Response:

The setup/design of the cage units must allow the Vet Teaching Hospital to simultaneously accommodate and treat two large canine patients and allow for access and manipulation of the patient (breeds such as Great Dane or Mastiff). 4-5ft wide x 2-4 ft deep x 2-4 ft high. This may be accomplished with one single unit or multiple units as long as the units meet all specifications and patients are separated by a divider/partition to prevent contact between patients.
