## Geotab Installation Specifications

Jefferson Parish Department of Fleet Management is seeking a professional installer of vehicle tracking equipment. Those interested in becoming certified Geotab installers can go the following link <https://www.geotab.com/?s=installer> to inquire about becoming a certified Geotab installer.

Contract term is two (2) years. Installer shall complete assigned tasks within three (3) business days of receiving a Jefferson Parish request. Liquidated damages are assessed at \$125 per day.

Installer must properly document Geotab tracking devices (hereafter referred to as devices) in such a way that Jefferson Parish vehicle number and Vehicle Identification Number can be associated with the serial number of the device installed in each vehicle. The installer will also document such information when a device is un-installed. Photographs showing the finished install for each vehicle will be furnished to Jefferson Parish on a disc. The installer will maintain copies of these photographs as well.

Jefferson Parish will provide the devices as well as any harnesses, cables, and adhesive tabs that are needed to complete the install. The installer will make certain that vehicles are out in the open and not underneath any overhangs or covered areas when performing the installs. The installs will be done in such a way that cables and devices will not interfere with the employee's ability to operate the vehicle. The device will also be installed in such a way that there is always a diagnostics port available for others to plug into. In some vehicles, this will be the OBDII port and in other vehicles this will be the J-Bus port.

On occasion, the installer will be called out to uninstall a device from a vehicle that is set to be transferred to Surplus Property. A contact person from the appropriate Jefferson Parish Department will meet the installer on site to collect the device and all harnesses and cables.

In some cases, devices that have already been installed in vehicles will need to be professionally re-installed.

The bidder will provide a trip fee on the bid form for travel to the location within Jefferson Parish where the work under the contract shall be performed. Lafitte and Grand Isle will be excluded from this contract.

The bidder will also provide install, uninstall, and reinstall pricing on bid form for devices based upon one (1) to ten (10) and eleven (11) to twenty (20) vehicles available at the site per visit (number of vehicles available at site=combined total of 1-10 or 11-20; EXAMPLE: 4 installs, 3 uninstalls, and 4 reinstalls would work out to be the pricing for 11-20). After installing each device, the installer will verify that all of the lights on the device (those being Power, Communication, and GPS) are completely illuminated (not blinking) for a period of at least two minutes. If the installer notices that the lights are not illuminated, the installer is to notify the contact person for the appropriate Jefferson Parish Department immediately and provide the serial number of the device for which the lights are not illuminating.

**Working Hours:** Jefferson Parish Departmental regular working hours are 7:00 am to 4:00 pm, Monday through Friday.

**INSURANCE:**

Types and Coverage:

- A. Automobile Insurance in the amount of \$1,000,000.00 per occurrence;
- B. Workers Compensation: As required by Louisiana State Statute, exception; Employer's Liability, Section B shall be \$1,000,000 per occurrence when work is to be over water and involves maritime exposures to cover all employees not covered under the State Worker's Compensation Act, otherwise this limit shall be no less than \$500,000 per occurrence.

## **STANDARD INSURANCE REQUIREMENTS FOR BIDDING PURPOSES**

All required insurance under this bid shall conform to Jefferson Parish Resolution No. 113646 or No. 113647, as applicable. Contractors may not commence any work under any ensuing contract unless and until all required insurance and associated evidentiary requirements thereto have been met, along with any additional specifications contained in the **Invitation to Bid**. Except as where otherwise precluded by law, the Parish Attorney or his designee, with the concurrence of the Director of Risk Management or his designee, may agree on a case-by-case basis, to deviate from Jefferson Parish's standard insurance requirements, as provided in this Section. Vendors requesting deviation therefrom shall submit such requests in writing, along with compelling substantiation, to the Purchasing Department prior to the bid's due date. Any changes to the insurance requirements will be reflected in the bid specifications and addenda. Prior to contract execution and at all times thereafter during the term of such contract, contractors must provide and continuously maintain all coverages as required by the foregoing Resolutions, and the contract documents. Failure to do so shall be grounds for suspension, discontinuation or termination of the contract.

---

For bidding purposes, bidders must submit with bid submission a current (valid) insurance certificate evidencing the required coverages. Failure to comply will cause bid to be rejected. The current insurance certificate will be used for proof of insurance at time of evaluation. Thereafter, and prior to contract execution, the low bidder will be required to provide final insurance certificates to the Parish which shall name **the Jefferson Parish, its Districts Departments and Agencies under the direction of the Parish President and the Parish Council** as additional insureds regarding negligence by the contractor for the Commercial General Liability, Workmen's Compensation Insurance and the Comprehensive Automobile Liability policies. Additionally, said certificates should reflect the name of the Parish Department receiving goods and services and reference the respective Jefferson Parish bid number.
