PAGE 1 OF 1

Bid SB01891 – Procurement of Bulbs and Sockets

Bid Responses are Due at 3:00 PM on 08/08/2024

This addendum is hereby made a part of the Bidding Documents to the extent as though it was originally included therein.

This addendum, should be acknowledged on the Bid Submission Checklist Page provided in the specifications.

Purpose of Addendum:

1. Clarification on Addendum 1: Addendum 1 noted that the Bid Number listed on page one (1) of Bid Packet references Bid No. SB01810 – It should reference Bid Number SB01891. Addendum 1 included pages not associated with this bid. Please discard other pages and only retain page one (1) as that is the only page that pertains to this bid.

2. Answer Questions Received.

1. For the first item listed, is a color selectable bulb mandatory, or if not, what is the preferred color temperature?

Answer: The University is requesting a color selectable bulb

2. Items 1 and 2 are both hybrid - ballast compatible and ballast bypass, as well as single and double ended. Do you need the ballast compatible option, or is only a ballast bypass bulb acceptable? Do both bulbs need to be single/double ended as well?

Answer: The specification provided indicates the ballast type. The bulb types and requirements listed in the specification are the bulbs required for this project.

3. Does Item 2 (ubend) need to be dimmable?

Answer: If the specification does not reference dimmable, then the bulb does not have to be dimmable

4. Are the listed lumens the minimum lumens required for an alternative bulb, or is a lower wattage bulb within 100-200 lumens acceptable?

Answer: The bulbs specified are specific to the project they will be used for. Please refer to the specification and provide a bulb that meets those requirements.
