Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Frequently Asked Questions

What is the Visa/Mastercard Interchange Fee Settlement Recovery?

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Frequently Asked Questions

What is the Visa/Mastercard Interchange Fee Settlement Recovery?

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Get help to claim your fair share of Fee Settlement Recovery

Visa/Mastercard Interchange Fee Settlement Recovery

You may be aware that in September, a judge recently approved the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most – your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

Please refer to the "Resources" section of www.businesstrack.com for additional Card Brand and Debit Network Organization information.

Visa® OPERATIONAL and RATE CHANGES

Introducing Visa Multiple-Account Access Service (VMAAS)

- With the introduction of VMAAS, Visa will allow a Consumer Debit Classic cardholder to select Consumer Credit as the funding source for selected purchases. Visa did not introduce new interchange programs for VMAAS. The transaction will qualify for the appropriate existing interchange programs.

New Anticipated Amount Verification

- Visa is enhancing the Account Verification message to allow merchants to confirm the anticipated amount of the transaction without holding funds from the cardholder's account. Acquirers and Merchants must enter an agreement with Visa prior to performing anticipated amount verification transactions.

Changes to Point of Service (POS) Entry Mode Code and Account Funding Sources on Visa Business-to-Business (B2B) Virtual Payments Programs

- Visa will allow POS Entry Mode 10 (Credential-on-File) for B2B Virtual Payments and Flexible Rate B2B interchange programs, and will also expand the interchange programs to include Debit and Charge Account Funding Sources.

Introducing Visa Platinum Business, Visa Infinite Business and Visa Corporate Travel and Entertainment (T&E) Prepaid in Europe

- Existing Interregional interchange programs will be updated to include these Europe region issued prepaid cards.

Changes to the Visa Secure Program

- Visa is updating their Digital Authentication Framework (DAF) to support Visa Secure Standing Instruction Merchant-Initiated transactions.

Changes to Support Partial Authorizations

- Visa is expanding support of partial authorizations for Everyday Spend card transactions for debit and prepaid card products.
- In addition, Visa will require support of partial authorizations on all Account Funding Transactions (AFTs).

Changes to U.S. Domestic Visa Business Credit Interchange Fee Programs to Utilize the Spend Qualified Indicators (SQI)

- Visa will utilize new SQI values to determine the tier and rate for existing U.S. domestic Business Credit interchange fee programs.

Changes to Existing Visa Consumer Credit Fee Programs

- Visa will revise the rates for existing Visa consumer credit interchange fee programs.

New Performance Threshold Recurring Telecommunications and Cable Fee Program for Visa Consumer Credit Transactions

- Visa will introduce new interchange programs for recurring Telecommunications and Cable (MCC 4814 and 4899) Performance Threshold Tier 1-3 programs. Merchants must enter an agreement with Visa prior to qualifying for this program which will result in an assigned Merchant Verification Value (MVV) to submit in the transactions.

Commercial Solutions Fee Will Be Introduced on Select U.S. Acquired POS Volumes

- Effective April 1, 2024, a 0.01% Visa Commercial Solutions fee will be assessed on U.S. transactions made with Visa Business Solutions products.

Additional Changes to Support New Account Name Inquiry Functionality in Account Verification Messages

- Effective April 1, 2024, the Visa Account Name Inquiry fee will be revised from \$0.05 to \$0.10 per usable result. A usable result is a minimum of a last name result match returned by Visa.

of the Visa/MasterCard
Interchange Fee Settlement

Claims-filing deadline extended to
August 30, 2024

You may be eligible to recover revenue from the Visa/Mastercard class action settlement for a lawsuit alleging merchants paid excessive interchange fees for accepting Visa and Mastercard payments over a 15-year period. The deadline to file a claim has been extended to August 30, 2024.

If your business accepted Visa or Mastercard at any point between January 2004 and January 2019, you may be eligible to recover a portion of the settlement. The \$5.5 billion+ settlement fund will be distributed among merchants who did not opt out of the class action. Merchants must file a claim to be eligible for any distributions.

We recognize that class action settlements can be very complicated and that you prefer to focus on what matters most to your business. We have partnered with MCAG, a class-action settlement expert, to assist you in the claims process to receive any eligible funds from the settlement with minimal effort.

Frequently Asked Questions

What is the Visa/Mastercard Interchange Fee Settlement Recovery?

A lawsuit was filed that claimed merchants paid excessive interchange or swipe fees for accepting Visa and Mastercard payments because of an alleged conspiracy among Visa, Mastercard and the Bank Defendants.

After years of delays, the court approved this settlement, the proposed claim form, and the tentative claim filing period. The claim filing process opened in December 2023.

Do I qualify to file a claim for revenue recovery from the Fee Settlement?

If your organization accepted Visa or Mastercard payments in the U.S. at any time from January 1, 2004, to January 25, 2019, you may be eligible to recover significant funds from this Settlement.

What is required to file a claim for Fee Settlement Recovery?

Maximizing your share of the funds may involve collecting, filing, and tracking information from multiple store locations, if applicable, and merchant IDs - which could be a time-consuming and arduous task. The filing process began in December 2023.
