### **Removal & Disposal of Existing Wood Fence and Installation of New Wood Fence**

**Location:** Louisiana Real Estate Commission Office Building  
9071 Interline Avenue, Baton Rouge, LA 70809

#### **Scope of Work:**

Awarded vendor shall provide all personnel, labor, materials, hardware, equipment, and associated costs necessary to successfully complete this project as described below. Exact location and material amounts shall be confirmed during site visit and prior to bid submission. All work shall be done in accordance with all applicable local, state, and federal laws and regulations.

Note: Any questions or discrepancies found at the site visit shall be reported to the Office of State Procurement. Buyer information can be found on page 1 of the Invitation to Bid.

#### **Removal & Disposal of Existing Wood Fence**

1. Safely remove all of the existing 8' tall wood fence pickets, top rails, and bottom rails.
2. Safely remove damaged wood fence posts as needed. Retain existing posts where possible and replace only damaged posts.
3. Ensure the area is clear and ready for new fence installation.

#### **Installation of New Wood Fence**

1. Install new wood fence posts as needed and in the same manner or better than original fence posts were installed.
2. Install new 1" x 6" x 8' wood fence pickets, top rails, and bottom rails such that they are firmly secure and level.
