Southern University Law Center
Baton Rouge, Louisiana

CLARIFICATIONS

1. QUESTION – The budget for the bid is \$400,000 are the Wi-Fi accesspoints expected to be purchased with this budget or is the amount to be used for the installation and other wireless radios technology to provide the solution?
RESPONSE – The Meraki APs will be purchased separately.
- a. If you are providing the Wi-Fi AP do you have the specific model number?
RESPONSE – A specific model has not been chosen. The bidder will need to provide the model and quantity of Meraki Aps needed for their solution.
2. QUESTION - What voltage of power is supplied to each pole?
RESPONSE - ~120v, 208v, 277v, I cannot give a definite answer until I'm physically at each pole.
3. QUESTION – Are the photo cells on top of the cell or tapped at the base of the pole?
RESPONSE - ~Photo eyes are located on top of light fixtures as well as source of power. That also cannot be determined until I'm at the fixture.
4. QUESTION - For the installation is conduit required for outdoor cable runs on the sides of the buildings and roof? Also proper penetration using weather heads and conduit through walls and roof hatches?
RESPONSE - ~Yes, conduit is required for all exposed runs
