CONTRACT

Annual contract to furnish Finished MUTCD and Louisiana Specific Traffic Control Signs for a period of twelve (12) months beginning date of award. Artwork for all LA Specific Signs will be provided to the successful bidder upon award.

LA Special Design artwork to be approved by the DOTD Statewide Signs Engineer prior to initial production.

CONTINUATION OF CONTRACT

At the option of the Department of Transportation and Development and acceptance by the Contractor, this contract may be extended for two (2) additional twelve (12) month periods at the same prices, terms and conditions. Contract not to exceed thirty-six (36) months.

Prior to exercising the Department's option to extend the contract, the department will determine if an extension is in the best interest of the Department, taking into consideration current market trends, cost factors, price comparison with similar service in other states and various other factors as determined by the DOTD Procurement Director.

The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of a contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the Appropriations Act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

TERMINATION OF CONTRACT

The Department reserves the right to terminate this contract prior to the end of the contract period upon giving a thirty (30) day written notice to the contractor if it is considered in the best interest of the Department.

The Department reserves the right to terminate this contract prior to the end of the contract period upon giving a ten (10) day written notice to the contractor for unsatisfactory performance, unsatisfactory delivery, unsatisfactory service, failure to meet specifications, misrepresentation by the contractor, fraud, collusion, conspiracy, or other unlawful means of obtaining any contract with the State, conflict of contract provisions with constitutional or statutory provisions of State or Federal Law,

and/or any breach of contract.

Successful contractor may request cancellation of this contract upon giving thirty (30) days written notice to the DOTD Procurement Director.

All orders delivered and in accordance with the specifications, terms and conditions of the contract prior to the effective date of any termination shall be paid for by the Department in accordance with the terms of the contract, whereupon all obligations of both parties to the contract shall cease. Guarantees shall apply to all items delivered prior to termination.

SPECIFICATIONS

All Traffic Control Signs must be manufactured and delivered in accordance with the specifications and standards listed below. Failure to meet the requirements will result in rejection.

- (1) Traffic Control Signs Specification, Revised 09/09/2024
- (2) MUTCD Standard Highway Signs, Sign Fabrication Details (available at www.mutcd.fhwa.dot.gov).
- (3) U.S. Department of Transportation: FHWA Standards Specifications (available at <https://highways.dot.gov/federal-lands/specs>).

SPECIAL INSTRUCTIONS

All prices quoted shall be in the unit of measure shown and shall remain firm for the contractual period. Unit price bid must not exceed two (2) digits to right of decimal point. Unit price submitted beyond two (2) digits will be rounded off to the nearest second digit.

ADDITIONAL SIGNS ATTACHMENT:

Bidder shall provide pricing for all signs listed on the additional signs spreadsheet to complete this bid submittal. Signs listed on the additional signs spreadsheet will be covered under the contract but not physically listed as a line item on the contract. These signs are noted as having minimal usage, approximately three or less annually, and/or will be used sparingly throughout the duration of the contract period.

BASIS OF AWARD

In order to be considered for award, bidders must complete all pages of the solicitation including the additional signs spreadsheet, stating the unit price and extended unit price bid for each line item. Failure to respond to all line items will result in rejection of bid submittal.

Award will be made to the overall lowest responsive and responsible bidder bidding on all items of this solicitation, including the additional attached signs spreadsheet, and complying with all details of the solicitation as determined by the DOTD Procurement Director.

Extended unit prices will be added together to determine the grand total. In the event an error is made extending the total unit price, the unit price will govern.

Discounts are accepted, but will not be considered in determining low bidder.

GUARANTEE AND LIABILITY

The contractor agrees to guarantee the following:

- (1) The supplies delivered or picked up are free from defects in design and construction.
- (2) The supplies are the manufacturer's standard design in construction and that no changes or substitutions have been made in the items listed in this contract.

The contractor holds and saves the State, its officers, agents, and employees harmless from liability of any kind from any claims, suites, costs, or penalties for infringement or use of licensed or patented products including cost and expenses on account of any patented or unpatented invention, articles, devices or appliances manufactured or used in the performance of this contract, including use by the government.

The Contractor agrees to replace, at no cost to the Department, all defective equipment, materials or supplies delivered under this contract. All transportation charges covering return and replacement shall be paid by the contractor.

QUANTITIES AND ORDERS

This is not an order to deliver. The quantities shown are based on the Departments estimated annual usage; no specific quantities are given or guaranteed. Only actual quantities will be ordered by the Department during the contract period. The successful bidder must supply at bid price actual quantities as ordered whether the total of such quantities are more or less than the estimated quantities shown in the solicitation.

The Department reserves the right to increase or decrease quantities at the same unit prices, terms and conditions stated in the bid for the life of the contract.

All orders shall be for a minimum delivery of 1,000 pounds. Bids specifying more than 1,000 pounds as a minimum delivery will not be considered for award.

MATERIAL AVAILABILITY

The successful bidder will be required to have on hand or immediately available an adequate supply of Finished Traffic Control Signs in order to meet the Department's requirements, as ordered, where ordered, during the life of the contract.

DELIVERY

All Traffic Control Signs must be palletized and shipped in accordance with the delivery specifications. The successful bidder will be required to deliver to all Districts/Sections listed on the District/Section Delivery and Contact Information page included in this solicitation and to any other Louisiana Department of Transportation and Development location(s) that may not be specifically stated, for the same prices, terms and conditions specified herein.

Contractor should contact the District/Section at least forty-eight (48) hours prior to delivery for accepted delivery days and times and ensure someone will be onsite to receive the delivery. The Department is not responsible for delays in delivery if the District/Section is not contacted at least forty-eight (48) prior to delivery. Deliveries are not accepted on weekends, holidays or times of disaster.

COOPERATIVE AGREEMENT:

Vendors accepting the Cooperative Purchase Agreement understand and agree that deliveries to other State Agencies, Political Subdivisions or Quasi Agencies will be on a statewide basis.

DAMAGE IN SHIPMENT

Shipments under this contract are F.O.B. destination and title to the goods remain with the contractor until accepted by the Department. However, the Department has a responsibility to report any damage immediately to the contractor. In all cases, a note of damage (except concealed damage) shall be noted on the freight bill at the time the shipment is received by the Department. In all cases where the contractor, because of damage, makes an adjustment, the contractor shall issue a credit memorandum to the Department and shall not be required to ship small replacement quantities that were damaged.

PURCHASE ORDERS

Purchase Orders will be issued by the Department of Transportation and Development. Each Purchase Order will state an actual or estimated quantity that is required and all other pertinent data necessary for the contractor to make proper delivery. In no event shall delivery be made without proper authorization.

INVOICES

At the time of delivery, the contractor is to make a delivery receipt on his own form showing complete description, the exact quantity delivered, price and extension. Such receipt must make reference to the Purchase Order Number.

Upon each delivery and its acceptance by the Department, the contractor shall bill the Department by means of an invoice directly to the address shown on the Purchase Order. Invoice shall make reference to the Purchase Order Number on which delivery was made. Invoice price must agree with contract price.

The Department will pay invoices within the discount period or within thirty (30) calendar days from receipt of correct invoice. If contractor proposes a discount, discount period will start from receipt of correct invoice.
