**Deadline for Submissions: 3:30 p.m., December 19, 2024**

**General**

Specific Scope of Services includes providing design, construction administration and related supplemental services on an as-needed basis for architectural type projects located throughout the Parish for an approximate two year period.

The firms submitting a Statement of Qualifications (TEC Questionnaire) must identify all sub-consultant firms which they expect to use to provide professional services, and submit a Statement of Qualifications (TEC Questionnaire) for each sub-consultant firm. (Refer to Jefferson Parish Code Ordinance, Section 2-928).

All services shall be provided on an “as-needed” basis, and there shall be no guarantee as to the amount of work the firm or firms will be given during the term of the contract.

The Council, at its discretion, may choose one or more qualified firms to provide the services.

**Compensation**

Compensation for the required services will be made on an hourly rate basis or a fixed fee basis, or a combination of both, depending on scope and complexity of the work. The Parish reserves the right to determine the method of payment (hourly or fixed) for each individual assignment.

For hourly rate work, the firm shall be compensated by the appropriate Jefferson Parish Department on the basis of their certified and itemized salary costs plus a fee to cover overhead costs and profit in accordance with guidelines established in Attachment “A” to the Standard Professional Services Agreement for Jefferson Parish. A copy of Attachment “A” may be obtained by calling the Jefferson Parish Department of Capital Projects at (504) 736-6833.

For fixed fee work, the fee shall be negotiated with the firm by the appropriate Jefferson Parish Department and shall be mutually agreeable to both parties.

All costs associated with this project shall be subject to Jefferson Parish review and approval.

A maximum yearly cap established by Jefferson Parish based on anticipated needs for these services shall be \$500,000.00, and the established cap shall not be increased without Council approval.

**Minimum Requirements for Selection**

The following criteria will be used to evaluate each firm submitting a Statement of Qualifications:

- (1) Professional training and experience in relation to the type of work required for the architectural or engineering services. (Maximum points awarded shall be 35).

(Maximum points awarded shall be 20).

Assertions of fault by a person or firm, which shall include time delays, cost over-runs, and or design inadequacies in prior work completed for the Parish shall be evidenced by substantiating documentation provided by the Director of Public Works for the requesting department or the Director of Engineering and received by the Chairman of the Evaluation Committee a minimum of two (2) weeks prior to the scheduled date of the Technical Evaluation Committee meeting. (Maximum points awarded shall be 10).
- (5) Location of the principal office. In the event that the person or firm fails to provide accurate and detailed information regarding legal proceedings with the Parish, including the absence of legal proceedings, the person or firm shall be deemed unresponsive with regard to this category, and zero (0) points shall be

awarded. (Maximum points awarded shall be 15 for the lack of any such adversarial proceedings as defined).

- (7) Prior successful completion of projects of the type and nature of the architectural or engineering services, as defined, for which firm has provided verifiable references. (Maximum points awarded shall be 15).

Only those persons or firms receiving an overall cumulative score of at least seventy percent (70%) or greater, with their highest and lowest score not counted, of the total possible points for all categories to be assigned by the participating Technical Evaluation Committee members shall be deemed qualified to perform architectural or engineering tasks and shall be listed in alphabetical order in the TEC meeting minutes.

**The New Orleans Advocate: November 27, 2024, December 4 and 11, 2024**

ATTACHMENT "A" TO THE STANDARD PROFESSIONAL  
SERVICES AGREEMENT FOR JEFFERSON PARISH

(Res. No. 76068, dated January 25, 1994; Amended per Ord. No. 21593, dated June 5, 2002;  
Amended per Ord. No. 26578, dated March 15, 2023)

This attachment shall be a part of all professional service agreements for engineering and architectural services in Jefferson Parish.

The Statewide "DOTD Average Salary Rate" document [average rate plus one (1) standard deviation], hereinafter referred to as "DOTD Document", is to be used for establishing Maximum Direct Hourly Rate, Maximum Payable Hourly Rate, maximum overhead rate and, indirectly, the maximum multiplier for each new professional services agreement. The version of the "DOTD Document" to be used by Jefferson Parish will be that version of the document as designated by the Director of the Department of Public Works.

For all hourly rate services, including supplementary services, where payments are made on the basis of hourly rates, the **ENGINEER/ARCHITECT**, hereinafter **ENGINEER**, shall be paid on the basis of their certified and itemized direct salary costs (Direct Hourly Rates) times a **multiplier** to determine Payable Hourly Rates, which shall cover direct salary, overhead and 15% profit.

The **multiplier** shall be established from the overhead rate resulting from an audit of the **ENGINEER** performed by a Federal or State agency, or from an audit performed by a Certified Public Accountant (CPA) hired by the **ENGINEER**, provided the CPA certifies that their audit complies with the latest applicable FAR's and CFR's. In the event a satisfactory audit is not provided, the multiplier shall be **2.3**.

The **DIRECTOR** shall have the right to require the **ENGINEER** to provide sufficient documentation to support the approved multiplier.

In no case shall the overhead rate utilized to determine the multiplier be greater than the applicable overhead rate shown on the "DOTD Document" as designated by the Director of the Department of Public Works.

In no case shall the Direct Hourly Rate and Payable Hourly Rate used to pay for professional services exceed the Maximum Direct Hourly Rate and Maximum Payable Hourly Rate shown herein that have been derived from the "DOTD Document" as designated by the Director of the Department of Public Works.

For this agreement, the approved multiplier shall be established at the time the services are required.

The rates payable to sub-consultants shall be governed by the same regulations as those for the **ENGINEER**, with an overhead rate and multiplier established for each sub-consultant.

If a Personnel Classification required for a Parish project is not included in the "DOTD Document", the Parish Administration shall establish a new Personnel Classification and an appropriate maximum direct and payable hourly rate, which would be consistent with personnel categories of similar expertise found within the "DOTD Document", and include herein.

Once contract fees are negotiated, the "DOTD Document" as designated by the Director of the Department of Public Works and in effect at the time of negotiation shall be used. Those fees rates will be unaffected by subsequent versions of the "DOTD Document", except that the rates for Resident Inspection services will be those in the "DOTD Document" in effect at the time those inspection services begin. The rates in effect for this contract are included herein.

The **ENGINEER** shall be reimbursed for costs incurred by sub-consultants at the rate of 1.10 times the actual invoices of sub-consultants, up to a total amount of \$200,000.00. Thereafter, the rate shall be reduced to 1.05.

The **ENGINEER** shall be reimbursed for other direct costs charged to the project at a rate not to exceed 1.10 times the direct expenses. No reimbursement will be made without satisfactory documentation. The **DIRECTOR** reserves the right to have the **ENGINEER** provide proof that direct expenses charged to the project are not included in **ENGINEER'S** overhead.

The **ENGINEER** shall be reimbursed for actual mileage expenses incurred while performing work directly related to this contract; however, the reimbursement rate shall not exceed the Jefferson Parish mileage rate in effect at that time.

On all contracts for which the Council has selected two or more consultants to share the work, the Council shall specify the prime, or lead, consultant, and this consultant shall perform a larger percentage of the basic design services than any of the sub-consultants, but in no case shall the prime, or lead, consultant perform less than forty (40) percent of the basic design services.

The MAXIMUM DIRECT HOURLY RATE and MAXIMUM PAYABLE HOURLY RATE for each Personnel Classification shall not exceed the rates in the following chart, regardless of the audited overhead rate of the **ENGINEER**. These rates will also apply to firms incorporated out of State.

The MAXIMUM DIRECT HOURLY RATES shown below are equivalent to the Statewide DOTD Average Salary Rates, plus one (1) standard deviation, as designated by the Director of the Department of Public Works.

The MAXIMUM PAYABLE HOURLY RATES shown below are a product of the appropriate Maximum Multiplier (field or non-field) and the MAXIMUM DIRECT HOURLY RATE.
