**Addendum No.: 2**

**RFP#: 25-2-3**

**Project Name:** Standard Lift Station Cleaning

**RFP Due Date:** Tuesday, February 25, 2025

### QUESTIONS:

---

Question 1. Are the Lift Stations sanitary, storm, or combined?

**Answer 1. Sanitary**

Question 2. Will the selected Contractor be allowed to decant free liquids back into the sewer system prior to leaving the site and traveling over the road to the Westwood Pit?

**Answer 2. Yes**

Question 3. What are the dimensions of the Lift Stations (e.g., length, width, and depth)?

**Answer 3. The dimensions vary.**

Question 4. Does the Parish have the ability to pump the lift stations down prior to and/or during lift station cleaning?

**Answer 4. Yes, the floating debris will need to be cleaned first then will be pumped down.**

Question 5. What is the diameter of any incoming pipe/inlets coming into the lift stations?

**Answer 5. 8\***

## ST. TAMMANY PARISH

MICHAEL B. COOPER  
PARISH PRESIDENT

Question 6. Are any of the Lift Stations surcharged?

Answer 6. Not when being cleaned.

Question 7. Will confined space entry be required to properly clean lift stations?

Answer 7. No

Question 8. Will bypass pumping or plugging be required to clean lift stations?

Answer 8. No

Question 9. Are all the Lift Stations the same size?

Answer 9. No

Question 10. What are the dimensions of the Westwood Pit?

Answer 10. Unknown

Question 11. Is the Westwood Pit a dewatering Pit?

Answer 11. Yes

Question 12. Will the Parish provide a location for the selected Contractor, a place to decant water, rinse aids, and/or free liquids prior to dumping debris into the Westwood Pit?

Answer 12. Typically, all this is done at the pit while dumping, can they clarify their intentions or concerns.

Question 13. Will there be other debris in the Westwood Pit other than the debris removed from Lift Station Cleaning?

Answer 13. No
