Project Name: Mimosa Cir Drainage

Quote Due Date: Wednesday, February 26, 2025

QUESTIONS & ANSWERS:

Question 1: The description for the asphalt on Mimosa circle currently calls for a 12-in top coat of asphalt but is only requesting 20 tons of asphalt. Curious if this is a typo. If we're to do 12 in of asphalt it's going to be closer to 80 tons. Whereas the 20 ton amount that is listed would allow for 9 in of crushed aggregate base and then a 3-in super pave top coat which would make sense. We're just not certain on which way it's supposed to go.

Answer 1: There is no typo, please bid according to the line items, quantities, and specifications listed in the package.
