Addendum No: (1)

Bid No: 40006-TC #097
Bid Name: Grease Trap Cleaning and Water Jetting Services – 25-26 FY
Opening Date: April 7, 2025 at 2:00PM CST

Addendum No: 1
Date Issued: March 31, 2025

This addendum is hereby officially made a part of the referenced solicitation. The below has been clarified as follows.

1. **** There is a correction on the Bid: *We will **NOT** have any services at the Sidney Collier Site and one of the buildings at the City Park Campus (bldg 5).*
 - a. On Page 6, the Bid Form/Schedule, please scratch off and do not bid:
 - i. Lines 5 & 6 City Park Bldg 5 - Joey Georgusis Center for Children AND
 - ii. Lines 11 & 12 for Sidney Collier.
 - b. These four-line prices will not be calculated to determine the award. ****
2. Do you have the size of the units for each location that will need to be cleaned? *We do not have the exact size of the units, however this year's total gallons removed per each building for one (1) service is approximately:*

City Park Buildings:

 - a. 11 = total of 100 gals.
 - b. 23 = total of 400 gals
 - c. 1 = total of 300 gals
 - d. Baseball Stadium = total of 25 gals
3. Will the water jetting services also be anticipated for twice a year *Yes, estimated to be twice a year, but no guarantees.*
4. What are the sizes in gallons of each grease trap? *See # 2 above.*
5. Which grease traps are indoor and which are outdoors?
 - a. *City Park Building 11 – Culinary Arts = OUTDOORS*
 - b. *City Park Building 23 – Student Life Center = OUTDOORS*
 - c. *City Park Building 1 – Isaac Delgado Hall – Einsteins – INDOORS need about 200LF of hoses*
 - d. *City Park Kirsch Rooney Baseball Stadium = OUTDOORS need about 200LF of hoses.*

6. Services shall be performed on an as needed basis and estimating approximately twice a year, but no guarantees; Is the estimated frequency listed based on servicing each grease trap twice a year all together (in a single day) or servicing each grease trap separately as servicing needs are required? *Separately - Services will be on an as needed basis*
7. Just to confirm flushing out the lines is separate from the water jetting services you would like the contractor to perform? *Flushing out the line is part of doing the water jetting. If there's a clog in the line, Delgado will have a snake run through the line by the plumber before having any water jetting schedule to come out. Contractor will not flush out, just Grease Trap Cleaning and Water Jetting Services.*

Acknowledgement: Acknowledgement of this addendum is mandatory.

Bidder shall acknowledge where indicated on the Bid Form or if your Bid has already been submitted, please sign below where indicated and email this form in its entirety to wboesc@dcc.edu, it can also be mailed to the address stated on page 2 of the Bid Document or faxed to (504) 762-3089.
