**Quantities:**

This is an open-ended requirements contract. Quantities shown are based on the previous contract usage or estimates. Where usage is not available, a quantity of one indicates a lack of history on the item. The successful bidder must supply at bid prices actual requirements as ordered whether the total of such requirements is more or less than the quantities shown.

**Orders:**

All State Agencies are to issue contract purchase orders for the items required, as and when needed. Political Subdivisions of the State and Quasi State Agencies who have been authorized to purchase from contracts made by the Office of State Procurement, are to issue their regular purchase orders directly to the supplier, making reference to the contract and item number.

**Cooperative Purchase:**

It is the intent of the Office of State Procurement (OSP) to accommodate cooperative purchasing in any contract awarded from this solicitation.

As described below, Political Subdivisions of the State, Quasi State Agencies, External Procurement Units, and Agencies of the United States Government are to be authorized (potential) users of the contract(s) resulting from this solicitation, subject to the pricing and terms set forth in the contract(s).

- Political Subdivisions of the State include, but are not limited to, parish governments, municipal governments, school districts, human service districts, local governments and public utilities.
- Quasi State Agencies include, but are not limited to, non-profit or for-profit organizations created by the State of Louisiana or any Political Subdivision or agency thereof, or any special district or authority, or unit of local government, to perform a public purpose.
- External Procurement Units include, but are not limited to, buying organizations not located in the State of Louisiana, which, if located in the State, would qualify as a public procurement unit.

The current list of approved cooperating purchasing entities (including Political Subdivisions, Quasi State Agencies and External Procurement Units) is maintained and regularly updated on the OSP website at: <https://www.doa.la.gov/doa/osp/agency-resources/osp-purchasing/approved-quasi-units/> and may be used as a reference.

Bidders or Contractors may prospectively choose to partially or entirely ‘opt-out’ of accommodating cooperative purchasing for such contract(s) by sending formal written notification

of same to the Office of State Procurement. This notification should clearly specify which individual type(s) of cooperative purchasing entities the Bidder/Contractor is choosing to not allow to participate in contract cooperative purchasing. Any purchase orders received by the contract-holder from cooperative purchasing entities prior to the contract-holder's opt-out notification to OSP must be honored in accordance with the contract.

The extent of participation (or non-participation) by any vendor in cooperative purchasing will not affect the award of any contract(s) resulting from this solicitation.

Any entity that is interested in using the contract must contact the Office of State Procurement. The State reserves the right of refusal to extend the contract to other Agencies and use of the contract will require prior approval by the State.

#### **Electronic Vendor Payment Solution:**

In an effort to increase efficiencies and effectiveness as well as be strategic in utilizing technology and resources for the State and the Contractor, the State intends to make all payments to Contractors electronically. The LaCarte Procurement Card will be used for purchases of \$5,000 and under, and where feasible, over \$5,000. Contractors will have a choice of receiving electronic payment for all other payments by selecting the Electronic Funds Transfer (EFT). If you receive an award and do not currently accept the LaCarte card or have not already enrolled in EFT, you will be asked to comply with this request by choosing either the LaCarte Procurement Card and/or EFT. You may indicate your acceptance below.

The **LaCarte** Procurement Card uses a Visa card platform. Contractors receive payment from State Agencies using the card in the same manner as other Visa card purchases. Contractors cannot process payment transactions through the credit card clearinghouse until the purchased products have been shipped or received or the services performed.

For all Statewide and Agency Term Contracts:

- Under the LaCarte program, purchase orders are not necessary. Orders must be placed against the net discounted products of the contract. All contract terms and conditions apply to purchases made with LaCarte.
- If a purchase order is not used, the Contractor must keep on file a record of all LaCarte purchases issued against the contract during the contract period. The file must contain the particular item number, quantity, line total and order total. Records of these purchases must be provided to the Office of State Procurement on request.

**EFT** payments are sent from the State's bank directly to the payee's bank each weekday. The only requirement is that you have an active checking or savings account at a financial institution that

can accept Automated Clearing House (ACH) credit files and remittance information electronically. Additional information and an enrollment form is available by contacting the Office of Statewide Reporting & Accounting Policy at [DOA-OSRAP-EFT@la.gov](mailto:DOA-OSRAP-EFT@la.gov).

To facilitate this payment process, you will need to complete and return the EFT enrollment form.

If an award is made to your company, please check which option you will accept or indicate if you are already enrolled.

**Non-Exclusivity Clause:**

This agreement is non-exclusive and shall not in any way preclude State Agencies from entering into similar agreements and/or arrangements with other vendors or from acquiring similar, equal, or like goods and/or services from other entities or sources.

**Termination for Non-Appropriation of Funds:**

The continuation of the contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of a contract or if such appropriation is reduced by the veto of the Governor or by any means provided in the Appropriations Act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriations for the year from exceeding revenues for that year or for any other lawful purpose and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.

**Increase/Decrease:**

The quantities listed herein are estimated to be the amount needed. In the event a greater or lesser quantity is needed, the right is reserved by the State of Louisiana to increase or decrease the amount, at the unit price stated in the bid.

**Sample(s) May Be Required:**

When requested, samples must be furnished at the bidder's expense, and received no later than 10 business days after request. Packages should be clearly labeled with the file number. Each individual sample within the package must be clearly labeled with the bidder's name,

manufacturer's brand name and number, file number and item reference. Submit only one bid proposal's samples per box. Samples of the successful bidder will be retained at the Office of State Procurement or the Using Agency for the purpose of receiving merchandise. Any part of merchandise received that does not meet the quality standards and construction of the sample will be rejected and returned at the bidder's expense.

The Using Agency reserves the right to inspect and test the delivered merchandise for compliance with the bid specification. If merchandise fails to meet the specifications, the cost of testing and inspection will be paid by the Contractor. If the merchandise is in compliance, the cost of all testing will be paid by the Using Agency.

**Price Reductions:**

Whenever there is a reduction in price, which is lower than the contract price, offered to similarly situated customers contracting for the same period and under the same terms and conditions, said reduction must be presented directly to the Office of State Procurement. No price reduction on a statewide contract may be offered to an Agency unless that reduction is offered to all Agencies.

**Material Safety Data Sheets (MSDS):**

MSDS and the actual product label are required for each chemical and should be submitted with the bid or shall be submitted within seven business days of request. The vendor is responsible for providing updated MSDS and/or labels to the Office of State Procurement as needed.

All materials furnished under the contract shall comply with all Federal, State, and Local laws, rules and regulations for the chemicals listed in the contract, including OSHA regulations Standard 29 CFR. All products shipped as part of the contract must include an MSDS and the container shall be properly labeled with all required information and warnings.

**Packaging and Labeling:**

Vendors are encouraged to consider delivery methods that utilize recyclable or reusable packaging material and containers, or those with recycled content.

Bidders are requested to bid packaging and portion sizes as specified. Unless requested or otherwise specified, bulk packaging is not acceptable. Quantities per package which are greater than specified may be considered bulk packaging and may be cause for rejection.

The State of Louisiana reserves the right to accept or reject alternate packaging or portion sizes based on factors including, but not limited to, storage limitations at the facility, product shelf life, delivery schedules specified, distribution requirements and internal/external packaging specifications.

**Freight Charges:**

Unit price should be inclusive of any freight charges. Bid should be F.O.B. Destination – title passing upon receipt of goods. Failure to comply with this requirement may disqualify your bid.

**Delivery:**

Deliver to any Agency of the State government eligible by State statute and/or authorized to purchase from the contract. Delivery is to be made upon the issuance of a purchase order.

Contractors will maintain an adequate supply of all items in order to meet specified delivery. Successful vendor must notify the Agencies 48 hours prior to delivery. Certificate of compliance from manufacturers must accompany all shipments.

**Method of Award:**

Award to be made on an all-or-none basis to the overall lowest responsive, responsible bidder meeting the specifications. The State reserves the right to reject individual line items from the award.

**Substitutes:**

Only brand and numbers stated in the award are approved for delivery under the contract and any substitution must receive prior written approval of the Office of State Procurement.

**Contract Utilization:** The contract has been designated as a Louisiana Pricing Schedule (“LaPS”). The State intends to use the following process before placing orders under the contract, and the Contractor explicitly understands and agrees to the use of this process before accepting orders under the contract. Where multiple LaPS contracts exist for functionally equivalent products and/or services and the procurement exceeds the defined maximum value for small purchases established by Executive Order of the Governor, all eligible users of these contracts will utilize the following procedures:

1) Prepare a Request for Response (an informal process used to make a best value determination) that includes, if applicable:

- A) Performance-based statement of work that includes such things as:
  - The work to be performed
  - Location of work
  - Period of Performance
  - Deliverable schedule
  - Applicable performance standards
  - Acceptance criteria
  - Any special requirements (e.g., security clearances, special knowledge, etc.)
  - The products required (using a generic description of products and functions whenever possible).
- B) If necessary or applicable, a request for submittal of a project plan for performing the task and information on the Contractor’s experience and/or past performance performing similar tasks.
- C) A best value determination is one that considers, in addition to underlying contract pricing, such factors as:
  - Probable life of the item selected
  - Environmental and energy efficiency considerations
  - Technical qualifications
  - Delivery terms
  - Warranty
  - Maintenance availability
  - Administrative costs
  - Compatibility of an item within the user’s environment

- User's familiarity with the item or service
- D) A request for submittal of a firm-fixed total price for labor and/or products which are no higher than prices in the LaPS contract.
- 2) Submit the Request for Response to at least three LaPS contract holders, whenever available, offering functionally equivalent products and/or services that will meet the Agency's needs.
  - 3) Evaluate responses and select the Contractor to receive the order:
    - A) After responses have been evaluated, the order shall be placed with the Contractor that represents the best value that meets the Agency's needs. The Ordering Agency should give preference to small entrepreneurship or small and emerging businesses when two or more Contractors can provide the services and/or products at the same firm-fixed price.
    - B) The Ordering Agency shall document in the procurement file the evaluation of the Contractors' responses that formed the basis for selection. The documentation shall identify the Contractor from which the services and/or products were purchased, the services and/or products purchased, and the cost of the resulting purchase order.
    - C) Purchases shall not be artificially divided to avoid the requirements of this section when recurring requirements for same products are known.

**Price List Changes:** Prices shall remain firm and effective for the first three months of the contract term. Price list changes will be considered during the remainder of the contract period and during any contract renewals.

Requests for price list changes must be submitted in writing by the Contractor to the Office of State Procurement and must be supported by sufficient documentation such as manufacturer's price increase, significant changes in the published market indicators for the industry, certified raw material cost data and/or any other substantiating information that may be requested by OSP. Upon receipt of the price escalation request, OSP reserves the right to accept the request, request additional information, negotiate the proposed increase, or reject the request outright. Any decision by the Office of State Procurement to grant or decline a request will be at the Office of State Procurement's sole discretion and the Office of State Procurement's decision shall be final.

Price list changes will not be effective until approval has been granted in writing by OSP. No retroactive adjustments to the price list will be allowed.

The Contractor shall immediately notify OSP of all manufacturer's price decreases and the State shall receive the full benefit of such decreases, effective the date in the manufacturer's announcement.
