All tabs on the excel price sheet must be filled out.

Update Section 1.5 – Remove #4 “Supplier Quote to match”
A quote is not needed for this bid.

Clarification : This service is only the Labor involved with installing the air filters. This is not to include the cost of the actual filter for purchase as we source our filters separately from this installation service.

Pricing on the invoice is to only include the labor costs of installation listed on the bid price sheet included with bid submission. No other fees or charges are to be listed on the invoice.

The extended price on the bid price sheet is the unit price to install one filter multiplied by the listed quantity.

Q. When the dumpster is full prior to filter change or due to being filled by dirty filters and change outs are not complete, are we to bring dirty filters to the building where all filters are located and come back on a day when a dumpster is available and again remove dirty filters from that location to the dumpster to finish removing dirty filters and complete the cycle?

A. Dumpsters will be made available for dirty filters on scheduled change outs.

Q. Will contractor be required to separate boxes from dirty filters and dispose of them separately (dumpster and recycle bin for boxes)?

A. Yes. Cardboard boxes should be placed in designated recycling dumpsters. Locations will be provided.

Q. Will there be any weekend or night work required with this contract?

A. No, there shouldn't be any nights or weekends.

Q. Will contractor be required to bring filters to and remove dirty filters from 1542 Tulane Ave. and the dental school buildings?

A. Yes, contractor will be responsible for moving new filters to 1542 and Delgado which is across Claiborne and dirty filters to dumpster.

Q. Will a state contractors license be required for this contract due to potential value?

A. No, this is a Title 39 service contract.

Q. Requesting the bid pricing from the last two awarded bids for this service.
