Title: Television Service

The successful Vendor shall furnish all labor, material, equipment, programming, hook-up and testing to provide cable television services to Pinecrest Supports & Services Center.

The initial service is based on 87 units, the amount needed may fluctuate through Contract period.

The Agency reserves the right to add or delete outlets during the duration of the Contract, minimum amount being 82 units.

The Vendor shall submit the complete listing of program line-up, which will be contingent upon the Agency's approval.

Programming shall include a variety of channels, which must include 4 local off air channels.

The Vendor shall provide monthly programming guides to the Agency at no charge.

Service interruption which continues for 24 consecutive hours shall be credited to the Agency.

The initial service includes 87 units. The Vendor shall be given 30 day prior notice by the Agency for the addition and/or deletion of outlets.

Vendor shall install TV dish (maximum 24"), receiver and a remote control along with all necessary wiring, materials, and labor at each building per drop. The Vendor shall test and adjust all equipment for maximum clarity in visual and audio reception.

The Vendor will maintain equipment at "no cost" to Agency, unless due to misuse by Agency.

The Vendor shall respond to repairs within 2 hours after reporting on normal business days. Repairs after hours, weekends, and holidays will be on an emergency need only.

All dish mounts shall be mounted on exterior walls or on free standing mounts off the building.

****Roof mounts are not acceptable****

Vendor shall relocate receivers and lines as needed within 2 business days of request from Agency. No charge will be assessed to the Agency for Vendor-installed equipment failures.

Satellite services will be utilized for private viewing only.
