Terms and Conditions:

This solicitation contains all terms and conditions with respect to the commodities herein. Any vendor contracts, forms, terms, or other materials submitted with bid may cause bid to be rejected.

Vendor's Forms:

The purchase order is the only binding document to be issued against the contract. Signing of vendor's forms is not allowed.

Vendor List:

The bidder who signs the bid will be designated as the Prime Contractor on any contract resulting from this solicitation. If additional distributor vendors are authorized to receive orders for items contained in said contract, the bidder should submit with the bid, a list of those additional authorized distributors including the complete business address. The Prime Contractor will be responsible for the actions of any distributor vendors listed.

Substitutes:

Only brands and numbers stated in the award are approved for delivery under the contract and any substitution must receive prior written approval of the Office of State Procurement.

Acceptance:

Unless otherwise specified, bids on the contract will be assumed to be firm for acceptance for a minimum of 60 days. If accepted, prices must be firm for the specified contract period.

Prices:

Prices shall be complete, including transportation/freight charges prepaid by the bidder to the destination, inside delivery, unpacking, assembly of all components and removal of all associated debris from premises. Prices should be quoted in the unit (each, box, case, hour, flat, mile, etc.) as specified in this solicitation.

Price Reductions:

Whenever there is a reduction in price, which is lower than the contract price, offered to similarly situated customers contracting for the same period and under the same terms and conditions, said

reduction must be presented directly to the Office of State Procurement. No price reduction on a statewide contract may be offered to an Agency unless that reduction is offered to all Agencies.

Freight Charges:

Unit price must be inclusive of any freight charges. Bid should be F.O.B. Destination – title passing upon receipt of goods. Failure to comply with this requirement may disqualify your bid.

Payment:

Payment will be made on the basis of unit price as listed in the contract; such price and payment will constitute full compensation for furnishing and delivering the contract commodities. In no case will the State Agency refuse to make partial payments to the Contractor although all items have not been delivered. This payment in no way relieves the Contractor of his responsibility to effect shipment of the balance of the order. Payment will be to vendor and address as shown on order.

Late Payments:

Interest due by a State Agency for late payments shall be in accordance with La. R.S. 39:1695 at the rates established in La. R.S. 13:4202.

Invoices:

Invoices will be submitted by the Contractor to the Using Agency and the invoice shall refer to the delivery ticket number, delivery date, purchase order number, quantity, unit price, and delivery point. A separate invoice for each order delivered and accepted shall be submitted by the Contractor in duplicate directly to the accounting department of the Using Agency. Invoices shall show the amount of any cash discount and shall be submitted on the Contractor's own invoice form.

Contract Revisions:

Requests for revisions to the contract must be addressed to the Office of State Procurement and shall refer to the contract item number with justification of the request. Distributor vendor changes, price reductions and justifiable item deletions may be considered during the contract period. New item additions may be considered only when the Office of State Procurement has determined additions will be of substantial benefit to the State and will justify the time, effort and cost required to make such additions.

The Contractor must immediately notify the Office of State Procurement when any dealer on the contract is terminated, relocated or added. All orders placed with dealers prior to receipt of such notification by the Office of State Procurement must be honored. Revisions will become effective only upon approval by the Office of State Procurement. The bidder should include with their bid a list of all persons, in addition to the signer of the bid, who are authorized to request revisions to the contract.

Contractual Period:

The State of Louisiana intends to award all items for an initial period, not to exceed 12 months. Delays in awarding, beyond the anticipated starting date, may result in a change in the contract period. If the situation occurs, an award may be made for less than 12 months.

Renewals:

At the option of the State of Louisiana and acceptance by the Contractor, the contract may be extended for two additional 12 month periods at the same prices, terms and conditions. Total contract time may not exceed 36 months.

Quantities:

This is an open-ended requirements contract. Quantities shown are based on the previous contract usage or estimates. Where usage is not available, a quantity of one indicates a lack of history on the item. The successful bidder must supply at bid prices actual requirements as ordered whether the total of such requirements is more or less than the quantities shown.

Orders:

All State Agencies are to issue contract purchase orders for the items required, as and when needed. Political Subdivisions of the State and Quasi State Agencies who have been authorized to purchase from contracts made by the Office of State Procurement, are to issue their regular purchase orders directly to the supplier, making reference to the contract and item number.

Packaging:

Bidders are requested to bid packaging and portion sizes as specified. However, if alternates to the packaging or portion sizes are proposed, they should be as close as possible to those specified. Unless requested or otherwise specified, bulk packaging is not acceptable. Quantities per package which are greater than specified may be considered bulk packaging and may be cause for rejection.

The State of Louisiana reserves the right to accept or reject alternate packaging or portion sizes based on factors including, but not limited to: storage limitations at the facility; product shelf life, dietary requirements on portions, etc.; delivery schedules specified; distribution requirements; internal/external packaging specifications; and canteen resale considerations.

Vendors are encouraged to consider delivery methods that utilize recyclable or reusable packaging material and containers, or those with recycled content.

Unless otherwise specified, the commodities shall be packed in substantial commercial containers of the type, size and kind commonly used for the purpose, so constructed as to ensure acceptance and safe delivery as called for in the contract.

Package Markings:

Packages must be marked with the brand and number of the product and such other information as sizes, types, quantity, use instruction, etc. which helps the end user in using the product correctly.

Delivery:

Deliver to any Agency of the State government eligible by State statute and /or authorized to purchase from the contract. Delivery is to be made upon the issuance of a purchase order.

Cooperative Purchase:

It is the intent of the Office of State Procurement (OSP) to accommodate cooperative purchasing in any contract awarded from this solicitation.

As described below, Political Subdivisions of the State, Quasi State Agencies, External Procurement Units, and Agencies of the United States Government are to be authorized (potential) users of the contract(s) resulting from this solicitation, subject to the pricing and terms set forth in the contract(s).

- Political Subdivisions of the State include, but are not limited to, parish governments, municipal governments, school districts, human service districts, local governments and public utilities.
- Quasi State Agencies include, but are not limited to, non-profit or for-profit organizations created by the State of Louisiana or any Political Subdivision or Agency thereof, or any special district or authority, or unit of local government, to perform a public purpose.
- External Procurement Units include, but are not limited to, buying organizations not located in the State of Louisiana, which, if located in the State, would qualify as a public procurement unit.

The current list of approved cooperating purchasing entities (including Political Subdivisions, Quasi State Agencies and External Procurement Units) is maintained and regularly updated on the OSP website at: <https://www.doa.la.gov/doa/osp/agency-resources/osp-purchasing/approved-quasi-units/> and may be used as a reference.

Bidders or Contractors may prospectively choose to partially or entirely ‘opt-out’ of accommodating cooperative purchasing for such contract(s) by sending a formal written notification of same to the Office of State Procurement. This notification should clearly specify which individual type(s) of cooperative purchasing entities the Bidder/Contractor is choosing to not allow to participate in contract cooperative purchasing. Any purchase orders received by the contract-holder from cooperative purchasing entities prior to the contract-holder’s opt-out notification to OSP must be honored in accordance with the contract.

The extent of participation (or non-participation) by any vendor in cooperative purchasing will not affect the award of any contract(s) resulting from this solicitation.

Any entity that is interested in using the contract must contact the Office of State Procurement. The State reserves the right of refusal to extend the contract to other Agencies and use of the contract will require prior approval by the State.

Electronic Vendor Payment Solution:

In an effort to increase efficiencies and effectiveness as well as be strategic in utilizing technology and resources for the State and the Contractor, the State intends to make all payments to Contractors electronically. The LaCarte Procurement Card will be used for purchases of \$5,000 and under, and where feasible, over \$5,000. Contractors will have a choice of receiving electronic payment for all other payments by selecting the Electronic Funds Transfer (EFT). If you receive an award and do not currently accept the LaCarte card or have not already enrolled in EFT, you will be asked to comply with this request by choosing either the LaCarte Procurement Card and/or EFT. You may indicate your acceptance below.

The **LaCarte** Procurement Card uses a Visa card platform. Contractors receive payment from State Agencies using the card in the same manner as other Visa card purchases. Contractors cannot process payment transactions through the credit card clearinghouse until the purchased products have been shipped or received or the services performed.

For all Statewide and Agency Term Contracts:

- Under the LaCarte program, purchase orders are not necessary. Orders must be placed against the net discounted products of the contract. All contract terms and conditions apply to purchases made with LaCarte.
- If a purchase order is not used, the Contractor must keep on file a record of all LaCarte purchases issued against the contract during the contract period. The file must contain the particular item number, quantity, line total and order total. Records of these purchases must be provided to the Office of State Procurement on request.

EFT payments are sent from the State's bank directly to the payee's bank each weekday. The only requirement is that you have an active checking or savings account at a financial institution that can accept Automated Clearing House (ACH) credit files and remittance information electronically. Additional information and an enrollment form is available by contacting the Office of Statewide Reporting & Accounting Policy at DOA-OSRAP-EFT@la.gov.

To facilitate this payment process, you will need to complete and return the EFT enrollment form.

If an award is made to your company, please check which option you will accept or indicate if you are already enrolled.

Method of Award:

It is the State of Louisiana's intention to award the contract to the responsive, responsible bidder offering the overall greatest discount off the manufacturer's current published price list, whether the bidder is the manufacturer, or a distributor for the brand of floor maintenance machines listed for each line. It is the intent of the State of Louisiana to award on an all-or-none basis. The State reserves the right to reject individual items from the award. No award will be made on any line item that offers a 0% discount.

Contract Utilization:

By submitting a bid, the bidder acknowledges that he agrees to the following terms that will be part of any resulting contracts(s) awarded from this solicitation.

This contract has been designated as a Louisiana Pricing Schedule ("LaPS"). The State intends to use the following process before placing orders under this contract, and the Contractor explicitly understands and agrees to the use of this process before accepting orders under the contract. Where multiple LaPS contracts exist for functionally equivalent products and/or services and the procurement exceeds the defined maximum value for small purchases established by executive order of the Governor, all eligible users of these contracts will utilize the following procedures:

1. Prepare a Request for Responses (an informal process used to make a best value determination) that includes, if applicable:
 - a) Performance-based statement of work that includes such things as:
 - The work to be performed
 - Location of work
 - Period of performance
 - Deliverable schedule
 - Applicable performance standards
 - Acceptance criteria
 - Any special requirements (e.g., security clearances, special knowledge, etc.)
 - The products required (using a generic description of products and functions whenever possible).
 - b) If necessary or applicable, a request for submittal of a project plan for performing the task and information on the contractor's experience and/or past performance performing similar tasks.
 - c) A best value determination is one that considers, in addition to underlying contract pricing, such factors as:
 - Probable life of the item selected

- Environmental and energy efficiency considerations
 - Technical qualifications
 - Delivery terms
 - Warranty
 - Maintenance availability
 - Administrative costs
 - Compatibility of an item within the user's environment
 - User's familiarity with the item or service
- d) A request for submittal of a firm-fixed total price for labor and/or products which are no higher than prices in the LaPS contract.
2. Submit the Request for Response to at least three LaPS contract holders, whenever available, offering functionally equivalent products and/or services that will meet the Agency's needs.
3. Evaluate responses and select the Contractor to receive the order:
- a) After responses have been evaluated, the order shall be placed with the Contractor that represents the best value that meets the Agency's needs. The Ordering Agency should give preference to small entrepreneurship or small and emerging businesses when two or more Contractors can provide the services and/or products at the same firm-fixed price.
 - b) The Ordering Agency shall document in the procurement file the evaluation of the Contractors' responses that formed the basis for selection. The documentation shall identify the Contractor from which the services and/or products were purchased, the services and/or products purchased, and the cost of the resulting purchase order.
 - c) Purchases shall not be artificially divided to avoid the requirements of this section when recurring requirements for same products are known.

Brand Name Contract Usage Requirements:

Brand Name contracts for Floor Maintenance Machines are expected to have **\$50,000** in usage annually. This usage amount may be waived in whole or in part due to extenuating circumstances, in the State's best interest. The Office of State Procurement will consider contract purchases from State Agencies, Quasi-State Agencies and/or Political Subdivisions. The inability or failure to timely produce usage reports evidencing adequate sales may result in the cancellation of your brand name contract for a period of 2 years.

Brand Name Contract:

All items bid must be the brand name specified. Alternate brands will not be considered.

Bidders should submit with their bid response the most recent published commercial price list and their GSA price schedule (if one exists) covering all items bid. In the event that a printed published price list is not available, a typed, signed and notarized list of prices covering all items bid should be submitted. If not submitted with the bid, this information shall be provided within 10 business days of the request. Prices bid may not exceed the commercial price list or GSA prices in order for the item(s) to be awarded. Any terms and conditions contained in the published price list or GSA price list will not be applicable to the State's contract unless specifically stated.
