Letters of Interest should be concise and limited to three (3) pages.

Proposals shall provide a straightforward, concise delineation of the proposer's capability to satisfy the requirements of the Request for Proposals. Each proposal shall be submitted in the requested format and provide all pertinent information including but not limited to information relevant to personnel assignments, specifications/scope of work, work completion, schedules, etc., as provided in this Request for Proposals. Each proposal shall be signed in ink by a duly authorized officer of the company.

1.2 PROPOSAL SUBMISSIONS

Proposals can be sent electronically through RTA's Procureware system and uploaded through our electronic system <https://norta.procureware.com/home> until 1:00 P.M., on the date established as the submittal receipt deadline or upon request a hardcopy may be mailed to: Regional Transit Authority, Attn: Leah LeBlanc - Procurement Department, 2817 Canal Street, New Orleans, LA 70119. Proposals received after the specified date shall be considered late and, therefore, shall not be considered for award. Each proposal shall be in the form specified in this Request for Proposals and shall be in a sealed envelope with the name of the Proposer, the date scheduled as the proposal receipt deadline, and the title of the Request for Proposals marked on the outside.

1.3 PROPOSER REVIEW PROCEDURE

For the purposes of this paragraph, all submissions must be received by the RTA no later than 1:00 p.m. (Central time) on the date specified as the clarification deadline.

A. Request for Modification or Clarification

This section establishes procedures for proposers to seek review of this Request for Proposals and any addenda. A proposer may discuss this Request for Proposals and any addenda with the RTA. Such discussions do not, however, relieve proposers from the responsibility of submitting written, documented requests.

Proposers may submit to the RTA requests for interpretations, clarifications or modifications concerning any term, condition and/or specification included in this Request for Proposals and/or in any addendum hereto. Any such request must be received by the RTA, in writing, by the date of the scheduled proposal clarification deadline. All requests

must be accompanied by all relevant information supporting the request for modification, interpretation, clarification or addendum of this solicitation.

All questions or further information concerning this RFP must be submitted through <https://norta.procureware.com/home>. Only written questions submitted through Procureware site shall be considered official. RTA will issue a written determination relating to received requests pursuant to this procedure. The written determination shall be by formal addenda posted to the website.

B. Protest Procedures

The following is an explanation of the RTA protest procedures which must be followed completely before all administrative remedies are exhausted.

Any person who is aggrieved in connection with the solicitation or award of a contract may protest to the Director of Procurement/RTA. Protests shall be submitted in writing specifically identifying the area of protest and containing any support data, test results, or other pertinent information substantiating the appeal. A protest with respect to a solicitation must be submitted in writing to the RTA at least seven (7) calendar days prior to proposal receipt deadline. A protest with regard to the award of a contract shall be submitted, in writing, within seven (7) calendar days after award of the contract.

Prior to any action in court, the Director of Procurement/RTA shall have the authority to settle or resolve a protest from an aggrieved person concerning the solicitation or award of a contract.

If the protest is not resolved by mutual agreement, the Director of Procurement/RTA or his designee shall within thirty (30) calendar days of protest issue a decision in writing. The decision shall:

1. State the reasons for the action taken; and
2. Inform the protestor of his/her right to administrative and judicial review.

A copy of this decision shall be mailed or otherwise furnished immediately to the protestant and any other party intervening. This decision shall be final and conclusive unless:

1. The decision is fraudulent; or
2. The person adversely affected by the decision has submitted a timely administrative appeal to the CEO/RTA.

In the event of a timely protest under these regulations, the RTA shall not proceed further with the solicitation or with the award of the contract unless the Director of Procurement/RTA makes a written determination that the award of the contract is necessary without delay to protect the substantial interests of the RTA.

The CEO/RTA shall have the authority to review and determine any appeal by an aggrieved person from a determination by the Director of Procurement/RTA or his designee.

The aggrieved person must file an appeal within five (5) calendar days of receipt of a decision from the Director of Procurement/RTA.

On any appeal of the decision of the Director of Procurement/RTA, the CEO/RTA shall decide within thirty (30) calendar days whether the solicitation or award was made in accordance with the constitution, statutes, regulations, and the terms and conditions of the solicitation. Any prior determination by the Director of Procurement/RTA or his designee shall not be final or conclusive.

A copy of the CEO's/RTA decision shall be mailed or otherwise furnished immediately to the protestant or any other party intervening.

The decision of the CEO/RTA shall be final and conclusive unless:

1. The decision is fraudulent; or
2. The person adversely affected by the decision has timely appealed to FTA after having exhausted the local protest procedures stated above.

The RTA reserves the right to designate any person(s) other than the CEO/RTA or the Director of Procurement/RTA to perform the duties provided for in this Paragraph.

Any appeal to FTA under these protest procedures will be made pursuant to Circular 4220.1F, as amended.

This restriction does not limit the RTA of New Orleans’s right to use or disclose data obtained from any source, including the Respondent, without restrictions.”

Further, to protect such data, each page containing such data shall be specifically identified and marked **“CONFIDENTIAL”**.

1.5 COST OF PROPOSAL

Any costs incurred by proposers responding to this Request for Proposals in anticipation of receiving a contract award will not be reimbursed by the RTA. Payments will only be made pursuant to a contract between the RTA and the successful proposer.

1.7 CANCELLATION OF REQUEST FOR PROPOSALS

The RTA reserves the right to cancel this Request for Proposals in whole or in part upon written determination by the Director of Procurement/RTA that such cancellation is in the best interest of the RTA.

1.10 PROPOSAL WITHDRAWAL

Prior to the date and time set for the Proposal Receipt Deadline, proposals may be modified or withdrawn by the proposer's authorized representative in person, or by written, facsimile or electronic notice. If proposals are modified or withdrawn in person, the authorized representative shall make his identity known and shall sign a receipt for the proposal. 2.20 NOTIFICATION OF DELAY

The Contractor shall notify the RTA as soon as the Contractor has, or should have, knowledge that an event has occurred or will occur which will delay progress or completion. 3.3 CONTRACT AWARD

(1) The RTA intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal(s) represents the best value after evaluation in accordance with the factors and sub-factors in the solicitation.

(2) The RTA may reject any or all proposals if such action is in the RTA's interest.

(3) The RTA may waive informalities and minor irregularities in proposals received.

(4) The RTA intends to evaluate proposals and award contracts without discussions with offerors. Therefore, the offeror's initial proposal should contain the offeror's best terms from a cost or price and technical standpoint. The RTA reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(5) The RTA reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit cost or prices offered, unless the offeror specifies otherwise in the proposal.

(6) The RTA reserves the right to make multiple awards if, after considering the additional administrative costs, it is in the RTA's best interest to do so.

(7) Exchanges with offerors after receipt of a proposal do not constitute a rejection or counteroffer by the RTA.

(8) The RTA may determine that a proposal is unacceptable if the prices proposed are materially unbalanced between line items or subline items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the RTA.

(9) If a cost realism analysis is performed, cost realism may be considered by the source selection authority in evaluating performance or schedule risk.

(10) A written award or acceptance of proposal mailed or otherwise furnished to the successful offeror within the time specified in the proposal shall result in a binding contract without further action by either party.

(11) If a post-award debriefing is given to requesting offerors, the RTA shall disclose the following information, if applicable:

(i) The agency's evaluation of the significant weak or deficient factors in the debriefed offeror's offer.

(ii) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror.

(iii) The overall ranking of all offerors, when any ranking was developed by the agency during source selection.

(iv) A summary of the rationale for award.

(v) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror.

(vi) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

RTA shall score and rank all proposals based upon the evaluation criteria contained herein. An interview and/or presentation may be required. Award of this contract shall be to a properly licensed, responsible offeror deemed the most qualified, for which fair and reasonable compensation can be determined.

Proposers are reminded that price/cost shall not be used as an evaluation factor during the initial evaluation. However, price proposals will be evaluated and proposers are required to submit cost data separately with their proposal. Proposals which do not contain cost/price information may be considered non-responsive to the administrative requirements of the RFP.

REGIONAL TRANSIT AUTHORITY (RTA)
REQUEST FOR PROPOSALS 2025-025
ADA PARATRANSIT ELIGIBILITY ASSESSMENT

Objective:

The New Orleans Regional Transit Authority (RTA) is soliciting proposals from qualified firms to provide Paratransit Eligibility Assessment (PEA) Services in support of RTA's complementary paratransit program, which operates in accordance with the Americans with Disabilities Act (ADA). RTA provides fixed-route and paratransit transportation services to residents of Orleans Parish.

Goal:

To secure a highly qualified and experienced contractor to administer, manage, and perform in-person ADA-compliant paratransit eligibility assessments for new applicants and existing riders requiring recertification. The selected contractor shall support RTA's goal of ensuring that eligibility determinations are consistent with federal regulations and based on functional, cognitive, and visual assessments.

Scope of Work:

1. General Requirements

- a. The Contractor shall conduct in-person ADA Paratransit Eligibility Assessments for both new applicants and current riders seeking recertification. Evaluations shall determine the individual's ability—physical, cognitive, and/or visual—to utilize RTA's fixed-route services, in accordance with ADA eligibility criteria.
- b. Paratransit eligibility is subject to periodic renewal. The recertification process must remain flexible and consider changes in an individual's functional abilities, even if their underlying disability is permanent.
- c. RTA's eligibility process includes the following components:
 - A completed application submitted by the individual or their authorized representative;
 - A professional verification form completed and signed by a licensed healthcare provider;
 - A structured in-person functional assessment and interview conducted by the Contractor.
- d. The Contractor shall:
 - Review and evaluate submitted applications;
 - Conduct follow-up interviews as needed to clarify or verify information;
 - Assess applicants' ability to use fixed-route transit, including simulated tasks when appropriate;
 - Validate third-party-submitted responses with the applicant to ensure accuracy and consent.
- e. The Contractor shall base all eligibility determinations on the individual's functional and/or cognitive abilities to utilize RTA's fixed-route services—not on medical diagnoses alone. Decisions must be compliant with ADA regulations and made using a consistent, objective framework.

2. American With Disabilities Act Requirements

- a. All eligibility determinations shall adhere to ADA guidelines, specifically 49 CFR Part 37, Subpart F (§37.123). The assessment process must ensure that only those who meet the federal criteria are deemed eligible.
- b. Per ADA regulations, eligible individuals fall under the following categories:
 - *Category 1:* Individuals who, due to physical or mental impairments, cannot independently board, ride, or disembark from an accessible fixed-route vehicle.
 - *Category 2:* Individuals who require accessible vehicles and seek to travel at times or locations when such vehicles are not available.
 - *Category 3:* Individuals with a specific impairment-related condition that prevents them from reaching transit boarding or disembarking locations.
- c. The Contractor's assessments shall:
 - Confirm the existence and relevance of the individual's disability;
 - Evaluate their ability to complete transit-related tasks;
 - Recommend the most appropriate mode of transit based on functional capacity.
- d. Tasks assessed must include the applicant's ability to:
 - Travel to/from bus stops or transit stations;
 - Wait independently at stops or stations;
 - Board, ride, and disembark from RTA buses;
 - Navigate the system and understand its use;
 - Follow directions and maintain orientation.

3. In-Person Mobility Assessments Section

- a. The Contractor shall submit proposed assessment tools and procedures during the proposal phase for RTA review and approval. Final tools and procedures will be developed collaboratively during contract startup.
- b. Approved assessment methods may include, but are not limited to:
 - Physical Functional Assessments (e.g., strength, balance, mobility simulation);
 - Cognitive Skills Assessments (e.g., FACTS—Functional Assessment for Cognitive Transit Skills);
 - Tinetti Mobility and Balance Tests;
 - Mini-Mental State Examination (MMSE);
 - Visual ability evaluations for fixed-route use.

Contractors may propose alternative or supplemental tools, subject to RTA approval.

4. Evaluation Process and Documentation:

- a. The Transit Mobility Evaluator shall
 - Conduct structured, uniform assessments;
 - Document all findings with legible, detailed notes;

- Observe behaviors, gait, responsiveness, and safety concerns;
 - Ask follow-up questions and record all responses;
 - Provide an objective summary of eligibility determination.
- b. If an applicant is unable to complete the assessment due to medical or cognitive concerns, observations must still be documented in full. In cases of risk or distress, evaluators must halt assessments and document the reason.
- c. All documentation provided by the applicant (e.g., physician notes, care provider letters) must be reviewed, attached to the file, and considered in RTA's final determination.
- d. The assessment at a minimum shall include:
- Explain limitations using clear, non-technical language;
 - Be sufficiently detailed to support eligibility status, including trip-by-trip and conditional eligibility;
 - Address mobility across cognitive, visual, physical, and psychological domains.

5. Functional Criteria for Assessment: .

- a. The assessment must address the applicant's ability to:
- Navigate to/from bus stops;
 - Pay fare independently;
 - Maintain balance and ambulate across various terrains;

 - Perform basic orientation and navigation tasks;
