All prices are to be firm for the duration of the bid, but wherever there is a general reduction in price which is lower than the contract price, said reduction shall be presented directly to LSUHSC-S. Approximate quantities as set forth are estimated yearly usages only and the successful bidder must supply at bid prices actual requirements as ordered whether the total of such requirements is more or less than the quantities shown. FISCAL FUNDING: The continuation of the contract is contingent upon the continuation of an appropriation of funds by the Legislature to fulfill the requirements of the contract. If the Legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such Appropriation is reduced by the veto of the Governor or by any means provided in the Appropriations Act or Title 39 of the Louisiana Revised Statutes of 1950 to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated. The Contractor shall be entitled to payment for deliverables in progress, to the extent work has been performed satisfactorily.
