RFP 2025-038 TRANSIT OPERATIONS CONSULTANT

Addendum I

Acknowledge receipt of this addendum in the bid submission. This addendum is a part of the Contract Documents and shall be included in the Contract Documents. Changes made by the addenda take precedence over information published at an earlier date.

This addendum serves to

1. Can you please provide the reason for re-issuing this RFP?

Response: The RTA has reissued this solicitation to encourage broader vendor participation and to ensure a fair and competitive evaluation process aligned with the Authority's procurement objectives.

2. Is RTA amenable to negotiating an alternative scope of work to meet the proposed \$100,000 budget and six-month timeline?

Response: Yes, the intent is to determine which vendor and RTA will have common agreement of what deliverables are priority and how many deliverables the vendor will take a deeper dive to deliver.

3. In lieu of a FAR overhead rate, will you accept our closed financials from 2024 (taxes - marked confidential, not for distribution), a letter stating we don't have an approved OH rate, and a list of the full compensation amounts for 2024 for the executive team?

Response: We defer to purchasing.

4. The scope of work is heavily focused on RTA's paratransit service - are you expecting the same evaluation level for your fixed route services, including ferry and streetcar?

Response: The heaviest focus is on Paratransit (approximately 90%), Bus and Streetcar (approximately 10%).
