### **Supplier Inquiry and Response**

Q1. I would like to confirm the requirements for Item 2 on this RFQ. The heading states Lock Case Only (which is the lock case and screws), but the description is itemizing parts that does not come with the lock case. Do they want escutcheon, strike, strike plate, mortise housing, and cores as well?

A1. See revised specifications above.

Q2. Regardless of above question, we need the function of the lock case as pricing varies per function.

A2. The function is to house the components that allow the lock to function.

Q3. For item #2, this is asking for a L9000 series lock body only. I would need to know which function of lock is needed?

A3. A complete lock is required with bed/bath privacy function. See revised specifications above.

Q4. Also lock bodies don't come with a cylinder so the 6 pin C Keyway, interchangeable core, if needed would be separate from the lock body.

A4. The 6 pin C keyway and interchangeable core are not needed and are removed from the specifications. See revised specifications above.

Q5. I have a question regarding the Schlage Mortise Lock Case Only. Is the function of the lock case the same as the Privacy lock mentioned in Line 2.1? Also, there are no cores or keys included with the lock case only. Please advise about the highlighted info below.
