Specifications

1. Beginning Dates of Contract and Shipments

The initial contract period will begin on the date the contract is signed by the Board and will cover the requirements of the one (1) year. The contractor shall be prepared to begin shipments per the shipment delivery requirements in these specifications immediately upon execution of the contract.

The quantity listed is an estimate. In the event a greater or lesser quantity is needed, the Board reserves the right to increase or decrease quantity as needed.

2. Length of Contract Term

The unit prices shall cover the requirements of the Board for a period of one (1) year, with two (3) one-year renewal options. If requested by the Contractor and approved by the Board.

Upon the expiration of the initial contract term or any contract extension, the Contractor will continue to supply the product or services under the same terms and conditions on a month to month basis, for a maximum of three (3) months, until receiving a 30-day written notice of termination.

3. Contract Renewal Option

Between ninety (90) and one hundred twenty (120) days prior to the end of the initial contract period, the Contractor shall submit in writing to the Board (to the address specified in Paragraph 1, herein) stating their intent to renew (or not to renew) the contract with all terms, conditions, and prices of the original contract. Upon receiving and evaluating any proposals for contract renewal, the Board will have the option to accept this proposal for the additional renewal term(s), or to reject this proposal and open the contract for public bid if doing so would be in the best interest of the Board.

4. Price Adjustments:

Contract prices are to remain firm through the effective dates of the contract. The Contractor may request a price adjustment, in writing, between ninety (90) and one hundred twenty (120) days prior to the contract renewal date with the Contractor's proposal stating his intent to renew the contract. If the Contractor does not request a price adjustment between 90 and 120 days prior to the contract renewal date with the Contractor's proposal to renew the contract, no price adjustment will be made. All price adjustments must be approved by the Board's Procurement Department prior to the implementation of the adjusted pricing. Approval shall be in the form of a contract amendment issued by the Board.

Price adjustments will be made in accordance with the percentage change in the U.S. Bureau of Labor Statistics Producer Price Index (PPI) for the commodity associated with the product or other industry recognized, mutually agreed upon index. The percentage difference between the PPI issued for the contract's effective month and year, and the PPI issued for the month prior to the request will determine the maximum allowable adjustment of original contract prices. Only final PPI data will be used to adjust contract pricing. No retroactive

contract price adjustment will be allowed. The Board may request decrease of prices under the same terms and conditions.

Technical Specifications

1. Successful bidder must supply all items at their respective bid price whether the total of such requirements be more or less than the quantities given for the duration of the contract. In the event a greater or lesser quantity is needed, Board reserves the right to increase or decrease the quantity needed. Orders will be released only as needed by the appropriate Board representative.

2. The successful bidder shall be required to maintain sufficient stock to comply with all emergency needs of the Sewerage and Water Board. In making the award of the contract, consideration will be given to the contractor's ability to deliver sufficient quantities of all items specified to the satisfaction of the Board. Items in this Proposal will require a fifteen (15) working day delivery.

3. Deliveries

All late deliveries shall be subject to cancellation by the Board and continued late deliveries may result in cancellation of contract.

Deliveries shall be made by truck to the Sewerage and Water Board's New Orleans Central Yard, 2900 Peoples Avenue, New Orleans, Louisiana 70118. All items shipped on pallets shall be neatly stacked and tightly secured on 48" x 40" size pallets and height not to exceed 56".

For each delivery the vendor must submit a delivery ticket showing the purchase order number, delivery date, quantity, delivery ticket number and delivery point.

4. Invoice shall be submitted by the vendor to the Sewerage and Water Board of New Orleans that shall refer to the delivery ticket number, delivery date, purchase order number, quantity unit price and delivery point. A separate invoice for each order delivered and accepted shall be submitted in duplicate directly to the Accounting Department. Invoices shall show the cash discount and shall be submitted on the Contractor's own invoice.

5. Past experience requires the necessity of pointing out that failure to report damage or breakage has caused the manufacturer or vendor undue hardship. The Sewerage and Water Board has the responsibility to report any damage or breakage immediately to the vendor, and in all cases, a note of breakage or damage (except concealed damage) shall be noted on the freight bill or dray receipt at the time the shipment is received.

6. Some items may need to be seen before bidding is possible. This may be done at Central Yard 2900 Peoples Ave., New Orleans, La. Due to the short time between when the vendor receives the bid and the actual bid date, it is not possible for Sewerage and Water Board to ship/mail any samples to prospective Bidders.

1. Except as otherwise noted, at all times during this Agreement or the performance of work required by this Agreement, the Consultant will maintain the following insurance in full force and effect for the duration of the work under this Agreement:

A. Minimum Requirements:

- i. Consultant shall maintain at its own expense, and in good standing, such insurance as will protect the SWBNO, the City of New Orleans, their officers, officials, employees, boards, commissions, and volunteers, and the Consultant itself, from and against any and all claims or damages to public or private property or personal injury, including death, to employees or the public, which may arise from any operations under this contract or any of its subcontracts. The coverage shall contain no special limitations on the scope of protection afforded to the SWBNO or the City. Both the SWBNO and the City shall appear as "Additional Insured" on all Commercial General Liability and Business Automobile Insurance. Any failure to comply with reporting provisions of the policy shall not affect coverage provided to the SWBNO and the City, their officers, officials, employees, boards and commissions, and volunteers.

The Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

If this transaction requires the Consultant or subconsultant's employees to enter SWBNO's facilities or job sites, a senior employee of the Consultant and/or any subconsultant will review the SWBNO's Safety Orientation Notice (Notice) and will explain this Notice to every employee who will enter SWBNO facilities. This Notice is included as a part of the specifications for this contract.

Consultant and its insurers shall agree to waive all rights of subrogation, except on their Professional Liability Policy, against the SWBNO, the City, and their officers, officials, employees, boards and commissions, and volunteers for losses arising from work performed by the Consultant for SWBNO and the City. Each insurance policy required by this contract shall be endorsed to state that coverage shall not be suspended, voided, or canceled by either party, or reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, that has been given to the Risk Manager of SWBNO. In general, insurance is to be placed with insurers with a Best's rating of at least A-, although this requirement may be reviewed and modified by the Risk Manager of SWBNO in the best interest of SWBNO. The Risk Manager may also consider performing such review upon written request from consultant. Consultant shall furnish SWBNO and the City with certificates of insurance affecting coverage required by this contract. The certificates for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf.

The certificates of insurance are to be received and approved by the Risk Managers of SWBNO and the City before work commences. In the event of a claim, Consultant shall make applicable insurance policies available for review by SWBNO and the City. Consultant shall retain its rights to restrict disclosure of Consultant's proprietary information.

The following are the types of insurance policies and the minimum limits of insurance coverage which shall be maintained by consultant during the entire term of the Contract:

c) BUSINESS AUTOMOBILE INSURANCE, which shall cover liability arising from any auto (including owned, hired, and non-owned vehicle). The limit of liability shall not be less than \$1,000,000 combined with each accident for all injuries, property damage, and/or death resulting from one occurrence.

d) ERRORS AND OMISSIONS/PROFESSIONAL LIABILITY INSURANCE, whichever is applicable to the particular profession or service to be provided, with limit of not less than \$1,000,000 each Claim, with a \$2,000,000 annual aggregate, **without** any restrictive "negligent act, negligent error, or negligent omission" clause and sufficient to protect the Consultant, SWBNO, and the City, for a five (5) year period from completion of this contract, against any and all claims which may arise from the Consultant's negligent performance of work described herein.

In addition, Consultant shall be required to furnish to the Risk Manager of SWBNO all copies of investigative reports regarding all claims filed with the Consultant and its insurance carriers relative to the contract, apart from claims filed against his Workers' Compensation Insurance. Such reports shall include date, location, and description of loss as well as amounts of settlements or judgments in order that annual aggregate limits may be monitored by SWBNO for Consultant's compliance with these specifications.

The furnishing of insurance as provided above shall not relieve Consultant of its responsibility for losses not covered by insurance. Prior to the signing of the contract, evidence of all such applicable insurance satisfactory to SWBNO shall be filed with the Risk Manager of SWBNO. All policies shall be in insurance companies authorized to do business in Louisiana and shall remain in full force and effect until the final completion of the work and acceptance thereof by the authority of SWBNO. Consultant and/or its insurer shall notify the Risk Manager of SWBNO at least thirty (30) days in advance of any insurance coverage to be canceled or of any insurance coverage that will expire. Consultant shall simultaneously furnish the SWBNO evidence of new coverage to be effective the same day and hour of the expired or canceled coverage. In the event Consultant fails to submit this evidence of new coverage five (5) days prior to cancellation date or expiration date of any policy or policies, SWBNO will obtain the required coverage to become effective on date of cancellation or expiration of said policies. The cost of such new coverage shall be at the expense of Consultant and any expenditure incurred by SWBNO of this coverage will be deducted from any balance due to Consultant.
