Excavation clarifications

Linda Antoine, Director of Purchasing

# Thompson Luke & Associates, L.L.C.

10705 Rieger Road, Suite 101 Baton Rouge, LA 70809 225.293.9474

Date of Issuance: Monday, December 15, 2025

Addendum # 1

Project Name: Southern University Viticulture Fields

Project Address: James L Hunt St. Baton Rouge, LA 70813

Engineer Project No.: 24-131

The following items shall be considered part of the Contract Documents for the above referenced project and shall take precedence over any conflicting statements contained therein. Revise all other notes, schedules, details, elevations, and sections as required.

### **CLARIFICATIONS:**

#### General:

1. In the 4 – 1.5 Acre fields, the contractor shall excavate the existing soil to a point 12" below the proposed grade of the site as shown on Sheet C1.0 – Drainage and Grading Layout. Soil meeting the specified requirements shall be imported to these fields and graded as per Sheet C1.0 – Drainage and Grading Layout so that there is 12" of the specified imported material. The excavated material shall be stockpiled on the existing property to the west of the site. The imported material shall be a sandy loam with a PH between 5.8 and 6.5. A soil report indicating the soil ingredients and PH must be submitted for approval prior to purchasing soil.
