**The Louisiana Tech University Office of Purchasing is now accepting Sealed Bid solicitations for Rebid of Replacement / Overhaul of Aircraft Engines for Professional Aviation.**

The Louisiana Tech University Department of Professional Aviation is seeking to replace the IO-360-L2A engines on their existing Cessna fleet. This solicitation will result in an initial agreement term from March 1, 2026 to February 28, 2027, with the option to renew for two (2) additional one (1) year periods if both parties mutually agree.

Vendors are asked to provide pricing for additional engine overhauls above the requested eleven (11) units on a per unit basis.

Louisiana Tech University reserves the right to reject any and all bids and waives any informalities in the bidding process. Vendors shall provide a company-generated quotation listing the proposed components and service so that compliance with the above specifications can be verified. **Failure to provide this company-generated quotation as a part of this bidding process, along with a completed and signed bid form, shall cause the vendor's bid to be deemed as non-responsive.**

Due to the critical nature of these aircraft to the educational needs and requirements of the University's students, delivery time of the ordered engines are a major factor, along with pricing, in making the award decision of this solicitation. Vendors shall provide a delivery timeline for items #1 and #4. Failure to provide a delivery timeline and \ or failure to certify the vendor's ability to meet our delivery timeline will cause your bid to be deemed as non-responsive. The University requires the ability to receive approximately two (2) engines per month beginning in March, 2026.

Engines are due for required maintenance beginning in the month of March, 2026. The delivery timeline will begin once the Department of Professional Aviation 'orders' the engine from the Awarded Vendor. This order shall be documented either in written or email form, not verbal or telephonic.

**Vendors are required to submit pricing on all items contained in this solicitation. If a line item is included in the base price of Item #1, then a zero (\$0.00) amount shall be placed in that corresponding line item. Bids that do not contain pricing on all items listed on the Schedule of Items shall be considered as non-responsive. The award resulting from this solicitation shall be awarded to a single vendor based upon the overall lowest, responsive bid for items 1-3 combined and the specified delivery requirements.**

**Vendors shall complete all pages of this Invitation to Bid, including the printed name and signature of the person submitting the quotation and pricing on the Schedule of Items page. Bid received without this information shall be deemed as non-responsive. Vendors are encouraged to include their own quote for an explanation of your proposed items, BUT this vendor quote shall not be a substitute for this completed Invitation to Bid Form.**
