## Questions & Answers

Q1: Page 24 of the bid document states “Mowers shall be adjusted for a cutting height of approximately **five inches (5”)**”, but it also states further down that “Authorized City-Parish Representative to ensure mowing to the required three-inch (3”) cutting height. “Please confirm if three inches or five inches is the desired cutting height.

A1: Five inches (5”) is the desired height.

Q2: Please confirm that SEDB participation is not a mandatory requirement but is only encouraged.

A2: The City-Parish is an equal opportunity employer and encourages the participation of Disadvantaged Business Enterprises (DBE) in all of its projects. Proposers/Prospective Contractors are strongly encouraged to make positive efforts to utilize minority subcontractors for a portion of this project.

Q3: Will you please provide a current contract to reference?

A3: This will require a Public Records Request; see below

Q4: Who is the current contractor?

A4: This will require a Public Records Request; see below

Q5: Will you please provide a previous bid tabulation for contractors to reference?

A5: See below

Q6: Will you please provide a budget number for contractors to reference?

A6: No budget has been established for this contract

Q7: Will contractors be allowed to request price escalations for each of the annual renewal terms, if exercised?

A7: The contract does not provide price escalations

Q8: Will you please confirm that it is the city-parishes’ intent to award a single contractor all work associated with this contract?

A8: The Department reserves the right to reject any or all proposals and to waive such technicalities as may be considered in the best interest of the City-Parish.

Q9: Of the acreage represented, what amount of acreage for each section of roadway requires slope or boom mowing? Are there any known areas where this type of equipment is currently being utilized?

A9: Required slope or boom mowing acreage is not available. There are no known areas where slope or boom mowers are currently being utilized. It is the contractor’s responsibility to determine the type of equipment to achieve the required results based on specific site conditions.

Q10: Are there any applicable areas that would qualify under the definition of “right-of-way line” as defined on page 19 of the bid specifications as opposed to tree line to tree line or fence line to fence line? If so, will you please provide the widths of the ROW for these specific areas along with where these areas exist within each location?

A10: No applicable areas of “right of way line” as defined.

Q11: Can you please provide a copy of the sign-in sheet from the mandatory pre-bid?

A11: See below

## **Questions & Answers** (continued)

Q12: It is mentioned on page 18, F., that stands of wildflowers shall not be mowed before seeds have matured. Are there any specific areas of wildflowers that will need to be avoided? If so, please provide their approximate location and the timeframe which mowing should be avoided for these areas throughout the year.

A12: There are currently no specific areas of wildflowers to be avoided.

Q13: If mowing of Natural Waterways or Canals Crossing the Right of Way is requested more than two times per year, will the contractor be paid additionally for anything above the two mowings per year as mentioned in the specifications? No.

A13: No

Q14: Are there any other types of specialty equipment currently being used to service the areas as mentioned above besides boom mowers, slope mowers, and string trimmers?

A14: No
