Please find the following addendum to the below-mentioned BID.

Addendum No.: 4

Bid#: 26-23-2

Project Name: Casril Drive Drainage Improvements

Bid Due Date: Wednesday, May 27, 2026

GENERAL INFORMATION:

1. Please remove Section 04- Unit Price Form-Revised and replace it with Section 04- Unit Price Form – Revised Addendum #4 (attached).

QUESTIONS & ANSWERS:

Question 1. For the items that are label as storm drainage in the unit bid list you have them labeled as side drain pipe in the summary of proposed drainage structures on sheet C-6. That being said should the bidder use the storm drainage detail with bedding, type a backfill, and type b backfill, or do we use the side drain detail that shows just backfilling with type b backfill. Please clarify.

Answer 1. Drainage structures (pipes) with Description of “SIDE DRAIN PIPE” on Sheet C-6 shall be installed in accordance with “STORM DRAIN” detail.

Question 2. Can you confirm if there is or isn’t a safety end treatment at the end of the pipe shown on sheet PP-1. It seems for that item you only want rip rap on top of fabric can you confirm?

Answer 2. In the two (2) locations on Sheet PP-1 where Side Drain End Treatment is called for, provide end treatment of rip-rap and geotextile fabric as indicated on the Plans. No “Safety End” is required. This work will be paid for under Pay Item 702-06-00100 Side Drain End Treatment.

Question 3. Proposal Item 203-01-00100 “General Excavation” has a quantity of 6,586 CY. This quantity is enough to dig a 5’ wide x 5’ deep trench on both sides of Casril Drive for the entire length. The Specifications indicate it will be used for “excavation of material for ditches and channels, and any other miscellaneous excavation required to complete the Work as shown on the

ST. TAMMANY PARISH

PLANS.” Will this item be used to pay for all excavation to lay new pipe? If not, what other areas may be excavated and use this item for payment?

Answer 3. No measurement will be made for excavation of culverts (pipes). In the Unit Price Bid Form, Reference No: 203-01-00100 General Excavation, the Quantity of 6586 CY shall be removed and replaced with the Quantity of 2510 CY.
